Five Family Prefixes Working for You
 CJSL • CELL • ADLL • KVLN • KQLL

Limousin Friends & Enthusiasts,

It is our pleasure to invite you to the 5th edition of our "Business Done Right" Bull Sale, Saturday, March 7, 2020, at our sale facility near Leon, Iowa. We are a family operation just north of Leon in the heart of cow-calf country in southern Iowa. Our Limousin and Lim-Flex seedstock operation began in 1979 and has grown to nearly 600-producing females.

Over the years, we have worked hard to create a quality product and share in our customers' success and while always doing things the right way.

In this offering we have brought you our very best. The bulls presented to you here have withstood the rigors of our stringent selection criteria. This group of 78 bulls consists of both spring yearlings and 18-month-old bulls. Like in years past, the influence of our premier donors, elite herd sires, progressive A.I. program and no "shortcuts" approach is evident in the bulls we are offering.

As you study the offering and evaluate the bulls as they relate to your overall production goals, we ask you to keep in mind the true "value" of a herd bull.

While we as an industry continue to enjoy excellent cattle prices relative to historical averages, the spread in value of genetically superior calves is at an all-time high. Regardless of whether you sell your calves at weaning at a sale barn, run them as yearlings or retain ownership throughout the feeding phase, buyers are becoming more selective as to the types of calves that generate premiums. Factor in the long-term value of the females you retain, and reasons to purchase superior herd bulls becomes evident.

We are confident the bulls in this sale have the inherent genetic ability to sire market topping calves based on the comprehensive data supplied to you in this catalog. So rest assured, the product at hand is exceptional and will come to you at various price levels. Bid with confidence.

It's our goal to make all business transactions with customers a pleasant experience. In addition, all cattle sold are fully guaranteed to the catalog in accordance with the North American Limousin Foundation. Furthermore, if you would like to discuss our sight-unseen purchase program, financial arrangements or trucking plans we are happy to accommodate. As a reminder to both our existing and prospective bull buyers, we encourage you to check out our industry competitive "Linhart Bull Program" incentives that we have in place to stand behind this quality set of bulls.

We look forward to seeing you at the sale. Plan to join us for lunch. If we can be of any assistance to you prior to or during the sale we have an open door policy and welcome all calls and questions. Don't hesitate to give us a call anytime.

Sincerely,

THE LINHART FAMILY

Linhart Limousin

SPRING YEARLING BULLS

LOTS 1 -50

We are proud to offer this outstanding set of spring yearling bulls. Through our aggressive A.I. and embryo transfer program, we continually push the genetic envelope while using the same common sense approach we know our commercial customers use. While fresh pedigrees and breed-leading EPDs have value in the marketplace, they are of little importance if the bulls themselves are not packed with the convenience traits all true cattleman demand. We feel our program is on the right track, but you, our customers, are the measuring stick. Your feedback is not only welcomed, but appreciated, as we continue to fine tune our program into one capable of assuring our customers remain profitable based in part on the genetics we supply them.

Act. BW • 92
Adj. WW • 721

CELL Guard House 9300G is the result of a very successful flush designed on creating high quality, outcross pedigreed cattle with huge numbers. We truly feel we've achieved that very goal in this herd-sire prospect. Pedigree wise, the top side features PBRS Bunk House, the widely popular and now deceased AI sire known for injecting performance into the next generation. On the bottom side is none other than our young donor, MAGS Dominate Deva, the 2017 high-selling female from the Magness Land & Cattle Mile High Elite Sale where she commanded the admiration of the crowd for her phenotypic prowess. When analyzing this tremendous herd-sire prospect, he is hard to criticize as he comes to you in an extremely complete package. His phenotypic superiority is bolstered by his useful number set including top 25% or better percentile rankings for calving-ease direct, weaning weight, yearling weight, calving-ease maternal, scrotal circumference, marbling and mainstream terminal index. Great herd bulls must possess a rare combination of convenience traits as well as the intangibles necessary to elevate them above their contemporaries. Study the many positive attributes he brings to the table and realize herd bulls of this caliber are not every day occurrences.

Most years and most sales, CELL Ground Control 9055G would be the featured bull. This son of the Lim-Flex great, MAGS Aviator is out of a tremendous cow that traces back to EF Yadda Yadda, who has earned her spot as one of our premier donors. Very few bulls in our business are able to combine body capacity and overall thickness into a structurally correct package this impressive. What's more, his EPD profile is extremely balanced, making this homozygous black Lim-Flex bull one who has the potential to make a huge impact on even the most progressive of programs.

%Rank:	3	30	60	75	95	95	3	95	15	55	75	85	55	65

Much has been said the last year about the sire of the next two lots. MAGS Aviator has without question turned the breed on its side. They are as consistent of a sire group as there is at the moment as they combine a multitude of industry relevant traits into the kind of cattle that are easy to sell. The icing on the cake for this particular lot, is that he goes back to a great P Bar S Ranch cow on the bottom side that traces to the famed TYEJ Royal Lass donor.

If you are looking for a heifer bull that offers loads of calving-ease, projects to improve docility and elevate marbling, then CELL G-Force 9059G is an excellent candidate. Not only is he by the electric AI sire, MAGS Aviator, his bottom side pedigree is loaded with proven genetics from our good friends the Stower's who have been raising quality seedstock in Texas for more years than we can remember.

**LINHART
LIMOUSIN**

**PURCHASE INCENTIVE
PROGRAM**

- Guarantee...one-year unconditional breeding guarantee. We fully stand behind our product.
- Documentation...bulls come complete with ultrasound, performance data, herd health & registration.
- Financing Program...50% down at time of purchase, balance due on delivery.
- Housing...complimentary development until April 15.
- Trucking...we offer free delivery to central points.
- Volume Purchases...buy 5 or more bulls, receive a 5% discount; 10 or more bulls receive a 10% discount.
- Sight-Unseen Purchase Program...you tell us what you're looking for, we'll do our best to meet those needs, and if you're not satisfied when you get your bull(s), you don't own them.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER VIEWING THE AUCTION.

BROADCAST LIVE ON
SUPERIORCLICKTOBID.COM
SUPERIORLIVESTOCK.COM
800-422-2117

The sale will be broadcast with live video on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com.

TURN IN BIDS OVER THE PHONE. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab at the top of the homepage titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the form, fill it out and fax it in. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

CLICK-TO-BID. This is our bidding platform where you are able to turn in bids by "clicking" the bid button online as well as register online. Please note that high speed internet is required—this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up.

IF YOU NEED ANY ASSISTANCE, CALL SUPERIOR AT (800) 422-2117. VIDEOS & CATALOG AT WWW.SUPERIORLIVESTOCK.COM

FALL YEARLING BULLS

LOTS 51 -78

We are equally excited about this group of stout, well-developed fall yearling bulls. Rest assured, these are not “left-overs” or “picked-throughs.” They are part of our comprehensive plan to provide a variety of genetic combinations in different age brackets. Many of the same cow families and sire groups found in our spring bulls are represented in their fall-born contemporaries. We developed these bulls with longevity in mind and as such, are comfortable they will hold up under tough conditions while providing years of trouble-free service. Equally important, these bulls should sire the kind of calves that cause your neighbors to slow down as they drive by and your buyers to stand at attention when your sale day rolls around. As always, we welcome your questions and concerns and in the event a problem arises when you get your bulls home, we hope we will be the first call you make.

Kicking off the fall yearling bulls is this massive made, homozygous black meat wagon who is packed full of performance yet maintains a pleasing look. His sire side features the exciting AI sire, LVLS Bank Account, who continues to churn out the type and kind of cattle that cattlemen from all facets appreciate. The bottom side of his pedigree features the exciting donor, MAGS You're Welcome, who is a direct daughter of the Angus great S A V Bismarck. It would be hard to stack more pedigree predictability into one. From an EPD vantage point, CELL 8424F excels in genetics for both weaning weight and yearling weight. When studied from every angle, the bull presented to you here has all the parts and pieces to become a herd sire of distinction.

What we have here is one bred about as royally as you can breed one. PVF Insight 0129 has written numerous chapters of Angus breed history, while the family tree of his dam, AUTO Luckie 815X, continues to bear fruit. This double homozygous individual also brings a host of numerical advantages to the table ranking in the top 25% or better for WW, YW, SC, YG and CW.

There is a reason AHCC Cowboy Kind has become one of the most popular go-to red Lim-Flex AI sires in the business. He puts many of the right parts and pieces together to result in cattle with great demand in the market place. This homozygous polled son of his traces back to the great MAGS Winston on the bottom side. On paper, 8500 is second-to-none ranking in the top 5% or better for WW, YW, MA, TM and YG.

Simply put, the COLE Architect 08A cattle are getting it done in programs across the country and these two flushmate brothers are prime examples. Study this pair of homozygous polled sons who goes back to the exceptional donor dam, AUTO Moonshine 280B, who traces back to the never miss EF Yadda Yadda cow on the bottom side. Numerically, these two full brothers ranks among the breed's very best for weaning weight and yearling weight growth figures.

Talk about predictability, these two full brothers, Lots 56 and 57, are exceptionally impressive herd-sire prospects. The genetic heritage of these two homozygous black Bank Account sons is unmatched in the industry, giving them the necessary predictability to sire females that will make awesome replacements and sons that will be easy to sell. Notice on the bottom side of the pedigree, the donor dam, MAGS Unsmudge, is the mother of the wildly popular AI sire MAGS Argo. Study the way these bulls are put together in concert with their impressive marbling EPDs and imagine the many ways they can make a positive contribution to your program.

“We use Lim-Flex® bulls on our British-based cows because it allows us to achieve our goal of producing a high percentage of cattle that grade Choice, have higher yielding carcasses, while maintaining feed efficiency and uniformity.”

-Erik Roen, Sierra Valley Ranch California

Roen is a profit-minded cattleman who uses Lim-Flex bulls on his 2,000 head cow herd. Roen markets his calves through Superior Livestock Auction. One set of calves averaged 94% Choice or Prime, had greater than a 65% dressing percentage and returned \$117 per head of profit for the feeder.

REFERENCE SIRE

The importance of quality herd bulls, be it in a commercial or seedstock operation, cannot be stressed enough. Herd bull decisions made today influence your program, either positively or negatively, for years to come through daughters retained in the herd.

At Linhart Limousin we have always believed in having the absolute best bull power available in the industry. As such, we have invested heavily over the years to ensure only the best sires walk behind our progressive AI and embryo program.

As you study the bulls offered for sale in this catalog, and as you look over the reference sire listing on the following pages, you will notice the positive influence bulls owned by Linhart or bulls carrying the Linhart moniker, are currently having on our program.

By becoming a customer of Linhart Limousin, you are not simply buying a new herd bull, you are buying into our philosophy of continuously striving to improve the sire side of the breeding equation.

THANK YOU

We appreciate your support and interest in our breeding program. We take the people side of the business seriously and never for granted, that's why producing a quality product and making sure our customers are satisfied has always been a top priority. Simply put, your attendance and participation at our sales has humbled us, and we wish you many successes with your purchases. Thank you for taking time to view the catalog and allowing us the opportunity to earn your business.
