## **CAN'T MAKE THE SALE ...**

**[ WATCH LIVE & BID ONLINE ]  
U.S. BIDDERS**

**LiveAuctions.TV**

Visit [www.liveauctions.tv](http://www.liveauctions.tv) to view the sale catalog and videos of all the lots. The entire auction will be showcased via video/pictures and broadcast live at [Liveauctions.tv](http://Liveauctions.tv). If you have any questions regarding bidding or logging in, please contact Chad Gordan at 580.678.1918 or email him at [chadgordon8g@gmail.com](mailto:chadgordon8g@gmail.com)

### **INTERNATIONAL BIDDERS**

International Buyers, please contact Margo Schmerge-Paeltz 937.515.1194, [margo@liveauctions.tv](mailto:margo@liveauctions.tv) to be approved as a bidder and complete your registration. We welcome international buyers to partake in the sale. We have an agreement with Hoofstock Genetics where they will take in any of your purchases. They can house the cattle, flush the cattle and/ or put in any future genetics you might want to create for your own program. If you have any questions, please email [randy@wagyu365.com](mailto:randy@wagyu365.com).

## **GUARANTEES OF CATTLE SELLING**

This is a final and total dispersal sale. All the cattle registered thru the American Wagyu Association have a Fullblood number and have been DNA verified. TJ's Cattle Co, LLC recommends each buyer run the cattle DNA again and verify results before using any sire and/or female in transplant. TJ's Cattle Co, LLC has done the best job possible to represent the cattle to the Buyer, however, the lots are not selling with a guarantee. There is also no guarantee in the breeding info that is presented. TJ's Cattle Co, LLC will tell the buyer what bulls they think are bred to what cows. When the cows calve, the buyer can send in the DNA to those sires, but TJ's Cattle Co, LLC cannot guarantee results.

Any of the bulls that are old enough will have been "SEMEN" and "TRICH" tested. The younger bulls have not been tested. There are no guarantees on any of the bulls. TJ's Cattle Co, LLC recommends an independent test be performed before the buyer turns out the bull.

# SALE TERMS

## [ PAYMENT ]

This is a complete and total dispersal sale, so ALL SALES ARE FINAL. All lots must be paid for immediately following the conclusion of the TJ'S Cattle Co Complete & Total Dispersal Sale.

IN PERSON and ONLINE buyers are welcome to pay by credit card on site at the sale. If so, you will be charged a 3% fee on the total sum of your purchase.

Wiring instructions will also be provided. If paying by wire and trucking live animals off-site on Sunday August 28th, buyer must sign a release form indicating that the buyer's bank will have funds wired to the designated sale management account by Monday 29th.

Checks and Cash will also be accepted on site at the sale.

**IN PERSON BUYER INFORMATION** - If you are a winning bidder, please follow these closeout steps:

- 1.) Visit the clerking table to get a printed copy of your invoice and provide payment

Payment options: CREDIT CARD (3% fee will be added)

CHECK PAYMENT

WIRE TRANSFER – must sign agreement (electronically via email or sign and screen shot the completed agreement) saying the funds will be wired Monday August 26th to the dba managing account of R&R Marketing Company.

- 2.) Collect health papers on the animals you purchased
- 3.) Set up trucking arrangements with Randy Lathrop, 847.910.4673 (he will also be present at the sale)

**IN PERSON BUYER INFORMATION** - If you are an online winning bidder, please follow these closeout steps:

- 1.) You will receive a buyer invoice via email (please wait until you receive this invoice to do anything)
- 2.) Once you receive your invoice (check your spam), please send a text or email with your name and invoice number to:  
Abby Hinton 919.618.8098, abby@wagyu365.com

- 3.) Once received, Abby Hinton or another member of our team will contact you for payment (please be patient as this is a high-volume sale!)

Payment options: CREDIT CARD (3% fee will be added)

CHECK PAYMENT (must be sent with tracking to our Nashville office, PO Box 60097 Nashville, TN 37206). If paying by overnight check, you must send a picture of the check and tracking to Abby Hinton at 919.618.8098 or abby@wagyu365.com

WIRE TRANSFER – must sign agreement (electronically via email or sign and screen shot the completed agreement) saying the funds will be wired Monday August 26th to the dba managing account of R&R Marketing Company.

- 4.) Once your payment has been processed, you are responsible for setting up trucking arrangements with Randy Lathrop, 847.910.4673;

**RANDY IS THE ONLY TRUCKING CONTACT, PLEASE BE PATIENT DURING THE SCHEDULING PROCESS AFTER THE SALE**

## [ LOAD OUT & DELIVERY ]

Buyers are responsible for any cost pertaining to transportation of the live cattle. Randy Lathrop will work together with buyers to make this the easiest and most efficient process possible.

Each animal will be verified to the buyer and must have a "paid" invoice with an approval signature and accompanied with a health paper to be approved for loadout.

Sale cattle that have been paid for at the conclusion of the event are free to be trucked out with their new owners.

No live cattle are allowed to leave the facility or event location with a new buyer / owner unless payment has been remitted to a member of the Wagyu365 sales team.

All cattle must be off the sale site by mid-day on the Monday immediately following the sale.

LATHROP TRUCKING TRANSPORTATION ... To coordinate all trucking needs, please contact Randy Lathrop, 847.910.4673

## [ MANAGEMENT ]

Auction money and proceeds will be conducted under

Randall O. Ratliff, DBA R & R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond # 7901027402 (U.S. Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers & Stockyards Program)

# The legendary TF Kinu 1

## Who is TF KINU 1?

TF Kinu 1 was exported to the USA by Shogo Takeda. She was the only 100% Tajima cow of the Okudoi strain to have been exported from Japan. The other two strains in Hyogo prefecture are Nakadoi and Kumanami. The Okudoi strain is known to be smaller in size but to produce high marbling. Kinu 1's sire, Kikuyasu Doi, is known in Japan to produce extremely good marbling. TF Kinu 1 is known for her unique history, with her dam being purchased by Mr. Takeda at 16 years old and pregnant with TF Kinu 1. Not to mention her granddam was born in the Hyogo prefecture and designated as one of the best foundation stock in the Hyogo prefecture!

## TF KINU 1 history according to Shogo Takeda?

### Kinu Maternal Line Results

The Kinu maternal line has been a consistent producer of elite proven sires in many herds, particularly in Australian programs such as Blackmore Wagyu and Strathdale Wagyu. This maternal line has produced elite proven marbling and carcass quality sires. These include BLACKMORE KINUFUKU C182, BLACKMORE KINUSURUKIKU H224, BLACKMORE KINZURU E006, BLACKMORE KINUYASUDOI Y350, and MOYHU F D507 to name a few. Blackmore Wagyu has hailed these sires as some of their best carcass proven super sires who have made their branded beef program stand out. Strathdale Wagyu has reported Moyhu F D507 is one of the best carcass proven marbling sires to have ever been through their program.

The Kinu line has been extremely rare and well protected in Australia and around the world with little genetics sold or traded because of their tremendous value in producing elite beef for vertically integrated branded beef companies. This has culminated in BLACKMORE KINYASU Q619 (ET), a double bred Kinu bull from Blackmore Wagyu's best marbling Kinu line selling for an astounding \$220,000 in the 2022 Elite Wagyu Sale!

The sire of the \$220,000 Blackmore Kinuyasu Q619, is the full brother to TJ MR KINU 4 351B! He sells in this sale along with multiple other maternal sisters and brothers, creating a rare opportunity to acquire elite foundation Takeda genetics!

## Elite TF KINU 1 Sires

Here is a short list of Kinu maternal line sires that have made a name for themselves in the global Wagyu industry!

- Blackmore Kinufuku C182 (AI) (ET)
- Blackmore Kinuzuru E006 (AI) (ET)
- Moyhu F D507 (AI)
- Blackmore L408 (AI) (ET)
- Takeda Farm Kinuyasu Doi (ET)
- Blackmore Kinusurukiku H224 (AI)
- Blackmore KinuyasudoI Y350 (AI) (ET)
- Blackmore Kinyasu Q619 (ET)
- Takeda Farm Kikufuku Doi (ET)

February 24, 1999

To Whom it May Concern,

I would like to thank you for purchasing a TF KINU 1 daughter. (I, Shogo Takeda, confirm that KINU 1 is a full blood TAJIMA Wagyu)

Her grandmother of dam side, KINU was born in Tantou-cho (town) in Hyogo prefecture in 1976. At 6 months of age, KINU was designated as the best foundation stock, and taking KINU outside of Hyogo prefecture was banned.

The Wagyu bred in Hyogo prefecture are called TAJIMA, and there are three lines: NAKADOI, OKUDOI, KUMANAMI.

KINU is OKUDOI line. Although the OKUDOI line is small in size, it produces high marbling.

In 1992, I purchased KINU, which was then pregnant at 16 years of age. The calf of KINU is KINU 1.

The sire of KINU 1 is KIKUYASU DOI, which produces extremely good marbling.

武田正吾

Left to Right:  
Mr. Takeda and  
Thomas Jorgenson

TF Kinu 1  
Daughters

[ 1 ] TJ MS KINU 3 305C

TF KINU 1	KIKUYASU DOI 575 KINU	MURAYOSHI 74233 SHIROASA UTA

**\*100% Tajima, KIMIFUKU 3 DAUGHTER\***

TJ MS KINU 3 305C is a daughter of the incredible mating of Kimifuku 3 x TF Kinu 1 cow! Kimifuku 3 is a 100% Tajima bull, keeping this pedigree 100% Tajima, very few 100% Tajima animals remain outside Japan, and this is a chance to own one yourself. Kimifuku 3 is sired by the Japanese legend Tanifuku Doi, who brings the genetics of "The Hyogo Cow" Kikutsuru to the table. She is renowned in Japan for having brought size and structure to the 100% Tajima Hyogo prefecture cattle without sacrificing any carcass quality. In fact, her sons were some of the best carcass proven bulls in Japan! This female is one of ONLY 17 Kimifuku 3 daughters registered with the American Wagyu Association making this a once in a lifetime chance to acquire a direct Kimifuku 3 daughter.

The dam of TJ MS KINU 3 305C is not to be overlooked! She is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudoi strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling. Kinu's maternal granddam was born in the Hyogo prefecture and designated as one of the best foundation stock in the Hyogo prefecture! The combination of the Kikutsuru lines and the TF Kinu 1 cow family has produced elite proven sires in the Blackmore Wagyu program like BLACKMORE KINUSURUKIKU H224 and BLACKMORE KINUFUKU C182. This proven performance in one of the world's leading Wagyu herds illustrates how impactful these genetics can be! This cow represents leading and rare 100% Tajima genetics that are ideal for the foundation of any new or existing Wagyu program! TJ MS KINU 3 305C brings the ability to establish your own 100% Tajima cow herd.

## REGISTERED BLACK WAGYU FEMALES

### [ 2 ] TJ MS MORIFUJI 331B

FB28355 | COW | FULLBLOOD WAGYU | BLACK | 10.01.2014 | HORNED | NEW TAG: 487

TF KINU 1	KIKUYASU DOI 575 KINU	KIKUNORI DOI 9285 MURAYOSHI 74233 SHIROASA UTA

TJ MS MORIFUJI 331B is an ultra-rare direct daughter of Morifuji from the legendary TF Kinu 1 cow! Morifuji is a 100% Tajima bull, keeping this pedigree 100% Tajima, very few 100% Tajima animals remain outside Japan and this is a chance to own one yourself. Morifuji is sired by YASUYUKIDOI 875, a Yasumi Doi son out of a Kikuteru Doi dam. This pedigree should inspire confidence in Morifuji's elite carcass traits abilities with both Yasumi Doi and Kikuteru Doi being breed legends in Japan. This cow is one of ONLY FIVE Morifuji progeny registered with the American Wagyu Association making this a once in a lifetime chance to acquire a Morifuji daughter.

The dam of TJ MS MORIFUJI 331B is not to be overlooked! She is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudoi strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling. Kinu's maternal granddam was born in the Hyogo prefecture and designated as one of the best foundation stock in the Hyogo prefecture! This pedigree represents some of the best genetics from the Hyogo prefecture to have ever left Japan. This cow represents leading and rare 100% Tajima genetics that are ideal for the foundation of any new or existing Wagyu program! TJ MS MORIFUJI 331B brings the ability to establish your own 100% Tajima cow herd.

# Selling some of the Wagyu breed's finest in Red and Black Wagyu!

## [ 3 ] TJ MS KINU 2 337B

FB28363 | COW | FULLBLOOD WAGYU | BLACK | 10.01.2014 | HORNED | NEW TAG: 365

TF ITOMICHI 1/2	ITOMICHI DAI 2 KINTOU	DAI 7 ITOZAKURA TOMISAKAE 2/1 DAI 3 KIYOHIME EZOKINTOU 1A
TF KINU 1	KIKUYASU DOI 575 KINU	KIKUNORI DOI 9285 MURAYOSHI 74233 SHIROASA UTA

The dam of TJ MS KINU 2 337B is the legendary TF Kinu 1 original import cow! She is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudo strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling. Kinu's maternal granddam was born

in the Hyogo prefecture and designated as one of the best foundation stock in the Hyogo prefecture! The TF Kinu 1 cow family has produced elite proven sires in the Blackmore Wagyu program like BLACKMORE KINUSURUKIKU H224, BLACKMORE KINUFUKU C182, and BLACKMORE KINZURU E006 (AI) (ET). Blackmore E006 (TF151 sired) is similar breeding to this female, crossing high growth and maternal traits bulls on the Kinu family. He excels in the Blackmore program, as David Blackmore has called him one of their "Super-Sires". This proven performance in one of the world's leading Wagyu herds illustrates how impactful these genetics can be!

Her sire is TF Itomichi 1/2, also an original import sire. He is sired by Itomichi, a Dai 7 Itozakura son from Takeda Farms. TF Itomichi 1/2's dam is Dai 2 Kintou which makes him a full sister to the legendary matriarch Dai 2 Kinntou 3. This is one of Shogo Takeda's best cow families, it has gone on to produce leading proven sires including Mayura Itoshigenami JNR, Sumo Cattle Co Michifuku F126, TF Terutani 40/1, Sumo Cattle Co Shikikan D233, Ginjo Marblemax Hiranami B901, and more. Itomichi 1/2 is an ideal complimentary mating for TF Kinu 1. He excels in growth and maternal traits which is the perfect complement to Kinu's excellent marbling and carcass qualities. This female will be a donor dam to take home and build an entire Fullblood Wagyu breeding program around!

## [ 4 ] TJ MS DIAKINTOU 301C

A direct daughter of TF Itohana 2! TF Itohana 2 also known as TF 38 was one of the original import sires from Mr. Shogo Takeda. He is a son of Itohana, and grandson of the Japanese legend Dai 7 Itozakura. Through his sire and dam Aino 6 (Ito-michi sired) he gains his proven excellence in growth traits and maternal traits. Itohana 2 is famous for producing some of the best quality cows in the Wagyu breed. The bottom side of the pedigree here features original Takeda cow TF Hikokura 3/24 as the direct dam. This is the famous Hikokura maternal line which has produced many leading sires. Breed with confidence in this cow family.

Here is an ultra-rare granddaughter of the little known "Westholme 006" Dai 6 Seizan. Her sire UKB DAI 6 Kitaseki is all Westholme breeding with a high Kedaka/Tottori influence. His sire is Dai 6 Seizan "Westholme 006" and his dam is direct Westholme import cow Kitasekiro. She is a high Kedaka cow bringing outcross genetics.

The dam side here brings further Westholme influence through 005 Shigefuku 13M. This further cements the strong growth and maternal strengths of this rare cow. Following the pedigree back is JVP Fukutsuru 068 who balances this pedigree with strong carcass qualities.

		JVP HARUKITOMI 32E-068

This cow is sired by TJ 284B ET, an ultra-rare direct son of Morifuji from the legendary TF Kinu 1 cow! Morifuji is a 100% Tajima bull, keeping this pedigree 100% Tajima, very few 100% Tajima animals remain outside Japan. Morifuji is sired by YASUYUKIDOI 875, a Yasumi Doi son out of a Kikuteru Doi dam. This pedigree should inspire confidence in his elite carcass traits abilities with both Yasumi Doi and Kikuteru Doi being breed legends in Japan. This bull is one of ONLY FIVE Morifuji progeny registered with the American Wagyu Association! His dam is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudo strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling.

Her dam is rare linebred 005 Shigefuku daughter! Through her sire 005 and maternal grandsire 13M she possesses concentrated rare genetics. This is sure to stamp elite growth and maternal abilities into this female that she can transmit to the next generation. She is backed up by JVP Fukutsuru 068 to balance her pedigree. He brings complimentary traits of high marbling and carcass quality to the pedigree which balances this female ideally with the 100% Tajima top side.

		HIKOKURA 3/9				
		ITOSHIGENAMI				
		MS ITOHANA 2 5028				

This female is sired by TJ 221B a Kimifuku 3 son of TF Kinu 1! He blends the elite carcass traits of both the "Hyogo Cow" Kikutsuru and TF Kinu 1. He is also 100% Tajima and there are very few 100% Tajima animals remaining outside Japan. Again, he is sired by Kimifuku 3, a son of the Japanese legend bull Tanifuku Doi, who the genetic lines of "The Hyogo Cow" Kikutsuru to the table. She is renowned in Japan for having brought size and structure to the 100% Tajima Hyogo prefecture without sacrificing any carcass quality. In fact, her sons where some of the best carcass proven bulls in Japan!

Her dam is an ideal balanced bred cow with a sire stack of TF 149 x TF 148 x Itohana 2 x Chiyotakes. This balances the growth and maternals of 149 and Itohana 2 with the marbling/carcass quality of TF 148. This is an amazing combination of the Chiyotake and Kinu maternal lines!

TJ MS 82M ITOMORITAKA 343B ET	LMR RMW ITOMORITAKA UKB 005 SHIGE YOSUE	

This cow is sired by a TF Itomichi 1/2 x TF KINU 1 son! Itomichi 1/2 is sired by Itomichi, a Dai 7 Itozakura son from Takeda Farms. TF Itomichi 1/2's dam is Dai 2 Kintou which makes him a full sister to the legendary matriarch Dai 2 Kinntou 3. This is one of Shogo Takeda's best cow families, it has gone on to produce leading proven sires including Mayura Itoshigenami JNR, Sumo Cattle Co Michifuku F126, TF Terutani 40/1, Sumo Cattle Co Shikikan D233, Ginjo Marblemax Hiranami B901, and more. Itomichi 1/2 is an ideal complimentary mating for TF Kinu 1. He excels in growth and maternal traits which is the perfect complement to Kinu's excellent marbling and carcass qualities.

The dam here is a daughter of LMR RMW Itomoritaka, aka "Rocky". He has been widely used and proven in the USA as an ideal source of growth and maternal traits. The late Eldon Clawson loved this bull and praised his conformation and structure as the best in Wagyu. He has a tremendous ability to produce elite quality females. This is stacked on a rare direct daughter of Westholme Shigefuku 005. Shigefuku is a son of the legendary Japanese Kedaka bull Dai 20 Hirashige. He is known for creating fantastic females that are ideal herd replacements. The maternal line here is a rare Westholme cow family, the Yoshie maternal line. Don't miss a chance at an ultra-rare Westholme cow family in the USA!

Vintage genetics here! A sire stack of Shigemaru x Hikari x Judo x Namimaru x Homare! Here are classic Akaushi genetics featuring all foundation genetics. This cow is unquestionably a rare investment opportunity to lay an uncompromised foundation for an Akaushi breeding program, either for a new herd or elite addition to an existing program. All of the sires featured here, Shigemaru, Hikari, and Judo, are highly proven and respected bulls. The Homare maternal line has consistently proven its ability to make great cattle. Here is a chance to acquire something very special.

AAA MISS ZOE 7021 Z	UKB MR SHIGEMARU/ 803 UKB MS UMEHOMAR

The proven matron, Homare, is featured heavily in this pedigree as she appears on the sire and dam side. Kaedamaru is the other feature cow as she is represented through her son, WSI Umemaru. Umemaru is a highly valued sire and is the maternal grandsire of this lot. The UKB bull, 803, is the sire of this lot. He is a Shigemaru son from the Homares. The maternal side of the pedigree features a unique combination of bulls, Umemaru x Judo x Namimaru, stacked on the great Homare cow. You can have a lot of confidence in the breeding of this lot.

TJ 610D ET	MR. TJ'S TEXAS RAIN 109 UKB MS SHIGEMARU 803

This cow shows a unique pedigree. Her dam and sire descend from the two Akaushi imports from the JVP program – Kuniaso and Homare. The sire of 610D is Texas Rain, who is a son of the original 70's Wagyu import, Judo. The maternal side of Texas Rain's pedigree also combines the Homare and Kuniaso maternal lines. The maternal side of 610D's pedigree pulls in two of the truly iconic sires in breed history, Shigemaru and Hikari, on top of a Judo daughter. This lot brings lots of confidence with her genetic package that is a bit different to everything else in the Akaushi breed.

herds illustrates how impactful these genetics can be!

Her sire is TF Itomichi 1/2, also an original import sire. He is sired by Itomichi, a Dai 7 Itozakura son from Takeda Farms. TF Itomichi 1/2's dam is Dai 2 Kintou which makes him a full sister to the legendary matriarch Dai 2 Kinntou 3. This is one of Shogo Takeda's best cow families, it has gone on to produce leading proven sires including Mayura Itoshigenami JNR, Sumo Cattle Co Michifuku F126, TF Terutani 40/1, Sumo Cattle Co Shikikan D233, Ginjo Marblemax Hiranami B901, and more. Itomichi 1/2 is an ideal complimentary mating for TF Kinu 1. He excels in growth and maternal traits which is the perfect complement to Kinu's excellent marbling and carcass qualities. This female will be a donor dam to take home and build an entire Fullblood Wagyu breeding program around!

\*ITOMICHI 1/2 DAUGHTER\*

The dam of TJ MS KINU 2 337B is the legendary TF Kinu 1 original import cow! She is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudo strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling. Kinu's maternal granddam was born in the Hyogo prefecture and designated as one of the best foundation stock in the Hyogo prefecture! The TF Kinu 1 cow family has produced elite proven sires in the Blackmore Wagyu program like BLACKMORE KINUSURUKIKU H224, BLACKMORE KINUFUKU C182, and BLACKMORE KINZURU E006 (AI) (ET). Blackmore E006 (TF151 sired) is similar breeding to this female, crossing high growth and maternal traits bulls on the Kinu family. He excels in the Blackmore program, as David Blackmore has called him one of their "Super-Sires". This proven performance in one of the world's leading Wagyu

This lot represents a truly special genetic package. She combines one of the best performing Westholme lines (Kitatemako) with the highly proven Akaushi brood cow, Homare. This cow will lay an incredible foundation for performance in a beef/meat program! You will inherit rapid growth performance from the Homare maternal Akaushi side of the pedigree and inherit tremendous carcass traits from the sire, SR Y13 Sanji. Sanji has proven himself to be a top performing carcass trait sire while providing a different set of black genetics through his Westholme maternal line. Move your performance genetics forward rapidly with this cow.

LOT 51A - This cow is sired by TJ 284B ET, an ultra-rare direct son of Morifuji from the legendary TF Kinu 1 cow! Morifuji is a 100% Tajima bull, keeping this pedigree 100% Tajima, very few 100% Tajima animals remain outside Japan. Morifuji is sired by YASUYUKIDOI 875, a Yasumi Doi son out of a Kikuteru Doi dam. This pedigree should inspire confidence in his elite carcass traits abilities with both Yasumi Doi and Kikuteru Doi being breed legends in Japan. This bull is one of ONLY FIVE Morifuji progeny registered with the American Wagyu Association! His dam is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudoi strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling.

The dam here is an excellent growth and maternal traits pedigreed cow. She contributes the genetics of Westholme Shigefuku 005, 005 13M, and JVP Fukutsuru 068. This is the perfect complement to her 100% Tajima sire TJ 284B ET. This cow blends growth, maternals, and carcass traits into one pedigree.

This cow is in the prime of her life and brings a solid pedigree featuring proven Akaushi bulls built on the Homare maternal foundation. The risk has been taken out of the equation here. Her sire, Red Emperor, is a proven favorite in the US and Australia. Red Emperor is an absolutely royal bull, as his sire, Big Al, is a son of Dai 10 and Akiko, and his dam is an anchor of American Akaushi, Dai 8 Marunami. The maternal side of this lot is equally powerful with sires Hikari and Judo stacked on the Homares! This cow is a prime example of the phrase "power in the blood". Choose this cow with tons of confidence in these genetics.

This matron puts together a pedigree that offers many breeding opportunities! She is special in that she is a product of the Kuniaso maternal line (which produced JC Rueshaw 92!) and her maternal line has no Shigemaru, Hikari, or Big Al. Think of the mating possibilities with this cow! She is sired by the highly proven bull, Kalanga Red Star, and her closest maternal sires are Tamamaru and Judo. Here is a fantastic breeding opportunity.

	TF HIKOKURA 3/15	ITOHANA
		NAYORI 1
		ITOMICHI
		HIKOKURA 3/1

This female is sired by TJ 284B ET, an ultra-rare direct son of Morifuji from the legendary TF Kinu 1 cow! Morifuji is a 100% Tajima bull, keeping this pedigree 100% Tajima, very few 100% Tajima animals remain outside Japan. Morifuji is sired by YASUYUKIDOI 875, a Yasumi Doi son out of a Kikuteru Doi dam. This pedigree should inspire confidence in his elite carcass traits abilities with both Yasumi Doi and Kikuteru Doi being breed legends in Japan. This bull is one of ONLY FIVE Morifuji progeny registered with the American Wagyu Association! His dam is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudo strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling.

The bottom side of the pedigree here features original Takeda cow TF Hikokura 3/15! This is the famous Hikokura maternal line which has produced many leading proven sires! Breed with confidence in this cow family.

This female is sired by TJ 25B a Kimifuku 3 son of TF Kinu 1! He blends the elite carcass traits of both the "Hyogo Cow" Kikutsuru and TF Kinu 1. He is also 100% Tajima and there are very few 100% Tajima animals remaining outside Japan. Again, he is sired by Kimifuku 3, a son of the Japanese legend bull Tanifuku Doi, who the genetic lines of "The Hyogo Cow" Kikutsuru to the table. She is renowned in Japan for having brought size and structure to the 100% Tajima Hyogo prefecture without sacrificing any carcass quality. In fact, her sons where some of the best carcass proven bulls in Japan! The bottom side of this female is a blend of genetics from of Itoshigenami, JVP 400, JVP 068, and Fujiko. These are an ideal complement to the 100% Tajima sire on the top side of her pedigree.

Don't miss this daughter of LMR RMW Itomoritaka, aka "Rocky". He has been widely used and proven in the USA as an ideal source of growth and maternal traits. The late Eldon Clawson loved this bull and praised his conformation

and structure as the best in Wagyu. He has a tremendous ability to produce elite quality females.

This is stacked on a rare direct daughter of Westholme Shigefuku 005. Shigefuku is a son of the legendary Japanese Kedaka bull Dai 20 Hirashige. He is known for creating fantastic females that are ideal herd replacements. The maternal line here is a rare Westholme cow family, the Yoshie maternal line. Don't miss a chance at an ultra-rare Westholme cow family in the USA!

Wow! Check out the names in this pedigree – Kimifuku 3, Kinu, “Rocky”, Shigefuku, and Yoshie from Westholme. This young female truly is an outstanding outcross to the general Wagyu population – none of the usual TF148, 068, 003, Michifuku appear in her 3-generation pedigree. She offers carcass traits and growth. Imagine what you can do with this female that has her whole lifetime ahead of her! You can continue to breed outcross or pull in the conventional blood and still get Hybrid vigor. She will put fun and profitability into any breeding program.

TJ 284B ET is a ultra-rare direct son of Morifuji from the legendary TF Kinu 1 cow! Morifuji is a 100% Tajima bull, keeping this pedigree 100% Tajima, very few 100% Tajima animals remain outside Japan and this is a chance to own one yourself. Morifuji is sired by YASUYUKIDOI 875, a Yasumi Doi son out of a Kikuteru Doi dam. This pedigree should inspire confidence in his elite carcass traits abilities with both Yasumi Doi and Kikuteru Doi being breed legends in Japan. This bull is one of ONLY FIVE Morifuji progeny registered with the American Wagyu Association making this a once in a lifetime chance to acquire a Morifuji son.

The dam of TJ 284B is not to be overlooked! She is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudo strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling. Kinu's maternal granddam was born in the Hyogo prefecture and designated as one of the best foundation stock in the Hyogo prefecture! This pedigree represents some of the best genetics from the Hyogo prefecture to have ever left Japan. TJ 284B ET is leading and rare 100% Tajima genetics that are ideal for the foundation of any new or existing Wagyu program!

TF KINU 1	KIKUYASU DOI 575 KINU	MURAYOSHI 74233 SHIROASA UTA

WOW, a rare direct son of the 1970's Akaushi import JUDO! Judo is hard to find with semen selling for \$2,000/straw or higher when it rarely sells. He is an outcross to most of the 1990s imports and thus is a useful tool for Akaushi breeders to manage inbreeding. Judo is known to have good marbling, ideal for retaining carcass traits in his progeny.

The maternal side of this bull is a fantastic stacking of elite Akaushi sires. His sire stack reads Judo x Kalanga Red Star x Tamamaru x Judo x JVP Kunisakae. His dam holds the UKB prefix and is a great example of breeding from Bruce Hemmings's program. Kalanga Red Star produces elite marbling and is an ideal mating to Tamamaru who excels in growth and conformation. The maternal line of this bull is the rare JVP Kunisakae cow family. This has been one of the premier Akaushi line having produced bulls such as the \$250,000 JC Rueshaw 92 and more!

Don't miss this son of LMR RMW Itomoritaka, aka "Rocky". He has been widely used and proven in the USA as an ideal source of growth and maternal traits. The late Eldon Clawson loved this bull and praised his conformation and structure as the best in Wagyu. This is stacked on a rare direct daughter of Westholme Shigefuku 005. Shigefuku is a son of the legendary Japanese Kedaka bull Dai 20 Hirashige. He is known for creating fantastic females that are ideal herd replacements. The maternal line here is a rare Westholme cow family, the Yoshie maternal line. Don't miss a chance at an ultra-rare Westholme cow family in the USA.

A balanced bred sire here who is a direct grandson of TF KINU 1! Her dam is a TF Itomichi 1/2 daughter of TF Kinu 1. Kinu is renowned for her elite carcass qualities and her ability to transmit to

the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudoi strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling. Kinu's maternal granddam was born in the Hyogo prefecture and designated as one of the best foundation stock in the Hyogo prefecture!

His sire is a TF Kikuhana son out of an original Takeda Farms cow TF Hikokura 3/15. Kikuhana brings tremendous proven growth and maternal traits that are among the top of the breed. TF Hikokura 3/15 is a daughter of the original Itomichi bull who also contributes the well-known strengths of Dai 7 Itozura and the Hikokuras to make exceptional quality females. This bull blends fantastic carcass quality, growth, and maternals into one pedigree!

This bull is sired by TJ 25B ET a Kimifuku 3 son of TF Kinu 1! He blends the elite carcass traits of both the "Hyogo Cow" Kikutsuru and TF Kinu 1. He is also 100% Tajima and there are very few 100% Tajima animals remaining outside Japan. Again, he is sired by Kimifuku 3, a son of the Japanese legend bull Tanifuku Doi, who the genetic lines of "The Hyogo Cow" Kikutsuru to the table. She is renowned in Japan for having brought size and structure to the 100% Tajima Hyogo prefecture without sacrificing any carcass quality. In fact, her sons were some of the best carcass proven bulls in Japan!

The dam side of this bull is a World K's Haruki 2 daughter. She brings his well-known growth and maternal traits to the table. Not to mention her elite pedigree behind this of TF 148 x TF 151! Both of which are elite Takeda bred proven bulls. This is a fantastic balanced bull to breed elite animals with!

Here we have a nicely balanced bull, his sire stack is TJ MR Itochiyo 344B x Shigeshigetani x TF Kikuhana x TF Itomichi 1/2 x Kimifuku 3 x Hikokuras. His sire is a TF Kinto son, bringing outcross Takeda genetics of Naora 9 and TF Itochiyo 3 to the table. As mentioned, this is a great balance to his dam who is a Shigeshigetani daughter. She contributes his carcass proven marbling and ribeye area excellence to balance with the outcross growth and maternal traits on the top side of this pedigree. This is all stacked on the steady production of the Hikokura maternal line!

TJ MS BRILLIANT GEM 700D AI	TJ TJ MR GEM 2 188B ET YG ITOMICHI 5930	

Sired by TJ 284B ET, an ultra-rare direct son of Morifuji from the legendary TF Kinu 1 cow! Morifuji is a 100% Tajima bull, keeping this pedigree 100% Tajima, very few 100% Tajima animals remain outside Japan. Morifuji is sired by YASUYUKIDOI 875, a Yasumi Doi son out of a Kikuteru Doi dam. This pedigree should inspire confidence in his elite carcass traits abilities with both Yasumi Doi and Kikuteru Doi being breed legends in Japan. This bull is one of ONLY FIVE Morifuji progeny registered with the American Wagyu Association! His dam is TF Kinu 1, who is renowned for her elite carcass qualities and her ability to transmit to the next generation. She also is 100% Tajima and the only 100% Tajima cow from the Okudo strain to have been exported from Japan (the other two strains in Hyogo prefecture being Nakadoi and Kumanami). TF Kinu 1's sire, Kikuyasu Doi is known in Japan to produce extremely good marbling.

The dam of this bull is an excellent growth and maternal traits pedigreed cow. She contributes the genetics of 005 Shigefuku 13M, Bar R Ichiro 32R, TF Itomichi 1/2, and Itohana 2. This is the perfect complement to his 100% sire TJ 284B ET. This bull blends growth, maternals, and carcass traits into one pedigree.

This is an amazing carcass traits Akaushi sire, ideal for anyone looking to produce elite quality beef! His sire is Heartbrand Red Emperor, a world-renowned Big AI x Dai 8 Marunami bull. He is well known for producing some of the best marbling in the Akaushi breed. This is stacked on the original import sire Hikari who is also well documented to have of the highest ribeye area and marbling scores in the breed. He brings further Dai 10 Mitsumaru 76 blood to the pedigree which is an asset whenever found! To top this pedigree

off, he is from the JVP Homare maternal line, who has been a premier producer of elite sires in both the USA and Australia. This is a rockstar pedigree that will add enormous value to any program!

- Export Certified

*Advanced mobile labs allow Hoofstock Genetics to come to you.*

*State of the art donor & recipient management facilities.*

[HOOFSTOCKGENETICS.COM](https://www.hoofstockgenetics.com) 1-888-4-COW IVF

We welcome international buyers to partake in the sale. We have an agreement with Hoofstock Genetics where they will take in any of your purchases. They can house the cattle, flush the cattle and/or put in any future genetics you might want to create for your own program.

If you have any questions, please email [Randy@wagyu365.com](mailto:Randy@wagyu365.com)

P.O. Box 60097  
Nashville, TN 37206

A large, close-up photograph of the American flag, showing the stars and stripes in detail. The flag is waving and is set against a bright, hazy sky. The text is overlaid on the lower portion of the flag.
