MK CAMILLE

- Purebred
- Polled and homozygous black
- Growth, growth and more growth! This former top-selling female at Highland Stock Farms excels in terms of weaning and yearling EPD's just like her renown sire, HUNT Cornhusker 225N. Cornhusker is a recorded trait leader for WW and YW, with an impressive 98 weaning EPD and a 139 yearling EPD. Homozygous black, mature donor is one of the broodiest, deepest sided females in the breed. ----Her soft pattern and massive stature are intriguing to us and we look forward to mating her to produce the next generation of functional and production oriented Limousin cattle with exceptional dispositions.
- Due 9.28.16 to Upchurch Volume 422 Mr SCC (Purebred Angus son of)
