SALE UPDATES

Any additions and/or corrections to the sale catalog will be posted the evening prior to the sale at RRMktg.com, MCMarketingManagement.com and nalf.org.

ANNOUNCEMENTS

Announcements made sale day by the owners, auctioneer or sale management take precedence over statements in the sale catalog.

PAYMENT

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. All lots must be paid for at the time of the sale unless prior arrangements have been made.

TRANSFERS

Consignors are responsible for registration and transfer of lots after settlement.

TERMS AND CONDITIONS

Cattle sell in accordance with the North American Limousin Foundation. Please note: Sale management is an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor the sale consignors assume liability. Legal and/or otherwise for any accidents that may occur.

EPDs

Current as of 12/22/20

All Credit Cards Accepted

Dear Limousin Friends,

It is with much excitement and anticipation this sale team invites you to look through this impressive assimilation of genetics for the 2021 National Limousin Sale.

As you flip through this catalog you will realize exactly why we are excited. The goal of this sale was to assemble a truly unique set of elite Limousin and Lim-Flex genetics from leading producers across the continent.

We want to congratulate all those involved in this sale for their willingness to work together to make this an event where we will celebrate the many positives in and around this breed.

Thanks to the efforts of many, most especially the premier producers from across this continent, we feel this sale is a more than appropriate way to kick off the new year and usher in the 2021 sale season. As you study this sale book, it will become evident that breeder's bought into this philosophy and dug deep into their genetic arsenals to offer seedstock that are truly worthy of carrying the moniker, "Elite."

From major league herd sire prospects, to proven donors, to fancy open heifers, to embryo packages never offered before, the lots presented here are "the best of the best."

We look forward to working with both buyers and sellers to help each achieve their goals. If we can be of any assistance prior to or during the sale, please do not hesitate to contact any capable member of this marketing team.

On behalf of each and every consignor as well as the marketing team, we appreciate your interest in the offering assembled for the 2021 National Limousin Sale. We look forward to seeing you in Oklahoma City, Oklahoma.

No half packages offered.

If you're searching for a combination of phenotypic quality, pedigree predictability, breed leading EPDs and homozygous traits in your next AI sire, we believe LFL Esquire is right for your needs and what the mainstream cattle business is demanding. Visually the terms big footed, deep bodied, thick made and good fronted describe this rich-pedigreed son of the \$30,000 famed AUTO Bliss donor accurately. Numerically, this double homozygous son of the AI sire MAGS Cable excels numerically ranking in the top 25% or better for gestation, yearling weight, docility, carcass weight, marbling and mainstream terminal index. If you're looking to move the marbling needle in your breeding program take special note of his staggering .54 EPD. Rare to form, we are syndicating this proven sire with actual data to support the projected promise—note, his first 20 calves have averaged 79 pounds of birth and 758 pounds of weaning weight. What really separates Esquire from his sire is not only does he do all his famed sire does from a function standpoint but, he adds a front design worthy of consideration. Folks, make no mistake. If you have a set of cattle you want to add performance too, make bolder ribbed, bigger numbered and prettier fronted—we are confident LFL Esquire will do just that!

Checked safe 5 months plus on October 14.

Selling Full Possession & Half Embryo Interest.

Here's a female certainly worthy of leading off the live cattle portion the 2021 National Sale! LFL Gucci Girl comes to us in a double homozygous package and has all of the maternal characteristics to have a gigantic influence as a future donor female in any program. Gucci Girl is a 50% Lim-Flex daughter of the proven performance bound AI sire COLE Deputy. Her dam, MAGS Double D, is a unique pedigreed donor that has done an amazing job in production at Lawrence Family Limousin. This female is big bodied, super upheaded and extended out of the top side of her shoulder and she's got an explosive amount of natural rib shape. Numerically, she is quite simply impressive—ranking in the top 15% or better in seven economically relevant traits and is highlighted by a IMF ratio of 121. Worthy of notation, she's safe in calf to the past National Western Stock Show reserve champion, LFL Deluxe Edition, that's known for calving-ease. The bottom line is, not only does this female have the phenotype to rise to the top of any occasion, she's a number profile freak! Don't miss this rare opportunity on sale day.

AI'd 5/14/20 to MAGS Federal Reserve. Safe.

PE'd 5/22/20-7/22/20 to MAGS Goodrich. Due Approx. 2/18/21.

If you like big bellied, easy fleshing, high performing, practicality designed females, then end your search with this one. Phenotypically, this double homozygous, popular pedigreed bred heifer out of the widely popular syndicated AHCC Dakota Thunder 363D sire, carries an impressive amount of volume, center body and "cow" potential. Furthermore, her EPD profile is exceptional as she ranks in the top 25% of the breed or better for GE, CE, BW, MK, CM, ST, MB and \$MTI. Watch for her at the 2020 National Sale!

What better way to offer a live donor in this lineup than to do it with ATAK Denali ET! We are thrilled that ATAK Cattle Co. consigned this female. She is the double homozygous daughter of the great MAGS Ali and the famed donor MAGS American Beauty. MAGS Ali is a lead sire in numerous programs and his progeny continue to demand top dollar through all sale platforms. What's more, this direct daughter of MAGS American Beauty continues to track in her mother's footsteps. This female is a 43% Lim-Flex donor that will take your operation to the top. She has one heck of a set of numbers backing her already prolific pedigree. She ranks in the top 20% or better in eight economically relevant traits - WW, YW, TM, SC, DC, CW, MB and \$MTI. This female ranks at the top of the list for predictability and profound success.

Miami Vice is the first offering out of a cow that will be entering our ET Program this year. Miami Vice is an extremely long fronted, feminine female who has a ton of rib shape and moves absolutely flawlessly. The most intriguing thing about this female is the cow family she resonates from. Purchased from Diamond Hill, she is a direct daughter of PBRS Touch Me Gently which also stems back to the world famous Pina Colada cow. We feel she will make her impression in someone's operation. This female has a lot of positives going for her phenotype and genetics. All we can say is you better be prepared to have your hand in the air or have one of our sale consultants on speed dial! This female is homozygous polled and ready to show!

Pick of Fall Bred Heifers

7

PICK OF 40 *Fall-Bred Heifers*

offered by Diamond Hill Cattle Co./Just-A-Mere Farms/Coyote Hills Ranch

Your choice of 40 fall-bred high quality females from the heart of the replacements at Coyote Hills Ranch. 38 are homozygous black and homozygous polled, two are red and homozygous polled, three are purebred and 37 are Lim-Flex. They are by several sires, with the majority by LFL Dividend, MAGS Cable, CHR Eight Ball 011E, DHIL Colt, MAGS Ali, MAGS Eagle and LH Rodemaster.

Their average EPDs are impressive: CED: 11 BW: 1.1 WW: 78 YW: 121 MK 21. They were AI'd November 30 to LFL Dividend, AHCC Easy Rider, CHR Ace Ventura, MAGS Cable, DHIL Colt, MAGS Aviator and cleaned up with two top Aviator sons – LFL Dividend and CHR Governor.

TERMS: Half due sale day. Balance is due at preg check or when selection is made – perhaps at the Coyote Bull Sale on March 13.

Pick of Spring Open Heifers

8 **PICK OF THE** 2020 *Spring-Born Black Open Heifer Calves* *offered by Wieczorek Limousin*

25+ heifer calves by MAGS Federal Reserve, Wulfs Eisenhower, CJSL Data Bank & many others.

Folks, rare opportunity abounds! This pick is coming from one of the most respected and leading Limousin firms north of I-70, Wieczorek Limousin. The list of elite sires that have been raised over the years wearing the WZRK prefix is simply remarkable and for the second time ever, this program is offering pick of their black female counterparts. Found in the spring open heifers are numerous donor prospects featuring leading Limousin and Lim-Flex females that combine both numerical superiority and desirable phenotype. Folks, here is a rare opportunity to invest in a leading female backed by a program that has been breeding elite seedstock for more than five decades. Bid with confidence.

Pick of Fall Open Heifers

9 PICK OF THE 2020 *Red Fall-Born Red Open Heifer Calves* *offered by Glendenning's J Bar J Ranch*

30+ heifer calves by Wulfs Emprize, JYF Edmonton, Wulfs Claim, Wulfs Ozark and many others.

The pick of approximately 30+ elite RED open heifers is coming from the heart of our robust fall-calving program which, is one of the most progressive in the business today. The list of breed-impacting sires found in this offering include Wulfs Emprize, Wulfs Ozark, Wulfs Claim, HUNT Credentials, JYF Edmonton, Bieber Hard Drive, Bieber Deep End and many more. We have full confidence that a RED female worthy of the donor moniker exists in this very group. Found specifically in the 2020 fall-born heifer pen are females that are high quality, numerically impressive and genetically diverse. This combination all but secures your chance of finding numerous prospect donor females to sort through. Call us for further details about group specifics.

Guaranteed Heifer Pregnancy sells with Commercial Recipient Due Approx. 9/1/21

This is quite simply a big time mating! The designer heifer pregnancy at hand boasts some of the breed's most proven and desirable genetics that have excelled both in production and in the show ring at the national level. The syndicated AI sire featured in this mating, TNGC Empire, is known for his fleshing ability, high growth performance, carcass merit and numerical superiority. The prolific donor dam is the many times champion, LLJB Absolute Style. Over the years she has produced more than 70 calves on file which have generate more than \$600,000 and is known for eye-appealing progeny that excel in terms of structural integrity. January 3 don't miss your chance to take your pick and invest in top flight genetics from a reputation program.

Guaranteed Heifer Pregnancy, sells with Commercial Recipient
Due Approx. 4/23/21

You absolutely cannot go wrong with proven, predictable genetics like these. CELL Envision is the \$30,000+ valued, purebred and now deceased AI sire know for adding both body and performance to his progeny. The donor in this mating is none other than the legendary, Wulfs Unique 8217U that is one of both Wulf Cattle's finest donors in their prestigious program but, also one of the most profitable ever. Wulf Cattle of Morris, MN, is offering this rare heifer pregnancy. The value of this future female will only increase as she charts her all but certain production record in step with her rich lineage.

Guaranteed Bull Pregnancy, sells with Commercial Recipient
Due Approx. 2/26/21

A noteworthy opportunity to purchase a sexed bull pregnancy out of the phenomenal \$102,000 donor Coleman Donna 504 and the heir apparent, DEBV Gladiator, to the widely popular and now deceased AI sire, CELL Envision. Worth noting, Gladiator also traces back to the famed WLR Prada donor. This is a rare opportunity and one that you'll want to have on your radar - the time is now to add this future herd bull to your program! Once again, we are more than excited to have this consignment from the Wilder Family Limousin program.

Guarantee of 5 embryos with a maximum of 10.

Flush expenditure to be paid by buyer. Semen will be furnished by seller.

Talk about an exciting opportunity. Here is your chance to flush a proven, purebred donor any which way you want. The featured donor in this lot has a storied show history, a pedigree rich in heritage and has proven to mesh well every way she has been mated. Currently there are 4 flushmate sisters by Primo burning up the show circuit. One was recently named Reserve Grand Champion at the Tulsa State Fair for the Elmore family. The very same venue Sister Act herself was named Third Overall Supreme Heifer among more than 1,200 entries. As a first calf heifer, a daughter of Sister Act produced an exceptional show heifer in her own right. It gets said too often, but this truly is an opportunity with very little risk yet great rewards.

Power is in the blood! This royally bred, exceptionally well designed, homozygous polled, numerically impressive donor is truly unique. If you're a proof's in the pudding type of program, these genetic opportunities need to be toward the top of your list sale day as this female is responsible for producing the widely popular MAGS Federal Reserve AI sire that's known for his calving-ease, the structure he's producing in his calves and the marbling he promises to inject into the next generation. The three AI sires found in this selection of designer matings are a direct reflection of the Hager Cattle Co. program and represent some of the freshest and most industry relevant. Bid with confidence.

The combination of quality and variety is found in this intriguing genetic opportunity! This designer mating was strategically made to compliment one of the breed's most proven and predictable purebred donors. DANH Alto 35A needs little introduction anchoring the Hunt Limousin program. This donor is huge footed, stout featured, big bodied and has a proven track record. The AI sires on hand are two of the best and most proven Purebred (Hunt Credentials) and Lim-Flex (MAGS Cable) AI sires the breed has to offer. In addition, if you wish to mate her a different direction this lot affords you that opportunity to do so. Bid with confidence.

SSTO 662D is a daughter of MAGS Aviator, the leading AI sire and son of MAGS Winston from MAGS Xtra Rest. He has made his mark as one of the breed's leading sires and the go-to sire for raising elite show cattle. This well-made daughter just happens to be from one of the breed's finest purebred Limousin females, SBLX Xtra Special. She is the \$20,000 valued donor owned by KLS Farms and Devon Cox. She is a daughter of DHVO Deuce and from the famed MAGS Manuela. SSTO 662D represents all that is good with the Limousin breed of cattle.

From the heart of the Linhart Limousin breeding program is an opportunity to invest in service by one of the breed's most talked about purebred sires which is now deceased, CELL Envision. The elite donor female, Coleman Donna 504, is a cant miss female that is big footed, deep sided, level designed and boasts a perfectly constructed udder. In the last 13 months she appraised at auction for a staggering \$102,000 valuation. The bottom line is, this elite matings will result in genetically superior, huge numbered calves that project to be phenotypically exceptional. With confidence invest in these embryos.

These embryos will have a program on the fast track to a record of success! Wulf Cattle has consigned four embryos out of the Wulfs Gallagher x Wulf's Unique 8217U mating. Wulfs Gallagher, a highlight in the 2020 Wulf's opportunity sale that sold to Wieczorek Limousin, is the red, Lim-Flex, homozygous polled son of Wulfs Xcellsior, the 2019 efficiency leader of all breed's. Note, Gallagher ranks in the top 35% or better in 13 economically relevant traits. Wulfs Unique 8217U is one of the greatest females in the business today. This female has recorded more than 100+ progeny, has anchored the Wulf program for years and generated well north of \$700,000 in total revenue—little else needs to be said. Offspring from these elite individuals will demand the attention of cattlemen nationwide, so buy into the tremendous potential these embryos have! These four embryos will be purebred Limousin, homozygous polled and red. Time to invest January 3!

Few females have had the impact on breeding programs as Belle and her dam, PBRS Touch Me Gently 798T. Whether it be full sibs to Belle or half brothers or sisters, they have been cattle with performance, style and balance. It all started as the Reserve Grand Champion Female in the 2015 National Western Open Show, then on to Grand Champion in both the junior and open shows in the fall 2015 at NAILE in Louisville. Grand Champion in both junior and open shows in the 2016 National Western, Grand Champion at Fort Worth Shock Show and Supreme Grand Champion at the 2016 Oklahoma Youth Expo for Colt Cunningham. Belle's first calf offered at auction topped the 2019 National Sale in Denver, going to Darci Burnett of the Burnett Brothers firm of Hale Center, Texas. Six other offspring, both heifers and bulls, from babies to weaning age, totaled some \$26,000 at the 2020 Hall Cattle Co. dispersion. LH Gabbi 024G, a March 2019 Aviator daughter of Belle, is being capably campaigned by Lana Sherry of Yukon, OK. Stop by her stalls and take a look. You can expect great results from these embryos.

^ **GATEWAY FOLLOW ME F163** • Sire of Lots 20A & 20B

> **CFLX ROBINETTE 070E ET** • Dam of Lots 20A & 20B

This is a genetic opportunity that you'll want to pay special attention to for building a program with maternal and productive type cattle. These embryos are sired by the ever-popular Angus sire, Gateway Follow Me F163. He is the son of C&C McKinley 3000 EXAR and from a daughter of Gambles Hot Rod. The dam of these embryos needs little introduction—you'll see her influence in numerous pedigrees and breeding programs across the country. CFLX Robinette 070E is a daughter of the famed BOHI Red Robin 282R and out of GPFF Blaque Rulon. The influence of Gateway Follow Me F163 and CFLX Robinette 070E is remarkable and will have endless potential. These four embryos will be 37.5% Lim-Flex, homozygous black and double polled. A blending of this caliber is hard to come by and isn't offered to the public very often.

The combination of quality and variety is found in this intriguing genetic opportunity! This designer mating was strategically made to compliment one of the breed's most proven and predictable purebred Angus donors! Pleasant Valley Else 1439 needs little introduction anchoring the Thomas & Sons program. This donor is huge footed, stout featured, big bodied and has a proven track record. The AI sire on hand is the many time national champion and sire to many champions, TASF Crown Royal 960C ET, who is one of the most popular and genetically predictable purebreds the breed has to offer.

COLE MISS PRODUCTION 104Y - Dam of Lots 22A & 22B

COLE Production 104Y is the \$25,000 valued female and top purchase from Sullivan Farms in the 2019 Coleman Limousin sale. She is owned in partnership with the Coleman Family that is known for raising some of the biggest numbered genetics in the business. Cow power is written all over this embryo flush. These embryos will be sired by the popular FWLY Can Do. He recently sired the \$201,500 Ratliff heifer purchased by Sullivan Farms, in Dunlap, IA. His extreme muscle, heaviness of bone and foot size will work well on the extreme depth of body found in COLE Production 104Y. The donor female of this lot is a Coleman Production 608 daughter from a COLE First Down 46D female. She has a chart-topping marbling figure of 0.54 and her milk figure ranks in the top 20% of the breed with a 26. Few females in the breed have accomplished the notoriety this female has. Regardless of how COLE Miss Production 104Y has been mated, the results have been phenomenal. She combines mating flexibility with a proven track record. The future calves of this flush will be powerfully built, phenotypically correct and stacked with elite genetics.

Another exciting offering with the influence of the great FWLY Can Do bull and CFLX Bacardi 079E. FWLY Can Do is the 2018 American Royal Champion Limousin Bull that came from the successful Fawley Farms program. FWLY Can Do is a son of RLBH Air Force One and out of CLLL Crystal 334W. CFLX Bacardi 079E is a daughter of EF Xcessive Force and out of PSRF Zaida 238. EF Xcessive Force is a proven banner-producing sire and one of the greatest sires still in the Limousin breed today. PSRF Zaida 238 is a daughter of Coleman Production 608 and goes back to Traveler 004 on the top side of her pedigree. Folks, this is sheer cow power through and through. The future owner of these embryos is forecast to have a rapid return on investment when these calves are born. They will be homozygous black, double polled and 59% Lim-Flex. We are excited to have the Jones Brothers represented in this elite offering

This unique consignment epitomizes the crossroads of where phenotypic quality, huge numbers and genetic diversity meet. These 8 designer embryos offers you the opportunity to invest in a top-of-the-line donor and some of the breed's freshest and best genetics. The sire featured in the embryo portion of this lot is none other than the sound footed, heavy muscled, stout featured and widely popular AI sire, DEBV Gladiator, who features both the legendary WLR Prada donor female and deceased AI sire CELL Envision in his lineage! The donor is TASF Fallon who has been admired by many for her flawless structural make up, body depth and impeccable structural integrity. We feel this package speaks for itself and represents the progressive direction of the Wilder program. Bid with confidence.

This mating will be the talk of the town! Edwards Land & Cattle Co. has consigned four 50% Lim-Flex embryos out of MAGS Xyloid and the powerhouse EBFL San Jose 170X female. MAGS Xyloid had one heck of a show career and is continuing to write breed history by siring predictable offspring that rise to the top of all their contemporaries. He is the son of DHVO Deuce 132R and an EXLR New Generation 071M daughter, BOHI Rhonda 314R. EBFL San Jose 170X is the huge-numbered daughter of SAV Pioneer and the highly reputable TMCK San Jose 170U donor. TMCK San Jose 170U is the daughter of GAR Predestined back to the MAGS San Jose donor female. These are some of the finest genetics to be offered at public auction. Now is your time to take advantage of this special opportunity! These four embryos will be homozygous black and double polled.

A blend of two genetic sensations you won't want to miss! Davis Ranches has consigned four 78% Limousin embryos from the notable ELCX Kings Landing 599D and the great CFLX Robin 250Z female. ELCX Kings Landing 599D is one of the highly esteemed bulls at the top of the breed right now. He is the impressive son of MAGS Xyloid and out of the noteworthy WLR Prada female. WLR Prada is one of the absolute hottest Limousin females in the breed. She has generated numerous national champions across the country. ELCX Kings Landing was the 2016 NAILE Reserve Grand Champion Bull that is owned by Wies Limousin Ranch and Davis Ranches. CFLX Robin 250Z is the daughter of BOHI Red Robin 282R, the breed's first-ever Lim-Flex National Champion Female. She is sired by the esteemed AUTO Black Dakota 129J and is a full sib to the highly reputable MAGS Xesturgy 0162. The royal blood runs generations deep in this genetic offering. These future calves will be double black and double polled with a pedigree of high value and respected accolades.

When we learned of this mating our hearts immediately started racing! Seven Oaks Land & Cattle has consigned four conventional embryos from SAV America and WLR Zasha. SAV America 8018 is the Schaff Angus Valley & Herbster Angus Farms bull that completely shattered every single record in the SAV program. His 205-day weight of 1,107 pounds is only a fraction of the reason he became the highest-selling bull in the industry's history. SAV America's 80% semen interest sold for \$1.51 million. He is a son of SAV President and his dam is SAV Madame Pride 0075, a donor that has produced over \$5.5 million in progeny sales. The WLR Zasha female is a full sibling to WLR Ugly Betty. She is the dam of two of the most powerful females in the breed today—AUTO Bette 266Y and AUTO Bliss. AUTO Bette was a past National Junior Limousin Show Grand Champion Female for Adam Griffith. AUTO Bliss is a lead donor female for Lawrence Family Limousin, Hall Cattle Co., Coyote Hills and Diamond Hill Cattle Co. This could possibly be one of the most comprehensive and explosive matings to enter the Limousin breed.

Opportunity knocks to get in on the ground floor of this outcross mating and one that projects to produce progeny that'll take the show world by storm! The sire, SSTO Guns N' Roses, was recently syndicated for a staggering \$41,000 and is a direct son of the legendary Rivestone Charmed 50C donor that has made one of the most significant impacts in breed history. The donor on hand, a champion in her own right, has the look, structural integrity and body depth that gets any astute cattlemen excited. At day's end, if you like cattle that are double stout, thick ended and great boned take a hard study on these embryos because that is precisely what this mating projects to create. Don't let this opportunity pass you by January 3.

Thank You
