## BDHC Ironman 2006Z

Lim-Flex [46] Bull 02.26.12  
 Double Polled BDHC 2006Z  
 Double Black LFM 2016941

- Ironman is the herd sire that was bred in the Diamond Hill Cattle Co program and is now our standing herd sire here at Owen Cattle Company. His attractive progeny highlighted our spring 2015 Online Sale and we are so very excited about the calves that are hitting the ground here at the farm in TN. We are so confident in his offspring that we have decided to make his semen available on the public market through package options.
- He is a direct son of a top donor in the Diamond Hill program, KRVN Unavailable 005U. She annually pro-

- duces bulls that highlight their bull consignment to the Coyote Hills spring bull sale.
- In a glance of his EPD profile you will notice he balanced across all growth and maternal traits and is above average for the major traits of concern.
- As a breeding bull, we couldn't ask for anything further out of Ironman, he is fertile, sound and maintains his flesh throughout the breeding season. We are just so thrilled to be able to offer high quality semen packages to highlight this offering.
- Consigned by Owen Cattle Co, Hornbeak, TN

- BW: 85 lbs.; WW: 700 lbs.
- Homozygous polled and double black
- This highly maternal purebred Limousin bull is an absolute meat wagon. He is packed with muscular and shape when viewed from any angle. Huge topped, impressive forearm and stifle and a tremendous amount of product from this hooks to pins and through his lower quarter.

- ABGF Review is a son of EXLR Review, who is known for his great depth of body, correct feet and legs and a breed leader for milk and traces back to breed matriarch EXLR 199H .
- If you need a shot of maternal in a purebred, homo polled package, ABGF Review is the solution.

- BW: 82 lbs.; WW: 560 lbs.; YW: 1,040 lbs.
- Homozygous polled and homozygous black
- We just love that fact that we can offer a bull of this caliber to our customers, he ties together so many good things including double digit CED, 102 WW EPD and is in the top 5% of the breed for MB and top 10% for MTL. These exceptionally important economic indicators on top of the fact that he is homo/homo and sired by a past National Champion....doesn't get any better than that!

- 154B has always stood out in his contemporary group for the amount of lean muscle that he brings to the table. We feel that his masculine look is a strong indicator of his maturity pattern and he should be able to handle light service this upcoming late fall breeding season

- Homozygous Polled and homozygous black
- With a long history in the cattle industry, Riverside Valley Farms prides themselves in raising cattle that are low input and will generally out produce themselves; based on 641A's elite MK and TM epds, we suspect this will be the case with her as well. She is amongst the top cattle in the breed for Milk an TM, ranking in the top 1% of the breed.
- For nearly a decade, RVF Black Bird 641A's dam, AUTO Black Bird 458P has been producing ET calves in herds across the country.
- RVF Black Bird 641A will blow you away with her volume, mass and overall power.
- Due 12.06.15 to PBRS Ironside 212Z

 Homo Black LFF 2034787

- LOT 15A - JJKH 274C, A 62.5% Lim-Flex bull, calved 09.09.15. homozygous polled/homozygous black. Sired by MAGS Aviator, BW: 61 lbs.
- We chose to sell a select few bred cows in this exclusive offering, both of which are out of standout females bred in the Minerich programs and now serving as donors for Edwards Land & Cattle and Twin Willows. This particular donor prospect is a direct daughter of MINE Pld Captive 2370M.
- To this day, BOHI Top Dollar continues to produce the

very best daughters in many herds. We have constantly been impressed with the substantial impact these cattle are making and we are confident that Pearl will make her way to the donor pen and front pasture in the future, she is just that kind of cow.

- Being homo/homo she offers so much in terms of flexibility and breeding options, it won't be hard for her to succeed for you.
- Consigned by Riverside Valley Farm, Hohenwald, TN

## OCCC Bounce Back 169B

Lim-Flex [50] Cow 12.07.14  
 Homo Polled OCCC 169B  
 Double Black LFF 2078974

- Homozygous polled and double black
- This 50% Lim-Flex female is so versatile in her breeding options, we cannot wait to see what her new owners decide to do and what they get for results. Her EPD profile for birth weight, growth and milk are flawless.
- Bounce Back is a granddaughter of the famed DEDO High Hopes donor that now resides at Edwards Land and Cattle in NC; she has been producing leading progeny for over a decade now.

- 169B is so smooth patterned and refined in her joint structure, we just love her functional look.

**OCCC Bakana 158B**

Lim-Flex [50] Cow 09.01.14  
 Double Polled OCCC 158B  
 Double Black LFF 2072929

- Double polled and double black
- OCCC Bakana 158B traces back to what may possibly be one of the most maternally strong cow families in the history of the breed. The “Sarafinas” have made such a tremendous impact in many of the influential programs nationwide. This is truly a treat to be able to offer one for public auction.
- This exceptional young female is carrying on in her father’s footsteps and should pass on predictably low

birthweights, we would presume. She posts 14 CED and ranks in the top 4 % of the breed for this ever so important trait, she is also a -1.7 BW epd and 8 CEM epd, which respectively ranks her in the top 10 and top 15% of the breed.

- Here is an opportunity to invest in a direct daughter out of the full sister to the 2014 NWSS Champion female of Mikah Edwards, AUTO Mabelline by the \$120,000 valued EBFL Ypsilanti 420Y. With a pedigree buried deep in banners and stacked high in performance, this is a sure bet.
- Growth, growth and more growth is what you will find in this October 2014 females performance profile. She hits us with a powerful 84 WW and 126 YW epd!

- On top of her exceptional growth numbers, she ranks in the top 1% of the breed TM epd and top 10% for MK.
- Carcass wise, her economic indicators are very favorable and she calculates 52 CW epd and .52 MB epd and ranks in the top 2% of the Lim-Flex female population for \$MTI.
- This MAGS Manuela granddaughter is destined for greatness as a herd sire maker!

Lim-Flex [48] Cow 12.31.14  
 Double Polled ICCC 170B  
 Double Black LFF 2078909

- Double polled and double black
- We truly admire this female for her brood cow look and the amount of muscle she has, yet she still posts a 13 CED and -1.2 BW epd. It is an intriguing combination of low birthweight genetics and phenotype with substance.
- She is a 48% Lim-Flex daughter of BDHC Ironman 2006Z, the balanced trait LH UHaul son that we bought from Diamond Hill Cattle Co. We look forward to seeing even more of his calves on the ground here in 2015.

- Please study this female closely as she is just a December 31, 2014 baby. She is as close as it gets to being a January, she just chose not to be late for the party.

- This is the first opportunity to invest in the potential of this exquisite female. She is one of the very finest created and marketed through the Edwards Land & Cattle program.
- SBLX Barbie 419B bleeds purple. Her personal show record includes being the Reserve Champion Heifer at the 2015 Southeast Summer Classic Level 1 show in Murfreesboro, TN under esteemed judge and fellow Limousin breeder, Mar Lewis. Her fluid movement, brood cow look and show heifer features cannot be ignored.
- In addition to her already successful show career, her sire was the lead off bull in Express Ranches 2012 Champion Pen of Bulls, his dam was a Denver Champion AND his sire was a Denver Champion.
- There is no doubt in our mind that this special female is going to be "that cow" you can mate numerous different ways to meet your needs. She is cool enough to make show cattle and stout enough to make herd sires.
- Guaranteeing 6 embryos to the bull of the buyers choice.

- Here is one breed leading donor cow and one of the finest that was offered through the recent Milam Cattle Co. dispersal. She represents one of the strongest and most prominent matings ever created. She is a daughter of BR Midland and is from the famed MAGS Lady Ace donor.
- She has earned a 100 for YW, .63 for REA, .46 for marbling and 66.88 for MTI
- We admire her scan data of 12.9 for REA and 4.32 for IMF
- This exciting mating is completed with the incorporation of TMCK Hydraulic, the ever so popular syndicated son of cow maker, SAV Pioneer.
- Selling 3 embryos – 50% Lim-Flex – Double Polled and homozygous black
- Consigned by Owen Cattle Co., Hornbeak, TN

- When you take two performance giants like TMCK Hydraulic and JEPS Tiger Lilly 103Y, you have done nothing but set yourself up for predictable success.
- TMCK Hydraulic is the sire of NAILE and All- American Reserve Champion bull, TMCK Architect.
- Very rarely have we been presented with an opportunity to acquire a donor with such an impressive set of EPD's across the board. JEPS Tiger Lily 103Y, is in the top 15% of the breed for CED and Milk, the top 10% for Marbling and \$MTI as well as posting a 70 WW and 107 YW epd. When mated with TMCK Hydraulic, who currently has a 142 YW epd and is producing cattle with a deadly look and massive amounts of muscle and growth; the results could be incredible.

- MAGS Aviator was the top selling bull of the 2014 Magness sale. He flawlessly combines style and growth in a homo/homo package. When it comes to a perfect skeletal outline and structural integrity, Aviator is going to be the go to bull for several years to come for many producers nationwide.
- SBLX Zity Nights was recent highlight of the Milam Dispersal, she is a direct daughter of MAGS Manuela, the leading Sugar Bush Donor. She posted a tremendous set of scan numbers with a 14.99 for REA and a 4.11 for IMF.

- AUTO Makayla 658U is an exceptional purebred donor who leads off our maternal lineup. This AUTO Dollar General 122R daughter ranks in the top 1% of the breed for MK and TM, as well as 2% for CEM.
- VAR Discovery is a new name in the Lim-Flex scenario, however he has already earned his place in the Angus record books. He was the top selling bull in the record setting 2013 Vintage Angus Bull sale and he is one of the highest \$B bull of the entire 2012 calf crop as reported to American Angus.
- The dam of VAR Discovery is from the same cow family that produced the current #1 bull in the Angus breed for marbling. What Discovery can bring to the Limousin breed is incredible and extremely promising.
