in association with the  
Oklahoma Limousin  
Breeders Association

Welcome to our 4-States Oklahoma Spring Sale in conjunction with HOOLA the Heart of Oklahoma Limousin Association in Perkins Oklahoma at the beautiful H2 Land and Cattle sale facility. Cattle

prices are rebounding and grass is greening up as times continue to be prosperous in the cattle business. Once again our consignors have stepped up to bring some great Limousin and Lim-Flex cattle. We invite you sale day to evaluate what we have to offer, there will be some great herd sire prospects as well as highly productive females out of some of the top genetics in the breed. We will once again be offering some fancy show heifer prospects that will work great for those 4-H and FFA members that will place you at the backdrop with a purple banner. Several heifers from past sales have went on to be named champions as well, there will also be productive cows with calves at side and some planned embryo matings from great past show ring champions as well, a free BBQ lunch will be provided sale day and cattle will be available to view on Friday afternoon. Call me or any member of our sales staff if we can be of any help or answer any questions, thanks again and see you at the sale.

- BW: 78 lbs.; WW: 718 lbs.; YW: 1,132 lbs.
- This homozygous black/homozygous polled son of MAGS Xukalani combines sleep-easy calving with great fertility and marbling. Calves out of this sire are born with style and do ability. We have utilized him mostly in breeding heifers with no issues. Six traits rank in the top 25% or better.
- His semen would work great in commercial cattle operations where you are looking to get calves unassisted while hitting the mainstream market.
- Offering up to 300 straws of semen to be shipped from Champion Genetics in Canton, TX at the buyer's expense.

- What can we say about this bull that he doesn't already say for himself. He is homozygous for the black, polled, and F94L genes. Not many other purebred bulls can do that in addition to having an average EPD percentile ranking of 26%. 648A's lowest EPD ranking is 60% and 10 EPD traits are in the top 25% or better. Look for this sire to add muscle while maintaining other key functional traits.
- Offering 10 straws of semen to be shipped from Champion Genetics in Canton, TX at the buyer's expense.

• This 80% Limousin sire is homozygous for the black, polled, F94L and PMCH genes. Also, he tested heterozygous favorable for the Leptin gene. We selected this bull from the R&R Acres 2016 bull sale due to his performance and type. RRA 76B was the top % Lean Meat yielding bull in their 2016 sale at 69.3%. His performance ratios were second to none: BW 93, WW 113, YW 116, REA 124, ADG 114. He had an RFI of -1.01 & his feed conversion was 5.75. Ranks in the top 1% for SC and all but three EPD traits rank better than 50%. At his birth, his dam was 11 years old and she scored a 50/50 udder composition, proof that longevity is built in. Further proof of this longevity is that on his sire's side, his PGS & MGS are HUNT 44J and JCLC 27L, both highly proven longevity bulls.
