THURSDAY  
**FEB. 11. 2021**  
AT THE RANCH - 1PM CT

Wow what a year that 2020 was! As I have sat here and reflected back on the year and thought about it, I have come to the conclusion that the keyword for 2020 is Strength. I know I am supposed to be welcoming you to the 2021 bull sale, but I like the new format to our welcome letter that I started last year. We will get to the welcome shortly but I would just like to share one verse on Strength and then end with a prayer by Catherine Marshall which has comforted me in these times of trials and negativity throughout the world. If you're like me it was hard to even watch or listen to the news this year with all the election and negativity flying around on the airwaves, so I didn't. I started reading in Psalms and a book by Dr. David Jeremiah which brought Joy and Strength back into my perspective of life! The verse that I would like to share with you is Nehemiah 6:9 and it says "They were all trying to frighten us, thinking "Their hands will get too weak for the work, and it will not be completed." But I prayed, "Now strengthen my hands." What a verse to reflect on. Every time that I start to think that the bible isn't as relevant into today's world I see a verse like this. If this isn't relevant in today's world I don't know what is. Nehemiah

dealt with people trying to create fear even though God had a plan. Think that is relevant in today's world? I sure do, and what did Nehemiah do? He prayed strengthen my hands. He didn't pray God get me out of this situation he prayed for the Strength to handle the situation. I often forget that God has a perfect plan and perfect timing and sometimes he gets us out of trials and other times he gives us the Strength to get us through them, if we just humble ourselves before him and ask God for the Strength to make it through! I would like to end this with a prayer from Catherine Marshall that I think is extremely good. It states "Father, once-it seems long ago now-I had such big dreams, so much anticipation of the future. Now no shimmering horizon beckons me; my days are lackluster. I see so little of lasting value in the daily round. Where is Your plan for my life Father? You have told us that without vision, we men perish. So Father in Heaven, knowing that I can ask in confidence what is Your expressed will to give me, I ask you to deposit in my mind and heart the particular dream, the special vision You have for my life. And along with the dream, will You give me whatever graces, patience, and stamina it takes to see the dream through to fruition? I sense that this may involve adventures I have not bargained for. But I want to trust You enough to follow even if You lead along new paths. I admit to Liking some of my ruts. But I know that habits that seem like cozy nests from the inside, from Your vantage point may be prison cells. Lord, if You have to break down any prisons of mine before I can see the stars and catch the vision, then Lord, begin the process now. In joyous expectation, Amen." Wow what a prayer for our life during these uncertain times! Now this doesn't mean that God will grant you every wish that you have or that there won't be severe trials as you go through this world but he will grant you the Strength that is required to make it through these trials. What a great promise and sense of peace that is! As you go through your work day today please take comfort in knowing that these promises that God has granted to you are all possible with a personal relationship with him! So take advantage of this free opportunity, walk with God, and have the sense of peace, comfort, and Strength that he has promised you, and only he can provide during these challenging times! If you decide you want to take advantage of this opportunity please talk to one of us at RMVR. It would be a privilege of ours to help start you towards the path of peace, comfort, and Strength that our Savior Jesus Christ can provide! So I will quit with my preaching now and officially invite you to our 10th Annual "Ace In The Hole" Bull Sale. Wow I can hardly believe that we are at our 10th production sale. The years have flown by and as I have looked back on the previous sales from the 1st to the 10th it is unbelievable on the strides our cattle have made! One thing though has stayed consistent and constant is that our bull customers and friends are still the best in the business, hands down! If you are in need of a bull, or just want to show up and enjoy dinner in a positive, friendly environment, and talk with other ranchers, farmers, and business owners about the previous year please do so. One thing I can guarantee is the coffee will be hot and the food will be outstanding! With RMVR being in the process of transitioning to an all embryo bull sale by 2023, which means all Age Advantage bulls and yearling bulls, will be an embryo calf or the natural calf out of one of our donors by 2023. We are ecstatic about this transition and believe that it will benefit each and every one of our loyal customers. With us making this transition it creates unprecedented uniformity throughout our customer's calf crops by them having an opportunity to buy in volume full brothers, not just half-brothers! This year will mark the fifth year we will be offering Age Advantage bulls and we are extremely happy with how the process is going and will continue to offer them each and every year going forward. Don't worry if you prefer yearling bulls we will have you covered there also. Calving time is our favorite time of year as we see the potential of our new calf crop for next year's bull and female sales. We have taken great time and efforts in choosing our herd sire selections, so we can thus produce the most optimal cattle possible for you the customer in volume. We have really concentrated our efforts on developing our bull program with you, our buyers, in mind. We strive for consistency throughout our bull pen. We are also firm believer's that if we can't use them on our commercial cows we don't sell them. Whether we sell 15 bulls or 150 bulls it doesn't matter to us, QUALITY is king! Selection of the bulls is rigorous, with no exceptions, or excuses made for any bull! My Dad jokes about it often that if he sees the Gator in the bull pen driving around that we will be sorting off bulls and banding later in the day, and I have to say that he is fairly accurate with this observation! We are extremely proud of the offering we are bringing to you and are sure there is a bull in our pen that will meet or exceed your expectations! Thank you for taking the time to sit down, read, and view our sale catalog. We truly do appreciate you the customer and your interest in our program. It takes many aspects in a bull sale to make it successful with the number one being the customer. Please at any time let us know how we can better assist you prior to the sale and after the sale. We value your opinions and we will do our very best to try to accommodate your needs and requests to make everyone more profitable and successful. If you have any questions about the sale offering don't hesitate to call. Or if you are in the area we always enjoy visitors and would love to give you a tour of the ranch. The coffee is always on and hot! Thanks again for your interest in our program!

## Welcome from Bohrson Marketing

The Rust family has annually put their best foot forward to offer up a set of bulls that are impressively deep in quality. The embryo work that happens around this program is intense as they're always focusing on adding the very elite genetics to better you, their valued customer. We are confident that the 2021 Bull Sale offering is the very best to date and you'll be taken back with the awesome line-up on hand.

Cow families are the backbone of this progressive program and you'll find a set of bulls that are carrying the strongest genetics in the business. They have taken much of the guess work out of your investment with the extra effort of flushing extensively to the very best genetics in the business. Foot quality, udder strength, structural correctness with overall performance, eye appeal and quality is what are the important traits to breed for here. Customer satisfaction is their priority and we can attest that they'll back their sale cattle as well as any program we work with and you can invest with confidence.

The Simmental division is lead by outstanding donors like 8543U, Y127, 202Z, Violet, 8598F and many others that are amongst the very best in the breed. You know when you're buying a Simmental from this program, that you're getting maternal greatness. The Angus division has been built off of the best donors from both sides of the border with the SAV 4223 being one of the best in the business along with 8187 and 111Y who are beautiful and productive young donors. The most valuable investment may just be the awesome set of herd sires on hand as you're diving into 9 herd sires that are among the best in the country and have a very bright future ahead of them.

The Red Angus division has been transitioned into the 5 Oaks program and the Giffey family has the exact same approach of the Rust's as they want the very best to build around with future success. They purchased the Rust Red Angus program and they'll definitely continue the success and strength within it and you can buy into these bulls with the same confidence as if you were buying a Rust bull as they're fully guaranteed and outstanding people to work with. I have the utmost confidence in this program and when you see the 5 they're offering, you'll know why as they're an impressive group.

We really think the world of the hard working Rust family and their dedication to the agriculture business and raising the very best livestock possible. We do hope you can join us at the ranch to view this awesome set of bulls that represents the very best in each respected breed. If you can't make it, feel free to contact any of the sales staff to represent your needs in a professional manner. See you in Mercer, ND for the very best hospitality and a deep set of bulls from a leading program.

Best regards,

*The Bohrson Marketing Team*

## Welcome from Innovation Ag Marketing

It is with great pleasure to welcome you to the Rust Mountain View Ranch 10th Anniversary "Ace In The Hole" Bull sale! Again, this year it is a privilege to work alongside Bohrson Marketing Services in representing one of the premier multi-breed programs in North America. There is no denying the focus and diligence that Josh and the entire Rust family have when it comes to forward progression and staying true to their goal of constantly improving their product for their customer base.

After a highly successful female dispersal in October, the Rust Mountain View Ranch program has remained focused on the end goal of producing the absolute most elite Simmental, SimAngus™, and Angus seedstock through multiplying the success of the absolute most proven cow families in the industry. The transformation to a complete embryo transfer program will yield an increase in quality, consistency, and in turn add more value to your program's bottomline. A strong emphasis has been placed on the maternal aspect, with a large portion of the offering stemming from the most elite matriarchs in the industry. These females represent the most proven and elite genetics in all of North America. A select offering of powerful Red Angus bulls will be offered from a key marketing partner, Five Oaks Farm. This young and progressive program purchased the nucleus of the Rust Mountain View Ranch Red Angus program. These bulls have been bred, raised, and developed in Mercer, North Dakota. The quality is as outstanding as it ever has been!

The cattle for this event are selected based on visual appraisal of quality and performance. They offer a rugged, masculine, and three-dimensional build with the athleticism that is necessary to not only survive, but rather thrive in the toughest elements. The bulls being offered have underwent a stringent selection process in order to ensure structural integrity, fertility, and fleshing ease. They are beef bulls that are built to last and offer pedigree that is saturated with maternal strength and consistency.

The customer ALWAYS comes first at Rust Mountain View Ranch, plain and simple! The Rust family stands behind their product 100% and puts strong emphasis on customer satisfaction! Rust Mountain View Ranch has one of the most aggressive buyer incentive discount programs in the industry. Take advantage of the opportunity to add quality in volume to your herd sire battery. Consider this your invitation to join us on February 11, 2021 in Mercer, North Dakota for hospitality and the Rust Mountain View Ranch 10th Anniversary "Ace In The Hole" Bull Sale. Videos of the offering will be available online at CCI.Live for your convenience. If you have any questions please feel free to contact any of the sale staff to visit about the offering.

Enjoy the cattle,

*Graham Blagg*

MERLYN

## Donation

*We will again be donating 1.5% of the sale gross to Todd and Kamaya Singer and their ministry. By doing the donation this way everyone has an opportunity in a small way to contribute to their mission. Plus it will help me sleep better at night knowing that I am not the one deciding which bull to donate!*

*They work for CRU and mentor young men and women at the University of North Dakota in Grand Forks and surrounding colleges. It is a great ministry and this is just a little way that Rust Mountain View Ranch can help. I will have Todd go into more detail about his ministry.*

*Josh Rust*

# Rust Mountain View Ranch Aggressive Incentive Program

To qualify for this Aggressive Incentive Program the individual or ranch must meet the following criteria.

- Bulls individuals purchase price must exceed \$3,250 per bull. For example, buy 3 bulls above \$3,250 per each bull and you will receive a 4% discount. If you buy 4 bulls and 3 are above \$3,250 each but the 4th bull is purchased at \$3,000 you will receive the 4% discount on the 3 bulls, but the 4th bull would not qualify for a discount.
- All purchases must go to the same individual or ranch. Bulls can not be lumped together between neighbors or friends.
- At any time Rust Mountain View Ranch believes this Aggressive Incentive Program is being abused by any individual or ranch, the Incentive Program will no longer apply to that individual or ranch.

3 Bulls – 4% Discount

4 Bulls – 5% Discount

5 Bulls – 6% Discount

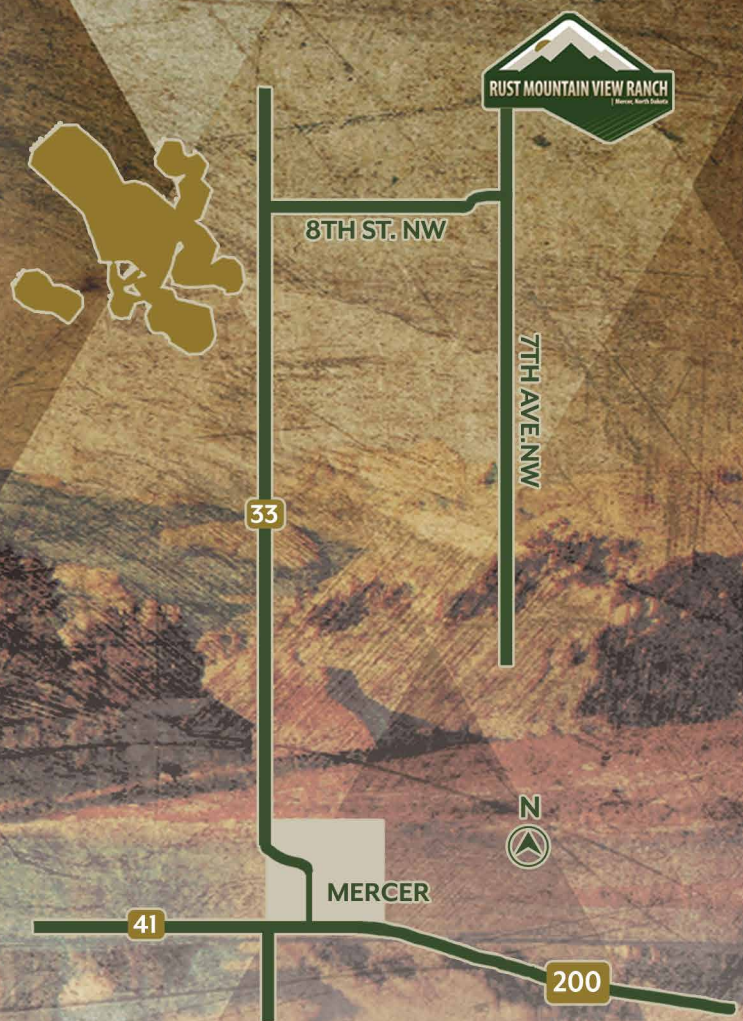

6 Bulls – 7% Discount

7 Bulls – 8% Discount

8 Bulls – 9% Discount

9 Bulls – 10% Discount

10 Bulls Plus – 15% Discount

## DIRECTIONS

836 7th Ave NW, Mercer ND 58559

### From Mercer, ND:

- Go 3 miles north on only paved road heading north which is Highway #33.
- On east side of the road you will see a sign that says Rust Mountain View Ranch turn east there on gravel road and go 1.5 miles to a T in road.
- There you will see a house a quarter mile to the north and that is the yard.
- Visit the website 'Contact Us' Page for a Google Map of the location

*We are the Todd & Kamaya Singer Family. We currently work with Cru where we get the opportunity to work with college students in and around Grand Forks ND. We have the opportunity to mentor and challenge college students as they grow in their faith and as we share the love of Christ with them! Huge thank you to Rust Mountain View Ranch over the years as they have continued to partner with us in our ministry!*

## Rust Night Moves 100H Simmental Bull

homo polled /// homo black /// ASA 3711175 /// CSA 1335664 /// 2020-01-02 /// bw-102 ET /// adj ww-840  
 One of the best that we have ever raised and proud to have this one carry a Rust prefix. We have been honoured to raise many strong herd sire candidates over the past years and it is humbling when they sell into some of the very best programs on the continent but we truly feel that Night Moves is a special individual. His pedigree is royally bred and still outcross to the mainstream bloodlines as he is backed by the breeding sensation, Structure and one of the best donors in the industry, Y127 - who is indeed the dam of Halftime and many of our high sellers in last falls sale. A balanced set of EPD's compliments an awesome phenotype individual that has the sheer weight and power with a herd bull presence while being athletic, strong footed and extremely unique in his design. We will be implement Night Moves into our program and excited about his future in the industry!

## Rust In Depth 102H Simmental Bull

homo polled /// red /// 3711172 /// 2020-01-03 /// bw-100 ET /// adj ww-711

A red version and maternal brother to the outstanding Lot 1 Night Moves stud, In Depth 102H holds his own and is a feature bull in this years offering and one that we are extremely proud of. We have a passion for high quality red Simmental cattle and when we produce one as good as this individual, it reminds us of the type we continue to strive to produce. We are all about cow families and Y127 is truly a special breeding piece. Y127 is considered to be one of the best Fat Butt daughters in existence and most importantly she has been productive as in her first try she raised the AI sire FHEN Halftime who was acquired and promoted by Bloombergs. When we combine Y127 with Depth Charge, it was a grand slam and we feel this bull has a bright future.

## Rust Dream Struck 502H Simmental Bull

polled /// black /// ASA 3711236 /// CSA 1335667 /// 2020-02-10 /// bw-83 ET /// adj ww-746

502H & 135H are big time herd sire candidates with outstanding pedigrees that we have the utmost amount of confidence in. A full sister was a high selling heifer calf last fall to the progressive Double Bar D program and was a special individual and just solidifies that this cross absolutely works. Structure is new to the US database but is one of the most elite breeding sires that we have brought down from Canada that is truly impressive in throwing awesome feet, structural soundness, power and overall dimension while being very attractive made with a clean brisket, upright neck extension and overall completeness. When mated with the historic 8543 - we have incredible confidence in these 2 individuals.

## Rust Nuwave 105H Simmental Bull

homo polled /// black /// ASA 3711179 /// CSA 1335666 /// 2020-01-05 /// bw-90 ET /// adj ww-671

The Currency x 8543U mating produced one of our high performing and favorite heifer calves in the calf crop and Nuwave 105H is a favorite bull calf in the entire offering. Unique in his design and built to be a breeding tool to enhance a program into the future as he has all the pieces to be a special breeding piece. From nose to tail and from the ground floor up, we feel Nuwave is one that has potential to produce that big time progeny that will bring a premium. The \$450,000 Currency has made his mark and 8534U has surpassed \$8M in progeny sales, it is no reason that money generating parents such as this produced an incredible individual like Nuwave.

## Rust Grand River 103H Simmental Bull

polled /// black /// 3711182 /// 2020-01-04 /// bw-82 ET /// adj ww-694

Combining the best cow families in the industry to produce this well balanced bull that has a tonne going for him. His paternal grandam is the famous 202Z that has produced in excess of \$800,000 in actual progeny sales which is a short list of donors that can actually claim that and is well on to the \$1M mark as more progeny continue to hit the ground. One of her high profile sons, Rio Grande was a past \$60,000 high seller and has gone on to be a strong breeding bull and as his daughters start production, that is where he is flourishing and will leave an awesome impact on the industry. Invest with confidence in one the stacked pedigrees in the business.

*Rust Prime Pick 411H* Simmental Bull

homo polled /// homo black /// ASA 3711262 /// CSA 1335665 /// 2020-02-22 /// bw-109 ET /// adj ww-800  
 Prime Pick is one we truly feel he has the world of potential to enhance the great Simmental breed and wraps balanced EPD's with awesome phenotype and worldly genotype. A 3/4 brother was one of the tops last year at \$16,500 and year prior another topped it at \$28,000 plus their full sister commanded \$62,000 at Friday Night Lights. Boone Pickens is a great breeding bull and we have been impressed with his sons and daughters equally over a cross section of cows - he has been a valuable and consistent breeder. Prime Pick was selected for the show team and is one of the more well rounded bulls in the offering.

homo polled /// homo black /// 3711260 /// 2020-02-18 /// bw-108 ET /// adj ww-874  
 Combining the very best of the Simmental and Angus breeds here to produce an awesome individual. We love so much about this bull and he is a standout in the pen but what he offers on paper is truly amazing. When we think about combining the incredible Rose 918/Annie K 390 Angus pedigree with the awesome 202Z donor, it excites us on the opportunity this bull offers. We can guarantee that the daughters will be awesome udder and extremely productive and advance any strong program even further. 403H is one of the most intriguing bulls in the offering.

*Rust Built Solid 132H* Simmental Bull

homo polled /// homo black /// 3711218 /// 2020-02-22 /// bw-98 ET /// adj ww-793

130H & 132H are two peas in a pod and a couple late February bulls that excel on ADG and shear performance and design. Without doubt, Structure is one of the top breeding bulls we have ever used and when combined with the famous 202Z, we feel this is a special mating. This pairing is so consistent in quality and from start to sale day, they calved well and grew quickly registering some of the high WW and they are the type to invest in with confidence as they carry herd bull presence with extra hair, foot quality, stoutness, dimension and overall balance and quality. These two are true herd bulls in the making!

*Rust High Stakes 104H* Simmental Bull

homo polled /// red /// 3711335 /// 2020-01-04 /// bw-97 /// adj ww-661

SPECIAL ... we really think that 104H is a special individual that can be a big time breeding bull as we move into the future. This homo polled red stud has so much going for him with an awesome look and overall design to him while being backed by a stellar pedigree. His dam is one of the beautiful and highly productive donors in existence and his sire is a true breeding legend in the making. Betts was the \$120,000 Reserve Grand Champion Bull at Agribition that in his first calf crop, has taken the breed by storm. His first daughters to sell at FNL commanded \$45,000 - \$35,000 - \$20,000 - \$15,500 - \$12,750 - \$10,000 and his popularity is just beginning and it is because of progeny like 104H.

*Rust Corporate Raider 402H* Simmental Bull

homo polled /// black /// 3711278 /// 2020-02-17 /// bw-84 ET /// adj ww-762

402H has so much going for him that you have to really add him to the short list of favorite bulls in the offering if you're seeking a black blaze that is stacked with pedigree and look. This cross absolutely clicked and he posts strong EPD's and impressive spread of a 84 bw to a 762 ww and truly checks off all the boxes of a true herd bull candidate. This long spined, square hiped, heavy haired and sound made individual is bred for profitability. We love the pedigree he carries and will recommend this individual to the most critical of cattlemen as we believe in him.

*Rust Westcott 416H* Simmental Bull

homo polled /// black /// 3711282 /// 2020-02-24 /// bw-120 ET /// adj ww-933

The power bull of the black offering is this homo polled stud and 416H is the type that is hard to produce with so much quality packed into him. His dam, Violet 641A was a many time champion but a personal favorite donor that is awesome footed and highly productive. She is beautiful udder, powerful and very good looking with a progeny record of many high selling individuals. The \$165,000 sire, Westcott is a true power bull that sires the heavy weaning calves that bring a premium in the fall and we feel 416H has a ton of good in him.

## Rust Easy Z 519G Simmental Bull

homo polled /// black /// 3586516 /// 2019-03-02 /// bw-77 ET /// adj ww-642

Our lead bull in the extra-age division and a CALVING EASE DELUXE that is so good from so many different vantage points and one that we are proud to have raised. His dam, 7058E was our Lot 1 feature donor in last years event and she is a full sister to none other than the \$205,000 Bankroll. She is a donor that we retained 1/2 interest in and will continue to build around, and 519G is the prime example why. He is everything you can ask for in a calving ease bull with a 21.1 CE and impressive -2.3 BW with an actual 77 lbs bw all while being attractive made with herd bull presence. One of the best in the extra age division and an excellent calving ease individual loaded with maternal strength.

homo polled /// homo black /// 3586627 /// 2019-05-26 /// bw-72 /// adj ww-490

Check out the EPD's, pedigree and most importantly - the awesome phenotype and design on this stout individual. He is erect fronted, attractive headed, proud made stud that has balance and dimension throughout. This cow family goes back to the Lazy H Chances Are cow family that was very dominant in the show ring and highly productive. His sire really stamped them at our place and worked great for a calving ease sire with style and completeness. With a negative BW epd and 15 CE all the way up to a 114YW is a really strong spread for a heifer bull candidate that started with just a 72 lbs bw.

Here is a cool individual that is royally bred as the T87 donor cow is renowned across the breed for the valuable progeny she has produced. Her top daughter is the \$140,000 Eternity by Broker (full sib to dam) who was the 2015 American Royal Champion Female for Miranda Raithel and other daughters have commanded \$70,000, \$58,000, and \$10,000. On the top side, 838C is a maternal sib to 8543U and a bull that we have used with much success and has left an awesome set of daughters and sought after sons. We have confidence in the quality and pedigree of this homo polled candidate.

## Rust Husker 102G SimAngus Bull

homo polled /// homo black /// 3586698 /// 2019-05-04 /// bw-82 /// adj ww-619

A maternal brother was a NWSS Show Bull and a past high seller to Werning Cattle Co of South Dakota. 102G is a homo/homo 1/2 SimAngus that is awesome in his type and one that we rank as a very elite sire in the entire sale. His rugged good looks started with a 82 lbs bw and is one of the heavier ww extra-age bulls in the division. He is not just one of the the standout bulls in the pen but also sports a very impressive EPD spread that is to be admired as he really wraps it all together in one of the most complete packages we have offered in some time.

## Rust Husker 141G Simmental Bull

homo polled /// black /// 3586705 /// 2019-05-28 /// bw-112 /// adj ww-538

141G is a moderate, muscled up individual that will be able to cover some serious acres being an extra age bull with a strong structural design. His dam, 267Z was a strong udder, good footed, sound made female that is hard working and very productive. You can invest in 141G with confidence that he will leave you equally as strong daughters and sons to bring your program forward.

A standout and personal favorite bull in the entire offering and when you make a checklist of the ideal bull — 100G rises to the top as one of the best in the sale. PEDIGREE ... one of the best in the offering and Right Now was a breeding sensation while you combine that with the famous Rose 1019 who is one of the ultimate Angus donors in the industry. EPD's ... from a -2.0 BW with a 15 CE & all the way up to 125.3 YW lands this 73 lbs bw bull into the big time spread category where it is hard to find numbers of this calibre. PHENOTYPE ... this one packs it all together and is as well balanced as any in the sale. This is one to tie into with confidence.

Keystone First Class 1Y is the grandam of Lot 29 and a female that we flushed successfully and most specifically the cross to SooLine Motive 9016 that was one of the most successful flushes that ever took place at our ranch. That cross resulted in producing NWSS Champions in the Pen Show and many high sellers in both the Bull and Female Sales. Strong udder and great phenotype cattle that are admired by all and when you cross that with Right Now, that escalates 110G as one of the elite Homo/Homo bulls in the offering. A great set of numbers compliments an already awesome bull.

## Rust Profit Maker 126G Simmental Bull

homo polled /// black /// 3586690 /// 2019-05-21 /// bw-92 /// adj ww-713

Profitmaker out of one of our original cornerstone donor females, the highly proven W168. W168 is the kind to build around and a donor that is a maternal sib to Dynamite Black and out of the Gunner bull that has been highly regarded for his daughters. We fully believe in the W168 lineage and Profit Maker needs no introduction as he represents the awesome Tango cow family that has been so versatile in the industry. 126G will put extra chrome on his calf crop and stamp them with that simmental identifiability that will make his progeny extremely valuable.

*Rust Depth Charge 156G* SimAngus Bull

polled /// red /// 3586663 /// 2019-06-07 /// bw-107 /// adj ww-524

We are really proud of our red offering in the 2021 Sale here and it is because of bulls like 156G. A true beef bull in every sense of the word as he displays a ton of natural shape, softness, body, hair, balance and overall doability. His dam is appreciated for her power as she is one of the big performance females in the program that is easy doing and exhibits shear power. With a 151.7YW, you know you'll be getting the goods out of a well made Depth Charge son here.

*Rust Red River Grande 165G* Simmental Bull

polled /// red /// 3605667 /// 2019-08-26 /// bw-96 ET /// adj ww-848

This fall born bull is very intriguing on paper, in the flesh, and also combines with a nice spread from CE to YW. With the opportunity to acquire a blood red son of 8543U, we feel this is an interesting sale feature that we have always been high on. You'll want to keep every single daughter from the 202Z/8543U combination and rest assured that the sons will be rising to the top end as well. He has one of the highest weaning weights in the whole sale book, and is as royally bred as any that we have ever offered, we are stoked about this guys future.

Cool twist on red pedigree here to see W168 as a grandam in a red pedigree and when you combine her with Captain Morgan and Depth Charge, we have a lot of predictability. This May born individual is right in his design as he is hairy, soft made, stout and has a ton of natural muscling. Always has had that easy doing look about him and one that we see adding performance as he offers a 141.9YW with good CE numbers.

Mr Finnigan is one of the unique herd bulls that we have ever had the opportunity to walk and he truly never has a bad day. This proud made, good looking individual is truly a great breeding bull that will be hard to move on but with a large semen bank, we have the ability to continue to use him in the future through AI/flushing. His progeny are stamped much like himself with awesome fronts, sound made, athletic and long as a well rope. His outcross yet proven pedigree is sought after and he comes with an impressive EPD spread. Awesome opportunity here! **100% POSSESSION AND 2/3 SEMEN RIGHTS SELL -- 1/3 OWNED BY DOLLS**

homo polled /// black /// ASA 3753583 /// CSA 1293498 /// 2019-01-09 /// bw-92 ET /// adj ww-812

One of the most complete walking bulls we have ever had walk the pastures here and one that is as powerful on pedigree as he is to view in real life. We are all about cow families and the Soda Pop is one of the most elite cow families in the breed and 417B is the exact replica cow we want to have hundreds built like around here. Awesome feet, strong udder pedigree and a bull that is awesome from every angle, he truly is an awesome individual that is hard to fault. This awesome maternally stacked bull is strong numbered and powerful in his design - big time herd bull! **100% POSSESSION AND 100% SEMEN RIGHTS SELL!**

homo polled /// black /// ASA 3558801 /// CSA 1235443 /// 2018-01-12 /// bw-102 /// adj ww-895

Patriot is a homo polled stud that was the high selling black bull at Meadow Acres sale and the kind to elevate anyone's bull pen with a set of sons out of a power bull like him. This guy doesn't have a bad day and is always appreciated for his powerful design and muscle, length, stoutness, athleticism for a power bull and overall herd bull character that has landed him as an exceptional breeding piece. His sons and daughters at side in the summer born 2020 group are flat out awesome, if you set eyes on them, Patriot elevates to a no brainer herd bull to invest in with utmost confidence as we think he is pretty special. **100% POSSESSION AND 100% SEMEN RIGHTS SELL!**

*Crossroad Black Bounty 13F* Simmental Bull

homo polled /// homo black /// ASA 3558796 /// CSA 1229260 /// 2018-01-03 /// bw-81 /// adj ww-731

Being all about cow families lead us to 13F as he is one of the strong young herd sires we have to offer and is backed by Crossroads very best. Their daughter, Olivia showed 425D to many Championships and is one of the most beautiful young cows that cranks them out and they have incorporated that awesome female into their flush program for obvious reasons. 13F's twist on pedigree is intriguing and proven all the same and we feel he is a valuable addition to the most progressive programs in the industry. This coming 3-year-old is the real deal and one that we think is incredibly well stocked with quality for many reasons across the board. **100% POSSESSION AND 100% SEMEN RIGHTS SELL!**

*ZWT Infusion F182* Black Angus Bull

19382109 /// 2018-03-17 /// bw-n/a ET /// adj ww-n/a

Infusion combines the Emblynette, Elba, Emulous and Rose cow family into one of the strongest maternal bulls that you can find anywhere in the land. This moderate tank of a true herd bull is the type we like to build around as he is represented by some of the best Angus cow families in existence and a direct son to one of the most famous cows of all time. EA Rose 918 sold for \$100,000 privately and is the dam of the \$125,000 Bank Note who has elevated himself to one of the very elite breeding bulls in the industry. This calving ease bull is awesome in his design and we foresee the daughters to be exceptional out of him with highly marketable sons moving forward. **100% POSSESSION AND 100% SEMEN RIGHTS SELL!**

## *Rust Purifier 0413* Black Angus Bull

19743892 /// 2020-02-24 /// bw-107 ET /// adj ww-789

Purifier is special and an individual that we have followed closely for some time as we feel he has so much going for him. His dam is the \$45,500 donor that raised a \$11,000 full sib to Purifier that sold to Canadian Donors and this mating has been one of the best in our program over the years. The Firebrand x 8187 mating was in high demand last fall and with a full brother like Purifier, we know this is the kind to build around. You'll see these genetics leave strong feet, awesome udders, style and balance in a highly marketable package. Purifier is unique in every way and we are proud to offer him to the industry.

## *Rust Natural Law 558G* Black Angus Bull

19796336 /// 2019-12-26 /// bw-84 ET /// adj ww-721

A full brother here to the Agribition Supreme Champion Female, PM Echo 8'16. The Echo cow family at Hamilton Farms has been a staple of Angus success for years and the 111Y female distinguished herself with the production of the 2018 Supreme Female over all breeds at Agribition, PM Echo 8'16. The Natural Law females are absolutely stunning and get even better as they mature and have been dominant in the show ring as pairs. 558G will be a true maternal legend of a breeding bull as we can foresee his daughters being in a league of their own with awesome udders and drastically long production records.

*Rust Capitalist 401H* Black Angus Bull

19779932 /// 2020-020 /// bw-91 ET /// adj ww-815

Capitalist combined with the great 4223 was the ideal mating if you seek moderate, belly dragger cattle that are tanks in the way they're built and so much dimension to offer. On the bottom side, the Emblynette cow family name is known around the world and has stood the test of time! It is interesting to go back through the years and generation upon generation of Emblynette females that have built up this powerful cow family. If you want to keep your cattle efficient and low input, invest in these pair of brothers.

# Red Angus Introduction

5 Oaks Farm

Rust Mountain View Ranch has a long-standing tradition of producing elite Red Angus cattle. Individuals such as WSF MSYankee 13T, ROJAS Navarre 6054, U2 Blue Collar 295E, DAMAR Trump C512, and TWG Tango 156D have called home to Mercer, North Dakota. The influence that the listed individuals have had on the breed is substantial, with the common denominator being emphasis on the maternal lineage that supports each and every individual that carries a RAAA number. Moving forward, a special sale guest will join forces with Rust Mountain View Ranch in order to continue to provide elite Red Angus genetics.

The Giffey family of Five Oaks Farm of Sparta, Tennessee will be providing a select group of Red Angus bulls for your appraisal on February 11, 2021. Travis, Gail, and their sons; Grady, Gavin, Gunnar Gage, and Grant Giffey have invested in the foundation of their Red Angus breeding program through several key purchases at Rust Mountain View Ranch. A hand-picked group of bulls that were born and developed in North Dakota at Rust Mountain View Ranch will sell. Five Oaks Farms will continue to participate in future marketing events in Mercer, North Dakota, supplying high quality Red Angus genetics to the loyal customer base that has come to rely on Rust Mountain View Ranch as their multi-breed seedstock source.

## Rustl Blairs Cowboy King 164G Red Angus Bull

4123040 /// 2019-08-13 /// bw-89 ET /// adj ww-748

We are proud to offer a handful of high quality Red Angus bulls and what a way to start than with a direct son to the famous 12W that has been so influential in the breed. She is the dam of the \$55,000 Bingo and \$46,000 Kongo along with she produces many high sellers through this very sale in the \$10-20,000 range. We do feel 164G is an extraordinary bull with so much good in him and one of the very best Red Angus to sell through this sale. 164G is one that needs to be seen as he is fault free in his design and has the herd bull character to be a breeding sensation.

## *Rust Redemption 401G* Red Angus Bull

4114506 /// 2019-03-17 /// bw-90 ET /// adj ww-562

Bar-E-L Too Too 218C sold in Las Rojas Sale, Oklahoma for \$30,000 and she has evolved into the top donor at our program for many years on end. She consistently kicks out the top sons and daughters with this year being no exception and having two standouts with 401G & 403G. 401G offers calving ease, muscling, length, dark red haircoat, style and awesome phenotype throughout. He offers a 14 CE and -2.2 BW which can be utilized with ease on heifers and have a highly marketable calf come weaning time as well.

## *Rust Foreigner 403G* Red Angus Bull

4114494 /// 2019-03-18 /// bw-86 ET /// adj ww-547

A personal favorite and absolutely awesome bull that we have always thought the world of. It is difficult to find special bulls of any breed that rise to the top such as 403G does with the genotype, phenotype and number profile. A 13 CE number and strong growth in his tank, of an impressively constructed bull. His front 1/3 is erect made with a masculine head and bred bull crest and it transitions into a level and stout top with an ideally large hip and rear muscle. This good legged bull is tight sheath and one we are very proud of. His pedigree is awesome and out of our favorite donor and the highly marketable Foreigner that has been a breeding sensation.

## Rust Trump 402G Red Angus Bull

4114512 /// 2019-03-20 /// bw-85 ET /// adj ww-553

A sale feature Red Angus standout that exemplifies the high quality stock that we are passionately breeding to enhance our program. On pedigree, you have 2 of the very best from our program and you can surely get behind this stud with confidence as he is extremely complete in his design. Trump left females and bulls that are very consistent with a great skull and super long and very adequate with depth of body. Trump comes from a very good cow and when you combine that with 5036, you're loading up on maternal value that wont go unnoticed. 402G is a standout in the pen and one that we believe is unique in the ability of sporting a 14 CE epd with the natural shape and power that he possesses in the flesh.

Sire: Trump

Grandsire: Kargo

## Rust Trump 146G Red Angus Bull

4114570 /// 2019-05-30 /// bw-86 ET /// adj ww-570

We have the utmost confidence in 146G and his future as he is one of the most complete herd sires we have ever offered. It is difficult finding the dark red bulls that are stacked with phenotype and genotype that this guy offers. His sire, Trump was the Louisville NAILE & Denver NWSS Grand Champion Bull that has gone on and been an exceptional breeding bull. On the bottom side, you'll find the highly popular Kargo bull that has left a great set of daughters and his semen is now no longer to be found. 146G is one to put on the short list and invest with confidence.
