Selling seven embryos sired by the bull of the buyer's choice

Edwards Land & Cattle Co. is proud to offer an embryo flush from SBLZ Zane 983Z. She is without a doubt one of the very best red Lim-Flex females in the entire breed. She is a daughter of the deceased MAGS Winston and now one of the breed's hottest herd sires. Her dam SBLX Underthecovers 201U is the \$25,000 valued and leading donor cow for Sugar Bush Cattle Co., Inc, Allen, MI and Double B Grain Farm, McAlisterville, PA. She is a proven daughter of GAR Predestined and from ELMW Ginnie P58G. SBLX Zane is a product of one of the most progressive and prominent matings to ever come from the Sugar Bush program. Henderson Farms, Wellsville, MO campaigned this female with Edwards Land & Cattle Co. And we're very successful. This 50% Lim-Flex donor cow offers a breed leading set of EPD's with a -0.7 for birth, 96 for yearling weight, 26 for milking ability, .62 for marbling and 62 for MTI. She is flawless in her design and her conformation. She is extremely big footed and very sound made from the ground up. We so admire her length of front end, femininity and length of body. Buyer supplies the semen and ELCX will pay for the embryo transplant costs.
