Bruce Brooks (580) 695-2036

LIVESTOCK PUBLICATION REPRESENTATIVES:

Alex Tolbert	Angus Journal
Kent Jaecke	Special Assignment
Chuck Grove	Special Assignment
Bruce Bradley	Special Assignment

SIGHT UNSEEN GUARANTEE:

Buyers unable to attend the sale should feel free to contact any of the Deer Valley Sale Staff. We will handle your bull purchases with the strictest of confidence. If for any reason you do not like a sight unseen purchase from Deer Valley and you have us select the bull for you, you will not own the bull! SATISFACTION GUARANTEED!

TERMS AND CONDITIONS:

All of the bulls selling sell FULLY GUARANTEED THROUGH THE FIRST BREEDING SEASON. Cattle will sell under the suggested Terms & Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf)

COOPERATOR BULLS:

Deer Valley works with a select set of cooperators around the country that source genetics from Deer Valley. We consult these cooperators on breeding and management decisions. The resulting bull calves that meet our requirements are sent to Deer Valley at weaning and are raised, developed and marketed through our program. These bulls are a designed product of Deer Valley and are bred to be consistent with what is bred and born on our farm. These bulls are sold with the same strict standards, 100% guarantee and terms that every bull sold here carries. Deer Valley owns these bulls with each cooperator, but in some cases the breeder on the certificate may not show up as DVF. They will all carry the Deer Valley name and be branded DVF. These bulls are denoted by the letters, "DVC" directly above the Birth Weight box on their Pedigree.

\$100 DISCOUNT FOR ANYONE PICKING UP THEIR OWN BULLS ON SALE DAY

Dear Fellow Breeders,

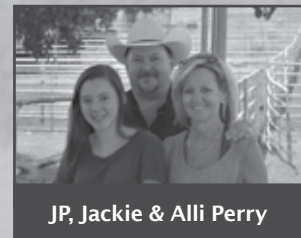

It is with great pleasure that I welcome and invite you to our Annual Spring Bull Sale. As always we look forward to seeing each and every one of you and take great pride in the offering that we will put out for your approval. We truly are excited about the set of bulls that we have to offer you this spring and believe that from top to bottom it is the most consistent set we have ever sold. The quality from the first pen to the last is possibly the most impressive thing about this set of bulls.

We have taken a very disciplined approach to our breeding program for years and are absolutely believe that the balance of traits that we demand are one of the things that set us apart. We try our best to resist the urge to single trait select but rather look at the entire production cycle and try to use a set of traits that will keep us and ultimately you on track and profitable. We consider conception to rail and try and balance those traits at every phase of the cycle. We believe that calving ease, growth, maternal, docility, fertility and carcass are all important in the equation and that phenotype and structural soundness are the basis that all of those things must start with.

Customer service is as strong a part of the equation as anything else. We believe that the relationship that we have with our customers is the most important part of our success and that we have to listen to your desires and needs above all. We believe that you are only as strong as the integrity and guarantee that you offer your customer when being a bull supplier. Our first breeding season guarantee is something that we promote and don't take lightly. When you come here we believe you are making an investment in our program, not just buying a bull. We want that investment to work for you long term and for it to generate a positive return for your operation.

Please feel free to reach out to us for any information or advice you may need on our bulls as well as our program. We would love to help you understand the offering and aid you in making the right selection for your program. We look forward to seeing each and every one of you on March 23rd and don't hesitate to give us a shout if we can be of service.

Sincerely,
Jonathan Perry

DEER VALLEY ALL IN

FOR REFERENCE ONLY

Growth Fund is one of the most exciting young herd sires with an impeccable EPD profile that accelerates him to the extreme top 1% of the breed for weaning and yearling growth, carcass weight, \$W and \$B values. He sold for a \$300,000 valuation and is a member of the Select Sires lineup and has seen heavy use in prominent programs coast to coast.

Contact your Select Sires representative for semen inquiries.

- One of the most impressive sons of Playbook to sell – Offering a superb balance of CALVING EASE with ADDED GROWTH and an excellent set of CARCASS VALUES!
- This impressive herd sire is as complete phenotypically as he is on paper – Really soft middle with extra rib and body shape while exhibiting extra muscle shape and is very sound structured. Compared to his paternal siblings throughout the breed he is one of the highest WW and YW EPD sons of the breed leading and heavily used AI sire, TEX Playbook 5437.
- He offers a pretty unique EPD combination for sons of Playbook and individually posted BR-97, WR-101, %IMF-108 and UREA-114 from his two-year old dam.
- His dam is a granddaughter of the \$300,000 GAR Objective 2345 who continues to have a strong influence in the Deer Valley program.

- A big-time herd sire in this Playbook son who also offers extra growth in his EPD profile with a breed leading \$W value.
- For breeders in search of a Playbook son with an excellent balanced set of EPDs combined with a flawless phenotype this big scrotal, smooth made individual with extra rib and muscle shape will work well.
- His dam is one of the breed's top Connealy Consensus 7229 daughters and his next dam is the top producing Sitz Henrietta Pride 639T – In addition, his dam has four daughters in production combining for WR 4@103 plus she records UREA 15@104.

DEER VALLEY HENRIETTA PRIDE 1633

The impressive and proven dam of Lot 2

DEER VALLEY PLAY OFF 7875

· A blending of PROVEN GENETICS with BALANCED EPDS and FLAWLESS PHENOTYPE!

DEER VALLEY COWBOYWEIGH 7690

DEER VALLEY COWBOYWEIGH 7690

This powerhouse son of Cowboy Up sells as Lot 3

- Phenomenal growth in this Cowboy Up son who will sire the kind of calves that will smash the scales down at weaning time – he weaned off with a ratio of 110 combined with %IMF-101 and UREA-103.
- His dam by the curve-bender Weigh Up records WR 2@104 along with %IMF 2@104 and UREA 2@106 plus traces to the great Rita family.
- Breeders looking to turn a herd sire out that is massive from all angles will really appreciate this big bodied bull who is also in the top of the entire breed for all growth traits.

An exceptional EPD profile that sets himself apart from the entire breed when you compare his phenomenal growth traits with his end product values and his impressive \$W and \$B combination.

He is a maternal brother to the \$300,000 valued Select Sires AI Sire, Deer Valley Growth Fund as well as the popular Deer Valley Wallstreet who is also a member of the Select Sires line-up.

His dam by the rare curve-bending AI sire Weigh Up has consistently produced powerful herd sires in every mating.

DEER VALLEY FORT KNOX
He sells as Lot 7

- A full brother to one of the breed's heaviest used young AI sires in the breed, Deer Valley Growth Fund.
- He offers excellent calving ease combined with breed impacting growth values plus he will add marbling and much like all his brothers he has a terrific combination of \$W and \$B Values.
- He will fit into any prominent purebred program and may very well prove to be one of the best sons ever produced from his deceased dam who records %IIMF 10@103.

DEER VALLEY COMMERCE

This full brother to Growth Fund and Wallstreet sells as Lot 8.

- This unique son of Baldrige Bronc posted WR-125, %IMF-110 and UREA-118.
- His well balanced EPD profile provides low birth and calving ease along with high performance growth and an excellent balance of carcass traits.
- His dam records WR 2@114, %IMF 2@104 and UREA 2@107 and blends the power genetics of Traction with the great Pathfinder dam of Weigh UP.

DEER VALLEY BRONC RIDER 7754

This impressive Bronc son sells as Lot 9.

- A unique son of the breed leading, high maternal sire, Connealy Black Granite who will add more frame and performance than most.
- All cattlemen will appreciate the overall smoothness of this attractive and well designed herd sire.

DEER VALLEY BLACK GRANITE 78127

DEER VALLEY FARM - YOUR SOURCE FOR HIGH QUALITY BREED-LEADING GENETICS IN VOLUME

Welcome to the Annual Spring Deer Valley Farm Angus Bull Sale, an event that is always a highlight of the spring sale season in the Southeast as this reputation program is the largest source of eighteen-month old bulls to sell every spring and every fall. Purebred programs from coast to coast as well as commercial cattlemen throughout the country have trusted the DVF prefix to provide them quality genetics that provide calving ease traits along with exceptional growth and carcass values. This year's offering of bulls is without question one of the very best sets of bulls ever offered at Deer Valley Farm.

There will be several big time breeder kind of bulls selling. These bulls are sired by the breed's most trusted and proven AI sires and backed by donors and cow families that have had a big impact in the DVF success. Special highlights this year will be the opportunity to select from some of the oldest sons of Playbook to sell anywhere in the land. These bulls are exceptional in terms of their phenotype, they offer calving ease with solid growth and excellent carcass values, and will no doubt be the kind of bulls that all breeders can appreciate. In addition to the Playbook sons selling, there will be a deep set of Cowboy Up sons selling that will definitely add pounds and performance to their progeny. These bulls are big ribbed, deep sided, and stout featured and have the look of bulls that will transmit growth and also produce daughters that will make top notch replacement females. There will also be a large number of sons of KCF Bennett Fortress selling for breeders in search of low birth, high growth cattle that maintain that extra rib and volume to ensure their daughters will also make replacements. Throughout the bull offering you will find a large number of calving ease bulls that rank near the top of the entire breed for growth values and also excel for end product traits. The percentile rankings for all of the bulls selling are listed with their genomic enhanced EPD profiles so that you can invest with confidence and know that you are buying right off the top. For those producers wanting to select bulls based on genomic rankings, all of the genomic rankings for the bulls selling are listed in this sale book.

Deer Valley Farm is committed to producing bulls that meet their customer's demand. They are a program focused on quality and know that without their customer's success the DVF program can't be a success. If you are in search of a genetic source for eighteen-month old bulls in volume, mark your calendar now to be on hand for this tremendous offering. If I can help or be of assistance in any way, please give me a call at (918) 510-3464.

Sincerely,
Rance Long
