# Comments From Sale Management

## Limousin Enthusiasts,

It is with much excitement and anticipation that all of us at R&R Marketing Company welcome you to the Night on the Town Sale. As you flip through this catalog you will realize exactly why we are more than excited. We love and cherish this breed of cattle and wanted to create a sale that celebrated everything that is good about the business...the people and the product! When Kiley and myself started this venture, we quickly realized this sale was going to be something special not only for us, but for all involved. The overwhelming response received by our clients is beyond belief. Many clients throughout the United States and Canada were more than eager to be involved, not only to sell, but also to be in attendance at this sale.

I want to congratulate all those involved in this sale for their willingness to work together to make this a sale where we will celebrate the good in so much of what we do. As we all know, we are stronger when we work together and this event shows that more than ever.

Thanks to Kiley of MC Marketing for working together as a team with one common goal in mind...showcasing the Limousin product the way that it should be!

Thanks in advance,

Randall O. Ratliff  
R&R Marketing Company

## Limousin Friends,

In the time I have spent assisting Limousin producers market the fruits of their labor, many memorable events come to mind. Each and every one of them was special in its own right, and turned out to be events the breed could and should be proud of. The goal of Randy and myself in creating "A Night On The Town" was to create just such an event. Thanks to the efforts of many, most especially the premier producers from across this continent, we feel this sale has all the makings of a "can't miss" event for years to come.

As you study this sale book, it will become evident that breeder's bought into this philosophy and dug deep into their genetic arsenals to offer seedstock that are truly worthy of carrying the moniker, "Elite." From major league herd sire prospects, to proven donors, to fancy open heifers, to embryo packages never offered before, the 64 lots presented here are "the best of the best."

It has been, and will continue to be, my pleasure to work with both buyers and sellers to help each achieve their goals. If we can be of any assistance prior to or during the sale, please do not hesitate to contact myself or any capable member of this marketing team.

I look forward to seeing you in Vegas!

Sincerely,

Kiley McKinna  
MC Marketing Management

## SALE ORDER ...

Cattle sell in catalog order. Any additions and corrections to the sale catalog will be posted the evening prior to the sale at RRMktg.com and MCMarketingManagement.com.

## ANNOUNCEMENTS ...

Announcements made sale day by the owners, auctioneer or sale management take precedence over statements in the sale catalog.

## PAYMENT ...

All lots must be paid for at the time of the sale unless prior arrangements have been made. Auction proceeds will be conducted under Randall O. Ratliff dba R&R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond # 7901027402 (USDA, Grain Inspection, Packers and Stockyards Administration Packers and Stockyards Program)

## TRANSFERS ...

Consignors are responsible for registration and transfer of lots after settlement.

## General Sale Information

### INSURANCE ...

Insurance will be available sale day through Grassroots Genetics, 515.229.5227.

### TERMS AND CONDITIONS ...

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. Please note; The sale manager is an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor the sale consigners assume liability. Legal and/or otherwise on any accidents that may occur.

*Cattle sell in accordance with the North American Limousin Foundation, as of November 18, 2019.*

# HOST of HONOR

## WILDER FAMILY LIMOUSIN

Since 1912, the Wilder family has been farming and ranching in Snook, Texas, just outside of Bryan/College Station. Until 1982, the Wilder family primarily relied on farming as the dominant business. Fourth generation partner, Jay Wilder, expanded the horizon of the family farm by showing and investing in Limousin cattle.

Wilder Family Limousin runs approximately 100 head of purebred and Lim-Flex Cattle. They also run a large commercial cow operation in conjunction with the registered cattle. In the farming operation they grow cotton, grain sorghum, wheat and soybeans. They focus on marketing show prospects, commercial and seedstock bulls and bred heifers for their fellow seedstock producers.

Jay, the fourth generation partner in the operation today, is a 1993 graduate of Texas A&M University. In 1994, he and Molly married. In 1996, the fifth generation, Jayce, and twin brother, Spencer, were born. Molly is a 1993 graduate of Texas A&M as well. Currently she teaches 2nd grade for Bryan ISD. When she retires she will become more hands on with the day-to-day operations.

Throughout Jayce and Spencer's show career they have been very successful. They have shown on the local (Brazos Co.), state (Fort Worth, San Antonio, Houston and Texas Limousin Field Day) and national levels (National Western and National Junior Limousin Shows & Congress). The brothers graduated from Texas A&M University and returned home to the farm and ranch.

Jay has been active with the Texas Limousin Association, serving on the board of directors for many years, including a term as the organization's president.

Wilder lots selling include: 8, 15, 35 & 45

**O**n behalf of each and every consignor we appreciate your interest in the offering assembled for the “A Night On The Town Sale.”

We could think of no more fitting venue for an event of such breed importance than the Bellagio Hotel & Casino in Las Vegas, Nevada. The goal of this sale was to assemble a truly unique set of elite Limousin genetics from leading producers across the continent.

The overwhelming response received by both consignors and potential buyers has been tremendous. We would like to congratulate everyone involved in this sale for working as a team to make this a sale one we can celebrate the best the breed has to offer.

We are proud to present this offering to you and feel this sale has all the makings of a “can’t miss” event for years to come. As you study this sale book, it will become evident that breeder’s dug deep into their genetic arsenals to offer seedstock that are truly worthy of such a prestigious event—the 64 lots presented here are “the best of the best.”

Please contact any member of the marketing team with any questions you may have.

We hope to see you in Vegas!

*Selling Fall Possession & 4 Exclusive Semen Opportunities!*

Here is an opportunity that doesn't come along often. The ability to get in on the ground floor of a red, Lim-Flex homozygous polled, outcross sire with huge numbers! This lot is brought to us by the progressive Magness Land & Cattle firm and esteemed Wulf Cattle program. Wulfs Emprize 2424E is sound, stout, deep bodied and poised to take the breed by storm. He was one of the top-selling bulls from the 2019 Wulf sale and anchor bull in the 2019 National Western Stock Show champion pen of bulls—it's easy to see why. Don't let this opportunity pass you by. This is your lone opportunity to invest in this elite A.I. sire. Contact any member of the sale team today to get placed on the list.

*Selling Full Possession after show career & Half Semen Interest*

What a true highlight for the second annual sale in Las Vegas! TASF Grey Goose 333G, a PUREBRED prodigal son of the ever popular, A.I. sire, TASF Crown Royal that not only has sired scores of national champions. but been one himself. As aforementioned, Crown Royal is responsible for siring some of the finest show cattle in the business over the last couple of years. Both bulls have gained much recognition in our breed and rightfully so. Visually, this young calf, TASF Grey Goose 333G, is solid from the ground up. He is massive in his foot size, extreme in his heaviness of bone and represents the perfect blend of thickness with the right amount of rib shape and volume. Come join us in Las Vegas and when looking for a new herd sire, don't even think about gambling. Just get this herd sire bought and bring attention to your program in a rather big way.

AHCC Dakota Thunder 363D has been admired by all who have seen him. Yet his most impressive achievements lie within his calf crops. With more than 152 progeny on file from 2018 and 2019, from both the Hager and esteemed Magness program, there is no guesswork with this sire. His progeny are deep sided, easy doing, production-oriented cattle built for today's mainstream market. Given his killer growth, impressive depth of body and fine carcass genetics, you may want to look twice at the knockout numerics displayed on this proven herd sire. The EPD profile on this homo black, homo polled, 50% Lim-Flex powerhouse ranks in the top 25% of the breed or better for 10 economically relevant traits. From an actual performance standpoint, he ratioed 108 at yearling and a whopping 177 ratio for UIMF with an adjusted measurement of 4.76. If you are looking for proven, curve bending birth to growth genetics that will also improve marbling, investing in this sire is an easy decision. Note, semen will be held off the open market for one year.

*Selling 20 Exclusive Semen Packages!  
 15 Units For \$1,000*

Opportunity abounds. Here's your chance to get ahead of the game and purchase semen on an exciting, royally bred, 84% Limousin sire. Gladiator is sired by the now deceased and one of the hottest purebred bulls to advance the breed in years, CELL Envision. On the cow side of the equation, he is out of an exceptional Alter Ego x WLR Prada (MOE National Gold Medal Dam 2017 & 2018) future donor dam. Visually, Gladiator is great footed, soft middled, level made and still maintains a ton of natural stoutness. What's more, if you take a quick study from a numerics standpoint it's hard not to be impressed—he combines a high degree of growth, maternal, carcass weight with a more than adequate amount of marbling. Folks, Gladiator semen will only be available in these limited semen packages offered December 14! Note, semen will be held off the open market until spring of 2021. Don't miss this opportunity to be first in line for the next generation of high percentage Limousin genetics!

*Selling 50% embryo interest and no possession*

It's not every day an opportunity of this distinction becomes available. This female represents a proven and predictable lineage that is exquisite for designing elite individuals. AUTO Dana 265D is a 54% Lim-Flex daughter of MAGS Aviator from the powerful donor at P Bar S Ranch, AUTO Ajay 206A. She is a daughter of SAV Brave and from the famous MAGS Manuela. AUTO Dana 265D is homozygous polled, homozygous black and is a powerhouse of a female. She is ideal in her foot size, structural soundness and design. She is solid in her number package and made as perfect as you could ever want one. She is nearly perfect in her lines, down her top and out of her rump. As you can imagine, she won the esteemed Denver Junior Show, but just as importantly, she represents a pedigree that is distinguished. The blending of MAGS Aviator with the MAGS Manuela daughter has created quite a female in AUTO Dana 265D. This female is flawless from every angle and is stunningly built from the ground up.

*Selling 50% embryo interest and no possession*

This female is a portrait of femininity and absolutely unmatched in her ability to create some of the most intriguing creatures in the breed today. She is one of the hottest, most highly sought after females that you simply can't go wrong with. EF Zynga 356Z is a top Lim-Flex donor in the P Bar S Ranch program. This elite donor ranks in the top 1% of the breed for GEST, top 3% for \$MTI, top 4% for TM, top 5% for MB and top 10% for MK and CW. She scanned a 12.50 for REA and 5.11 for IMF. This big league donor has so many tremendous facets and we are proud that P Bar S Ranch is willing to share the genetics from her as a highlight to this sale.

*Selling Half Embryo Interest & No Possession*

This unique consignment epitomizes the crossroads of where phenotypic quality, huge numbers and genetic diversity meet. This amazing donor offers you the opportunity to invest in a top-of-the-line donor and some of the breed's freshest and best genetics. Note, this donor is none other than the dam of the popular A.I. sire that was syndicated, TNGC Empire—a sound footed, heavy muscled, stout featured individual who makes his residency in the Jones Brothers program! The donor female is MAGS Beth who has been admired by many for her flawless structural make up, body depth, huge marbling EPD and the fact she is a direct daughter of the prolific donor MAGS Theatrical. We feel this lot speaks for itself and represents the progressive direction of the Graven program.

*Selling Full Possession & Half Embryo Interest*

This lot is a testament to the progressive direction the Wilder Family Limousin breeding program is headed and one that brings them great pride to offer December 14 in Las Vegas, Nevada! From the day this April-born open heifer hit the ground there was little doubt this electrifying female would be destined for big things. WFL Giggles is by the ever popular show heifer maker A.I. sire, Colburn Primo and out of the world-renowned donor and many time national champion, Riverstone Charmed. This major-league show-heifer prospect is as complete as you can make one—square hipped, big middled, elegant fronted and sound from the ground up. As the old saying goes, I'd rather own this one as try to beat her. Bid with confidence.

Bask in all that is 'Gloria'. AUTO Gloria is impressive all the way around. Her sire, Riverstone Crown Royal, is siring cattle that demand judges' attention across the country and the type of cattle production-oriented cattlemen desire. Her dam is none other than the unparalleled AUTO Rebeca 292S donor female. Rebeca has generated her fair share of sale toppers and show ring winners, writing chapters of Limousin history. Study this female and you will see from the ground up she is pure style and class. She comes to you in a feminine, homozygous black and heterozygous polled package that deserves your attention! With royal genetics like this gal has, she's sure to create some incredible creatures in the future.

WHOA! This little Filly will stop you in your tracks. Check out her sweeping rib cage and how nicely she ties into her rear quarter. This little lady packs a lot of look and substance into a sound package with a numerical profile that has six economically valued traits ranking in the top 25% or better. You want a heifer to take out on the road? Well this fall yearling will strike the right pose on the tan bark to gain the attention of the most astute judge. After her show career, she carries that broody look to make her one of your front-pasture females. She is sired by CJSL Creed 5042C, the MAGS Aviator son who topped the 2016 Linhart sale. Her dam, DHIL Luvly 5023C, is a young female who is producing nicely and traces back to the great EXLR Luvly 084F donor. She was the Grand Champion Lim-Flex Cow-Calf Pair at the 2017 National Junior Limousin Show.

Boy does this gal have the phenotype and the genotype of an incredibly elite red. LVLS Gala 127G is bred about as elite as females come today. She is a daughter of the powerhouse Six Mile Taurus 519A bull and out of the Majestic Peek A Boo B127 donor. Six Mile Taurus is the bull that had everyone talking in Denver. He was the 2014 and 2016 National Western Grand Champion Red Angus bull. Majestic Peek A Boo B127 is a Cowboy Cut daughter from a cow family so rich in history. LVLS Gal 127G is bold, dimensional and has a maternal sweep to her fore rib that so many of us admire. This is a female you can purchase with the utmost confidence and expect a very special outcome year after year.

*Safe bred. Due approximately 01.05.20 to RLBH Air Force One*

Lookout-here is an individual we can't say enough about. This is a female you can count on not only for superior genetics and great maternal potential, but for her stylish and powerful design. CFLX Robinette 070E is a homozygous black and homozygous polled daughter of the famous GPFF Blaque Rulon and from the legendary BOHI Red Robin 282R female. Red Robin 282R is the phenomenal daughter of MAGS Manuela. This female has a stacked pedigree that is second-to-none. We love how athletic she is in her movement and her functional design. Picturesque is how we like to describe this Robinette female- she's just a powerhouse of a female that has that elite donor look we all desire.

This multiple-time champion female for the Shuter family, PBRS First Suspect, is the result of blending the best Red Angus with the best purebred Limousin. This bred heifer is a prime example of this result. This female is sired by the Wies Limousin/Magness Land & Cattle Co. sire MAGSWL Usual Suspect. The Triple Crown winning bull continues to be the go to sire when looking for red, purebred Limousin genetics. He was mated to the purebred Red Angus female, CRSL Champagne, a daughter of Red Northline Jesse James. PBRS First Suspect is awesome from the ground up. She is massive in her foot size, heavy in her bone structure and deep bodied. She is massive in her rib shape and has so much capacity. We certainly love her through her head and neck. The bottom-line is, this is a genetic piece that promises to be an asset to your genetic arsenal for years to come.

*Safe in calf to Hunt Credentials 37C. Approximately due 1/20/20.*

This exceptionally well-designed, homozygous polled, huge numbered red female is a truly unique buying opportunity. Stout best describes this big footed, free moving, deep bodied, square hipped female to a tee. On paper she's simply outstanding, excelling in many economically relevant traits. Worth noting, she is carrying the service by the widely popular and predictable HUNT Credentials 37C A.I. sire. This is a sure-fire donor female in the making and one that would be an asset to your genetic arsenal for years to come.

SSTO Echo 756E is a beauty of a homozygous polled and homozygous black female. She ranks in the top 20% of the breed for birthweight and the top 25% for marbling. Wanna talk about an all-around female! She is a daughter of MAGS Aviator, the phenomenal MAGS Winston son that has taken the breed by storm. This female's dam, AUTO Bliss 265Y, is the notable donor owned by Lawrence Family Limousin, Coyote Hills Ranch, Lance Hall Cattle Co. and Diamond Hill Cattle Co. She is full of performance and carcass predictability and it is evident in her offspring. This female stands on an impressive structure that we appreciate for her functional design and powerful build. Multiple sire possibilities exist on the calf at side, testing information available sale day.

### Sells bred to PBRS Bootlegger

Here is the ultimate source of power amongst this offering. When we describe an elite numbered individual, this is what we talk about. HBRL Exclusive Jewel 7519E is the homozygous black and homozygous polled daughter of EXAR Denver 2002B. She ranks in the top 3% of the breed for yearling weight and the top 4% for weaning weight, milk and marbling. Her dam is HBRL Coco 575C ET- the intriguing daughter of MAGS Wazowski from the immaculate AUTO Exceptional 282S female. If you're looking for a female that can do it all, this is the one for you.

PICK OF 2019 OR 2020 OPEN HEIFER CALVES

*Selling Pick Of The 2019 or 2020 Open Heifer Calves*

We proudly place on offer pick of our entire 2019 or 2020 spring born Limousin & Lim-Flex heifer calves. This rare pick is coming from one of the largest Limousin firms residing in the northern the United States. Found in the 2019 and to be born 2020 spring heifer calf crop is more than 200+ females that feature leading Limousin & Lim-Flex genetics that combine both numerical superiority and desirable phenotype. The usage of breed-leading genetics that carry an emphasis on traits such as birth, weaning, yearling and marbling are evident in this elite group of replacements. Folks, this marks one of the few times in the existence of the Coleman program which spans across five decades that an exclusive pick of the herd is being placed on offer for your appraisal. Bid with confidence. For more detailed information, contact Coleman Limousin direct.

PICK OF 2019 OPEN OR SPRING BRED HEIFERS

*Selling Pick Of The 2019 Open or Spring Bred Heifers.*

Rare opportunity abounds! This pick of the 2018 spring bred heifers or pick of the 2019 born opens is coming from one of the most respected and leading Limousin firms north of I-70, Wieczorek Limousin. The list of elite sires that have been raised over the years wearing the WZRK prefix is simply remarkable and for only the fourth time ever, this program is offering pick of their female counterparts. Found in these respective groups are numerous donor prospects featuring leading Limousin genetics and females that combine both numerical superiority and desirable phenotype. Folks, here's a rare opportunity to invest in a leading female backed by a program that's been breeding elite seedstock for five decades. Bid with confidence.

## PICK OF 2019 SPRING BRED HEIFERS

*Selling Pick Of The 2019 Spring Bred Heifers*

This pick of the entire 2019 spring bred heifers is coming from the heart of the robust Hunt Limousin spring calving program which is one of the largest in the business today. The list of breed impacting genetics Hunt Limousin has infused into their program is long because of their industry first approach and it's with confidence that a matron worthy of the "donor" moniker exists in this very group. Found specifically in the 2019 spring bred heifer pen is approximately 150 females by many of the breed's most elite A.I. sires. Worth noting, this marks the first time in the existence of the Hunt program, which spans five decades, that an exclusive pick of the herd is being placed on offer for your appraisal. That said, the combination of this group's genetic diversity and high quality all but secures your chance of finding numerous prospect donor females to sort through. Bid with confidence. For more detailed information contact Hunt Limousin direct.

IONIA, MO

Folks, here is a lot of rare, genetic diversity and the first opportunity to gain genetics by MAGS Daystar! The donor on hand is the dam of the 2019 National Western Stock Show Grand Champion Bull, MAGS Firestone. This donor female not only produced the \$50,000+ national champion, but she also boasts breed leading numerics. Study her growth traits which rank in the top 1% of the breed coupled with a total maternal figure in the top 5%. That in mind, the combination of Daystar's phenotype, proven production record, elite numerics when blended with these four sires promises electrifying results. Worth noting, the resulting mating of the A lot would be full siblings to MAGS Firestone; the B lot is by the high marbling and syndicated Federal Reserve bull that topped Magness's 2019 Loma sale; the C lot is by the famous SAV bull that set the world record in 2018; and the D lot is by the \$900,000 Montana record-selling bull that traces to the legendary Donna cow family, Coleman Bravo. Invest with confidence.

*Selling The Right To Flush with the guarantee of 6 embryos, max of 10 at buyer's expense to the bull of the buyer's choice.*

Birk

This exceptionally well designed, double homozygous, numerically solid donor is truly unique. Visually flawless best describes this big footed, free moving, sleek fronted, big bodied, square hipped female that has perfectly balanced conformation. If you're a proof's in the pudding type of program, this rare flush opportunity on Yuma is one to consider. She's been a staple in the historic Peterson's L7 Bar program where she's consistently produced stout made, sound legged, easy doing cattle that quite simply work! What's more, she offers a ton of breeding versatility because of her outcross lineage. Simply stated, this is a female that when mated to a sire of your choosing has the ability to add an elite breeding piece to your genetic arsenal. Bid with confidence.

*Selling The Right To Flush with the guarantee of 5 embryos at seller's expense to the bull of the buyer's choice.*

From the heart of the Fosdick program is an opportunity to invest in genetics out of one of the breed's best purebred donor dams and former national champions—CYWD Zesty. This elite donor is a can't miss type of female that is big footed, relaxed in her pasterns, deep sided, level designed and boasts a perfectly constructed udder. The bottom-line is, here is a female you can mate many ways and the resulting offspring will result in genetically superior calves that project to be phenotypically exceptional. With confidence, invest in this right to flush.

If there's one female with a pedigree that needs no introduction, it's this gal. PBRS Excellent Colada ET is just what she sounds like—an 'excellent' daughter of the famous Carrouseles Pina Colada. She is a daughter of the great Colburn Primo 5153 bull. This is a female we appreciate for her muscle shape and stoutness of design. She has such a crisp profile with incredibly smooth lines. She is homozygous black and heterozygous polled. This is a female you can't help but fall in love with not only for her pedigree, but for her predictability to produce offspring of high merit and functionality.

When we talk about the blending of Lim-Flex and Red Angus cattle, this is the type of female that gets us excited. PBRS Ember 7277E is a prime example of what a tremendous blend is possible with these two breeds. She is a daughter of the All-American Futurity Champion Bull, AUTO Lucky Strike 118B, a son of LH U Haul 135U. PBRS Ember 7277E's dam is a daughter of Red Northline Crusher 341Y. We love this female from a femininity and balance standpoint. She is packed full of power, strong and level down her top and soft in her pasterns. This is an opportunity you'll want to take advantage of—PBRS Ember 7277E is one of the finest red Lim-Flex females in the breed.

If you weren't intrigued before now, watch out because now you're sure to be! These three heifer embryos will be IVF to Colburn Primo and the great AUTO Rebeca 292S. Colburn Primo is a result of two of the most influential bloodlines in the industry today. He is the son of an incredibly decorated daughter of Silveiras Style, Silveiras Saras Dream, and from the great Dameron First Class bull. AUTO Rebeca 292S is quite possibly the most dominant Lim-Flex donor the breed has ever seen. This prolific female has produced as many show winners and sale toppers as any female in the business. This is an incredibly elite mating that you'll want to be sure to get your hands on when sale day rolls around.

The opportunity exists in this very lot to get a great one! The Pinegar Limousin bred purebred donor dam is an elite female that combines a flawless structural design with rib and muscle to the highest degree. If you appreciate cattle that are bold in their rib shape, are loaded with center body mass and are expressive in their muscle pattern, then this high performance female is one you'd like. On the paternal side of this equation enters Conley Express, a big-time Angus sire that's in play in both the respected Express Ranches and Conley Cattle Co. programs. There's little doubt this blending of genetics promises results that are sure to impress both visually and on paper.

It's showtime folks! Embryos of this caliber and quality are rarely offered, but this is your exclusive opportunity to invest in some of the industry's finest. Silveiras Style 9303 doesn't need an introduction. He has completely dominated the show ring across the country and his progeny have hung more champion banners than any other bull. His presence in the industry of maternal matriarchs is unmatched. This bull takes the guesswork out of producing banner worthy progeny. Mated to SSTO Maximillian 734E, this is an exemplary combination of genetics and predictability. SSTO Maximillian is an impressive daughter of MAGS Aviator. Her dam is the great Riverstone Charmed female who is more recognizably known as the breed's most prominent show heifer to ever exist in the history of the breed. This is such an exciting mating that will not only add tremendous value to any operation, it'll produce elite offspring that have the potential to be showstoppers in the ring and when they're put into production.

This genetic consignment epitomizes the crossroads of where phenotypic quality, huge numbers and genetic diversity meet. These designer matings offer you the opportunity to invest in some of the breed's freshest and most industry relevant genetics. The imagination runs wild when you project the boundless possibilities of the future offspring of these breed standouts mesh. The numerical giant, MAGS American Beauty, a daughter of the deceased MAGS Winston A.I. sire, possess a combination of structural integrity, body depth and fleshing ability even the most discriminating cattlemen would appreciate. Her offspring to date have been exceptionally high performing and marketable! We feel these matings speak for themselves and represents the progressive direction of the acclaimed ATAK Limousin breeding program. We invite you to appraise the unmatched genetic value on offer.

Stop right here and study this rare opportunity. This is the first chance to gain genetic access to the donor dam, MAGS Bethany, the top-selling lot (pick of the Magness herd) in the 2018 Night On The Town Sale which Tubmill Creek Farms purchased. High quality, stout, performance-oriented and huge numbers are terms that appropriately summarize this elite mating! The donor dam, MAGS Bethany, is the result of one of the most proven and predictable matings in the business, Upshot x Carminda. The A.I. sire featured in this mating, TNGC Empire 736E, is one who is flawless at the ground—he's big footed, relaxed in his pasterns, deep bodied, square hiped and loaded with natural muscle shape. Numerically and visually, this mating should rate among the breed's best.

TNGC EMPIRE 736E

MAGS FORBODING • Daughter of MAGS Bethany

# Selling Choice on 3 Embryos

A Night ON THE TOWN Sale II

These elite embryos are by four of the breed's hottest sires! First, the 2019 NWSS grand champion, MAGS Firestone; the famed son, AHCC Hemi, of the elite 9066U donor; the huge numbered, red Lim-Flex sire Wulfs Ozark; and the highly popular CJSL Creed A.I. sire! If you're looking for a genetic opportunity that promises to produce functionally sound bulls and tremendous cow prospects then here's your mating! The donor, MAGS Calico, is one of the most phenotypically complete donors ever to impact the historic Graven program. She's moderate, big bodied, boasts a perfectly constructed udder and packs a punch numerically.

Rarely can you get your hands on superior genetics like these. A select number of females in the Limousin breed have attained the notoriety this female has. No matter how this female is mated, the outcome is always down right solid. COLE Miss Production 104Y is a trait leader for marbling and has an impressive milk EPD. Simply stated, she combines mating flexibility with an astonishing track record. When we think of jaw dropping combinations-this is one that immediately comes to mind. MAGS Cable is an outcross son of Appleseed that is everything our breed continues to look for. He sires cattle with functionality and extreme growth. These future calves will be from one of the strongest matings in the breed and you can buy with confidence because they will truly be something special.

We are offering two packages of three conventional embryos from this hot mating. A paternal sister sold this fall for \$53,000. The dam of the embryos is a past champion who does an outstanding job producing cattle breeders demand. SBLX Xtra Special 214X is one of the highest valued young donors in the breed. Her pedigree of DHVO Deuce x MAGS Manuela has produced some of the finest cattle to hit the ground and SBLX Xtra Special 214X is no exception. Her maternal sister is the famed SBLX Znote. The sire to this specific mating, Schilling's R&L Confidential, is a tremendous son of a BC Lookout 7024 daughter. He made his debut at the 2018 National Western Stock Show and is still a crowd favorite. These are genetics you'll want in your herd come calving season!

On offer is an opportunity to invest in some truly top shelf genetics! On the maternal side, PBRS Zink, a big-time donor valued at \$30,000, is at work in both the Linhart and Lakeside programs. She has earned a great reputation for producing sound made, performance driven progeny. On the paternal side, we have the first exposure to the Limousin breed—the world record \$800,0000 Angus AI sire, S A V Elation, which is one of the hottest Angus bulls in the business today. The bottom-line is, if you're seeking unique pedigreed, homozygous black cattle that promise to have a combination of stoutness and structural integrity, invest in these eggs sale day.

We're not sure you can get your hands on more unique genetics than the following. These future calves will be sired by the now deceased CELL Envision 7023E and from the great WLR Heart of Glass 12A female. CELL Envision 7023E was purchased by Vorthmann Limousin for \$25,000 from the Linhart Limousin program. He is out of a Fire 'N Ice daughter and from AHCC Barn Burner. WLR Heart of Glass 12A is a daughter of the powerhouse producer, WLR Ugly Betty and out of the popular MAGS Yip bull.

WLR HEART OF GLASS 12A

Folks, here is a pick'em lot! Featured is your choice of embryos by one of the elite females in the Circle L program—AUTO Ebony! She is an extra stout featured, sound structured, high performance female that hails from the Pinegar Limousin program that boasts a sterling reputation. The two service sires offer industry fresh pedigrees and the opportunity for genetic diversity. Both Wulfs Eisenhower and Kings Landing project to be a tremendous compliment to Ebony. It's with great confidence we place these mating on offer for your appreciated appraisal.

DAM	11	1.0	77	117	19	6	1.3	14	-.23	34	.78	-.10	52

This marks a great opportunity to invest in both an amazing donor and proven sire. First the donor, TMCK Bordeaux, was one of the top seller's in the 2017 Tubmill Creek fall production sale! She comes to us in a sound footed, square hipped, big bodied, attractive patterned, big numbered package. On the sire's side of the equation, here's an opportunity to invest in the highly proven big, stout, wide made AI sire, TMCK Alfalfa, who has earned a reputation as one of the few calving-ease, big numbered Lim-Flex sires in the breed. Without question, this high power mating promises to hit a homerun! Bid with confidence.
