DIRECTIONS JCL Land & Cattle Co. Headquarters

11852 S 4430 Rd, Welch, OK 74369

From Tulsa or Springfield - Exit off I-44 on Exit 313. Turn west on to Steve Owen's Blvd (Hwy 10). Stay on Steve Owen's Blvd through Miami. Turn right on Hwy 59/10 then travel until you come to first stop sign in Welch, OK. Then Turn left on and go 1 mile then turn left at JCL Cattle Co. sign (Gravel road to the left and across from the Welch Stockyards). Then follow gravel road to JCL location down on the left.

Dear Friends,

Shane, Miley and myself would like to welcome you to our Sugar Bush & Friends Fall Sale. We at Sugar Bush are excited about our offering of Limousin, Lim-Flex and Red Angus genetics for sale. This will be the second sale that we are having at the JCL Cattle Co. location near Welch, OK. Jimmy Linthicum and crew care and develop a large number of cattle for us and we appreciate their knowledge and expertise in doing so. We have selected the JCL location to be more centrally located for preparing and marketing our genetics. This fall sale will feature only the best that we have to offer in purebred Limousin and Lim-Flex cattle. We also are developing a purebred Red Angus program that will enhance our operation by the creation of red and homozygous polled Lim-Flex.

This fall sale we are joined by a few of our friends that we have met in the business. We are excited and honored that they have agreed to share their genetics in this sale with us. Some are long time friends, some are new friends and all have love of the Limousin breed and what we have to offer.

If any of the consignors can be of any assistance please don't hesitate to call. We love to talk cattle and are very much looking forward to showcasing this strong offering of cattle.

Sincerely yours,
Ryan Poindexter
Sugar Bush Cattle, Inc.

	P	P	P	P	P	P	P	-	P	P	P	P	P	P

Highlighting this sale is RDIO Lanvin 54Z. He was the 2013 National Junior Heifer Show grand champion Bred and Owned bull for Miranda Taylor of McKinney Farms, Starke, Florida. He later went on to be named the reserve division II champion bull of the All American Limousin Futurity show. This purebred bull has created a ton of excitement in our breed. He is sired by the two times national gold medal sire AUTO Black Dakota 129J. His dam was bred in the Counsil Family Limousin program and is a daughter of the past national champion bull and now breed leading sire DHVO Deuce 132R. She is the leading brood cow for the McKinney Farm program.

RDIO Lanvin is a bull that's just to good to be true. Far most important is that he is extremely big footed, very soft in his pasterns and is so fluid in his movement. Knowing that his foundation is near perfect makes everything so much better. He is extremely long from his hooks to his pens and very square out of his hip. We love and admire how clean he is up through his front end and his very desirable conformation. We firmly believe RDIO Lanvin 54Z is going to make a huge impact in our breed. He will be shown and campaigned throughout the fall and next spring in the Purebred shows across the country. He is homozygous for the polled trait and offers a 102 for yearling weight and 30 for milk. BW: 71 lbs.

Congratulations to Mark and Sondra Barker of Diamond Hill Cattle Co. for purchasing half possession and half interest in this promising herd sire. We look forward to seeing the influence of RDIO Lanvin in their prominent program.

Selling Pick of the Two!!!

SBRX Ztouch of Lightning is a premier Red Angus herd sire prospect. He is a 9.20.12 son of Majestic Lightning 717 that goes back to the Sugar Bush Red Angus donor 3R Ms Touch 51H 21M. Ms Touch is an extremely deep bodied and a very maternal Red Angus donor cow. She is massive in her foot size and very feminine in her design. SBRX Ztouch of Lightning is picture perfect in his profile and very appealing in his design. We think he is flawless in his conformation and we love his massive foot size and softness of pasterns. Whether you select this young bull to use on Red Angus or use on Limousin to create Lim-Flex we are certain you will be pleased with the positive influence that he will have in your herd.

Selling Pick of the Two!!!

SBRX Zip Code may be the Red Angus bull that will do wonders on a set of Limousin cows in creating Lim-Flex calves. The results we have seen around the country and even in this sale from Owen Cattle Co., the resulting calves are just really good. This young purebred Red Angus herd sire prospect is sired by Red Global Trust 21T and from the elite Sugar Bush donor 3R Ms Touch 51H 21M. He is extremely long bodied, strong topped from the side and moves very free and is soft in his pasterns. This young good -looking herd sire is really something special. We are excited to see what his influence will result on in creating purebred Red Angus and/or Lim-Flex cattle.

This homozygous polled and homozygous black bull is from the heart of the Wright Brothers Cattle Company herd. He is moderate in his frame, very deep in his flank and one powerful herd sire prospect. This 50% Lim-Flex bull is sired by BUF/KLR Blackhawk W969, a proven son of SAV Providence and his dam is a daughter of DHVO Deuce back to a daughter of EF Main Stay 541M. We appreciate this young bulls performance. He posts a 71# birth weight and 991# weaning weight. He has a 0.9 for birth, 109 for yearling weight and 30 for milk and being double homozygous makes him very exciting.

BW: 71 lbs.; WW: 991 lbs.

A.I. 6.14.13 to EBFL Ypsilanti 420Y; P.E. from 7.01 - 7.20.13 to SBLX 9Z

Here is one of the lead lots of this entire sale. GPFX Cowgirl Barb is a 62.5% Lim-Flex black and homozygous polled donor prospect. She is sired by the leading red and polled sire Wulf's Urban Cowboy 2149U. Her dam EXLR Barb 170R is a lead donor in our breed (also selling in this sale) with a 29 for milk, .81 for marbling and 67 for MTI. GPFX Cowgirl Barb is one amazing female. She posts a low birth of -0.5, .40 for marbling and 57 for MTI. We love that she sells bred to EBFL Ypsilanti 420Y, the \$100,000 valued sire that is working for Sugar Bush, Salt Creek, Stowers and Milam Cattle Co. GPFX Cowgirl Barb sells with her young double black and homozygous polled heifer at her sired by the AHCC West Wind son, GPFX 34Y.

Sells open and ready for immediate reproduction.

EXLR Barb 170R is a prominent donor that has proven her worth with her progeny and she still has so much more to create. Just take a look in this sale at what she has created and how good they are you will realize how much producing ability she has. This 25% Lim-Flex donor is homozygous polled, homozygous black and represents a powerful heritage. She is sired by the leading Angus sire Bon View New Design 1407 and from a daughter of ELXR Broadway 041E. She scanned a 11.7 for REA and 4.59 for IMF. She also has earned over the years of production a 29 for milk, .81 for marbling and 67 for MTI. This female is absolutely remarkable in her design and conformation. She is so long bodied, level out of her rump and very sound in her structure.

Here is one great donor prospect in the making! This 50% Lim-Flex open heifer has it all going in her favor. She is moderate in her frame, huge footed, soft in her pasterns and very maternal in her look. Her sire is MAGS Wild Bunch 1804W, one of the leading sires for Liberty Ranch, Plainville, KS. He is a 75% homozygous polled, homozygous black son of HUNT Cornhusker 225N from the top producing donor MAGS Raphaela. SBLX Zild Barb 226Z is double homozygous, well made and is a product of the strongest lineage you can get your hands on from EXLR Barb 170R.

Consigned by Sugar Bush Cattle, Inc., Allen, MI

A.I. 1.01.13 to CLLL Thunder

GPFX Barbra Ann may be one of the best -looking 50% Lim-Flex females we have sold in a long time. She is absolutely perfect in every way that you look at her. She is big boned, long made, easy doing and very eye appealing. We love the amount of rib shape and capacity that she has combined with her picture perfect profile. She is double homozygous and sired by MAGS Remote from the ELXR Barb 170R donor. This female posts a great set of EPD's with a -1.1 for birth, .51 for marbling and 58 for MTI.

A.I. 6.14.13 to EBFL Ypsilanti 420Y; P.E. from 7.01 - 7.20.13 to SBLX 9Z

SBLX Unikorn 144U represents one of the premier matings ever created at Sugar Bush and in the entire breed. The progeny from the many times national Gold Medal dam ELMW Ginnie P58G are some of the very best the breed has to offer. Ginnie is the dam of the once national champion Carrousel's Pina Colada and the top Pinegar donor Carrousel's Peaches. Their progeny have been top sellers and show champions for P Bar S Ranch, Edwards Limousin and Pinegar Limousin. SBLX Unikorn 144U is a full sister to SBLX Underthecovers 201U, the \$19,000 valued donor purchased in the 1st ever Sugar Bush Sale and is owned by Edwards Land & Cattle Co., Beulaville, NC and Twin Willow Farms, Springfield, MO. SBLX Unikorn 144U is a 50% Lim-Flex daughter of GAR Predestined and happens to be homozygous for both traits. She posts a breed leading set of EPD's with a 0.8 for birth, 92 for yearling weight, 30 for milk and .38 for marbling. She sells bred to the \$100,000 valued sire EBFL Ypsilanti 420Y and leading sire for Sugar Bush, Milam Cattle Co., Salt Creek and Stowers Limousin.

 Selling half interest and no possession.

Here is one of the very best females ever to carry the HBRL prefix. She highlights this sale from the Haden Family at Buck Ridge Limousin. Buck Ridge is a Limousin program that concentrates on scan data, top performance and prominent cow families. This 50% Lim-flex heifer is homozygous black and is sired by the 2011 #1 power ranked Angus sire R/M Ironstone. Her dam is AUTO Toya 233T, the breed's #1 ranked purebred marbling cow. She is a daughter of the multiple trait leading sire AUTO Dollar General 122R and from EXLR Expressway 736J. HBRL Zanadoo 202Z started out with a 73# birth weight and almost 1100# yearling weight and in a moderate package. She is super calm with chart topping scan data with a 16.81 for REA and 5.93 for IMF. She sells bred to calve prior to 23 months and then will be ready for extensive embryo transplant. Buyer pays for 50% of the embryo and flush cost and Buck Ridge Limousin looks forward to having a quality program as a partner to promote and create top progeny from this exceptional female.

This featured pick of the embryo flush comes from the extensive embryo transplant program at Buck Ridge Limousin. All matings are due around 3.01.14 and represent some of the very best matings in our breed. 4 calves are sired by AUTO Will Power 160X, the \$35,000 half interest valued sire from the Pinegar's record-breaking '12 sale and purchased by Edwards Land & Cattle Co., Beulaville, NC. He is a son of GAR Predestined and from the famed Wies and Pinegar donor AUTO Rebeca 292S. He is a double homozygous bull that posts a 31 for milk and .48 for marbling. The dam of these 4 calves is PBRS Pina Marie 811U. She is a 50% Lim-Flex double homozygous daughter of Basin Franchise back to the once national champion Carrouseles Pina Colada. She is the lead donor for Pinegar Limousin and Edwards Land & Cattle Co.

Selling half interest with option to double.

This April yearling purebred Red Angus female is one of the top donor cow prospects to come from the Sugar Bush Cattle, Inc. growing Red Angus herd. She is a daughter of Messmer Packer, a grandson of Beckton Julian. She is from the elite Sugar Bush donor Buf Crk Amber N029. She is a big time maternal and big numbered Red Angus donor that has been doing a top job at Sugar Bush. SBRX Zamber is one of those females that is just terrific. She is super deep bodied, deep in flank and very easy in her condition. We love her over all mass and yet she is still very feminine. She posts a great set of Red Angus EPD's with a highlighted low birth of -0.6, yearling weight of 95 and marbling of .49. She sells carrying the service to the very predictable sire C-T Grand Statement 1025.

Selling half interest with option to double.

Here is one of the great ones to sell from the Sugar Bush Red Angus program. 70Z is a daughter of LSF Jbob Expectation 6034S and from the Sugar Bush donor BUF Crk Amber N029. This young first calf bred heifer ranks in the top 20% for yearling weight, top 8% of the breed for milk and the top 2% of the breed for marbling. This huge numbered donor prospect has it stacked in her favor. She is just darn right amazing. She is perfect in her conformation, comes from a predictable cow family and is one of the biggest numbered Red Angus females you can find.

Here is a fancy made and very appealing Red Angus open heifer. She is a daughter of BFCK Cherokee CNYN 4912 and from a daughter of the elite Sugar Bush donor 3R Ms Touch 51H 21M donor. Ms Touch is one of those donors that just keeps on producing the great ones. She is massive in her footsize, extreme in her depth of rib and very, very broody in her appearance. This young daughter of hers is absolutely perfect no matter what you view her. She is so feminine and pretty up through her head and neck. She is very strong down her top and very square out of her hip. She is near perfect in her movement and structure. This young heifer is bigtime in the Red Angus world and we think if she was bred to create future Lim-Flex then the results would be amazing.

The great thing about considering these future calves is that Sugar Bush is giving you an opportunity to see most likely what they are going to be like. The full siblings in blood to these future calves sell as lot 17 and lot 18 in this sale. What a wonderful opportunity to view what the future females are going most likely look like.

Consigned by Sugar Bush Cattle Inc., Allen, MI

This future heifer calf that will be on the ground shortly after the Sugar Bush & Friends sale will be a full sibling to the lot 3, SBRX Zip Code 017Z. He is a top lot in the sale and a featured purebred Red Angus sire. He has already created a ton of excitement for the Sugar Bush program and whose ever program he goes into will give the new owner of this heifer a great opportunity for future promotion.

This heifer is a prime example of what we are trying to do with part of our program. Raise very high quality females with that very desirable Lim-Flex look and retain the red Limousin identity. Her sire SL Rockstar was a many time champion for the Straight Limousin family. He was selected for his raw power in a very correct package that can move with style and ease. Her dam is a cow working on the Bell Red Angus farm in Tennessee. She is one of there top producers that works year after year and never misses. OCCC 122Z has that unique look that says front pasture mama cow all over her, with a stylish package that says she could also compete in the ring.

This female is out of one of our top donors that has been a constant producer of very stylish show cattle that can maintain the style and work in the pasture. Her dam was the 2006 bred and owned reserve grand champion Lim-Flex female at the Jr. Nationals for the Bohi family. This female has is very clean fronted with lots of depth and muscle.

GPFX Lassie 040Y is a 37.5% Lim-Flex heifer that is double black and homozygous polled. She is sired by the maternal Angus sire MYTTY In Focus and from a daughter of MAGS Scotland. This female is well-bred and very maternal in her appearance. She is very deep in her flank and extremely deep bodied. She posts a -1.5 for birth, 101 for yearling weight, 29 for milk and .42 for marbling. She sells along with her heifer sired by the once reserve national champion Lim-Flex sire EF Smack Down.

Due 11.08.12 to MAGS Robin Hood 276Y

Here is a big time bred heifer from the long running Pinegar Limousin herd. AUTO Cookie 277Y is a 68.5% Lim-Flex daughter of MAGS Undoing from the prominent Pinegar donor EXLR Molly 7103K. This black and polled heifer offers a 0.4 for birth, 35 for milk and scanned a 3.47 for IMF. We so admire her flawless profile, straight lines and superb structure. This heifer represents Pinegar Limousin, one of the breed's largest herds in the country.

A.I. 1.07.13 to Coleman Regis

We love the extra thickness, power and performance found within this young first calf heifer. She is a 75% Lim-Flex heifer that is homozygous black and homozygous polled. She is a daughter of the breed leading A.I. sire AHCC Westwind W544 and from the leading donor VVLC Black Erica 408R. This young female is bred to do well and we know when you see her on sale day that you will really appreciate so much about her. She is extra thick made, wide based and very appealing. She sells bred to the Coleman Regis bull.

A.I. 12.30.12 to CALO Brickyard 902W

You are really going to appreciate this 37.5% Lim-Flex first calf heifer. She comes from the heart of the long running JCL Cattle Co. program. This program is responsible for creating and developing more champions and well bred cattle than any program in the breed. This young female is sired by the CLLL Blackwood sire and from a daughter of SAV Final Answer back to daughter of MYTTY In Focus. She posts a -1.8 for birth, 90 for yearling weight and 25 for milk. She sells bred to the double homozygous past national champion bull CALO Brickyard 902W.

A.I. 12.29.12 to CALO Brickyard 902W

JCL Lady 103Y is a double polled, double black and a very appealing 37.5% Lim-Flex female. She is sired by CLLL Blackwood, a grandson of GPFF Blaque Rulon. She is from a JCL Angus female that is a foundation cow in the herd. We love the length of body, feminine front end and excellent structure of this young female. She offers a low birth of -2.0 and milking ability of 27.

LOT 54 **SBLX Abby**

These three full siblings are a result of the blending of two of the best that Sugar Bush could create. These 25% Lim-Flex heifers are sired by the leading 50% Lim-Flex sire COLE Windfall 144W. He is a Coleman Production son that is full of rib, volume and stands on a heavy foundation. When he was mated with the Sugar Bush Angus female Limestone Royal Lass the results are quite remarkable. These three heifers as you will see on sale day are extremely deep, very easy in their condition and very maternal in their look. We love the EPD profile of these heifers and are certain they are going to make amazing brood cows.

Hybrid Vigor Made Easy with LIM-FLEX[®]

LIMOUSIN · ANGUS · HYBRID

Progressive producers recognize the advantages of hybrid vigor

- 20% more pounds of calf per cow exposed (due to hybrid advantages in age at puberty, conception rate, survival to weaning, milk production, and weaning weight)
- 1.3 years of additional cow longevity
- 30% greater lifetime production
- Increased fertility and decreased gestation length with hybrid bulls

"Not only do Lim-Flex females offer unprecedented longevity, but they are extremely fertile and maternally inclined."

~ Andy Bailey,
Star Valley Ranch, Hiko, NV

"Our cattle have to be stout, easy fleshing, maternal, and able to fend for themselves. Lim-Flex do this better than any other type of cattle we've ran."

~ Casey Deuter,
Deuter Ranches, Ree Heights, SD

One of the breed's all-time great donors!

MAGS Manuela 662M is the lead donor for Sugar Bush Cattle, Inc. She is one of the all-time great donors in our breed. She has consistently proven time and time again that no matter the sire used, her calves most often excel in the show ring and for sure demand a premium in the marketplace. Highlighting this sale are daughters sired by SAV Brand Name 9115, SAV Brilliance, BOHI Top Dollar, MAGS Xylopolist and Dameron First Class. We are excited to feature her heifers in this fall sale and are in hopes that you will like them as much as we do.
