Five Family Prefixes Working for You
CJSL • CELL • ADLL • KVLN • KQLL

Limousin Friends & Enthusiasts,

It is our pleasure to invite you to the 6th edition of our "Business Done Right" Bull Sale, Saturday, March 6, 2020, at our sale facility near Leon, Iowa. We are a family operation just north of Leon in the heart of cow-calf country in southern Iowa. Our Limousin and Lim-Flex seedstock operation began in 1979 and has grown to nearly 600-producing females.

Over the years, we have worked hard to create a quality product and share in our customers' success and while always doing things the right way.

In this offering we have brought you our very best. The bulls presented to you here have withstood the rigors of our stringent selection criteria. This group of 78 bulls consists of both spring yearlings and 18-month-old bulls. Like in years past, the influence of our premier donors, elite herd sires, progressive A.I. program and no "shortcuts" approach is evident in the bulls we are offering.

As you study the offering and evaluate the bulls as they relate to your overall production goals, we ask you to keep in mind the true "value" of a herd bull.

While we as an industry continue to enjoy excellent cattle prices relative to historical averages, the spread in value of genetically superior calves is at an all-time high. Regardless of whether you sell your calves at weaning at a sale barn, run them as yearlings or retain ownership throughout the feeding phase, buyers are becoming more selective as to the types of calves that generate premiums. Factor in the long-term value of the females you retain, and reasons to purchase superior herd bulls becomes evident.

We are confident the bulls in this sale have the inherent genetic ability to sire market topping calves based on the comprehensive data supplied to you in this catalog. So rest assured, the product at hand is exceptional and will come to you at various price levels. Bid with confidence.

It's our goal to make all business transactions with customers a pleasant experience. In addition, all cattle sold are fully guaranteed to the catalog in accordance with the North American Limousin Foundation. Furthermore, if you would like to discuss our sight-unseen purchase program, financial arrangements or trucking plans we are happy to accommodate. As a reminder to both our existing and prospective bull buyers, we encourage you to check out our industry competitive "Linhart Bull Program" incentives that we have in place to stand behind this quality set of bulls.

We look forward to seeing you at the sale. Plan to join us for lunch. If we can be of any assistance to you prior to or during the sale we have an open door policy and welcome all calls and questions. Don't hesitate to give us a call anytime.

Sincerely,

The Linhart Family

Linhart Limousin

LOTS 1-53

We are proud to offer this outstanding set of spring yearling bulls. Through our aggressive A.I. and embryo transfer program, we continually push the genetic envelope while using the same common sense approach we know our commercial customers use. While fresh pedigrees and breed-leading EPDs have value in the marketplace, they are of little importance if the bulls themselves are not packed with the convenience traits all true cattleman demand. We feel our program is on the right track, but you, our customers, are the measuring stick. Your feedback is not only welcomed, but appreciated, as we continue to fine tune our program into one capable of assuring our customers remain profitable based in part on the genetics we supply them.

CELL High Roller 0239H is the result of a very successful flush designed to create high quality, predictable pedigreed cattle that are huge numbered and we feel we've achieved that goal in this herd sire prospect. Pedigree-wise, the top side features MAGS Ali, the widely popular and now deceased AI sire that's known for injecting performance to the next generation. On the bottom side is none other than our legendary donor, MAGS UR Salina, admired for the phenotypic prowess she injects into the next generation as evidence by her nearly 70 registered calves on file. When analyzing this tremendous herd-sire prospect, he is hard to criticize as he comes to you in an extremely complete package. His phenotypic superiority is bolstered by his very useful number set including top 15% or better percentile rankings for weaning weight, yearling weight, total maternal and scrotal circumference. Great herd bulls possess a rare combination of both convenience traits as well as the intangibles necessary to elevate them above their contemporaries. Study the many positive attributes he brings to the table and realize herd bulls of this caliber are not every day occurrences.

Most years and most sales this PUREBRED, CELL History Maker 0256H, would be the featured bull. This son of the great purebred, performance AI sire, CELL Envision is out of a tremendous donor that the progressive Pinegar program firm purchased as a top-selling lot from our Fall Harvest Production sale a couple years back. Very few bulls in our business are able to combine body capacity and overall thickness into a structurally correct package this impressive. What's more, his EPD profile is extremely balanced ranking it the top 1% of the breed for weaning, yearling, scrotal and mainstream terminal index plus, he ranks in the top 25% or better for both ribeye and marbling. This double homozygous PUREBRED bull is one that has the potential to make a huge impact on even the most progressive programs.

If you are looking to infuse PUREBRED, power and performance genetics into your program without sacrificing your phenotypic standards, take a long study of CELL History Buff 0245H. This double homozygous PUREBRED son of CELL Envision has the added bonus of being out of a proven donor on the bottom side of his pedigree. As such, his EPD profiles are among the breed's best, led by top 4% or better numbers for WW, YW, TM, SC, CW, MB and \$MTI. Like his flushmate, Lot 2a, he is truly a combination bull with the inherent ability to steer a program in the right direction.

The sire of Lot 3A, PBRS Roadhouse (full brother to the elite AI sire, PBRS Bunk House), is a herd bull we acquired from the progressive P Bar S program of Sand Springs, Oklahoma. He is impressing us with the way he stamps his progeny with plenty of base width, thickness and capacity as evidence in both Lots 3A and 3B. CELL Hammering Hank 0023H is a powerful made homozygous black, homozygous polled, 46% Lim-Flex son who will not only be able to cover a good number of cows, his resulting calves will be special.

We had high hopes for PRBS Roadhouse 7298E when we acquired him and we have not been disappointed. CELL Homerun 0108H is typical of his progeny in that they include eye appeal, soft structure and all the utility you could ask for. From an EPD perspective, he ranks highly for weaning, milk, total maternal, mainstream terminal index and has the added bonus of being out of a top producing AHCC Cowboy Kind daughter.

Much has been said the last year about the PUREBRED sire of the next three lots. AHCC Earning Power has without question turned the breed on its side. They are as consistent of a sire group as there is at the moment as they combine a multitude of industry relevant traits into the kind of cattle that are easy to sell. The icing on the cake for this particular lot is that he goes back to a great Magness Land & Cattle donor, MAGS American Beauty, owned by the progressive ATAK Limousin program. She is known for injecting a combination of structure, performance and marbling to the next generation. Bid with confidence.

Talk about predictability, these two full brothers, Lot 4B & 4C, are exceptionally impressive herd-sire prospects. The genetic heritage of these two double homozygous Earning Power sons is unmatched in the industry, giving them the necessary predictability to sire females that will make awesome replacements and sons that will be easy to sell. Notice on the bottom side of the pedigree the donor MAGS American Beauty who is known for producing exceptional progeny time and again. Bottom-line is, study the way these bulls are put together in concert with their impressive marbling EPDs and imagine the many ways they can make a positive contribution to your program.

“We use Lim-Flex® bulls on our British-based cows because it allows us to achieve our goal of producing a high percentage of cattle that grade Choice, have higher yielding carcasses, while maintaining feed efficiency and uniformity.”

-Erik Roen, Sierra Valley Ranch California

Roen is a profit-minded cattleman who uses Lim-Flex bulls on his 2,000 head cow herd. Roen markets his calves through Superior Livestock Auction. One set of calves averaged 94% Choice or Prime, had greater than a 65% dressing percentage and returned \$117 per head of profit for the feeder.

**LINHART
LIMOUSIN
PURCHASE INCENTIVE
PROGRAM**

- Guarantee...one-year unconditional breeding guarantee. We fully stand behind our product.
- Documentation...bulls come complete with ultrasound, performance data, herd health & registration.
- Financing Program...50% down at time of purchase, balance due on delivery.
- Housing...complimentary development until April 15.
- Trucking...we offer free delivery to central points.
- Volume Purchases...buy 5 or more bulls, receive a 5% discount; 10 or more bulls receive a 10% discount.
- Sight-Unseen Purchase Program...you tell us what you're looking for, we'll do our best to meet those needs, and if you're not satisfied when you get your bull(s), you don't own them.

HOW TO PARTICIPATE AS AN ABSENTEE BUYER VIEWING THE AUCTION.

**BROADCAST LIVE ON
SUPERIORCLICKTOBID.COM
SUPERIORLIVESTOCK.COM
800-422-2117**

The sale will be broadcast with live video on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com.

TURN IN BIDS OVER THE PHONE. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab at the top of the homepage titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the form, fill it out and fax it in. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

CLICK-TO-BID. This is our bidding platform where you are able to turn in bids by "clicking" the bid button online as well as register online. Please note that high speed internet is required—this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up.

IF YOU NEED ANY ASSISTANCE, CALL SUPERIOR AT (800) 422-2117.

LOTS 54-74

We are equally excited about this group of stout, well-developed fall yearling bulls. Rest assured, these are not “left-overs” or “picked-throughs.” They are part of our comprehensive plan to provide a variety of genetic combinations in different age brackets. Many of the same cow families and sire groups found in our spring bulls are represented in their fall-born contemporaries. We developed these bulls with longevity in mind and as such, are comfortable they will hold up under tough conditions while providing years of trouble-free service. Equally important, these bulls should sire the kind of calves that cause your neighbors to slow down as they drive by and your buyers to stand at attention when your sale day rolls around. As always, we welcome your questions and concerns and in the event a problem arises when you get your bulls home, we hope we will be the first call you make.

Kicking off the fall yearling bulls is this massive made, homozygous black meat wagon who is packed full of performance yet maintains a pleasing look. His sire side features the exciting AI sire, SSTO Best Bet 456B, who continues to churn out the type and kind cattlemen from all facets appreciate. The bottom side of his pedigree features the exciting donor EF Yadda Yadda 809Y. It would be hard to stack more pedigree predictability into one. From an EPD vantage point, ADLL 9416G excels in genetics for both weaning weight, yearling weight and marbling. When studied from every angle, the bull presented to you here has all the parts and pieces to become a herd sire of distinction.

Here's a loose hided, easy fleshing, homozygous polled direct son of Musgrave Headway that offers a different pedigree twist. Visually, he is impressive at the profile and from a foot size, depth of body and performance standpoint. In addition, numerically he ranks in the top 25% of the breed or better for CE, MK, CM, CW, MB and \$MTI. Make no mistake, here's a herd sire prospect that's functionally sound and one that'll take you in the right direction performance-wise.

Well balanced is the term that accurately describes this son of the popular pedigreed AI sire of choice CJSL Creed 5042C. Phenotypically, he is flat shouldered, level down his top, long sided and thick ended. On paper, he offers nearly 750 pounds of weaning and 1,200 pounds of yearling plus, doing all for this in a double homozygous package. Be sure to circle him in your catalog sale day.

Sale day be sure to take a hard look at this high performance, stout featured, RED Lim-Flex son of the famed Red Angus AI sire, Bieber Hard Drive Y120. Visually, this herd sire prospect strikes you with an excellent combination of structural integrity, length of body and muscle shape. Numerically, he charts a balance set of EPDs and is highlighted by top 25% or better figures in these respective traits—BW, YW, MK, TM, SC, DC, CW, RE, MB and \$MTI. Bid with confidence.

Take a look at this royally bred, double homozygous son of the famed and highly predictable CJSL Creed AI sire. Visually, he is good fronted, dead level down his top, bold ribbed, square hipped and thick-made. On paper, he's well balanced across the page and projects to offer plenty of mainstream carcass merit combining both a rib-eye and marbling EPDs that rank in the top 35% of the breed or better. Bottom-line, he's the kind of herd sire prospect you can appreciate for his completeness.

VOLUME PURCHASES

Buy 5 or more bulls, receive a 5% discount;
10 or more bulls receive a 10% discount.

TRUCKING

Free shipping will be available to central locations. Call Charles Linhart, 641-340-1306, to make arrangements.

The importance of quality herd bulls, be it in a commercial or seedstock operation, cannot be stressed enough. Herd bull decisions made today influence your program, either positively or negatively, for years to come through daughters retained in the herd.

At Linhart Limousin we have always believed in having the absolute best bull power available in the industry. As such, we have invested heavily over the years to ensure only the best sires walk behind our progressive AI and embryo program.

As you study the bulls offered for sale in this catalog, and as you look over the reference sire listing on the following pages, you will notice the positive influence bulls owned by Linhart or bulls carrying the Linhart moniker, are currently having on our program.

By becoming a Linhart Limousin customer, you are not simply buying a new herd bull, you are buying into our philosophy of continuously striving to improve the sire side of the breeding equation.

Thank you

We appreciate your support and interest in our breeding program. We take the people side of the business seriously and never for granted, that's why producing a quality product and making sure our customers are satisfied has always been a top priority. Simply put, your attendance and participation at our sales has humbled us, and we wish you many successes with your purchases. Thank you for taking time to view the catalog and allowing us the opportunity to earn your business.
