This November 2017 show heifer prospect, is a daughter of MAGS Xyloid, who has produced many past champions. Her dam ELCX Edith Erica 128Y is a daughter of MAGSWL Usual Suspect, dam side of her pedigree traces back to, one of the most productive angus cow families to ever produced in Virginia, Hill Crest Edith Erica 50. Be sure to check out this great 81% female who polled, black and records a .13 MB EPD and is above breed average for SMTI. This young female has a world of potential ahead of here and will represent the ELCX prefix with pride.

011E is homozygous polled and double black, a direct daughter of JOAW Tennessee Mojo 248B, who combines the genetics of MAGS Winston, and TW Fire N Ice. Her pedigree speaks for itself and her data profile screams performance, it is solid across the board and ranks in the top 2% of the breed for MB and the top 3% for SMTI.

Her dam PCF Eva 111 of In Focus, sired by the immortal Mytty In Focus, who needs no introduction, these cows have been exceptional producers and made a lasting impact on all segments of the industry. This June, summer yearling show heifer prospect has a bright future and will make an exceptional brood cow.

Here is an April baby that is sure to catch your eye! She is a maternal granddaughter of MAGS Manuela and a paternal granddaughter of AUTO Cruze, which ranks her among the breed premium phenotype pedigrees. 707E reads with an intriguing data set, which further adds to marketability. She is in the top 15% of the breed for WW, YW, MB and top 10% for MTI and represents multiple generations of the best that the Pineager system has to offer. Consigned by long time TN Limousin supporter Win Vue Farms; the Winstead family has always had a good eye for cattle and this female is no exception.

Easily the highest quality show heifer prospect that Massey Cattle Co has ever offered for public auction. Let's put it this way, if they were having a sale on the farm this spring, she would be a strong contended for being Lot 1. She is sired by the bull that is tearing up the Angus and hybrid show circuits, Colburn Primo. His first Lim-Flex calf shown was champion bull of the 2017 NJLS, in Grand Island.

Her dam EF Zonked 338Z, was the 2015 Reserve Champion Lim-Flex heifer at North American Livestock Expo. Bred in the iconic Etherton Farms program, Zonked is producing stand out show cattle at Massey Limousin. Folks, this is one that needs several looks before and on sale day.

Kelley Owens undoubtedly digs deep each year to bring some of his most promising prospects to the the TN Beef Agribition, this heifer is right up there! A March heifer calf sired by the Champion Limousin Bull at the 2016 Fort Worth Stock Show & Rodeo, and 2016 National Western Stock Show, HUBB Bulletproof!

Her dam JCL Blackcap 417B, sired by MAGS Universe, out of a Mytty In Focus daughter. This female is big ribbed and powerful in her design, in a very complete package. Bulletproof has been working well on the JCL cattle; 417E follow suit with the quality that is being shown on the national circuit.

Despite her phenotypic driven pedigree, 417E still ranks in the top 10% of her contemporaries for SMTI.

This February 1, 2017 homozygous black heifer, is sired by ELCX Bullet Proof 438B, the son of the \$120,000 valued EBFL Ypsilanti who is a past All-American Futurity Champion. ELCX Bullet Proof has been a great addition to the Limousin breed's bull battery as he combines the finest of phenotypic quality, tremendous growth numbers and carcass data that is solid across the board.

Eunice is in the top 20% for WW, YW, MB and SMTI, thus making here even more valuable and marketable. She brings so many strong traits to the table that we can't help but think that she is going to be a impactful edition to any program.

Bred to RVF Bourbon 235B; due 2.24.18.

SSTO Belle 451B is a female that we are certain you will appreciate on sale day. She is a black, polled purebred daughter of the now deceased MAGS Xylopolist, a son of the national champion sire DHVO Deuce from the famed show female MAGS Strawberry. Belle is very moderate in her frame score, very easy in her condition and has the brood cow look to her. Bred in the Stowers program, you will certainly be impressed with her functional look. This is a female that can change a program. Here is an opportunity to invest in the Manuela cow family, truly one of the finest ever bred in the Magness program.

P.E. from 05.01 - 07.20.17 to BDHC Ironman 2006Z.

OCCC Concoction is straight Pinegar bred on both the top and bottom side of her pedigree. A direct daughter of AUTO Briar 436A who is sired by the now deceased but very popular MAGS Wazowski, the leading son of DHVO Deuce from the Council Family donor BOHI Red Robin 282R. She traced back maternally to LVLS 3615W, a proven daughter of MYTTY In Focus that is the leading donor for Massey Limousin, London, KY. 436C is by AUTO Cruze, one of the most coveted sires of the decade.

Just like her beautiful dam, Concoction is beautifully designed and assembled. This young females has future in front of her that is full of exciting times.

75% Limousin Female, WNVU Sweet Peaches is a Lim-Flex granddaughter of the now deceased and breed popular purebred sire MAGS Sasquatch. This heifer has done a top job for us in production, she ratioed a 94 for BW and 110 for WW. These Xcessive Force cattle truly excel in the field and are always putting everything they have into their progeny. In terms of data, she seems to be one of those special females that is proven pedigreed, desirable in terms of her growth curve and appealing in her appearance.

P.E. from 11.27.17 to present to ELCX Benjamin 364B.

684 is a daughter of PVF Insight 0129, phenom in the Angus breed who has been siring top carcass cattle with a great phenotype with low birthweights; he is one of those bulls that brings everything that is needed to the Lim-Flex equation. This young female is royally bred and represents only the finest in lineage. She posts a 12 CED, 76 WW, 126 YW and is a trait leader for REA! We love the moderation in frame, fleshing ability and unique profile this female has to offer.

P.E. from 05.10.17 to 08.02.17 to ELCX 603D

ELCX Dali is a favorite daughter of ELCX Bristol who is sired by AUTO Will Power 160X out of the RVDR Wynona 519W cow that sold for \$10,000 at Englewood's Value and Vision sale. 404D is in the top 10% of the breed for YW, top 15% for MB and atop 15% for SMTI. Here is a pedigree that is stacked with predictable performance and profit potential, this Red two-year-old is headed into the prime of her life and will be an income generator for years to come.

Bred to RVF Brillant 226B; due by sale day.

Riverside Valley has grown their Limousin herd at a rapid rate, yet have never compromised quality in anyway. This 75% Lim-Flex female is a MAGS Xyloid daughter out of a an AUTO Dollar General dam. PBRs Bright Star is one the we had to work hard on getting Colby and the team at Riverside Valley to consign, she has been a standout since her early days in the P Bar S program. She is doing a tremendous job with her TMCK Cash Flow bull calf as expected. If you study the bottom side of PBRs Bright Star's pedigree you will find that she goes back the Bemindful Maid, which is the same cow family that the Angus legend Traveler 6807 came from, he is one of the great ones who have helped shaped the Angus breed.

This is a wonderful opportunity SBLX Unknown, the \$12,000 valued prestigious partnership donor who is known nationwide. Unknown is one of the truly great ones by MYTTY In Focus out of the famous MAGS Manuela. ELCX Elliot 673E is a 60% Lim-Flex herd sire prospect that brings the best the breed has to offer to the table. When Edwards told us that they were bringing an Unknown son to this year's offering, we were excited for the opportunity that it will provide our long time Agribition buyers. Maternal siblings have been the highlight lots who have topped Englewood, Pinegar and Edwards Land and Cattle, now similar genetics can be yours! BW: 72 lbs.; WW: 604 lbs.; YW: 1,112 lbs.

Buyer supplies the semen and pays for the embryo flush work. Buyer is guaranteed six embryos and up to 10. Any after the 10 then the buyer and seller split them past the 10. Donor will be ready to transplant immediately following the sale.

An opportunity to invest in the right to flush AUTO Paris 406B, the newest addition to our elite donor, who hails from the elite Pinegar herd in Missouri. This double homozygous, huge numbered female, that ranks in the top 4% of the breed for SMTI, boasts a unique combination of rib, muscle, and structural integrity. Take note of her dam, the widely popular EF Yadda Yadda 809Y who has proven to be a no miss producer. The bottom line is, invest with confidence in this genetic opportunity.

This mating will produce homozygous black and homozygous polled offspring, that will combine performance and phenotype into a complete package. MAGS Aviator is an exceptional son of MAGS Winston that has impressed so many cattlemen, across the country. AUTO Paris is the newest lead donor at Cross Creek and their is tremendous expectations of her based on her pedigree and phenotype. She has an fascinating EPD profile where she ranks in the top 10% of the breed for CW, REA and MB and calculates out to an SMTI of 69.19, placing her in the top 4% of the breed. The combination of Aviator and Paris could possibly produce some of the most exciting progeny created this year.

This donor female SBLX Zero Percent, is a daughter of SAV Brilliance 8077, out of the famous MAGS Manuela. She ranks in the top 5% of the breed for CED. The sire of this mating, ELCX Kings Landing, is double homozygous, sired by MAGS Xyloid out of WLR Prada, who has produced an abundance of show champions and was reserve champion bull in Louisville in 2016. Zero Percent is one of the finest females to come out of the Sugar Bush program and is now the \$36,000 valued donor at White Valley Ranch. Being a direct daughter of MAGS Manuela, the possibilities are endless with this special donor.

Tennessee Beef Agribition Junior

Heifer and Steer Show
Sunday - March 11, 2018 - 9:00 a.m. CDT

An open to the world junior heifer and steer show will be held in conjunction with the 30th Annual Tennessee Beef Agribition. The Agribition is held at the James E. Ward Agricultural Center in Lebanon, Tennessee. The junior show will start with steers followed by heifers. Two rings of heifers will show at the same time, and breeds will not be rotated.

The rules for the event are as follows:

- Breed association rules for junior shows will apply to each respective breed.
- No pre-entry is required. Entry forms will be available Friday and Saturday.
- Due to limited parking facilities, all trailers must be parked in the designated parking area. On Saturday, Junior cattle will be allowed in the stalls when sales are completed and sale cattle are removed.
- All junior cattle should be on the grounds and processed by 6:00 p.m. on Saturday, March 10th. Heifers and steers will be processed Saturday from 3:00 until 6:00 p.m. CST. All heifers purchased from late afternoon sales should be entered ASAP.
- ** There will be a \$20 per head entry fee at the 2018 event. ** All classes will be placed through fifth place, and premiums will be paid for 1st - 5th. The top five heifers overall and top five steers overall will pay \$300, \$200, \$150, \$100 and \$50.
- Heifer and steer breed shows will be available for the following breeds: Angus, Charolais, Gelbvieh Hereford/Polled Hereford, Limousin, Red Angus, Shorthorn, Simmental, and AOB. Breed rotation will be A to Z (Angus, AOB, Simmental show last). Any breed having a sale will qualify to have a junior breed show.
- All other breeds (AOB), including commercial heifers and cross-bred steers will compete in AOB classes. AOB heifers will show by weight.
- Heifers eligible to show must be born on or after September 1, 2016. Heifer classes will be based on the futurity system and will be determined after all entries are made. Steers will show first by breed with classes determined by weight. Heifer show will begin 15 minutes after completion of steer show.
- Heifers (born on or after 09/01/16) purchased in any of the Agribition sales will be eligible to compete in the Junior Show. **Check the respective breed catalog to see if percentage cattle show as AOB.**
