COLEMAN ANGUS

YOUR MATERNAL SOURCE

Please consider this your personal invitation to join us at the ranch for our annual **“Your Maternal Source Female Sale”**. We have been very privileged to have many visitors this past year, and we would like to thank each and every one that has taken the time out of their busy schedule to come visit us, and those that have bought cattle from us in the past. We appreciate all of the positive feedback on the cattle and how they are working for each of you. One of the best things about this business is all of the friends we have made over the years; We look forward to seeing you again and making some new ones!

As you study the females we are offering this year, you will find some proven Pathfinder females that have been very good to us here, and some of our freshest and most exciting young females. You will find calving intervals and actual production records on all of the females, which is something we feel is very important. The mother cow is the backbone of our cow herd. On our ranch, cattle pay the bills, and we feel it is very important to provide real world data. It’s hard to pay the bills on what a female or bull is projected or predicted to do. Every animal selling has been blood typed for parentage, and all of the calves at the sides of their mothers will be done also. We are excited for everyone to study and analyze them, and we feel confident that you will be pleased. As you study the pedigrees and data on these females, they are stacked generations deep with cattle that have stood the test of time. There is a great opportunity here to buy females that are bred alike, as well as very consistent in kind and type. We feel that it’s truly an exciting time to be in the cattle business!

Western Montana in October is always very beautiful. The cattle always look much better in person. You are welcome anytime, and if you have any questions or need any assistance, please let us know! To view videos of the sale cattle, please go to our website (www.colemanangus.com), or to our YouTube channel (www.youtube.com/user/colemanangusranch). The sale will be broadcast live around the world (www.liveauctions.tv), so if you cannot make it, you can watch and bid with confidence over the Internet.

If you want to keep up to date with our latest pictures, videos, news, and happenings, please like or follow us on Facebook at Coleman Angus Ranch and/or at Larry and Dee Coleman, as well as Instagram at Coleman Angus Ranch.

All of the cattle have had their fall shots and are ready to go. We guarantee the cattle 100%. If there is ever a problem or concern, do not hesitate to reach out and let us know.

Sincerely,

Larry Coleman Jeremy Haag

The Coleman program has been built the old-fashioned way in the pasture, where maternal is measured by production records and longevity, and where Pathfinder still means something. As you study the AHIR data base at American Angus Association Coleman Angus has the #1 (Coleman Donna 040) and #4 (Coleman Donna 0308) \$M females in the breed that are 12 years of age or older with the Pathfinder status. These cattle in this year's sale truly measure maternal strength!

As you study this catalog, we have built this program on the best genetics we could find. As represented in this catalog you will find an array of full, and half- sisters that are from our embryo transfer program. We believe in moving forward from the very best we have built from day one. We believe in quality and not quantity

Coleman Donna 0308 – Coleman Angus currently has the #1 and #4 \$M Pathfinder Dams in the breed 12 years or older for \$M. Where Production, Longevity, and Maternal becomes YOUR MATERNAL SOURCE.

% The Meaning & History Behind Our Brand %

When we established Coleman Angus in 1996, we wanted to choose a brand that had meaning. A brand that represented us, who we were, what our goals were, and what we wanted to accomplish: 100% dedication, 100% customer service, 100% commitment to our ranch, 100% commitment to the land.

A “brand” is a mark of the man and encompasses that proud moment when a man stamps his identity on the hide. A brand declares ownership, labels a man’s integrity, tags him with responsibility, and totals his worth. But a man’s brand is about more than just a symbol of ownership, it is also a representation of the people behind it.

Brands gain a life of their own. Ranches become known by their brand and the symbols become linked to the land on which the cattle are raised. Brands become ingrained in the people. People become ingrained in the ranches and in the land; they are inseparable. A brand conveys a promise.

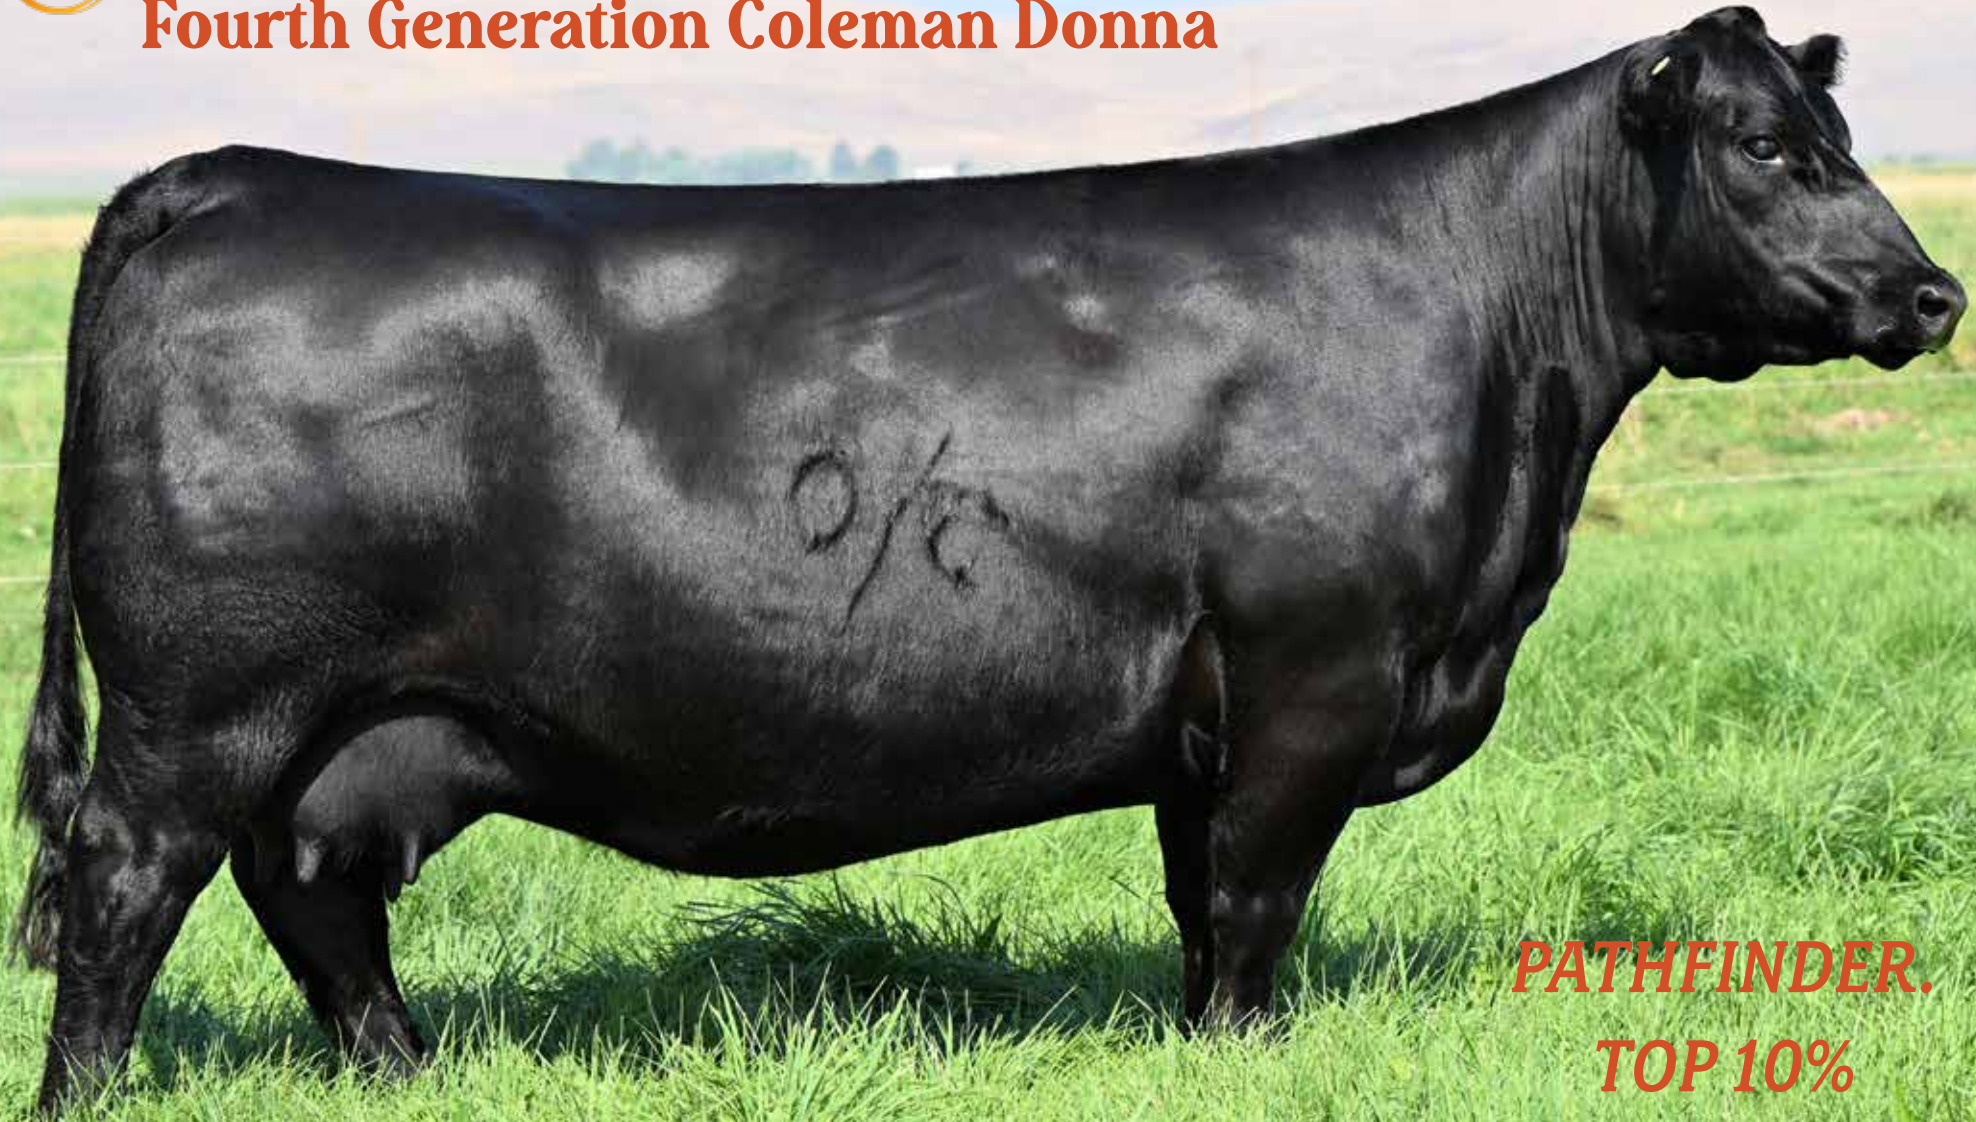

There is sentimental attachment to the brand that a ranch decides on, and we are loyal to what it means to us. It is personal. Many stories are attached to a brand, not because of the mark itself but because of the people, land, and memories tied to it. A brand also becomes the image and personality of our product and service.

Every brand is a man’s own special mark, our identity as ranchers. Our chosen brand stamps our commitment with quality, passion, loyalty, dedication, and service. Our passion lies in making an impact and a difference, providing a stewardship, exceeding expectations, and delivering a brand that is monumental to your program as well.

- A maternal sister to the record-selling Glacier by outcross Argentina genetics blended for a real gem. A personal favorite of Jeremy's all summer. This heifer has a tremendous profile with added muscle in a moderate package.
- Donna 439, her mother, is the front pasture kind that continues to produce cattle that come to the forefront of our program. She is beautiful to look at with perfect feet and adds a wedge shape to her daughters; complement this with her Pathfinder status and a progeny production record of BR 5@93, WR 5@107, YR 5@106.
