• PE. 12.01.12 to 3.15.13 to LVLS 3202U

Highlighting this spring Massey Limousin sale are these three paternal sisters. They are some of the finest that have ever been offered by the Massey program. They are all sired by the Red Angus sire TPIE LC 9347 (known as Red Canyon) that heads up the Minerich Land & Cattle Co. program. We are excited in the breed about the implement of Red Angus back on Limousin and Lim-Flex cattle to create a different lineage of cattle in our breed. As you can see with these three Red Canyon daughters that they are made just near perfect, so feminine up through their front ends and extremely long bodied and well structured heifers. Take your pick of your favorite fall bred heifer and congratulations early!

- A true sale feature and one of the top females in the sale is ELCX Yoko 116X. She is a maternal sister in blood to the 2013 Denver National Champion female ELCX Twilight, owned by Edwards Land & Cattle Co., Beulaville, NC and Wies Limousin, Wellsville, MO. She is a daughter of DFCL 1S, a full sister to the dam of this heifer selling. Her dam DFCL 2S is a daughter of the deceased JCL Lodestar 27L and from the Edwards predictable donor DFCL 25L. ELCX 116X is sired by the reigning Triple Crown Winning bull, MAGS WLR Usual Suspect owned by Magness and Wies. His daughters are now in production and doing a tremendous job. This young heifer is big footed, super sound in her structure and has a very unique and prominent look to her. We love her powerful stance and overall balance and above all she has the strength in her lineage to get attention anywhere she goes.

Here is a big time donor in the making! This 37% Lim-Flex female is so deep bodied and powerful! She is massive in her rib shape, volume and overall capacity. She is massive in her foot size, very soft in her pasterns and has that picture perfect profile. We love this daughter of Rito 616 of 4B20 6807. She posts a -2.5 for birth, 28 for milk and .26 for marbling. If you are looking for a well bred and perfectly made donor cow then consider this female that is just now in the heart of her production years. To prove what kind of job she has done in production then look at her young first calf heifer that is highlighted in this sale. She is a daughter of Red Canyon that is highlighted in the front of this sale catalog.

If you are looking for a red and double polled donor cow then consider this female. She is a purebred daughter of Wulf's Nobel Prize back to a daughter of AUTO Black Dakota 129J. This brood cow is really something special. She is the dam of one of the top lots in this sale. Her red and double polled Lim-Flex daughter of Red Canyon is highlighted in this sale. This brood cow is massive in her structure and very fluid in her movement. She has the extra muscle, rib shape and volume not found in a lot of purebred females. When considering your next Purebred red and polled donor than consider this powerhouse.

P.E. 12.01.12 to 2.01.13 to LVLS Creston 9101Y; P.E. 2.13.12 to 3.15.13 to RVDR Winner

Here is a purebred double polled, double black daughter of EXLR Excellante 251L. This broody female posts a 32 for milk and is very strong in all other economically important traits. She is moderate in her frame score and very easy to maintain. Her last calf is highlighted in this sale and it will show what kind of job she has done in production. She is from a daughter of JCL Lodestar 27L back to the once All American Futurity champion bull, AUTO Cliff Hanger.

LOT 35A - CJLM 8040Z - 10.25.12, PB Limousin, DB/DP. Sired by MINE Southern Lode 8130U.
