A.I. 11.21.13 to EBFL Ypsilanti 420Y; P.E. 12.23.13 to 2.01.14 to EBFL Ypsilanti 420Y

This young black and polled heifer represents one of the strongest and most progressive pedigrees in our breed. She is a known daughter of the famed MAGS Manuela 662M, the leading donor cow in the Sugar Bush Cattle, Inc. program, Allen, MI. This young first calf heifer is sired by the leading Connealy Consensus 7229 and is extreme in her number package. She posts a low birth of 0.2, 101 for yearling weight, 40 for milk and .11 for marbling. She is very moderate in her frame score, easy in her condition and has the prominent show and donor cow look to her. A full sister sold in the '14 Pinegar Sale at \$22,000 and another full sister just happened to be named the '14 National Champion Lim-Flex female for Brooke Edwards in Missouri. The lineage and pedigree of this female is not one you can just find anywhere. Buy with confidence, the promotion and the hype is in place once you make this investment. She sells carrying the service to the \$100,000 valued and complete outcross sire EBFL Ypsilanti 420Y.

A.I. 1.03.14 DHVO Deuce 132R; P.E. 2.01.14 to 4.25.14 to EBFL Ypsilanti 420Y

Here is sale highlight and one of the finest to be offered by Sugar Bush Cattle, Inc. She is a 50% Lim-Flex daughter of Connealy Consensus 7229. Her dam is the big league donor BOHI Rejoice, the dam of the once national champion and \$46,000 valued donor MAGS Wrigley for Etherton Farms, Dawson, IL. This young heifer has a very prominent and progressive pedigree and is one that is sure to remain popular for years to come. She is for sure donor cow material with a prominent pedigree and with her low birth of 0.4, weaning weight of 60, yearling weight of 108 and milk of 36. She sells bred either to the national champion DHVO Deuce or the complete outcross sire EBFL Ypsilanti 420Y.

Due 10.01.14 to LVLS Yukon

This homozygous polled and homozygous black 50% Lim-Flex is one powerful bred heifer from the heart of the Milam Cattle Co. program. She is a daughter of MAGS Universe 135U, a son of LH Rodemaster 338R from a daughter of EXAR New Design 2997. Her dam is a daughter of GPF Blaque Rulon from a daughter of CA Future Direction. This heifer is royally bred and has a superb set of EPD's. We appreciate her low birth of 0.2, yearling weight of 101, milk of 28 and marbling of .35. She sells bred to the \$20,000 half interested valued sire LVLS Yukon that is doing such a great job in the Milam program. This female is very sound in her structure, big footed with the extra bone and substance. We appreciate her desirable look, straight lines and her brood cow potential.

Here is a featured purebred Red Angus female that is has her first calf at side sired by Rio. The gorgeous female is a true brood cow and future donor in the making. She is a daughter of Red Fine Line Mulberry 26P that has done such a great job of siring the right kind of Red Angus in the breed. She is from the once Express Ranches and now Sugar Bush Cattle, Inc. donor 3R Ms Touch 51H 21M. Her full sister sells as an open as the next lot in this sale catalog. This future donor cow will make excellent purebred Red Angus or a much needed red Lim-Flex product. We admire her foundation, heaviness of bone and maternal look. We are in hopes you agree when you see her on sale day.

Homozygous polled, homozygous black and one of the top open heifers in the sale is this DHVO Deuce 50% Lim-Flex. There is something magical that happens when you mate the heavily muscled and stout made past national champion Deuce to an Angus female. This female is a prime example of that statement. She is extremely deep in her flank, broody in her look and is very easy in her condition. This young female is a top brood cow in the making and has a tremendous set of EPD's to go along with her flawless profile. We admire her low birth of 0.8, weaning weight of 67, yearling weight of 118 and milk of 23. She also has a top marbling number of .25 and MTH of 56.

Homozygous polled, homozygous black and one terrific young heifer is this daughter MAGS Y-Axis. Axis is the leading sire for Englewood Farm and is one of the breed's most popular. He is a son of TC Aberdeen from a daughter of DHVO Deuce back to Carrousel's Pina Colada. This young heifer is well made and has the unique and desirable design that all appreciate so much. Her dam is sired by a son of JCL Lodestar 27L and back to a full sister to one of our breed's most popular, DHVO Deuce.

Black and homozygous polled is this young fancy heifer that proudly represents the Riverside Valley Farm. This 75% Lim-Flex heifer is sired by MAGS The General and is from one of the top donor cows at RVF, Win Vue Lady Deuce 073X. She is a daughter of the national champion Deuce and from a daughter of MYTTY In Focus. This young female posts a 1.6 for birth, 63 for weaning, 113 for yearling weight, 29 for milk and .14 for marbling. She is calm in her disposition, desirable in her conformation and very appealing from the side profile.

Without a doubt OKSU The Profit 3401 is one of the breed's hottest herd sires in the breed at the current time. He is a son of the now deceased LH Rodemaster 338R and from a daughter of LKCC Expressway back to a daughter of WRC Punch. This 75% Lim-Flex herd sire is one of the highest marbling scanning bulls we have in our breed with a 6.22. He also scanned a 16.23 for ribeye. He is homozygous black, polled and packed full of muscle and still maintains a tremendous amount of rib shape and volume. He is extremely big boned, soft in his pastern and very fluid in his movement. Through parentage he has earned a 1.9 for birth, 94 for yearling and 25 for milk. He also has a .24 for marbling and 52 for MTI. We are excited to have his semen being offered as a highlight lot and we are in hopes you appreciate him as much as the breed as thus far.

A sale feature from Edwards Land & Cattle Co. are genetics from one of their very best donor cows, EBFL San Jose 170X. She is without a doubt one of the breed's very best donors and a daughter of SAV Pioneer 7301. She is from the leading Tubmill Creek Farm donor, TMCK San Jose 170U, a daughter of GAR Predestined back to the MAGS San Jose donor. This female is amazing no matter how you look at her and she posts some of the finest EPD's you can imagine. She has a 1.7 for birth, 63 for weaning, 114 for yearling weight, 38 for milk, .56 for marbling and 64 for MTI. She also scanned a 14.8 for REA and 6.61 for IMF. Her mating to the ever-popular OKSU The Profit is really going to be something. He is the LH Rodemaster homozygous black 75% Lim-Flex herd sire that has gotten everyone's attention. He too scanned a 6.22 for IMF and is absolutely perfect in his design. Buy with the utmost confidence and these future calves are going to really have value once they hit the ground.

Wies Limousin and Sugar Bush Cattle, Inc. proudly offer genetics from one of their finest donors, SBLX Unikorn 144U. She represents one of the premier matings ever created at Sugar Bush and in the entire breed. The progeny from the many times national Gold medal dam, ELMW Ginnie P58G are some of the very best the breed has to offer. Ginnie is the dam of the once national champion Carrousel's Pina Colada owned by Godfrey and Edwards Limousin along with her full sister Carrousel's Peaches that is working for Pinegar Limousin. Their progeny have been top sellers and show champions for P Bar S Ranch, Edwards Limousin and Pinegar Limousin. She is a full sister to SBLX Under The Covers 201U, the leading donor for Sugar Bush Cattle, Inc and Double B Grain Farm, McAlisterville, PA. She is the dam of SBLX Zane, the private treaty \$55,000 valued female SBLX Zane, owned by Edwards Land & Cattle Co., Beulaville, NC and a show partnership with Wies Limousin. She is one of the breed's finest red and polled females in our breed. SBLX Unikorn 144U offers not only the breed leading pedigree but a superb set of numbers. The calf she is nursing now is sired by EBFL Ypsilanti 420Y and is one of the finest to date at Wies Limousin. Buyer selects the sire to be used and Wies and Sugar Bush pay for the transplanting cost. Buyer will receive 6 embryos and pays for shipping.

What an opportunity Owen Cattle Co. has made with this offering of these two embryos. They just happen to be from one of the breed's finest young donors in the making, MAGS Whispering Canyon. She is a daughter of Baldrige Rangerider, a son of BR Midland from the Baldrige Forever Lady N4. She is the \$16,000 valued part interest donor in the Fall '13 Sugar Bush sale now owned by Sugar Bush, Owen Cattle Co. and Twin Willows Farm. She is massive in her footsize, extremely heavy boned and very soft in her middle and easy to maintain. She is epitome of what a great percentage Limousin female should look like. Selling will be two embryos from her sired by the outcross and breed popular EBFL Ypsilanti 420Y. They are huge numbered and when you think about how great the sire and the dam are, we just know the results are going to be amazing!

These future calves will be homozygous polled and homozygous black. They are sired by the leading outcross sire MAGS Y-Axis, the son of TC Freedom that was a top selling lot at a Magness sale and now resides at Englewood Farm. His first calves topped their sale and many breeders around the breed are experiencing much success with their calves. These future calves are from the \$15,000 valued donor RVDR Xtra Treat 1038X. She is the high marbling daughter of EF Smack Down at 6.87. She is so big footed, sound in her movement and very soft in her pasterns. We admire her genetics in EF Smack Down blended with JCL Lodestar 27L. These future calves will offer brand name genetics and predictable genetics you can count on for the future.

CONSIGNED BY MILAM CATTLE CO., OLMSTEAD, KY

# Southeast

## SUMMER CLASSIC

Saturday, June 14th • 6:30 p.m. C.S.T.

Thank you to the PROUD SPONSORS that have graciously donated resources to make the Southeast Summer and Eastern Regional Show the best it can be.

All these firms have helped in raising the bar for the youth of our breed and have donated in excess of \$8,500.
