GPFF Blaque Rulon may possibly be the most coveted show bull sire of modern Limousin history. The world famous sire of DHVO Deuce, who is easily the most consistent producer of champions on the national level. Often complimented for his striking eye appeal, tremendous growth, structural soundness and Deuce has become a household name that is synonymous with success. Equally impressive is his ability to produce donor females such as past champions to the likes of MAGS Phantom Prize, SSLC Tara and SC Silent Angel all of which made it to the backdrop at the National Junior Show. Blaque Rulon has withstood the test of time and still has a deserved place amongst the industry's elite breeding bulls.

Featured Donor Prospect

.....

Selling half interest and possession.

A.I. 12. 02.14 to MAGS Y So Tangled; Safe.

This particular lead off female is a perfect blending of the very finest Limousin and Angus genetics in the country. A direct daughter of past national champion DHVO Deuce 132R from one of the most famous cow families in the Angus breed. The Basin Rachels have forever been sought after due to their maternal ability and exceptional longevity. At a 1.0 for BW, .74 for WW and 109 for YW, while maintain above average numbers for REA, MB and MTI, LH Zazio 508Z has unlimited potential as a future donor. Her phenotypic and genetic combination is particularly desirable to those selective producers who want to add the very best to their herd in the form of a homozygous black Lim-Flex female.

Open Heifer

.....

An exceptional fall open heifer opportunity in CHR Bella 129B. This homozygous black and homozygous polled daughter of past Denver champion, MAGS Y So Tangled not only is extremely functional in her appearance, she excels for marbling. Individually, she posts a .47 MB EPD and lead her weaning contemporary group with an adjusted calculation of 714 lbs. This Xtra Beautiful daughter will be sure to stick out in the replacement pen and may find her way to the showbarn.

If you are in the business to produce herd bulls, then a field full of these females is exactly what you need. Her individual and pedigree performance indicate that her progeny will excel in all growth categories as well as marbling. This fine Lim-Flex female is in the top 1% of the breed for WW, top 3% for YW and top 5% for total maternal; furthermore, she impressively ranks in the top 10% of the Lim-Flex population for the all encompassing \$MTI. 407B's sire, MAGS Eagle may possibly be one of the most solid MAGS Winston sons on the market. On the bottom side of her pedigree, this elite replacement is granddaughter of Ashton Jo DHVO, the past Denver Champion and sister to DHVO Deuce.
