J6 has built a rock solid donor cow foundation over the years, JKC BERRY ADVANCE 36W was at the heart of the core group of females that took our program to the next level. Year after year, flush after flush, 36W produce females that easily sort themselves to the top of our replacement or elite sale pen E501 is a little green, but a lot of good. She has every needed piece to be hanging banners by the end of the spring. She is sleek in her design, athletic in her movement and strong in her lines.

Lot 2

J6 Betty E218

RAAA# 3787445 / E218 / Cow / 03.12.2017

Maternal siblings to E218 have been sale toppers and show barn favorites over the years. WR MS BETTY 9035 is a past National Champion for J6 and has continued to prove herself in the donor line-up. Producers are still talking about the pick of full-siblings that we in 2016 by Sakic out of 9035, they were one of the most impressive sets to ever be publicized in the breed. This particular female has as much sweep and lower rib expansion as any heifer calf in her contemporary group. She already is showing all the features that today's most astute evaluators are looking for.

J6 Berry Advance E257

RAAA# 3735993 / E257 / Cow / 01.09.2017

If you are in the market for one that comes high and tight out of the top of her shoulder, extremely level out of her hip and is as deep centered as they come? Then there really isn't a need to flip pages or keep scrolling. E257 will take your breath away and you are certain to see the brood cow potential in her the very first time you see her. Her pedigree speaks for itself, double-bred proven phenotype.

From the shoulder forward, this female is a mile long! Red Cockburn Ribeye daughters have been top producers thus far in the US and Canada. According to OriGen, the Ribeye daughters have raised bulls that have averaged \$,7000 to-date. There is no doubt that the Ribeyes out of JKC BERRY ADVANCE 36W are going to be profit generators and predictable achievers. Sure bets are hard to come by in the cattle industry, this mating has fairly high odds of being positive outliers.

J6 In The Zone E255

RAAA# 3735991 / E255 / Bull / 01.09.2017

E255 is a direct son of Red Mile Taurus who was the 2014 National Western Champion Bull and \$55,000 valued J6 herd sire and breed leading A.I. sire. Taurus has been a major contributor to the elevated interest in Red Angus show cattle after his appearance in Denver. It is truly an honor and privilege to be able to return to National Western with the sale bulls in the yards. These 4 individuals are the pride and joy of our breeding program and we are anxious for you to see them.

Red Fine Line Mulberry is now off the public market and has been recognized as one of the superior breeding bulls in not only Canada, but also in the US and Australia. Any bull that has had that type of impact on such a vast variety of cowherds in different hemispheres, is one that we are honored to have donors and herd sires out of. The dam of J6 Miles Ahead E253 is JKC Berry Advance 36W, one of the very finest Mulberry daughters in existence. You will see for yourself in his video, but E253 is long fronted, deep-middled and thick ended.

J6 Face This E251

RAAA# 3735989 / E251 / Bull / 01.04.2017

J6 Face This E251 is the long sided, extended bull of the offering who is going to add that extra rib and lean carcass weight to a program. He ranks in the top 30% for YG, top 20% for CW, top 40% for REA and top 11% for Fat; making him a sure bet sire on a YG driven grid pricing structure. Very rarely do bulls with these carcass highlights have the functional look that J6 Face This E251 has.

J6RA Lion Heart E254 is the bull of this year's Denver line-up that screams "Cowman's Kind." he is ultra-soft in his make-up, has the angles and flexibility that allows him to get out and cover some serious ground. This cherry red son of past NAILE Champion, Majestic Lionheart A25 is big footed and durably constructed. With a physical package like this combined with his genetic predictability, E254 is the answer for your mature cows to inject fleshing ability and post weaning growth.

Majestic J6 Abigrace D14

RAAA# 3712511 / ED14 / Bred Cow / 09.16.2016

AI'd December 2nd to Six Mile & Co. Jagger 780A.

Typically we focus on bringing deadly good open heifers in hopes they will end up in serious breeders or young exhibitor's hands with us to Denver to put on display and to market through our online sale, however this year we couldn't resist this opportunity. Abigrace D14 is one that will stop you in the aisles and make you wonder about the possibilities if you add her to your genetic options at your ranch. There is not a part of this female that doesn't scream brood cow in the making, she is powerfully constructed from end to end and from the ground up. Majestic J6 Abigrace is a breed changing donor prospect. Period.

J6 Mr State of Shock D639

RAAA# 3556815 / D639 / Bull / 02.05.2016

Dark red, soggy-middled and sound-footed are just a few of the descriptive words that come to mind when explaining J6 Mr. State of Shock D639. D639 post a negative BW EPD and is 91 for YW and is the type of flawless individual that you can turn out on a diverse group of cows and not worry about them being hand selected. He is ready to go to work for you, sells with a current Breeding Soundness exam and a great disposition. His sire, Six Mile & Co. Jagger's progeny have been very well accepted in the breed and we are certain they will continue to be a big hit for the prominent cattleman that have influence their cows with his genetics. BW: 76 lbs.; WW: 650 lbs.; YW: 1,225 lbs.

JKC Berry Advance 36W

RAAA# 1304363 / 36W / Donor Cow / 03.03.2009

JKC Berry Advance 36W is one of the powerful donor females in the J6 arsenal of high-achieving Red Angus females. The wickedly productive female has produced some of the great young progeny in the breeding herd, and she is extraordinarily accomplished for her relatively short career at J6. The daughter of Red Fine Line Mulberry 26P from a daughter of Perks Advancer 9088 has become one of the breed leading donor females for the continued perfection of the breed. Many of the breed's best Red Angus females reside at J6 Farms, and the genetics from this great donor female are among the most coveted. Her pedigree and EPD tabulation make for a phenomenal breeding opportunity to obtain embryos from this great proven cow. We have known the level of producing excellence this female has! She is the dam of the following lots in this sale - 1, 2, 4, 5 and 6A - 6C.

WEBR Maxed Out 627

RAAA# 3535749 / 627 / Bull / 02.10.2016

WEBR Maxed Out 627 was a sale highlight in the past Weber Land & Cattle bull sale, his maternal siblings have been hitting it out of the park in terms of prices and performance. Study the production profile on this impressive young sire's dam and you will see that she is an absolute maternal powerhouse that continuously proves herself time and time again. Being in the top 10% of the breed for WW EPD, top 11% for YW EPD and a trait leader for Milk, makes WEBR Maxed out 627 a sire that can work ideally in nearly every production program.
