Sight Unseen Buyers Program: If you cannot attend the sale and want to purchase bulls, please give us a call. We will be glad to help you with your order. We guarantee 100% satisfaction on all orders.

Sale Location: Five Valleys Livestock, 8598 Robbins Rd, Missoula, MT 59808

Inspection: Cattle may be inspected at any time prior to the sale.

Trucking: Free delivery up to 500 miles with total purchase of \$2,500 or more. There is also a free nationwide delivery with total purchases over \$5,000. \$100 discount per bull if you pick it up on sale day. Haul your neighbor's bulls home and get \$100/hd discount on them.

Health: Interstate health papers are furnished on all cattle selling.

Interest: Coleman Angus and Trexler Angus are retaining one-half revenue sharing semen interest in every bull selling in this sale. Full possession and full salvage value sells on all bulls.

Sale Order: Bulls will sell in numerical order.

Terms & Conditions: Cattle will sell under the suggested Terms and Conditions of the American Angus Association

(http://www.angus.org/Pub/suggested_sale_terms.pdf).

Announcements from the block will take precedence over information in the sale book.

Volume Bull Discount

5 bulls 5% - 6 bulls 6% - Up to 10 bulls at 10%

First Breeding Season Guarantee:

We offer a full breeding season guarantee for any injury that would keep the bull from being a breeder for the first breeding season. If a problem occurs, we will give you a suitable replacement or you will receive full credit, minus the salvage value of the original bull, toward another purchase in next year's sale. The bulls that sell have passed a breeding soundness exam. We require that you notify the seller of the bull in case of injury. We also reserve the right to a second opinion by a veterinarian of our choice. In the situation where we need to bring the bull back to the ranch after delivery for our vet to examine, it's the buyer's responsibility to get the bull back to our ranch at their expense. We will pay to have our vet examine the bull again, if he passes the exam, it's the buyer's responsibility to come pick up the bull at our ranch at their expense.

Performance Information:

RATIOS: All ratios are within contemporary groups.

PATHFINDER Sires and Dams are indicated by the # sign.

FERTILITY: The bulls will have a breeding soundness exam and fertility test by Dr.

Leroy Hoversland. Scrotal measurements will be available sale day.

Accommodations:

Days Inn (406) 721-9776

C'Mon Inn..... (406) 543-4600

Broadway Inn..... (406) 532-3300

Transportation: Commercial air service is available for Missoula via Northwest, United Airlines and Delta.

Please bring this sale book with you sale day.

ANGUS MEDIA Visit the Angus Journal® Website, www.angus.org, and view this sale book online. References: American Angus Association®, AHIR®, AngusSource®, CAB®, Pathfinder®. EPDs contained in the original printed version of this sale book were current as of the printing date. Digital versions of this sale book online at angus.org will have EPDs updated every Friday. The Coleman Family

Dear Cattlemen,

It is a pleasure to welcome you to our upcoming Coleman Angus/Trexler Angus Ranch Annual Performance Tested Bull Sale. Bull sale time is one of our favorite times of the year. We look forward to seeing our customers and friends, along with meeting some new customers and getting to know you and more about your operation. One of our goals is to make sure that these bulls go out and work for you, our customers. It's something we take very seriously. Our programs are totally committed to the commercial cowman. Every mating we make is designed to leave bulls that will work for you and make your ranch profitable. As you study the EPDs and data in this sale book, you can see that we are committed to raising cattle that are balanced. This is very important in today's world of big framed, extended growth, high carcass cattle that will not make momma cows. In the end it's you the commercial cowman that suffers when you try to make these cattle work in the real cattle world. Sad to say, there are many terminal cattle out there today.

This is the most powerful and consistent set of bulls that we have ever sold. These bulls are designed with extra thickness, fleshing ability, length and will keep their condition while breeding your cows. They are the "Cowboy's Kind." These bulls have been developed on a high roughage ration for moderate gain. It is our goal to have these bulls remain sound, problem-free and to become long term genetic contributors to the herds that they go into. Our fall bulls after weaning run on grass all summer, no supplements. We believe that this is the best and soundest way to develop bulls. After weaning the spring bulls, we bring the fall bulls in the feedlot with them. The bulls are never pushed hard, we feed them to gain 3#s per day. The quickest way to ruin a bull is to feed it too much. They may look really good on sale day and also when you turn them out, but it's only a matter of time before their feet and legs start going bad. It's been good to get data back from our customers on their calves in the feedlots and on the rail. Consistently calves sired by our bulls have been the most profitable sets of calves in those feedlots and on the rail. We know that our bulls will leave a top set of replacement females, especially nice to hear that they will be at the top end in all segments of the industry. We have had many customers tell us about the extra years they are getting out of their Coleman & Trexler Bulls. It puts money in their pockets.

We believe that it all starts with the mother cow. We sort our cows hard for economically sound traits: longevity, fertility, efficiency, fleshing ability, disposition, udder quality, and structural soundness. We would welcome anyone to come and see the cows that these bulls are out of. We know that if you are keeping replacement females, it's vital that you look at the mothers to the bulls. Many of the bulls selling have photos of the mothers in the sale book. A large number of these bulls are from our embryo program. These bulls are backed by generations of highly productive females that have stood the test of time. We will once again be offering many full brothers, three-quarter brothers and half-brothers. The easiest way to get consistency in your cowherd is to buy bulls that are bred alike. We have had great feedback from our customers that have bought these full brothers about how consistent their calf crop is and the consistency in the daughters they have retained in their herd.

Please note that there is free nationwide delivery on all of the bulls selling; \$100 discount per bull if you pick it up on sale day. Haul your neighbor's bulls home and get \$100/head discount on them. We will start delivering the bulls the middle of March. We also offer a first breeding season guarantee on the bulls against anything. You don't need to purchase insurance on them, just let us know if there's any problem, and we'll take care of it. We feel it's the best guarantee in the business, and have had our customers tell us that - Our goal is to treat you like we will want to be treated if a problem ever occurs. Make sure and visit with us about it if you're not aware of it. Look at the inside front cover for more information. We offer a volume discount on the bulls; 5% on 5 bulls bought, 6% on 6 and up to 10% on 10 or more bulls bought.

It has been a pleasure hearing all of the positive feedback on our bulls. We look forward to seeing you all on sale day. Please feel free to call on us with any questions. Videos of the bulls are available to look at on our YouTube channel www.youtube.com/user/colemanangusranch. If you would prefer to have a DVD available to look at all of the bulls, please let us know. We would be happy to send you one. Sale will be live on Superior Productions for those unable to make it to the sale - see inside back cover for details. Check our web site (www.colemanangus.com) as we get closer to the sale, we will have the update sheet on there. Check us out on FaceBook also. There are lots of new photos, videos of the bulls, family, and what's happening on our ranch.

Thanks,
Larry & Dee Coleman
Larry & Peggy Trexler

The Key to the Puzzle = Balance

*It's the hardest thing to keep in the front of our minds. We always want to think that bigger is better, or we buy bulls based on spread EPDs, or we choose a bull because he has one trait that really stands out. We've all been guilty of it, but the real key is to "balance" the ones that do all things well. I really believe that this is one of the hardest, if not **the** hardest, hurdle in breeding cattle. If we can stay focused on this, it will make us more profitable and better cattle breeders.*

Lot 17 - Coleman Resource 9205

We shipped our calves yesterday. Here's what has changed since we bought our first set of Coleman Angus bulls last year. Averages were 836 for the steers and 761 for the heifers. 140 pound increase on steers and 100 pound increase on the heifers from the past 3 years. Rennaker said they were the heaviest and best looking calves that he's bought all year. Thank You!!

*Joe Geldrich

Coleman Blackbird 1554 - Dam of Lots 20, 62, and 63.

Coleman Donna 4203 - Dam of Lot 14, 17, 21, and 179.

The mother cow (factory)

We believe that it all starts with the mother cow. There is a big difference between a good cow and a great cow. A great breeding bull is known because they “stamp” their calves. It’s the same with a great cow; she should be able to “stamp” her calves regardless of who the sire is. They calve early each year, bring in a big calf at weaning, gentle with beautiful udders. Then you see that their daughters are doing the same thing. These are the ones that make a ranch profitable. We have seen a tremendous increase in the quality and consistency of our cowherd. This is resulting from the large groups of females that are 1/2, 3/4, and full sisters. Consistency is one of the most profitable traits that make the difference between a good calf crop and a great one.

We are sold on the Coleman program, as it fits ours to a T. The calves from Coleman bulls thrive on the short grass we grow here, and the cows from their bulls maintain condition and breed up well. The bulls carry condition through breeding season and lameness is just not a problem. The attention Larry and Dee have given their cow herd and sire selection has produced an outstanding group of bulls that deserve consideration from anyone looking for quality in the bulls they buy. Thanks Larry, Dee, Dawson and Erica for all the consistency in these bulls.

We've been using Larry Trexler's bulls for the last four years. We are really happy with the quality of the calves, and our weaning weights have gone up. We are very pleased with these bulls and we plan to continue using them.

Lot 40 - Coleman Bravo 9355

Coleman Angus bulls have made a positive impact on our cowherd. Their moderate framed, muscular bulls are easy fleshing, take little winter feed and have good quiet dispositions. When we sorted our replacement heifers, 75% of those retained were sired by Coleman bulls. They are high volume, easy fleshing females that will make moderate-framed cows that we appreciate in our family operation. We plan to add more Coleman bulls this year. They are the kind of bulls that will help keep our program profitable.

*Clyde Brewer III

Hello Larry,

We just shipped our heifers and steers. The Bravos and Summitts are as good as we have had in a long time. Steers weighed 635, and heifers 600, April calves. The Bravos and Summitts were weighing 670 -685. Will get you a video on those heifers, they are as good as I have seen in a long time. We will be using those bulls again!

Thanks

*Jeff Harwood

Time well spent!

I've always felt that the most important key in selecting your bull battery is to spend a day visiting and looking at the cowherd or cowherds where you buy your bulls. If you like the cows and the management of them, that's where you need to be buying your bulls. It's pretty simple, bulls produce daughters like their mothers and grandmothers!

Coleman bulls have worked well on our ranch. We purchased two bulls sight unseen in 2005 and were so happy with the performance they showed that we bought seven bulls the next spring. The bulls have proven to work at 7,000 ft. in rugged mountain terrain, or at 5,000 ft. in irrigated pasture. They are versatile, functional, and easy-keeping bulls that do their job in a variety of pasture situations.

*Thanks, Coleman Angus
 Ryan Malone

We purchased our first bulls in 2010, and have bought 18 since. We have been very happy with the bulls. We run up to 7,000 feet in a tough rugged environment, bulls have held up very well, have had no PAP problems, easy to handle, really like the daughters, and the bulls have always kept their condition very well. We will be back again. We really appreciate your dedication to the mother cow in your program.

*Thanks Larry and Larry
 Dooling Livestock
 Jackson, MT*

"For the past 8 years, we have been purchasing Coleman/Trexler Bulls. We started buying these Bulls because we believe that the fastest way to improve cow herd genetics is through bull selection. Our goal was to create the perfect cow herd, one that is uniform, flourishes on grass with lower feed intake, is maternal, and takes care of herself as well as her calf. For the past decade, our calf crop has been marketed through a grass finished program. We have discovered that Coleman/Trexler genetics was the perfect fit for this market given the early maturing easy fleshing characteristics of their genetic base. The carcass traits of our forage finished calves continue to standout in the marketplace. Coleman/Trexler bulls have improved our cattle grading choice, on the average of 20-40% better than the industry average on forage."

Have you ever stopped to think how much more time you spend with the poor cattle, than the good ones? The good ones not only take care of themselves, they make the ranch profitable.

DEICHMANN LIVESTOCK BROKERAGE

Dan & Marilyn Deichmann
 P O Box 310 • Hobson, MT 59452
 406-423-5500 • 406-799-5200 • deichmannlivestock@gmail.com

Over the years, through up and down markets, the Colemans have weathered every storm, producing quality Angus cattle. Today, this program continues to breed top-tier genetics that are the bread and butter of their loyal customers. When you buy bulls here, you're getting the Coleman and Trexler quality to produce the kind of steers and heifers that will keep your herd at the very top of the beef business. Whether you need one bull or a truckload, you are getting the Coleman and Trexler trademark handshake, and integrity of service that's behind every bull sold.

Each year, buying progeny out of this set of bulls is an exciting part of our business. We see firsthand the success of the genetics when they're on the ground, hitting the scales each fall at load-outs around the country. Our feeding customers are loyal to cattle that work and produce in the feed yard. And the females are key as replacements in every herd they are utilized in. Replacement females just don't come any better.

When we purchase Coleman-Trexler genetics, we can count on the cattle to get the job done in the feed year, and that gives us satisfied, repeat feeder customers. We continue to be an enthusiastic marketing arm for Coleman-Trexler sired calves, and look forward to working with you on marketing your feeders. With 35 years experience through all phases of the marketing chain, we look forward to working with Coleman-Trexler bull buyers in merchandising their premium feeders, as both rancher and feeders appreciate superior quality genetics.

Give me a call to visit about marketing your calves or yearlings, or assistance with selecting bulls at the sale. See you on sale day!

Sincerely,
 Dan Deichmann

We have been very impressed with how your bulls have held up for us. We run in dry foothills and mountains of Eastern Washington with 8-11 inches of annual precipitation all on open range land and no irrigated pastures. Your bulls have worked so well and held their condition so well that we are able to use them both in our spring herd and fall herds through the winter. Your bulls produce thick calves with heavy weaning weights, and keep on performing when we retain ownership. We consistently see 90% or better Prime and Choice carcasses also. We have been impressed enough to have collected a couple of the bulls and have AI'd several hundred cows to them, and those half-sisters are making phenomenal cows in our herd.

*Thanks Colemans and Trexlers.
 Cass Gebbers, Gebbers Farms, Brewster, WA*

Spring calving.

COMMENTS FROM THE SALE MANAGER

A Program and Bulls That Fit The Cattleman's Needs!

A program that has stood the test of time over the last 16 years, Coleman Angus was built on the simple functions of our business: Great cows produce great bulls. This is a program that believes in the simple things that have made the Angus business what it is today and a program that has bred for bulls with muscle, depth, performance, fleshing ability, fertility, and key functions that keep seedstock and commercial cattlemen in business. Here is a program that believes NOT in chasing the next fad, that many folks get so caught up in, but they breed for quality, not only quality in phenotype or performance but also EPDs; these cattle will not win the EPD contest but will continue to give your program the consistency that it is looking for in all spectrums of what cattlemen desire.

As you flip through this book, you will find full brothers, maternal brothers, and sire groups that you can buy to produce those consistent, uniform genetics that every breeder desires. After my recent visit to the ranch, I was blown away with the depth of quality, type, and kind of these bulls. If you need bulls with added muscle, added depth, and breed character, along with a sound structure and great feet, you will want to study on this set of genetics Larry and Dee Coleman and the entire crew have put together for this event.

These genetics start with a tremendous foundation of great females backing these bulls from some of the most prominent cow families in the country and then backed by the most proven sires in our industry. These bulls have low birth weights with excelled growth to weaning coupled with excellent maternal genetics. These cattle will produce great feeding cattle for customers selling in a terminal setting or for customers retaining replacement females.

If you have any questions about this offering, I urge you to contact the ranch or the American Angus Hall of Fame at any time.

Sincerely,

Tom Burke

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

HERE'S HOW IT WORKS

TURN IN BIDS OVER THE PHONE. This is our traditional method of buying livestock and is the suggested process for anyone who does not have consistent, high-speed internet. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form. Fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

CLICK-TO-BID. This is Superior's online bidding program for cattle buying. Please note that high speed internet is required – this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

VIEWING THE AUCTION. The sale will be broadcast via satellite on Dish Network channel 998. Please note that there is a delay if you are watching the auction on television so be sure to call in a couple lots ahead of the lot you are interested in bidding on. The sale will also be broadcast live on the internet at both www.superiorlivestock.com and www.superiorclicktobid.com. The video feed on the homepage of www.superiorlivestock.com looks the same as the video feed on TV and can be watched over a smartphone or tablet. Remember you can call in to bid whether watching on the TV or on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid".

Buyers will be contacted by the ranch after the sale for payment and delivery details. IF YOU NEED ANY ASSISTANCE CALL SUPERIOR AT (800) 422-2117.
