**PINEGAR**  
**LIMOUSIN**

Dear Limousin Enthusiasts,

As Pinegar Limousin approaches 30 years in the business, we are excited to showcase our sale offering in a new way. This is our first-ever online sale where we are showcasing 30 of our finest first-calf bred heifers. They represent the best we have to offer and are products of the strong cow families we have assembled.

From the onset of the Pinegar program we have always worked to create a quality product based on planned genetics focused around strong cow families and common sense.

The bred heifers selling will calve shortly after the sale. It has always been our policy to sell heavy-bred females so our customers can get a calf on the ground in a timely manner.

If we can be of assistance don't hesitate to call as we are excited to see get these young females in the hands of the breed's most progressive programs.

Sincerely,

Ed Pinegar

She ranks in the top 2% for WW with an 85, top 4% for TM with a 70, top 10% for YW with a 118, top 15% for CW with a 37. **AUTO Lucky Strike 118B (DP/DB)**

This lower percentage female has so much potential in terms of marketing. You, as the new owner, can breed her to lower percentage and keep more of an Angus x Limousin-cross going or you can breed her to a higher percentage like she is now and gain more Limousin in the resulting calf. Either way we firmly believe you will not go wrong. This daughter of MAGS Robin Hood 276Y is from a purebred Angus female bred in the Pinegar program. AUTO Chip 658C is a 37% Lim-Flex who is polled and homozygous black. She scanned a 4.28 for IMF and ranks in the top 4% for Milk and top 10% for Marb and SMTI. She sells bred to the 75% Lim-Flex sire and once All-American Futurity Champion bull AUTO Lucky Strike.
