Five Family Prefixes Working for You
CJSL • CELL • ADLL • KVLN • KQLL

Limousin Friends & Enthusiasts,

It is our pleasure to invite you to the 7th edition of our "Business Done Right" Bull Sale, Saturday, March 5, 2022, at our sale facility near Leon, Iowa. We are a family operation just north of Leon in the heart of cow-calf country in southern Iowa. Our Limousin and Lim-Flex seedstock operation began in 1979 and has grown to nearly 600-producing females.

Over the years, we have worked hard to create a quality product and share in our customers' success and while always doing things the right way.

In this offering we have brought you our very best. The bulls presented to you here have withstood the rigors of our stringent selection criteria. This group of 86 bulls consists of both spring yearlings and 18-month-old bulls. Like in years past, the influence of our premier donors, elite herd sires, progressive A.I. program and no "shortcuts" approach is evident in the bulls we are offering.

As you study the offering and evaluate the bulls as they relate to your overall production goals, we ask you to keep in mind the true "value" of a herd bull.

While we as an industry continue to enjoy excellent cattle prices relative to historical averages, the spread in value of genetically superior calves is at an all-time high. Regardless of whether you sell your calves at weaning at a sale barn, run them as yearlings or retain ownership throughout the feeding phase, buyers are becoming more selective as to the types of calves that generate premiums. Factor in the long-term value of the females you retain, and reasons to purchase superior herd bulls becomes evident.

We are confident the bulls in this sale have the inherent genetic ability to sire market topping calves based on the comprehensive data supplied to you in this catalog. So rest assured, the product at hand is exceptional and will come to you at various price levels. Bid with confidence.

It's our goal to make all business transactions with customers a pleasant experience. In addition, all cattle sold are fully guaranteed to the catalog in accordance with the North American Limousin Foundation. Furthermore, if you would like to discuss our sight-unseen purchase program, financial arrangements or trucking plans we are happy to accommodate. As a reminder to both our existing and prospective bull buyers, we encourage you to check out our industry competitive "Linhart Bull Program" incentives that we have in place to stand behind this quality set of bulls.

We look forward to seeing you at the sale. Plan to join us for lunch. If we can be of any assistance to you prior to or during the sale we have an open door policy and welcome all calls and questions. Don't hesitate to give us a call anytime.

Sincerely,

The Linhart Family

Linhart Limousin

SPRING YEARLING BULLS

LOTS 1-58

We are proud to offer this outstanding set of spring yearling bulls. Through our aggressive A.I. and embryo transfer program, we continually push the genetic envelope while using the same common sense approach we know our commercial customers use. While fresh pedigrees and breed-leading EPDs have value in the marketplace, they are of little importance if the bulls themselves are not packed with the convenience traits all true cattleman demand. We feel our program is on the right track, but you, our customers, are the measuring stick. Your feedback is not only welcomed, but appreciated, as we continue to fine tune our program into one capable of assuring our customers remain profitable based in part on the genetics we supply them.

What an exceptional way to lead off this impressive offering! CELL Jeep 1214J combines a notable pedigree, a balanced EPD profile and an eye-catching phenotype. CELL Jeep 1214J is guaranteed to sire fast-growing calves, indicated by a 205-day-weight of 898 lbs. to ratio a 121! His sire, MAGS Firestone 218F, was the 2019 NWSS Grand Champion Limousin bull, and is siring standout progeny across the country. Firestone transmits loose structure, depth of body, muscle expression and do-ability to his progeny. CELL Jeep 1214J is out of a proven 8-year-old donor that we co-own with Edwards Land and Cattle Co.. This female is a daughter of the proven MAGS Winston and out of PCF Elba RP of 512. Phenotypically this herd sire prospect is smoothly patterned, long-bodied, wide-based and truly impressive when set into motion. Aside from his visual advantages, on paper, he presents a set of breed leading EPDs highlighted by ranking in the top 10% for birth weight, top 3% for yearling weight, top 20% for total maternal, top 40% for calving-ease maternal, top 20% for marbling and top 15% for mainstream terminal index. What's more, he is homozygous polled. Don't miss out on your chance to own this remarkable individual that will predictably advance your breeding program to new heights.

This herd sire prospect is an absolute eye-catcher. Stout featured, long-bodied, wide-based and is truly impressive when set into motion. He is sired by CJSL Creed 5042C, the sire responsible for producing exceptional bulls and females that sort to the top of replacement pens across the country. CJSL Creed 5042C does many things right and remains a go-to in many breeding programs. This mating will live in the Limousin history books for a long time. CJSL Creed 5042C is perfectly paired with AUTO Callie 403D and the progeny produced do all the talking needed. AUTO Callie 403D ET was selected Grand Champion Limousin Female at the 2018 All-American Limousin Futurity. This female is an AUTO Power Plus 133B daughter out of the famous AUTO Rebeca 292S donor who has 246 progeny recorded in NALF. AUTO Callie 403D hasn't missed yet and continues to produce great ones. CELL Jupiter 1108] has a set of numbers worth studying, highlighted by ranking in the top 25% for calving-ease direct, top 25% for weaning weight, top 10% for yearling

LINHART LIMOUSIN

PURCHASE INCENTIVE PROGRAM

- Guarantee...one-year unconditional breeding guarantee. We fully stand behind our product.
- Documentation...bulls come complete with ultrasound, performance data, herd health & registration.
- Financing Program...50% down at time of purchase, balance due on delivery.
- Housing...complimentary development until April 15.
- Trucking...we offer free delivery to central points.
- Volume Purchases...buy 5 or more bulls, receive a 5% discount; 10 or more bulls receive a 10% discount.
- Sight-Unseen Purchase Program...you tell us what you're looking for, we'll do our best to meet those needs, and if you're not satisfied when you get your bull(s), you don't own them.

FALL YEARLING BULLS

LOTS 59-86

We are equally excited about this group of stout, well-developed fall yearling bulls. Rest assured, these are not “left-overs” or “picked-throughs.” They are part of our comprehensive plan to provide a variety of genetic combinations in different age brackets. Many of the same cow families and sire groups found in our spring bulls are represented in their fall-born contemporaries. We developed these bulls with longevity in mind and as such, are comfortable they will hold up under tough conditions while providing years of trouble-free service. Equally important, these bulls should sire the kind of calves that cause your neighbors to slow down as they drive by and your buyers to stand at attention when your sale day rolls around. As always, we welcome your questions and concerns and in the event a problem arises when you get your bulls home, we hope we will be the first call you make.

Be sure to have this extra-aged herd sire on your short list sale day! This bull is an absolute standout in the offering. Heavily muscled, ruggedly designed, big-bodied and sound on the move best describes this stud. He is sired by the heavily used SSTO Best Bet 456B, a stylish son of S A V Harvester 038 that has done an excellent job in our program. His dam is a highly productive daughter of PVF Insight 0129. On paper, he comes with a 0.2 birth weight EPD. Visually CELL Highball 0424 is smoothly patterned, long-bodied, wide-based and is truly impressive when set into motion. Bid with confidence, this herd sire prospect does a ton of things right.

“We use Lim-Flex® bulls on our British-based cows because it allows us to achieve our goal of producing a high percentage of cattle that grade Choice, have higher yielding carcasses, while maintaining feed efficiency and uniformity.”

-Erik Roen, Sierra Valley Ranch California

Roen is a profit-minded cattleman who uses Lim-Flex bulls on his 2,000 head cow herd. Roen markets his calves through Superior Livestock Auction. One set of calves averaged 94% Choice or Prime, had greater than a 65% dressing percentage and returned \$117 per head of profit for the feeder.

REFERENCE SIRES

The importance of quality herd bulls, be it in a commercial or seedstock operation, cannot be stressed enough. Herd bull decisions made today influence your program, either positively or negatively, for years to come through daughters retained in the herd.

At Linhart Limousin we have always believed in having the absolute best bull power available in the industry. As such, we have invested heavily over the years to ensure only the best sires walk behind our progressive AI and embryo program.

As you study the bulls offered for sale in this catalog, and as you look over the reference sire listing on the following pages, you will notice the positive influence bulls owned by Linhart or bulls carrying the Linhart moniker, are currently having on our program.

By becoming a Linhart Limousin customer, you are not simply buying a new herd bull, you are buying into our philosophy of continuously striving to improve the sire side of the breeding equation.
