All EPDs and performance information are in
accordance with the North American Limousin
Foundation as of 9/28/18.

TRUCKING:

Free shipping will be available to central locations.
Contact Charles Linhart, 641-340-1306, to
make arrangements.

Limousin Friends & Enthusiasts.

We would like to cordially welcome you to our 10th annual Fall Harvest Production Sale. We are a family operation that's located just north Leon, Iowa, in the heart of cow-calf country of southern Iowa. Our Limousin and Lim-Flex operation started in 1979 and has grown to near 650 producing females. Over the years we've always taken great pride in producing a quality product, our customers successes and doing things the right way.

In this sale offering we have brought you our very best. As you page through the catalog, we hope you'll notice the reflection of many of our premier donor cow families, elite herd sires, a progressive A.I. program and the no 'short-cuts' approach we've adopted over the years. As always, in this year's sale offering not only have we brought you our very finest open show heifer prospects and bred females but, also a highly productive set of fall cows with calves at side. In totality, whether you're a junior looking for a show heifer project or breeder looking to make an investment, rest assured we'll have quality product backed with quality service.

With the sale offering in mind, we would like to take the time to reinforce to our fellow breeders and valued junior show families the opportunity of affordable success that can be found in our sale pens. Over the past several years, we have been extremely fortunate to have sold many females at wide ranging price points that have gone on to win championship banners at the local, regional and national levels. To illustrate our 'affordable success' mantra be sure to check out our historically price break averages found on page 32 & 33. Folks, make no mistake November 4 there will be several high quality females at various price ranges to suit your budget.

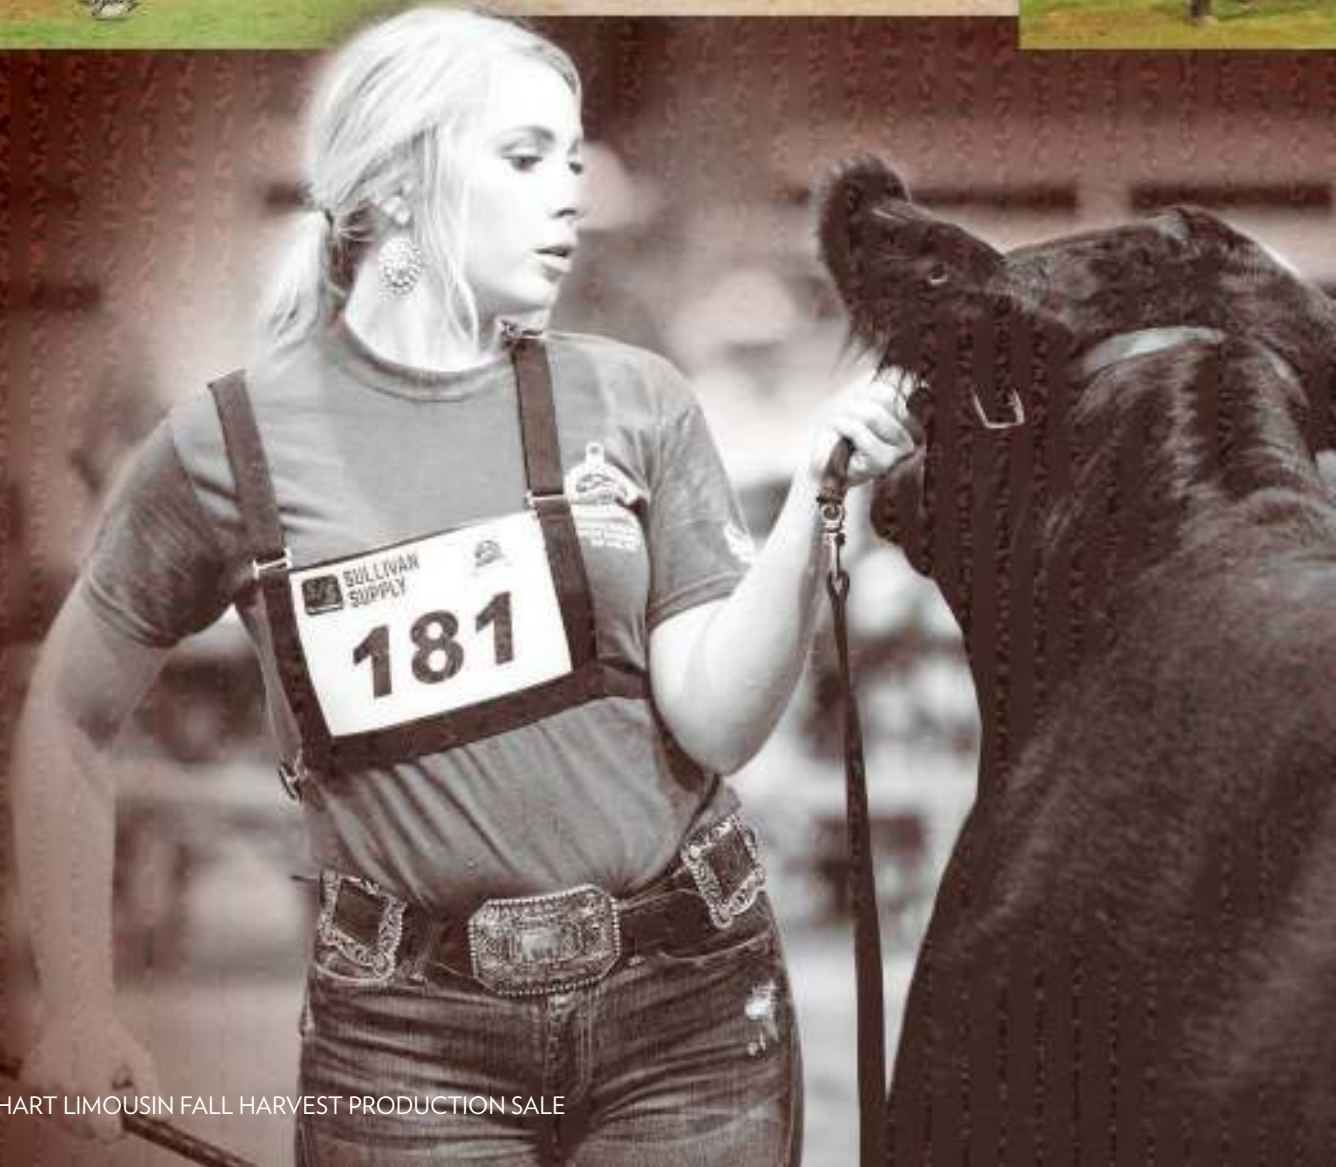

That said, it's a priority of ours to make all business transactions with customers a pleasant experience. As it was last year, our sale will be held in our on farm sale facility (GPS directions found under sale information) and the cattle will be displayed in our on site display pens and will be auctioned off on video screens in our facility. In addition, all cattle sold are fully guaranteed to the catalog as in accordance with the North American Limousin Foundation as of September 28, 2018. Furthermore, if you would like to discuss the sight unseen purchase program, financial arrangements or trucking plans we are happy to accommodate.

We are excited to see all of you sale day November 4. If we can be of any assistance to you prior to or during the sale we have an open door policy and welcome all calls and questions.

Sincerely,

*The Linhart Family
Linhart Limousin*

Cream of the Crop

LOTS 1A-27

This offering of spring open show heifers is simply our finest to date. A vast majority of these females are from the heart of our embryo program featuring genetics out of our elite donors and some of the breed's best A.I. sires. We've elected to literally sell 'the cream of our crop' and it's with great pleasure we bring to you this exceptional set that we think will be highly competitive in the show ring and excel in production.

LLJB

Absolute Style

It's hard to know where to start when describing one of the most prolific and storied donor females in the history of the breed.

With north of 40 total progeny registered as a five year old, LLJB Absolute Style stands in elite company in the annals of breed history. Leading off one of the stoutest sale offerings the Limousin breed has ever seen in this catalog alone, six direct daughters of Absolute Style are available for purchase. This homozygous polled, halfblood cornerstone female is sired by one of the most popular Angus show bulls in the past decade, Silveiras Style 9303, and is out of an equally stellar donor and former National Champion, MAGS Wassail. It's safe to say, she's bred for success and the scores of top selling progeny she has produced like the en vogue A.I. sires, CJSJ Dauntless 6257D and SSTO Eternity 7807E ET. Plus, she was the dam to last year's top selling female in this very sale, which sold to the Hoge family. Note, Absolute Style herself was twice named National Champion as the Grand Female at both the All-American Futurity and North American International Livestock Exposition. Numerically, she ranks among the breed's elite posting at top 15% mainstream terminal index figure. Folks, the bottom line is the influence this legendary donor continues to express upon the breed is without parallel. November 4th marks your opportunity to invest in six direct daughters that project not only to be top flight show heifers but, also big time donor females.

Bid with confidence, seize the moment and invest in your program's future.

From the day these calves started hitting the ground there was little doubt what we would end up starting this sale with. The hard part was deciding which one! After much spirited debate amongst all parties concerned, we present CELL Fascination 8231F. By the huge numbered Consensus son, MAGS Ali, and out of the world-renowned donor, Absolute Style, Fascination and her flushmate sisters truly represent the next generation of elite Lim-Flex genetics. This major-league show heifer prospect is as complete as you can make one—square hipped, big middled, elegant fronted and sound from the ground up. As the old saying goes, I'd rather own this one as try to beat her.

Another fancy daughter from the wildly successful flush of Ali and Absolute Style. Fantasy is just what you think of when you picture a female who can stand major competition in the show ring, yet still possesses the maternal characteristics to make a major impact as a leading donor female in even the most progressive program. She is big boned, yet soft and flexible in her pasterns and possesses the angularity and body dimension that is in such high demand these days. Combine that with her level top and sweeping rib cage and you are left with a female who checks all the appropriate boxes.

If you like length of body and a head and neck shoulder junction that is near perfect, then Fancy should tickle your fancy. The consistency found in the Ali x Absolute Style mating is among the most true we have ever experienced. It's hard not to sound like a broken record when describing these four flushmate sisters, but that is a great problem to have. In addition to the many positive phenotypic qualities found in these genetic gems, they also possess balanced EPD profiles and pedigree depth to be used in a variety of mating scenarios.

ACT. BW: 82

The last of the four Ali x Absolute Style flushmate sisters is the stoutest made, boldest featured of the litter. This Homozygous Polled, 43% Lim-Flex open heifer stands on huge feet and legs, while combining the often elusive combination of thickness and do-ability. When you consider her genetic heritage, EPD profile and phenotypic characteristics it is easy to picture CELL Fantastic as a headliner donor female in the not too distant future.

Take your time and study the many positive attributes of CELL Fantabulous, the Homozygous Polled 54% Lim-Flex daughter of MAGS Aviator x Absolute Style. Neither of her parents need much introducing as they are among the most elite Lim-Flex animals on the planet. The Aviator progeny have been some of the most highly sought-after in the recent marketplace and Absolute Style, well, the results speak for themselves. While it's easy to get caught up in the phenotypic attributes of this cool made female, be sure to notice her breed-leading EPDs for CED, BW, CEM, DOC, MB and \$MTI.

This mating was a no-brainer that we just couldn't resist. We knew combining the blood of the past National Champion and sires of untold champions, Excessive Force, with Absolute Style, would be an absolute home run. Visually appraise this female and we think you will agree, CELL Fascinating is one who is hard to poke holes in. Not only is she moderate in her frame and huge middled, she tracks out exceptionally well and has the femininity and angularity to capture your attention. There aren't many sure things in the cattle business, but Fascination may just very well be the exception to that rule.

Any other year, females like this would have started the sale. These Homozygous Polled, 59% Lim-Flex daughters of the breed great MAGS Winston are out of the proven donor, MAGS Xtra Rest. If that sounds like a familiar mating, you are correct, as these two young ladies are FULL SISTERS to the wildly popular AI sire, MAGS Aviator, who continues to write chapter after chapter in the Limousin history books. Once you get past their many positive visual attributes, you will notice their number package is just as impressive as their profiles. With EPDs that lead the breed in 9 different traits, they will serve you well in the breeding pasture once their show careers are over.

Wow. Imagine either one of these two full sisters all dolled up and ready to enter the show ring. The blending of the big-numbered sire of performance cattle, MAGS ALI, really clicked with the proven donor EF Expect The Best. This Trey daughter has nearly 50 progeny on file with NALF, proving her ability to produce the right kind. These two 56% Lim-Flex open heifers are not only Homozygous Black and Homozygous Polled, they are balanced in their EPDs with exceptional genetics for growth, scrotal and docility. If you are looking for a female with show ring appeal that will be easy to feed and even easier to breed, make sure you study Famous and Faux sale day.

Full sib to 2017 National Junior Heifer Show Champion Lim-Flex Female, shown by the Hoge family.

We have had quite a few of these, and this tried-and-true mating has never failed to impress. Her sire, Bismarck, has been one of the most influential bulls in the Angus business in the last decade; and her dam, MAGS Solitaire, is among the most impressive Rulon daughters to ever be flushed, and that is saying something. This double Homozygous open heifer has the flash and style to hold her own in extreme competition and the pedigree predictability to go on to produce the next generation of Lim-Flex royalty.

CELL Faithful is a Homozygous Black, Homozygous Polled 43% Lim-Flex female who leads her contemporaries on the number scale for WW, YW and milking ability. Which should come as no surprise since her sire, MAGS Zodiac, has been producing genetically superior seedstock since he burst onto the scene. Her dam, a known daughter of the most popular sire of show-ring champions in the Angus breed, First Class, has been a proven and prolific producer for our Oklahoma friend, Dr. Mark Barker. A female who checks all the boxes for sure.

This maternal sister to Lots 2 and 3 is out of MAGS Xtra Rest, the proven donor whose most noted accomplishment up until this point is the popular AI sire, MAGS Aviator. CELL Familiar is a double homozygous daughter of MAGS Cable, who himself, is siring cattle with marketplace appeal. Her EPDs for WW, YW, SC, CW and REA are among the best you can find, making her a well-rounded breeding piece.

ACT. BW: 68

If you are fan of heifers who look just like they are bred, then CELL Fault Free deserves your undivided attention. Her dam, SSTO Carla, is out of SSTO Watercolors who had much show-ring success for Lauren Stowers down in Texas. Her sire, MAGS Aviator, needs no introduction as his progeny continue to make waves across the country. Rounding out this complete package is an outstanding numerical profile, highlighted by top 4% rankings for marbling and mainstream terminal index.

ACT. BW: 60

Big numbered, double homozygous cattle continue to turn heads and demand premiums and we feel CELL Fawning fits that mold. Not only is she royally bred being by Y-Axis and going back to MAGS Aviator and Raven on the bottom side, she bends the curve in a positive manner from birth to weaning to yearling. Couple that with her completeness and huge MB and \$MTI numbers and we are confident you haven't heard the last of this female.

Another high quality Aviator daughter, this time in a Homozygous Black, Homozygous Polled package that sports a phenotype to make your mouth water. This female is proof there is still value in combining new, fresh genetics with the tried and true bloodlines of the past.

Building Blocks of the Future

LOTS 28-57

The bred heifer segment of this sale is a direct reflection of our commitment to raising production cattle. Our production philosophy is simply - we aim to create a product that's reproductively sound, high performance and mainstream acceptable. It's our goal that this group of 30 bred heifers on offer, which features a blend of both Limousin and Lim-Flex genetics, will translate not only into your seedstock program seamlessly but, the results of their breeding will also meet your commercial customer's targets.

Performance, Performance, Performance. COLE Absolute is doing many things right in our program, but none more important than producing cattle that grow. Take a look at this Homozygous Polled female's number profile and think of the scores of bulls you could use to create the next generation of performance-minded seedstock

*Affordable
Success*

We would like to take the time to reinforce to our fellow breeders and valued junior show families the opportunity of affordable success that can be found in our sale pens. Over the past several years, we have been extremely fortunate to have sold many females in EVERY price bracket below that have gone on to win championship banners at the local, regional and national levels. To illustrate our 'affordable success' mantra take a look at our historically price break averages. Folks, make no mistake November 4 there will be several high quality females at various price ranges to suit your budget.

We can't say enough good things about this double homozygous, predictable pedigreed female that traces back to both the legendary MAGS Thora and BOHI Rhonda cow families. This \$22,500-valued matron impresses us with her phenotypic prowess - she's well balanced, sound structured, level made and square hiped. Numerically, note she posted an impressive 6.83 IMF score and ranks in the top 25% of the breed for docility, carcass weight, marbling and mainstream terminal index. Here's one that could anchor a donor program!

Check out this outstanding homozygous black, 75% Lim-Flex female that's a full sibling to the widely popular Xyloid A.I. sire and dam of MAGS Zodiac. Alexandria is sound structured, flawless fronted, bold in her fore rib and level made. On paper, she is highlighted by ranking in the top 35% of the breed or better for weaning weight, yearling weight, milk, scrotal, docility, scrotal and carcass weight. Evaluate the true breeding potential of this functional female that traces directly back to the prolific BOHI Rhonda 314R maternal line on November 4th.

24/7/365

Real-time. Industry Relevant.

Think Limousin. Think L365.

The Site That Never Sleeps

405.260.3775 • info@limousin365.com • www.limousin365.com • Like us on

"We calve late March through April. The calves average 600-700 pounds when we sell in November. The Limousin and Lim-Flex® females calve easy, are gentle, and highly fertile to breed back right away. Plus they remain productive in our herd. We think they are the way to go."

- Charlie Carnahan, rancher, Kiowa, Colorado

Limousin and Lim-Flex® (Limousin x Angus hybrid) deliver to your bottom line.

- ‡ Calving ease & calf vigor
- ‡ Tested & proven docility
- ‡ More pounds to sell at weaning
- ‡ Cow & bull longevity
- ‡ Feed efficiency
- ‡ Carcass merit

To find out more about how you can profit tomorrow with Limousin or Lim-Flex® bulls and females, contact a NALF regional manager, Andy Rest or Nathan Smith, or visit www.NALF.org.

North American Limousin Foundation • 303-220-1693 • Limousin@NALF.org • NALF.org

Thank You

FROM LINHART LIMOUSIN

We appreciate your support and interest in our breeding program. We take the people side of the business very seriously and never for granted, that's why producing a quality product and making sure our customers are satisfied has always been a top priority. Simply put, your attendance and participation in our sale event has humbled us, and we wish you many successes with your purchases.

Thank you for taking time to view the catalog and allowing us the opportunity to earn your business.

MAKE PLANS TO ATTEND
