Bid at [www.rrmarketplace.com](http://www.rrmarketplace.com)

My son Logan and I bought our first Limousin bull in 2002 to use on our commercial cow herd. We liked the Limousin influenced calves and decided to try and buy some females to start a registered cow herd. In December of 2003, we traveled to Tennessee and bought a couple trailer loads of registered purebred Limousin females to get a herd started. From that point, we migrated our cow herd into all registered females. In 2005, we A.I.'d our first group of females. After seeing the calves, we were thoroughly convinced in the A.I. process.

Today we have grown our herd to 100 cows, almost all of which are out of top A.I. sires. Along the way, we began incorporating Angus genetics to create Lim-Flex cattle. In 2010, we began our embryo transplant program and it has since grown. We are now convinced of the merits of using our top donors in our embryo program and nearly half of our calves are from embryos.

Our philosophy is to continually try to improve Buck Ridge genetics and to provide cattle that will work in almost any environment and represent the great Limousin breed well. We greatly appreciate you viewing our genetics and hope you can find something that will benefit your operation.

Sincerely,  
Mark Haden

- Due 3.01.15 to MAGS Zodiac (62.5% Lim-Flex, HP/HB son of MAGS Winston)
- Hetero polled and homozygous black
- This 50% Lim-Flex first calf heifer is one of the sale features of this first ever Buck Ridge online sale
- She is a daughter of one of the biggest Lim-Flex bulls in the entire breed COLE Windfall 144W. He is a son of COLE Production 608 and from a daughter of a First Down daughter. Her dam is a daughter of LH Rodemaster 338R back to a daughter of GPFF Blaque Rulon
- This young female and future donor scanned a 13.59 for REA and 4.60 for IMF
- In the breed she ranks in the top 2% for yearling weight at 129 and 52 for CW, top 3% for weaning weight at 82 and top 10% for milk at 32
- She also posted a 78 pound birth weight, 658 pound adjusted weaning weight and 1008 pound adjusted yearling weight
- Females like this one are hard to find in our breed. She offers so much in terms of her EPD profile and is very desirable in her conformation

- Due 8.26.15 to MAGS Zodiac
- Homozygous polled and homozygous black
- This 43.8% Lim-Flex female is one big numbered donor in the making
- Sired by the ever consistent breed leading Angus sire Connealy Consensus 7229 and from a daughter of MAGS U-Haul back to a daughter of JCL Lodestar 27L
- It is not by mistake that this female is really good, she is suppose to be
- She ranks in the top 1% of the breed for MTI with an 81, top 10% of the breed for marbling with a 0.73, top 4% for yearling weight with a 126 and top 5% for weaning weight with an 80
- Her scan data is impressive with 15.06 for REA and 4.2 for IMF
- This first calf heifer is made as nearly perfect as you would ever want a female to look
- She is very structurally correct, sound in her movement and offers that strength down her top, square and level hip and femininity up through her front end
- This heifer has the whole package with the prominent design backed with the EPD profile you could only dream for

- Due 9.23.15 to HBRL Accurate 372A
- Selling half embryo interest & no possession
- Homozygous polled & homozygous black
- Without a doubt here is one of the very best females to be offered for sale in a long time
- She just happens to be a full sister in blood to the ever popular and \$100,000 valued herd sire EBFL Ypsilanti 420Y. She is a complete outcross to most established lines of cattle in our breed. HBRL Amazon Queen 364A is a daughter of the big numbered Angus sire TC Aberdeen 759 and from MAGS Suzanne, a full sister to MAGS Ramada, the once national champion female
- This young female is more than royally bred, she is a big time donor in the making. She offers some of the finest EPD's in our breed ranking. Her 34 for milk and -0.27 for yield grade makes her rank in the top 2%. She ranks in the top 1% for REA with a 1.01, top 3% for CEM with a 10, top 10% of the breed with a 13 for CED and -1.5 for BW and top 15% of the breed with a .55 for marbling and 70 for SMTI.
- There is so much you can do in creating future progeny with this 50% Lim-Flex female. She is made as nearly perfect as you would ever want one and is absolutely flawless in her design and conformation. We love and admire her heaviness of bone, foot size and for sure her amount of rib shape and volume. She is one of the finest ever created by the Buck Ridge program and the buyer will work closely with them in creating future progeny of excellence
- She scanned a 14.3 for REA and 4.5 for IMF

Due 9.21.15 to MAGS Zodiac

Homozygous polled and homozygous black

Please make note that at the time of the video of this female she was 2 ½ years old and nursing a 5 month old calf at her side. She had not been separated from the other fall pairs at that time.

This purebred female ranks in the top 3% of the entire breed for yearling weight with a 117-HBRL Zeal 273Z is a very productive first calf heifer that has done a top job raising her young calf at her side. She is sired by the now deceased AHCC West Wind W544 and from the leading Buck Ridge purebred donor AUTO Exceptional 282S. She is a daughter of the now deceased multiple trait leading sire JCL Lodestar 27L and from a daughter of the \$104,000 valued HC Extraordinary 61X

We are confident if you come by the farm early to view her you will realize that she is a big league future donor in the making

Homozygous polled and homozygous black

Buck Ridge retains the right to one embryo flush (guarantee of at least 6 embryos) (Buck Ridge pays for the transplant cost) at the buyer's convenience

Here is a full sibling to Lot 3 in this first ever Buck Ridge online sale

We appreciate the moderation of frame, depth of body and fleshing ability found within this young female

She just happens to be a full sibling in blood to the \$100,000 valued and breed popular sire EBFL Ypsilanti 420Y. EBFL Ypsilanti 420Y is owned by Stowers, Sugar Bush, Milam and Salt Creek and his influence in our breed has made a very positive impact with his calves being highly sought after

This young heifer is ready for reproduction and proudly represents the extensive and prominent breeding program at Buck Ridge

Her EPD profile is one of the very finest in the entire breed. She ranks in the top 2% for milk with a 34, 3% for ribeye with a .92, top 4% for YG with a -0.23 and top 10% for CED and BW

Rest assured when you put this female in production the results are going to be terrific and we honestly feel the progeny will be in much demand by quality conscious cattleman

Homozygous polled and homozygous black

This female is a result of mating some of the finest in Angus with the best of purebred genetics. She is sired by the big numbered and very popular Angus sire EXAR Denver 2002B and from a purebred daughter of RUNL Stetson 850S, a son of JCL Lodestar 27L

This 50% Lim-Flex has a very desirable and exciting profile to her and backed with her prominent pedigree she is destined for great things to come in the very near future

Her EPD profile is terrific with her breed ranking of top 1% for CED, 3% for birth weight and CEM, and top 10% for milk. We appreciate her ranking of top 20% for REA and SMTI

- Hetero polled and hetero black
- HBRL Bronco 401B is one huge numbered herd sire prospect that combines so much of what is good about our 50% Lim-Flex cattle
- His sire is a purebred Angus sire and his dam is a purebred Limousin female
- He is sired by the big numbered EXAR Denver 2002B and from the AHCC Westwind W544 daughter back to a daughter of AUTO Dollar General 122R
- The pedigree of this herd sire prospect represents only the finest and his numbers speak volumes. He ranks in the top 10% of the breed for calving ease direct, weaning weight, and milking ability. He also ranks in the top 3% for yearling weight, CEM and top 5% for carcass weight

Morris

- Homozygous polled and homozygous black
- We so admire the unique design and striking profile of this 50% Lim-Flex bull
- He is sired by Angus breed leading sire EXAR Denver and represents a mating that should be sought after by many in our breed. His dam is sired by the multiple trait leading sire AUTO Dollar General 122R back to a daughter of COLE Wulf Hunt
- We appreciate the combination of so many of our good traits in our breed. He is flawless in his design and very appealing in his profile. We love his structure from the ground up, his heaviness of muscle and yet maintains a tremendous amount of depth of rib and volume
- He just happens to rank in the top 5% of the breed in weaning weight and yearling weight and top 10% for milk, CED, and carcass weight

Lim-Flex (50) Bull • Homo Polled • Homo Black • 02.23.14 • HBRL 411B • LFM 2049404

- Homozygous polled and homozygous black
- There is something magical that happens when you cross the Angus genetics of Connealy Consensus with a purebred Limousin female
- This herd sire prospect stands very upright and prominent and has plenty of power and muscle to go along with his gorgeous look
- We are certain this beef bull will enhance a cowherd and create a calf crop that will be in much demand in the market place
- He offers a low birth of 81 pounds and adjusted weaning weight of 780 pounds
- He ranks in the top 4% of the breed for marbling with a .70 and top 3% of the breed for \$MTI with a 77

- Hetero polled and hetero black
- Here is a known son of one of the breed's highest marbling purebred cows in the entire breed AUTO Toya 233T. She is a daughter of the multiple trait leading sire AUTO Dollar General 122R and from a daughter of EXLR Polled Resolve 175G
- His sire is the leading Angus sire RITO 6EM3 of 4LI Emblazon, the big time son of OCC Emblazon 854E
- The blending of premier Angus with purebred Limousin seems to always work out well and in this mating it sure hit a home run
- This herd bull prospect will complement most cows and we are certain his extreme growth and top performance numbers will enhance any cowherd in the country
- He ranks in the top 4% for CED, top 10% for BW, and top 15% for MA, REA, MARB, and MTI.

- Hetero black and hetero polled
- This 62.5% Lim-Flex herd sire prospect is one of the very best that has ever been created at Buck Ridge Limousin
- Sired by the once All-American Futurity supreme champion sire MAGS Xyloid and from the \$25,000 half interested valued donor SBLX Underthecovers 201U
- The MAGS Xyloid calves are some of the finest show cattle in our breed and this young son is one terrific herd sire prospect
- His dam is a daughter of GAR Predesined and from the two-time national gold medal dam ELMW Ginnie. Ginnie is the dam of such breed greats as the national champion female Carrousel's Pina Colada now owned by P Bar S Ranch and Edwards Limousin. Another famous daughter is Carrousel's Peaches, the leading donor for Pinegar Limousin which just happened to have raised the 2015 National Champion female for the Oschner Family in Colorado
- There is a tremendous amount of notoriety found within this young bull and he will forever maintain value for him and his offspring because of his lineage

EBFL Ypsilanti 420Y,  
full sib to Lot 21 embryos

- An elite offering of embryos that will be full sibs in blood to the EBFL 420Y Ypsilanti, who is valued at an impressive \$100,000 for his iconic owners, Sugarbush Cattle/Stowers Limousin/Salt Creek.
- MAGS Suzanne is a full sister to the National Champion female and dam of Ypsilanti, MAGS Ramada.
- TC Aberdeen 759 became an overnight sensation after topping the 2008 TC Production sale with his outcross genetics. The fact that he ranks in the top 10% on the Angus breed for the top 10 economically important traits ranging from calving to carcass, makes him an ideal pairing to produce exclusive Lim-Flex genetics.
- TC Aberdeen is now deceased and semen is in short supply, don't miss this opportunity to own direct progeny of this Angus pathfinder sire.

EXLR Luvly 247U,  
dam of Lot 22 embryos.

- This is one of the finest matings ever produced in the Buck Ridge program, this perfect combination will produce progeny with a data set that will be an asset to any program and highly marketable. Projected EPD profile will consist of a CED in the top 10% of the breed, WW and YW in the top 5% and SMTI of 71, which will place them amongst the top of the non-parent trait leader list.
- EXLR Luvly 247U is becoming a household name in the Limousin industry with her near flawless maternal look and her futuristic data set. She is sure to dam many of the breed changers in the years to come.
- MAGS Wazowski has been deemed the bull to add thickness and mass to the Lim-Flex population, and there is no doubt that he is doing just that. His sons are sure to be at the top of many spring bull sales across the country this year.

AUTO Exceptional 282S,  
dam of Lot 23 embryos.

- It is always exciting when we can offer embryos out of our foundation donor, AUTO Exceptional 282S. Exceptional is a top homozygous polled and homozygous black purebred female, sired by JCL Lodestar 27L at Buck Ridge. She currently has 34 progeny recorded with a WW and YW ratio of 101.
- Sired by the increasingly popular WULFS Zane X238Z, the \$19,000 selection in the 2013 Wulf Cattle sale of Tubmill Creek, Southern Cattle Co. and Highland Stock Farms. His progeny are making tremendous first impressions on producers across the country and will continue to do so, especially when mated to such matriarchs as Exceptional. His progeny are some of the most anticipated this calving season.
- Zanes popularity is spreading globally due to predictable pedigree and stunning eye appeal. Semen rights in Australia were just recently granted to the premier Limousin producers in the country, Summit Livestock and Myers Limousin, who only bring over the best of the best.
