MERCER, ND

RMMR

11th Annual

ACE IN THE HOLE

bull sale

THURSDAY
FEB.10.2022
AT THE RANCH - 1PM CT

Welcome

from Rust MountainView

Just when you think that a year couldn't get any crazier than 2020, here comes 2021! As I have sat here and reflected back on the year and thought about it, I have come to the conclusion that the keyword for 2021 is **PRAISE**. Like in past welcome letters I like sharing about my faith and this year we will look at Psalm 63 and then I will include a few paragraphs from Dr. David Jeremiah's book "When Your World Falls Apart". Let's get started with Psalm 63 verses 1-11 which say the following, ¹ O God, you are my God, earnestly I seek you; my soul thirsts for you, in a dry and weary land where there is no water. ² I have seen you in the sanctuary and beheld your power and your glory. ³ Because your love is better than life, my lips will glorify you. ⁴ I will praise you as long as I live, and in your name I will lift up my hands. ⁵ My soul will be satisfied as with the richest of foods; with singing lips my mouth will praise you. ⁶ On my bed I remember you; I think of you through the watches of the night. ⁷ Because you are my help, I sing in the shadow of your wings. ⁸ My soul clings to you; your right hand upholds me. ⁹ They who seek my life will be destroyed; they will go down to the depths of the earth. ¹⁰ They will be given over to the sword and become food for jackals. ¹¹ But the king will rejoice in God; all who swear by God's name will praise him, while the mouths of liars will be silenced.

What is so cool about this chapter in Psalms is this is David's real life that we are reading about and it is some of the toughest times for him after he has been anointed King of Israel, but yet he **praises** God in these tough times! How does he **praise** him in these tough times you ask? He does it by his lips, hands, memories, and intellects. In one of David's darkest hours, he **Praises** God with his limbs all the way to his mind. What incredible faith David has (because I know that is not the first thing I do when things are tough)! This is what David Jeremiah writes about this time in David's life and how he relates it back to our lives personally.

"David praised God. We find ourselves in deserts or dungeons. Our friends would give us all kinds of advice, but the last thing they might counsel us to do would be to **praise** God. When Job lay suffering with every earthly pleasure striped away, his wife advised him to "curse God and die." But such an attitude is in itself a form of death. It's spiritual suicide. Genuine **praise**, offered stubbornly in the face of adversity, makes no sense by any worldly calculation. That's fine. There are deeper truths that don't "make sense" on the surface of things. The great Christian mathematician Blaise Pascal once said that "the heart has its reasons which the reason does not know." God's rules fly in the face of our logic. When we begin to praise God, not in response to prosperity, but in defiance of misfortune, we align ourselves with the deepest truths of the universe, the place where God dispenses deep wisdom and spiritual maturity. We unleash His victorious power in the world of pain and suffering. We create the environment where miracles occur. And the first miracle occurs inside the mind of the afflicted. Learn to praise God regardless of your personal circumstances, and you'll see miracles occur. Your heart and mind will be renewed. Your perspective will widen panoramically. And your attitude toward God will never be the same."

If you decide you want to take advantage of this opportunity to **Praise** God in all circumstances, no matter where you are spiritually, please talk to one of us at RMVR. It would be a privilege of ours to help start you towards the path of peace, comfort, and **Praise** that our Savior Jesus Christ can provide!

With that being said I will officially invite you to our 11th Annual "Ace In The Hole" Bull Sale. Wow I can hardly believe that we are at our 11th production sale. The years have flown by and as I have looked back on the previous sales from the 1st to the 11th it is unbelievable on the strides our cattle have made! One thing that has stayed consistent and constant is that our bull customers and friends are still the best in the business, hands down! If you are in need of a bull, or just want to show up and enjoy dinner in a positive, friendly environment, and talk with other ranchers, farmers, and business owners about the previous year please do so. One thing I can guarantee is the coffee will be hot and the food will be outstanding (thanks to my wonderful in-law's and their staff at Kyle's Katering)!

With RMVR being in the process of transitioning to an all-embryo bull sale by 2023, (which means all Age Advantage bulls and yearling bulls, will be an embryo calf or the natural calf out of one of our donors by 2023). We are ecstatic about this transition and believe that it will benefit each and every one of our loyal customers. With us making this transition it creates unprecedented uniformity throughout our customer's calf crops by them having an opportunity to buy in volume full brothers, not just half-brothers!

This year will mark the sixth year we will be offering Age Advantage bulls and we are extremely happy with how the process is going and will continue to offer them each and every year going forward. Don't worry if you prefer yearling bulls, we will have you covered there also.

Calving time is an incredible time at the ranch each and every year! We get to see the potential of our new calf crop for next year's bull and female sales, along with God bringing new life onto this earth! We have had some very interesting and exciting conversations with our kids as they have grown up during this time of the year as well! Trust me my kids know where babies come from!! We have taken great time and efforts in choosing our herd sire selections (along with our trusted sales staff helping us with this process), so we can thus produce the most optimal cattle possible for you the customer in volume.

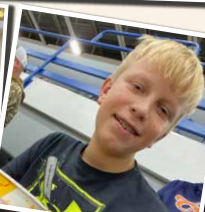

We have really concentrated our efforts on developing our bull program with you, our buyers, in mind. We strive for consistency throughout our bull pen. We are also firm believers that if we can't use them on our commercial cows, we don't sell them. Whether we sell 15 bulls or 150 bulls it doesn't matter to us, QUALITY is king! Selection of the bulls is rigorous, with no exceptions, or excuses made for any bull! My Dad jokes about it often that if he sees the JD Gator in the bull pen driving around that we will be sorting off bulls and banding later in the day, and I have to say that he is fairly accurate with this observation! We are extremely proud of the offering we are bringing to you and are sure there is a bull in our pen that will meet or exceed your expectations! With that in mind we invite you to our home/ranch on Feb 10, 2022 at 1pm CT just north of Mercer, ND for our 11th Annual "Ace In The Hole" bull sale!

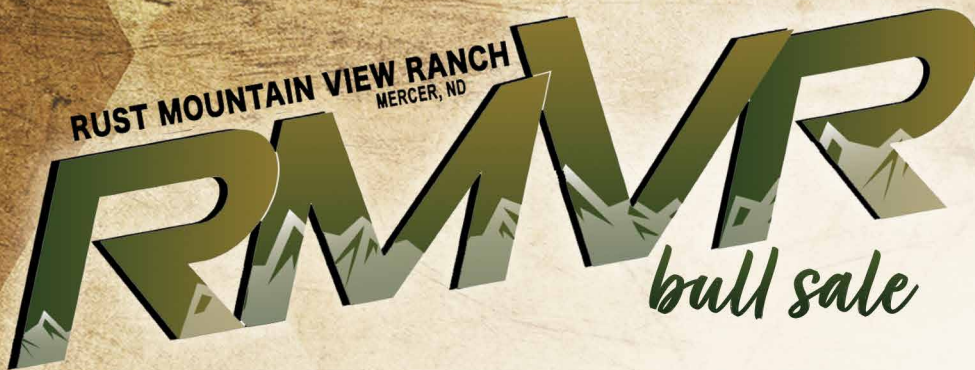

Thank you for taking the time to sit down, read, and view our sale catalog. We truly do appreciate you the customer and your interest in our program. It takes many aspects in a bull sale to make it successful with the number one being the customer. Please at any time let us know how we can better assist you prior to the sale and after the sale. We value your opinions and we will do our very best to try to accommodate your needs and requests to make everyone more profitable and successful!

If you have any questions about the sale offering don't hesitate to call. Or if you are in the area, we always enjoy visitors and would love to give you a tour of the ranch.

Thanks again for your interest in our program! May God bless you in 2022!

FULLY GUARANTEED - We stand behind our bulls. Shall a bull fail to be a satisfactory breeder, he will be replaced with another bull of equal quality or a credit will be given. No refunds.

SEMEN INTERESTS - Rust Mountain View Ranch is retaining 1/3 semen interest in all sale bulls and reserves the right to collect any bulls at their expense and the buyers convenience.

PAYMENT - U.S. Currency only, contact Graham Blagg immediately after the sale to receive wire transfer information.

ANNOUNCEMENTS & SALE TERMS

Announcements made from the auction block during the sale take precedence over printed material in the catalog or other printed material associated with this sale. Anyone attending this sale attends at his or her own risk. Breeders and sale force will not be held responsible for any personal injury for attending this sale. We highly recommend you insure your purchase on sale day, if they stay at our ranch. All cattle sell under the Suggested Terms and Conditions of the American Simmental Association.

EPD'S - The EPD's listed are the most current numbers at the time of print. Please note the EPD's may change from the time the sale catalog is printed until registration papers are transferred.

VIDEOS - Videos on all sale cattle will be available on CCI.Live.com or RustMountainViewRanch.com

1:00pm - 11TH ANNUAL "ACE IN THE HOLE" SALE

Welcome from Bohrson

We can proudly say that we have been working alongside the Rust family for over a decade and this set of bulls is one of the most exceptional we have ever sold of multi breeds and they are coming from a great family program. The Rust family are the type of hard working, passionate Ag producers that you want to do business with not only because they stand behind their product 100% but also they are genuine, good hearted and very sincere people with strong family values. They are some of the very good people in the industry and we encourage you to study this catalogue as the product is there and the people behind that product are even better.

Man have they loaded up for the 2022 Bull Sale with a set of extremely unique pedigrees over 3 different breeds. The Angus division is lead by a truly special bull and the handful on offer have the best maternal bloodlines in the industry including cow families like Madame Pride, Rose, Annie K and Beauty. The Simmentals are heavy on ET calves with a big time set which includes 14 direct sons of 8543U, 10 sons of Harrell Angel 5870C, a pairing from RF Certainly Flirtin 404B sons amongst many more stacked pedigree. New to the bull sale is an awesome set of Charolais bulls from 3 incredible donor females and these guys are designed for profitability.

The Rust family has always put their customers first and the truly go the extra mile and further than anyone we work with to acquire the very best genetics over 3 breeds, in order to serve you, their valued customer. It is an impressive lineup and something they should be proud to offer the industry as they have done a great job sourcing the best in the business and it shows here in this outstanding offering. We encourage you to visit with the Rust family on this offering and if you can't make it sale day, call any of the staff and they'll represent you in a professional manner. See you in Mercer for some awesome hospitality and a stacked set of bulls that'll suit the most critical cattleman's demands.

BOHRSON
MARKETING SERVICES

Best regards,

Scott Bohrson

Welcome from Innovation

Welcome to Mercer, North Dakota, home of Rust Mountain View Ranch; one of the premier multi-breed seedstock providers in the country. The year 2022 welcomes the 11th Annual "Ace in the Hole" bull sale at RMVR. What makes this offering of bulls so unique is the large number of ET flushmate brothers that will highlight the sale. The bulls selling are derived from the most astute and proven cow families that the program has to offer and sired by breed leading AI sires. When RMVR redirected the mechanics of their program in 2020 by converting to a complete embryo transfer based operation, the rationale behind this was to provide larger sire groups that consisted of more full brothers with the commercial producer in mind. Consistency, pay weight, and eye appeal continue to be a driving force in the selection process as all cattle are sold at least one time in their lifetime based on visual appraisal.

Rust Mountain View Ranch continues to add fresh genetics to the foundation of their donor battery through a disciplined selection process. They take their role as your seedstock provided seriously and are fully committed to constantly improving the product that they offer through their annual marketing events. The cow families that support the program consist of the influence from W/C Angel 2870Z, RF Certainly Flirtin 202Z, Miss Werning KP 8543U, RF Scream 215Z, Brooking Beauty 333, Soo Line Rose 1019, SAV Emblynette 1786, Lawson's Chloe C815, and many more influential females of significance within the industry.

The fundamentals will always remain first, and the cattle that call Rust Mountain View Ranch home are required to work for a living if they plan on an extended tenure. The cattle that carry the RMVR prefix have earned this privilege based on their quality and functionality. The same strict culling tactics and selection pressure has been emphasized by RMVR since the program's establishment.

Consider this your personal invitation to join us in rural Mercer, North Dakota, a short scenic drive from the Bismarck Municipal Airport. The offering will be convenient to view any time prior to the sale and we encourage you to come see this set of bulls for yourself; they're worth the trip! If you plan to be in the "Mile High" city for the National Western Stock Show, be sure to stop by the pen in the new stockyards to view the cattle that RMVR has on display. If you have questions about this offering, please do not hesitate to reach out to any of the Rust Family or sale staff prior to the sale to discuss the offering.

Enjoy the cattle,

Graham Blagg

Thank You

Donation

We will again be donating 1.5% of the sale gross to Todd and Kamaya Singer and their ministry. By doing the donation this way everyone has an opportunity in a small way to contribute to their mission. Plus it will help me sleep better at night knowing that I am not the one deciding which bull to donate!

They work for CRU and mentor young men and women at the University of North Dakota in Grand Forks and surrounding colleges. It is a great ministry and this is just a little way that Rust Mountain View Ranch can help. I will have Todd go into more detail about his ministry.

Josh Rust

We are the Todd & Kamaya Singer Family. We currently work with Cru where we get the opportunity to work with college students in and around Grand Forks ND. We have the opportunity to mentor and challenge college students as they grow in their faith and as we share the love of Christ with them! Huge thank you to Rust Mountain View Ranch over the years as they have continued to partner with us in our ministry!

Rust America 1314 Angus Bull

20028358 /// 2021-02-05 /// bw-82 ET /// adj ww-693

Combining 2 of the breeds greats in a package that is so good from phenotype to genotype and a well balanced set of EPD's (top 45% of AAA for CE, BW, WW, Claw, Angle, RE ... many of the important traits for real world). This awesome pedigreed bull is out of the \$1.51M America bull and one of the truly special donors in the industry, Rose 1019. This cross worked big time and we feel this breeding piece can be used in the heifer pen with success and not sacrificing performance at the end. You'll want to keep every single daughter from this bull and the future production could be endless as foot quality, udder structure, soundness and balance is bred into this maternally stacked pedigree. He is a truly special individual and one we are very proud of.

20014894 /// 2021-01-17 /// bw-90 ET /// adj ww-769

Lot 4 & 5 are full ET brothers that are the highest performing Angus bulls at Rust in 2021 and boast large weaning weights at the impressive 770 range. If you want to thicken your wallet and add sheer pay weight to your calf crop, put these 2 on your short list. Not only are these long spined, stout made, heavy muscled herd bulls high performing, they are amongst the best looking bulls to grace the pastures all spring, summer and fall in Mercer as they are standouts. Their donor dam, 907G is a special donor out of the maternally stacked Renovation and the \$71,000 Brooking Beauty 6066 that is out of a full sib to the famous Beauty 333. Confidential is a universal sire that was a genetic explosion when mated with 907G

Rust CFO 220J Simmental Bull

homo polled /// black /// 3870834 /// 2021-02-20 /// bw-85 ET /// adj ww-687

Our 2022 NWSS Simmental Display Bull that will stand beside our Lot 1, Forged Of Fire in Denver. Lot 6, CFO has so much to offer the industry and one that is so intriguing on pedigree and has the look to be a potent breeding piece. His \$120,000 full brother, W/C CEO 005G "VIP" is vastly becoming one of the most popular bulls in the industry. He is an incredible footed, good legged, attractive made bull that is an awesome breeding piece. We feel CFO has all the same qualities and when you lay eyes on him during the NWSS or in Mercer later on, he will be admired for his hair, style and completeness. Here is one of the most unique individuals ever offered at Rust and he will be used heavily in their program moving forward.

Lot 10 & 11 have combined the \$8 million 8543U on the bottom side with the outcross TJ Teardrop 783F on the top side. Teardrop is now deceased and combines EPD's, pedigree and a good look which has escalated him into one of the most popular bulls in the industry. He is also stacked with maternal strength as 38W is one of the top donors at Triangle J. When you combine the full breeding potential of Teardrop on the famous 8543U, the marketing is already done for your next calf crop. Lot 10 and 11 have it all going for them and you're encouraged to study their EPD's as it is a very impressive spread across the board.

Rust Bentley 2 J Simmental Bull

homo polled /// black /// 3870797 /// 2021-01-03 /// bw-95 ET /// adj ww-765

IPU Bentley 81F is a \$92,500 high seller from the highly respected LaBatte program and has been a very strong breeding bull in high demand. RMVR acquired the US interest in 81F and he has been a valuable addition in their herd being used selectively on the very best donors. Lot 12 would be one of the highest performing bulls in the sale with a 765 adj ww and had the middle, muscle and moderation to be a strong herd sire. He is homo polled and has that valuable blaze face that is in high demand to identify the power of the Simmental industry. This 81F x 8543U mating has left the Rust program excellent daughters and sons with Lot 12 being a feature to sell in 2022.

Rust Berwick 6 J Simmental Bull

homo polled /// homo black /// 3870801 /// 2021-01-05 /// bw-87 ET /// adj ww-771

The Berwick x 8543U cross has been big time as a full sister lead the 2021 Rust Female Sale and sold to Udell Cattle Co as the feature lot. The now deceased Berwick is in high demand as his first calf crop has been incredibly popular and has certainly surpassed all expectations after bringing \$109,000 for 1/3 semen interest in the 2020 EOS. With progeny bringin \$150,000, \$38,000, \$32,000 and countless more in the \$20K range, it is evident he is becoming a great breeding piece. When mating Berwick with 8543U, another great cow has been added to the mix to increase predictability and profitability and Lot 14 could have all the fixings to be a great breeding bull for years to come. We are extremely excited about this bull and think he is a truly special outcross individual that can make huge impact on the industry.

Rust Man of War 223J Simmental Bull

homo polled /// homo black /// 3870845 /// 2021-02-21 /// bw-92 ET /// adj ww-693

This homo polled/homo black herd sire is one that has stood out since early on as he has the presence and true herd bull character to be admired. Rust Man Of War 223J is outcross pedigree to the mainstream genetics with Yardley Man Of War B475 having a stacked pedigree yet it being different. Man Of War is one of Gib Yardley's great breeding pieces and he has been used at Rust with endless success and a bull that will be used more into the future. 8543U is one of the most influential donors in the Simmental breed and her success records are endless and it is because of sons like Rust Man Of War 223J who checks off all the major boxes to being a great breeding bull.

homo polled /// homo black /// 3870881 /// 2021-02-16 /// bw-110 ET /// adj ww-711

Lot 16, 17 & 18 are an awesome trio that have combined the very greats from the Simmental and Angus industries. These dudes are the right kind and the type the Rust program strives to replicate to cater to their loyal clientele and this flush was a grand slam. Their sire, SAV America 8018 brought \$1.51M and has been one of the very best Angus bull the breed has ever witnessed siring equally as strong sons as daughters. When you combine the Angus great bull with the Simmental Legend female, 8543U, you have a pedigree you can invest in confidently. These would rank amongst the best flush ever produced at Rust and rightfully so as they wrap phenotype together in a genetic package that has endless possibilities.

Rust Exclusive 1J Simmental Bull

scurred /// black /// 3870802 /// 2021-01-01 /// bw-85 ET /// adj ww-750

The last 8543U yearling bull to be catalogued is amongst one of the very best produced in the 2021 calf crop. When 8543U was mated with KCC1 Exclusive 116E, it truly worked as Exclusive has added more maternal power on top of the already stacked pedigree. His dam, Victoria and grandam, Dolly are 2 of the very best ever to grace the simmental database and are potent breeding pieces that breed so very true. When Exclusive commanded \$240,000 he created great waves and he's done an impressive job siring high quality footed cattle with extra stoutness, hair, style and true simmental dimension. Tie into Rust Exclusive 1J confidently as he is long, big hiped and well muscled with extra natural shape and has that herd bull presence.

Lot 20, 21 & 22 would represent one of the very best flushes created at RMVR and a trio that is extremely impressive throughout. Firstly, their dam is a true great one and could be amongst the best donors ever to grace the pastures in Mercer, ND. She is the dam of the \$65,000 Primetime that sold to Double Bar D amongst many other high selling progeny ... she really doesn't miss. Secondly, their sire, Yardley Man Of War B475 is outcross pedigree and been an awesome breeding bull and amongst his greatest breeding accomplishments are these trio on offer. Thirdly, when analyzing the EPD's and phenotypes of this flush, you can't beat what is on offer here with a flush that is very strong. They're good headed, masculine, soft haired, big topped, long spined, good footed and structurally sound individuals that will take a program to the next level.

Rust Berwick 3J Simmental Bull

homo polled /// homo black /// 3870791 /// 2020-01-04 /// bw-96 ET /// adj ww-839

This Homo/Homo combination is one for the ages as two exceptional breeding pieces have been brought together. POWER is in the blood here and this heavyweight stud has impressed from early on as a standout in the group and one of the truly high quality bulls ever at Rust. It is impressive to have so much raw performance and still have a look about him and he will surely develop into a good looking bull down the road. With Berwick semen in limited supply and him now deceased, here is a son that checks off all the boxes as one of his strongest breeding accomplishments to date. When combined with the famous 5870C, it was destined for greatness and Rust Berwick 3J has not disappointed one little bit.

Rust Remedy 10J Simmental Bull

homo polled /// homo black /// 3870812 /// 2021-02-17 /// bw-97 ET /// adj ww-712

Harrell Angel 5870C will go down as one of the most influential donors every to walk the pastures in Mercer, ND and she is truly special in her ability to consistently produce high quality sons and daughter even when mated to a wide range of sires. She just knows how to get it done and it is a special gift to always give the Rust program something exciting and marketable and Rust Remedy 10J is amongst her strongest sons to date on EPD and phenotype. He hits you hard when you first lay eyes on him and then it begins to be hard to even find a hole in his design as he is so well constructed and valuable in his makeup. On paper, he comes homo/homo and has a great spread from strong birth to good weaning to yearling EPD's. Watch this one closely as he has a bright future ahead and will be used heavily int he Rust program into the future.

Rust Teardrop 9J Simmental Bull

homo polled /// homo black /// 3870814 /// 2021-02-14 /// bw-93 ET /// adj ww-950

Here is one of the most intriguing and valuable individuals that the Rust program has ever produced and he truly is the real deal. 5870C is arguably the best donor in the business with her consistent ability to always produce a high quality product each and every mating. With the heavily intense ET program the Rust manage, they have the ability to kick out multiple incredibly stacked bulls with so much to offer and Teardrop 9J is a true special individual that is incredible in so many ways. This homo/homo special breeding piece has one incredible future ahead and the Rust family will be following him close and utilizing him in their own program. Good looking, stacked pedigree and solid number spread are all in favour for one of the very best bulls to come out of RMVR.

Rust Trustee 320J Simmental Bull

homo polled /// black /// 3870817 /// 2021-02-16 /// bw-114 ET /// adj ww-725

5870C just doesn't stop and it truly is so incredible how she can be mated to so many different sires with consistent success. 5870C is of course the donor dam behind Double Bar D's selection from the Rust 2020 bull sale, the \$65,000 Rust Prime Time. The reports on Prime Time have been very positive early in his career and why wouldn't they be with a stunning cow backing him like Angel 5870C. 5870C also had a high selling daughter last fall to the progressive Mader program and this mating to Trustee has certainly worked. Look to Trustee to continue on his breeding strengths and when 5870C is on the bottom side, you can't go wrong.

Special and one of the coolest bulls you'll find in the 2022 sale season ... agreed, that is a big statement but this stud is truly special and an incredible individual. You can't draw them any better than 202J and he is the exact replica of what Rust strive to make them like. His is masculine headed, erect fronted, long necked, smooth shouldered, level topped, huge ribbed, long spined, heavy muscled, sound footed, hairy and extremely sound structured ... he is exciting in every way and from every angle. He is homo/homo and when you combine 2 of the industry's greats, you have the full potential to make a great one and he truly is that. Those are all big statements above but this one excites everyone that lay eyes on him and he is the type that we all strive to produce. Grab ahold and invest in 202J and lead the way into the future.

Rust Firebrand 161H SimAngus Bull

homo polled /// homo black /// 3750424 /// 2020-06-09 /// bw-77 /// adj ww-690

A Homo/Homo package with the great Firebrand on the top side and the cornerstone genetics that assisted in building Rust program over the years on the bottom side, Commissioner and M68 on the bottom side. Not only does lot 37 replicate his awesome sire, Firebrand in the way he looks but he also has the stats that read so well to propel a program forward. One of the very top SimAngus bulls int he offering.

Rust Bentley 147H Simmental Bull

homo polled /// homo black /// 3750381 /// 2020-05-27 /// bw-82 ET /// adj ww-660

A guy could write a novel on the greatness of 5870C and how she is one of the very best females ever utilized at the Rust herd. She is awesome and has this standout extra-age bull along with producing Lots 20-28 and you can see her incredible opportunity to produce, no matter what range of bull she is bred to. One of the true sale features and an awesome individual overall is Lot 39, he was so good from early on and has never looked back, the Rust family is very proud to have raised this feature.

Rust Patriot 153H Simmental Bull

homo polled /// homo black /// 3750417 /// 2020-05-31 /// bw-92 /// adj ww-816

Lot 40's dam, Muirheads 410B NLC 74E is a highly respected donor and one that is so neat in her make while being different pedigreed. She continually knocks it out with every calf produced and Lot 40 could be amongst her best to date. This high performing bull naturally weaned off his donor dam at 816 lbs. He is homo/homo and has a tonne to offer and one that will add power and maternal to a cowherd.

Rust Finnigan 143H Simmental Bull

homo polled /// red /// 3750419 /// 2020-05-25 /// bw-94 /// adj ww-973

This is a personal favourite of the Rust crew and rightfully so as he is an incredible bull and true special breeding piece that they've been following closely since birth. He is outcross pedigreed and still has serious cow power yet being different pedigree than the mainstream. The Royal Treasure female produced a high selling female at FNL and is a big time female. His sire, Finnigan has stamped his progeny much like himself with awesome fronts, sound made, athletic and extra long spined. Lot 50 is good looking with a strong pedigree PLUS has EPD's out of this world to back him up ... check out his adj WW, it solidifies the power and strength in this breeding bull.

What a flush and if you could see the full sisters that sold last fall, you'd confidently invest in these genetics with the utmost amount of confidence. Good looking, hairy, high performing and cut the way you'd want with an ideal phenotype that has been bred into them. This is a remarkable opportunity to add predictable genetics that have the muscle and maternal to raise equally strong sons as daughters. His sire, DCR Mr Substance A240 is an attractive and high performance individual that has crossed ideally with 267Z and the 4 bulls on offer are special breeding pieces. As consistent as this flush is, there is a specific bull that has an incredible future and whether it be showing, breeding pasture, AI stud or beyond, he could certainly take the industry forward as he is one of the best ever born at RMVR of any breed.

Here is a couple Firewater ET sons out of the famous HC Rhinestone 5100 donor that has left a positive impact on the Charolais breed. Like everything that the Rust approach of any breed, they buy the best genetics you can find and always build on the greatest cow families possible. HC Rhinestone 5100 is the outstanding dam of AI bulls, RMB Fargo Y111 and RBMTR Rhinestone who have been exceptional breeding bulls in the industry. With Fire Water needing no introduction, you have an outstanding pedigree on both sides and a pairing of bulls that combine good looks, masculinity, structural soundness and ideal phenotypes in a highly marketable package.

Rust Mountain View Ranch Aggressive Incentive Program

To qualify for this Aggressive Incentive Program the individual or ranch must meet the following criteria.

- Bulls individuals purchase price must exceed \$3,250 per bull. For example, buy 3 bulls above \$3,250 per each bull and you will receive a 4% discount. If you buy 4 bulls and 3 are above \$3,250 each but the 4th bull is purchased at \$3,000 you will receive the 4% discount on the 3 bulls, but the 4th bull would not qualify for a discount.
- All purchases must go to the same individual or ranch. Bulls can not be lumped together between neighbors or friends.
- At any time Rust Mountain View Ranch believes this Aggressive Incentive Program is being abused by any individual or ranch, the Incentive Program will no longer apply to that individual or ranch.

- 3 Bulls – 4% Discount
- 4 Bulls – 5% Discount
- 5 Bulls – 6% Discount
- 6 Bulls – 7% Discount
- 7 Bulls – 8% Discount
- 8 Bulls – 9% Discount
- 9 Bulls – 10% Discount
- 10 Bulls Plus – 15% Discount

DIRECTIONS

836 7th Ave NW, Mercer ND 58559

From Mercer, ND:

- Go 3 miles north on only paved road heading north which is Highway #33.
- On east side of the road you will see a sign that says Rust Mountain View Ranch turn east there on gravel road and go 1.5 miles to a T in road.
- There you will see a house a quarter mile to the north and that is the yard.
- Visit the website 'Contact Us' Page for a Google Map of the location
