**Please bring this sale book  
with you sale day.**

For Bidding Instructions See Page 96.

**SIGHT UNSEEN BUYERS PROGRAM:**

If you cannot attend the sale and want  
to purchase bulls, please give us a call. We will be glad to help you with your order. We  
guarantee 100% satisfaction on all orders.

**TRUCKING:**

Free delivery up to 500 miles with total purchase of \$3,500 or more. There  
is also free nationwide delivery with a total purchase over \$5,000. \$100 discount/bull if  
you pick up on sale day. Haul your neighbor's bull home and get \$100/head discount on  
them.

**HEALTH:**

Interstate health papers are furnished on all cattle selling.

**INTEREST:**

Coleman Angus is retaining one-half revenue sharing  
semen interest in every bull selling in this sale. Full possession and full salvage value sells  
on all bulls.

**SALE ORDER:**

Bulls will sell in numerical order.

**TERMS & CONDITIONS:**

Cattle will sell under the suggested Terms and Conditions  
of the American Angus Association ([http://www.angus.org/Pub/suggested\\_sale\\_terms.pdf](http://www.angus.org/Pub/suggested_sale_terms.pdf)).

Announcements from the block will take precedence over information in the sale book.

**VOLUME BULL DISCOUNT**

5 bulls 5% - 6 bulls 6% - Up to 10 bulls at 10%

**FIRST BREEDING SEASON GUARANTEE:**

We offer a full breeding season guarantee for any injury that would keep the bull from  
being a breeder for the first breeding season. If a problem occurs, we will give you  
a suitable replacement or you will receive full credit, minus the salvage value of the  
original bull, toward another purchase in next year's sale. The bulls that sell have passed  
a breeding soundness exam. We require that you notify the seller of the bull in case of  
injury. We also reserve the right to a second opinion by a veterinarian of our choice. In the  
situation where we need to bring the bull back to the ranch after delivery for our vet to  
examine, it's the buyer's responsibility to get the bull back to our ranch at their expense.  
We will pay to have our vet examine the bull again, if he passes the exam, it's the buyer's  
responsibility to come pick up the bull at our ranch at their expense.

**PERFORMANCE INFORMATION:**

RATIOS: All ratios are within contemporary groups.

PATHFINDER® Sires and Dams are indicated by the # sign.

FERTILITY: The bulls will have a breeding soundness exam and fertility test by Dr. Leroy  
Hoversland. Scrotal measurements will be available sale day.

**ACCOMMODATIONS:**

C'Mon Inn \_\_\_\_\_ (406) 543-4600

Wingate \_\_\_\_\_ (406) 541-8000

Stone Creek Lodge \_\_\_\_\_ (406) 541-3600

**TRANSPORTATION:**

Commercial air travel is available to Missoula Airport (MSO) via  
United, Delta, American, and Alaska Airlines.

Dear Cattlemen,

It is a pleasure to welcome you to our upcoming Coleman Angus Annual Performance-Tested Bull Sale. Bull sale time is one of our favorite times of the year. We look forward to seeing our customers and friends, along with meeting some new customers and getting to know you and more about your operation. One of our goals is to make sure that these bulls go out and work for you. It is something we take very seriously. Our program is totally committed to the commercial cowman. Every mating we make is designed to leave bulls that will work for you and make your ranch profitable.

As you study the EPDs and data in this sale book, you can see that we are committed to raising cattle that are balanced. This is particularly important in today's world of big-framed, extended-growth, high-carcass cattle that will not make momma cows. In the end, it is you, the commercial cowman, that suffers when you try to make these cattle work in the real cattle world. Sad to say, there are many terminal cattle out there today.

This is the most powerful and consistent set of bulls that we have ever sold. These bulls are designed with extra thickness, fleshing ability, length and will keep their condition while breeding your cows. They are the "Cowboy's Kind."

These bulls have been developed on a high-roughage ration for moderate gain. It is our goal to have these bulls remain sound, problem free and to become long-term genetic contributors to the herds that they go into. Our fall bulls, after weaning, run on grass all summer with no supplements. We believe that this is the best and soundest way to develop bulls. After weaning the spring bulls, we bring the fall bulls into the feedlot with them. The bulls are never pushed hard, we feed them to gain 3#s per day. The quickest way to ruin a bull is to feed it too much. They may look really good on sale day, and also when you turn them out, but it is only a matter of time before their feet and legs start going bad.

It has been good to get data back from our customers on their calves in the feedlots and on the rail. Consistently, calves sired by our bulls have been the most profitable sets of calves in those feedlots and on the rail. We know that our bulls will leave a top set of replacement females, and it is especially nice to hear that they will be at the top end in all segments of the industry. We have had many customers tell us about the extra years they are getting out of their Coleman bulls. It puts money in their pockets. We believe that it all starts with the mother cow. We sort our cows hard for economically sound traits: longevity, fertility, efficiency, fleshing ability, disposition, udder quality, and structural soundness. We would welcome anyone to come and see the cows that these bulls are out of. We know that if you are keeping replacement females, it is vital that you look at the mothers to the bulls. Many of the bulls selling have photos of the mothers in the sale book. A large number of these bulls are from our embryo program and these bulls are backed by generations of highly productive females that have stood the test of time.

We will, once again, be offering many full brothers, three-quarter brothers, and half-brothers. The easiest way to get consistency in your cowherd is to buy bulls that are bred alike. We have had great feedback from our customers that have bought these full brothers about how consistent their calf crop is and the consistency in the daughters they have retained in their herd.

Please note that there is free nationwide delivery on all of the bulls selling; \$100 discount per bull if you pick it up on sale day. Haul your neighbor's bulls home and get \$100/head discount on them. We will start delivering the bulls the middle of March. We also offer a first breeding season guarantee on the bulls against anything. You do not need to purchase insurance on them, just let us know if there is any problem and we will take care of it. We feel it is the best guarantee in the business. Our goal is to treat you like we would want to be treated if a problem ever occurred. Make sure and visit with us about it if you are not aware of it. Look at the inside front cover for more information. We also offer a volume discount on the bulls: 5% on 5 bulls bought, 6% on 6 and up to 10% on 10 or more bulls bought.

It has been a pleasure hearing all of the positive feedback on our bulls. We look forward to seeing you all on sale day. Please feel free to call on us with any questions. Videos of the bulls are available to look at on our YouTube channel [www.youtube.com/user/colemanangusranch](http://www.youtube.com/user/colemanangusranch). Sale will be live on Superior Livestock Productions and DV Auction. Information is in the catalog to get registered for those unable to make it to the sale. Check our website at [www.colemanangus.com](http://www.colemanangus.com) as we get closer to the sale date, we will have the update sheet on there. Check us out on Facebook also. There are lots of new photos, videos of the bulls, family, and what is happening on our ranch.

Thanks,  
Larry & Dee Coleman  
Jeremy & Jenny Haag

## Coleman Angus – Where Maternal Matters

At Coleman Angus, maternal matters. Our philosophy in breeding Angus cattle has always been to focus on the mother cow. The mother cow makes the difference in everything we do in this industry. The Coleman Angus program was built the old-fashioned way, in the pasture where maternal is measured by production records, calving intervals, udder quality, mature size, longevity, fertility, and Pathfinder\* status. We don't believe in throwing computer-generated numbers out there to confuse or mislead you, we believe in "real world" data.

We breed our cows to raise big calves who rebreed on time and to do this for years. We place emphasis on these desired traits for both seedstock and commercial cattlemen, and these desired traits continue to be a part of the Coleman Angus Maternal Plus Program. Our program places emphasis on the \$M Index, an index for commercial cattlemen and breeders alike. The \$M Index incorporates the following traits and data collected at Coleman Angus: CED, BW, WW, CEM, Milk, MW, Docility, Heifer Pregnancy, Foot Scores (both claw and angle foot scores).

If you sell your cattle at weaning or retain heifers, we recommend that you take a look at the \$M Index on this set of bulls.

## COLEMAN 2024 BULL SALE FACTS

**COLEMAN DONNA 040**

THIS PHOTO TAKEN AT 11 YEARS OF AGE

Coleman Donna 040 is the #1 cow in AHIR at American Angus Association for \$M that is a Pathfinder® and 14 years of age or older.

## The Real \$ Value for Commercial Cattlemen

### MATERNAL WEANED CALF VALUE (\$M) – THE REAL \$ VALUE

\$M is the most maternally focused selection index currently available to Angus members and commercial users of Angus genetics. \$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning. \$M places greater emphasis on the cost side of commercial cow calf production than any other tool available in the past. Increased selection pressure on \$M aims to decrease overall mature cow size while maintaining weaning weights consistent with today's production.

## HAND SHAKE GUARANTEE

We may be a little old fashioned but we still believe in a good old "Hand Shake" as our guarantee. We stand behind our program and these bulls 100%, if there's any problem at all in the first breeding season, even death, these bulls are fully guaranteed. We don't ask you to buy insurance, we believe it's our responsibility to stand behind our product. We do understand that sometimes accidents can happen, it's very simple, please give us a call, and we will make it right. Look on the Inside Front Cover about our First Season Breeding Guarantee.

- Coleman Triumph 9145 is among one of the most popular sires in the industry. He was selected as the top-selling bull of the 2020 Coleman Angus Fall Production Sale at \$225,000 by Rust Mountain and has gained the attention of cattlemen across the Northern Hemisphere. He sires cattle with tremendous phenotype, added depth of body with exceptional width of base from front to rear. His offspring have a notch more scale and perform with the best of the genetics in our industry.
- His mother, Chloe C815, has established herself as one of the really good producing females in the Coleman herd. She produced, the last four years, the top-selling females in the fall production sales.
- The 2024 Coleman Angus Bull Sale will be highlighted by 11 direct Triumph progeny selling.

- Owned with Sandford Ranches, TX
- Coleman Poncho 9426 is the \$110,000 top-selling bull of the 2021 Coleman Angus Fall Production Sale to Sandford Ranch of Texas. He is an impressive individual that models himself after his famous sire. His unique combination of muscle and calving ease along with added body is a hard combination to find in the cattle industry.
- Poncho's powerful dam is the #1 \$M daughter of Renown 3439 in AHIR at American Angus Association. She has a progeny production record of BR 1@90, WR 1@108, and YR 1@108. Poncho will add width of base, volume, and muscle to bigger outlined cattle that need a little more dimension and in a calving ease package.
- The 2024 Coleman Angus Bull Sale will be highlighted by 4 direct Poncho progeny selling.

- Coleman Playmaker, a featured member of GENEX Beef AI Stud, is an ultra-low birth weight bull that is sure shot calving ease. Playmaker has the unique combination of low birth with tremendous muscle and shape. He has true Aberdeen breed character with added balance and quality. His daughters are some of the high-ratioing cattle in the Coleman program.
- Coleman Donna 714, his mother, is the all-time, high income-producing cow in the Coleman herd; she has as much influence as any in the program, and maternal brothers to Playmaker include: Bravo, Rock, Summitt, and Resolve.
- The 2024 Coleman Angus Bull Sale will offer 2 calving-ease sons of Playmaker.

- Coleman Rio 2526 is a rugged, powerfully built, high-performance bull with tons of muscle from the outcross genetics of South America. He is a unique individual for his body mass combined with a double-digit CED, negative birth with combination which makes him a valuable asset to seedstock and commercial cattlemen alike.
- His highly productive dam has a progeny production record of BR 3@96, WR 3@101, YW 3@104 with one daughter in production with a nursing ratio of 107. She was a feature in the fall sale and had a full sib to this bull at her side that was excellent.

- A featured heifer bull with built in high \$M genetics from the Rita family.
- His dam has a progeny production record of BR 1@90.

“

“Hello Larry, we just shipped our heifers and steers. The Bravos and Summits are as good as we have had in a long time. Steers weighed 635, and heifers 600, April calves. The Bravos and Summits were weighing 670-685. Will get you a video on those heifers, they are as good as I have seen in a long time. We will be using those bulls again.  
Thanks  
Jeff Harwood  
Geysler, Montana

### THE KEY TO THE PUZZLE = BALANCE

It's the hardest thing to keep in the front of our minds. We always want to think that bigger is better, or we buy bulls based on spread EPD's, or we choose a bull because he has one trait that really stands out. We've all been guilty of it, but the real key is "balance" the ones that do all things well. I really believe that this is one of the hardest, if not the hardest, hurdle in breeding cattle. If we stay focused on this, it will make us more profitable and better cattle breeders.

*Deichmann Livestock commitment to  
Coleman Angus customers...Marketing Results.*

---

Increased value per head has been our commitment and continues to be every time we write a feeder contract to a Coleman Angus customer. Markets and marketing conditions change but the high quality calves and yearlings that cattle feeders are looking for does not. Our feeding clientele expect a premium product delivered to them, and every time we send feeders sired by Coleman bulls, they get exactly that. Coleman genetics fill the bill for premium quality feeder cattle. This program has a proven track record with our customers, and they offer the best bull sale warranty in the business.

If you are new to the Coleman's program, please take time to walk through the pens sale day or visit the ranch and study the bulls they're producing. As repeat customers know, you come to Coleman's and expect to see the predictable genetic base, high performance, and the kind of bulls you have come to count on. Feel free to contact us when you're wanting to contract, when you're interested in what the markets are doing, and especially to visit about the bulls. If we can assist with your selections, or you want to use our guaranteed sight-unseen purchase program, give us a call.

We look forward to seeing you at the Coleman Bull Sale.

Sincerely,  
Dan Deichmann  
Deichmann Livestock Brokerage

### • SELLING 1/3 INTEREST AND NO POSSESSION.

- Owned with Sandford Ranches, Greenwood, TX.
- A potential sale topper and major sale feature of the 2024 sale season is the opportunity to acquire an outcross sire with built-in marketing power. Palermo has as good of a phenotype as you can find. He is a bull with tremendous body depth with a huge, square hip and great hind leg in an attractive sound-structured package with ideal feet.
- Palermo is a bull sired by the two-time Palermo Champion, Serrucho, and stems back to Fontana 7567, a cow they call "Tank" in Argentina because of her volume, mass, and dimension. This outcross pedigree still has the fundamental breeding tools we use here at the ranch that work for seedstock and commercial cattlemen alike.
- South America, a full brother, is a heavily used sire in our program that has been locked down on semen sales and has caught the attention of cattlemen around the world. He has sold 44 progeny in Coleman sales that have taken in \$1,269,500 and averaged \$28,852.

SPECIAL THANKS TO SANTIAGO DEBERNARDI AND SOUTH AMERICAN VISITORS. IT WAS A GREAT DAY!

- His dam, Coleman Chloe 141, has a progeny production record of BR 1@99, WR 1@111 and is a full sister to past features that include GPS and Navigation.

COLEMAN GPS 147 – A FULL BROTHER TO THE DAM OF LOT 108.

COLEMAN NAVIGATION 144 – A FULL BROTHER TO THE DAM OF LOT 108.

“Coleman Angus bulls have made a positive impact on our cowherd. Their moderated framed, muscular bulls are easy fleshing, taking little winter feed and have good quite dispositions. When we sorted our replacement heifers, 75% of those retained were sired by Coleman bulls. They are high volume, easy fleshing females that will make moderate framed cows that we appreciate in our family operation. We plan to add more Coleman bulls this year. They are the kind of bulls that will help keep our program profitable.”

Clyde Brewer III

- **TOP 10% \$M.**
- Maternal brother to Mendoza, Big Country, and Game Changer by Coleman Galactic 1164. Here is a bull bred with tremendous performance and power. He has balanced traits across the board from a highly productive female.
- His Pathfinder dam, Coleman Donna 5247, is a legendary dam and has a progeny production record of BR 5@95, WR 5@109, YR 4@111, %IMF 1@101, UREA 1@101 with one daughter in production with an average nursing ratio of 109.

“Coleman bulls have worked well on our ranch. We purchased two bulls sight unseen in 2005 and were so happy with the performance they show, that we bought seven bulls the next spring. The bulls have proven to work at 7,000 ft in irrigated pastures. They are versatile, functional, and easy-keeping bulls that do their job in a variety of pasture situations. Thanks Coleman Angus.”  
 Ryan Malone  
 Three Peaks Ranch, Montana

“We purchased our first bulls in 2010 and have bought 18 since. We have been very happy with the bulls. We run up to 7,000 feet in tough rugged environment, bulls have held up very well, have had no PAP problems, easy to handle, really like their daughters, and the bulls have always kept their condition very well. We will be back again. We really appreciate your dedication to the mother cow in your program. Thanks  
 John Dooling

- Coleman Double Down 3196 is as good as it gets. He possesses true calving ease with an explosive muscle pattern. Coleman Full Deck is the first bull since Charlo that can change cattle and make them in a moderate, easy-fleshing package while still packing the performance and calving ease together. He is a true outlier in this year's event.
- His productive two-year-old dam, Coleman Blossom 1103, is a maternal sister to PM Executive Decision, a bull we used recently, and have seen the same kind of muscle shape Double Down has. She has a progeny production record of BR 1@99, WR 1@117.

- Coleman Gravity 3239 proudly represents what we strive for at Coleman Angus. This bull has breathtaking phenotype in a high-performance, easy-fleshing package with maternal genetics generation after generation. He has an impressive 205-day weight of 830 lbs. and weaning ratio of 108.
- His productive dam has a progeny production record of WR 3@107, YR 2@104 and is a maternal sister to Soo Line Motive.

### THE MOTHER COW

We believe that it all starts with the mother cow. There is a big difference between a good cow and a great cow. A great breeding bull is known because they “stamp” their calves. It’s the same with a great cow; she should be able to “stamp” her calves regardless of who the sire is. They calve early each year, bring in a big calf at weaning, gentle with beautiful udders. Then you see that their daughters are doing the same thing. These are the ones that make a ranch profitable. We have seen a tremendous increase in quality and consistency of our cowherd. This is the result from the large groups of females that are half, three quarter, and full sisters. Consistency is one of the most profitable traits that make the difference between a good calf crop and a great one.

SOO LINE MOTIVE 9016 – MATERNAL BROTHER TO THE DAM OF LOT 115.

# TRADEMARK SONS IN A CALVING-EASE, HIGH-PERFORMANCE PACKAGE

- A maternal superstar with a stacked pedigree blending Trademark and Coleman Eriskay 291 into a powerful genetic package. This double-digit, calving-ease direct, negative-birth \$M bull reads with balanced traits across the board.
- Coleman Eriskay 291, his dam, has a progeny production record of BR 8@88, WR 8@105, YR 8@103; she has four daughters in production with an average nursing ratio of 102 and is the dam of Coleman Navigator 614.

- An impressive individual that puts it all together with calving ease, performance, and phenotype. He is a son of the GENEX Beef AI sire, J Trademark 1037, back to the foundation Eriskay family.
- His productive dam has a progeny production record of BR 8@88, WR 8@105, YR 8@103 with four daughters in production with an average nursing ratio of 102 and is the mother of Coleman Navigator 614.

“

“For the past 8 years, we have been purchasing Coleman Bulls. We started buying these bulls because we believe that the fastest way to improve cow herd genetics is through bull selection. Our goal was to create the perfect cow herd, one that is uniform, flourishes on grass with lower feed intake, is maternal, and takes care of herself as well as her calf. For the past decade, our calf crop has been marketed through a grass finished program. We have discovered that Coleman genetics was the perfect fit for this market given the early maturing easy fleshing characteristics of their genetic base. The carcass traits for our forage finished calves continue to stand out in the marketplace. Coleman bulls have improved our cattle grading choice, on average of 20-40% better than the industry average on forage.”

### THE KEY TO THE PUZZLE = BALANCE

*It's the hardest thing to keep in the front of our minds. We always want to think that bigger is better, or we buy bulls based on spread EPD's, or we choose a bull because he has one trait that really stands out. We've all been guilty of it, but the real key is "balance" the ones that do all things well. I really believe that this is one of the hardest, if not the hardest, hurdle in breeding cattle. If we stay focused on this, it will make us more profitable and better cattle breeders.*

**LAWSONS CHLOE C815** – DAM OF LOT 145.

72	800	1221	1-104	12	-0.7	79	133	1.22	25

- A calving-ease bull with tremendous spread from birth to yearling with added shape and muscle in a powerful package.
- His dam has a progeny production record of BR 1@90, WR 1@104 and is a full sister to Triumph, while his grandmother has generated \$1,704,500 on 56 head to average \$30,438 in past Coleman Angus sales.

“We have been very impressed with how your bulls have held up for us. We run in dry foothills and mountains of Eastern Washington with 8-11 inches of annual precipitation all on open range land and no irrigated pastures. Your bulls have worked so well and held their condition so well that we are able to use them both in our spring herd and fall herds through the winter. Your bulls produce thick calves with heavy weaning weights and keep on performing when we retain ownership. We consistently see 90% or better Prime and Choice carcasses also. We have been impressed enough to have collected a couple of the bulls and have AI'd several hundred cows to them, and those half-sisters are making phenomenal cows in our herd. Thanks Coleman.”  
 Cass Gebbers – Gebbers Farms  
 Brewster, Washington

COLEMAN HONDO 022 – FULL BROTHER TO THE DAM OF LOT 175.

### TIME WELL SPENT

I've always felt that the most important key in selecting your bull battery is to spend a day visiting and looking at the cowherd or cowherds where you buy your bulls. If you like the cows and the management of them, that's where you need to be buying your bulls. Its pretty simple, bulls produce daughters like their mothers and grandmothers.

**• FOR REFERENCE ONLY.**

- Coleman Resource 708 is the newest addition to our herd sire battery and a bull that has proven himself the old-fashioned way and became a visitor favorite this summer by many. He has done a tremendous job in the Gaugler Angus Ranch program in Montana. His daughters at Gaugler have beautiful udders, are easy fleshing with perfect structure and feet coupled with excellent calving easy, extra muscle shape, and wonderful maternal strengths. This bull exemplifies the days when a bull did it the old-fashioned way and were recognized by just their tattoo number, so we call him 708.
- He is a son of Resource 1441 and brings the best of the 707 lineage to the front of the pedigree. He is by a daughter of Coleman Manning 0299 and back to the \$93,000 record-selling Coleman Donna 005, who is a daughter of the outcross sire, N Bar Shadow X4124, and the \$200,000 Coleman Donna 386.

## % COLEMAN ANGUS

COLEMAN PLATINUM 2622 – REFERENCE SIRE V.

### • FOR REFERENCE ONLY.

- Owned with TK Angus, NE and Arrowsmith Red Angus, NE.
- Coleman Platinum 2622 is one of the best bulls ever produced in the history of Coleman Angus. He was the high-selling bull of the 2023 Your Maternal Source Sale at one-half interest for \$170,000 to TK Angus and Arrowsmith Red Angus of Nebraska. He has been a standout since day one and proudly represents as his mother's second natural calf. He is a son of the \$480,000 Coleman Rock 7200 back to the all-time, record-selling Coleman Chloe 9275.
- He presents tremendous depth of body with loads of muscle and masculinity in an extremely sound-structured, herd bull package. He had an individual birth ratio of 95, weaning ratio of 123, and stems from a dam that records BR 2@90, WR 2@117, YR 1@121.

COLEMAN WORLD WIDE 2562 – REFERENCE SIRE W.

### • FOR REFERENCE ONLY.

- Owned with Jocko Valley Ranch, MT.
- Coleman World Wide 2562 is one of the greatest breeding accomplishments in the history of Coleman Angus. He was the \$90,000 one-half interest second top-selling bull of the 2023 Your Maternal Source Sale going to Jocko Valley of Montana. He has a spectacular look with added length of body and tremendous rib shape in a smooth, attractive package—combine this with the calving ease of -2.0 and +14 CED into a high-performance combo with an outcross pedigree, and this bull has every opportunity to sell as much semen as any bull in America.
- Coleman Donna 7221, his dam, was the \$140,000 one-half interest for a \$280,000 valuation, top-selling fall pair of the 2022 fall production sale going to K & M Cattle of Indiana. Through the same event, she produced the \$51,000 top-selling bred heifer going to Stacey Roberts of North Dakota, Coleman Donna 1156.

COLEMAN DONNA 7221 – DAM OF REFERENCE SIRE W.

## REFERENCE SIRES %

### • FOR REFERENCE ONLY.

- Owned with Select Sires, OH and Southern Cattle, FL. Coleman Easy Decision 1539 was the \$135,000 second, high-selling bull of the 2023 spring bull sale selected by Select Sires, Inc. and Southern Cattle Co.
- This elite, calving-ease sire is negative birth and a sure shot heifer bull backed by five generations of Pathfinder dams with calving-ease genetics. His mother is a feature in the Coleman Angus program and has a progeny production record of BR 4@90, WR 4@113, YR 3@114. He stems from a Pathfinder grandmother that records BR 6@93, WR 6@108, YR 6@107, with two daughters in production with an average nursing ratio of 108.
- This outstanding individual reads with tremendous eye appeal and balance in a fault-free, high-quality package. He is backed by generation after generation of high-maternal, easy-fleshing females that have withstood the test of time in the Coleman program.

### • FOR REFERENCE ONLY.

- Owned with Gaugler Angus, MT
- Coleman Mission 1447 was the \$55,000 feature in the 2023 bull sale going to Gaugler Angus in Judith Gap, Montana. Mission was as popular as any in our spring bull sale. He has exceptional phenotype in a moderate, low-input package with added muscle shape and body. He is a son of the Pathfinder Sire, Coleman Charlo 0256, back to the dam of the record-selling Coleman Glacier 041, Coleman Donna 439.
- His Pathfinder dam, Coleman Donna 439, is as good of producer that there is in the program with a progeny production record of BR 6@92, WR 6@106, YR 5@106; she is a model Angus cow with a beautiful udder, a wonderful maternal design, and one of the top income-producing females on the ranch. Coleman Donna 439 also produced the top-selling heifer calf of the 2022 Your Maternal Source Fall Female Sale, Coleman Donna 264, and the top two-year-old, spring-selling pair, Coleman Donna 046.

- **FOR REFERENCE ONLY.**
- Owned with Voss Angus, IA.
- Coleman Arrowhead 235 was the third top-selling bull of the 2023 Coleman Angus Spring Bull Sale at \$125,000 to Voss Angus of Dexter, Iowa. Arrowhead is as impressive of a Charlo son ever to be born at the ranch. He is loaded with three-dimensional shape, tons of muscle, and added depth of body in a beautifully designed, bigger-scaled package.
- Coleman Chloe 9275, his dam, was the record-selling female of the 2021 Your Maternal Source Sale and sold for one-half interest at \$375,000 for a \$750,000 valuation to Voss Angus of Dexter, Iowa. Coleman Chloe 9275 is as good of three-year-old as you can find and has a progeny production record of BR 2@90, WR 2@117, and YR 1@121. She is also a full sister to the record-selling Coleman Triumph 9145 and an array of top-selling full sisters; her progeny includes the \$40,000 Coleman Mahomes 2216 and the \$20,500 Coleman Kelce 226.

COLEMAN CHLOE 9275 – DAM OF REFERENCE SIRE Z.

## BIDDING OPTIONS – IN PERSON, PHONE, ONLINE

### LIVE AND IN PERSON

There is nothing like being at a Coleman Angus sale. The opportunity to view the cattle, see old friends, meet new folks, enjoy the stunning views, and enjoy some really good hospitality as well as purchase some cattle that you need and want to take your program to the next level. We all hope you can join us but if you can't make it, we offer numerous other ways to purchase cattle with convenience.

### CALL IN PRE ORDERS PRIOR TO THE SALE

Buyers unable to attend the sale may call in or text prior to sale day to Larry Coleman (406) 240-2751 or Jeremy Haag (406) 833-0117. If you would like to discuss the sale offering, call us and describe your needs and budget and we can help you select the genetics that will fit your program. We can bid on an animal for you and you will pay only the bid price established by the auction. Bids are handled confidentially with satisfaction guaranteed on all orders.

### REAL TIME PHONE BIDDING

Buyers unable to attend the sale in person may call in prior to the sale to Larry Coleman (406) 240-2751 or Jeremy Haag (406) 833-0117 to be on the phone during the sale with one of us. We can bid on an animal for you and you will only pay the bid price established by the auction. Bids will be handled confidentially and with the upmost integrity, along with our satisfaction guarantee on all orders.

### ONLINE BIDDING

#### VIEWING THE AUCTION ONLINE

The auction will be broadcast online at **Bid. SuperiorLivestock.com** and the pre-recorded videos will also be hosted there prior to and on sale day. You do not need an account or login just to watch the auction.

#### ONLINE BIDDING

Go to Bid.SuperiorLivestock.com for Superior's new online bidding platform. If you have not registered there before you will need to create an account if you wish to bid (there is no registration required just to watch the auction). Once you have created an account, request a buyer number and you will then be able to bid online with the largest and most trusted cattle marketing entity in North America. Superior's new platform allows you to see both the live stream of the auction AND the pre-recorded videos on one screen at the same time!

To Register visit [www.DVAuction.com](http://www.DVAuction.com)

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tag
2. Apply for bidding approval by clicking the "details" tab at least 24 hours prior to the auction.
3. Tune in for the sale and make your purchases

For general questions, please contact our office: 402-316-5460, [support@dvauction.com](mailto:support@dvauction.com) or Jay Rost (406)978-2124
