HOW TO BID ONLINE

Tips and Tricks to Master Online Bidding

STEP 1.

As a user of CCI.live you can use most any new platform. You do not need the app to use CCI.live on your cell phone, the application will work across most newer platforms and browsers. You can also download the CCI.live app at Google Play or Apple App store.

STEP 2.

Open your app or go to the address of www.CCI.live in your browser. CCI.live can be used on a cell phone, tablet, laptop or desktop. Some older models may not be compatible and will indicate this with a yellow caution symbol.

STEP 3.

Create an account and then request bidding credentials through CCI.live. Use the bank information listed on your check. Please use a correct phone and email address. CCI.live reserves the right to refuse bidding credentials to any customer not meeting our specifications.

STEP 4.

Once you are accepted for bidding credentials you will receive a text message and/or email notification. Proceed to "Get Buyer Number" on the actual sale page of your interest. Some sales may also require a PASSCODE to obtain a buyer number. On these auctions, you will obtain passcodes from the sale office phone number for the specific auction you are interested in. Please closely read the terms!

STEP 5.

You are ready to go! Make sure you understand, once you are logged in, have a buyer number and are watching the sale that you are on a highly sensitive web page. Be careful when scrolling or handling cell phones.

TIPS FOR SUCCESSFUL BIDDING

- Make sure you have good service. Bidding and driving is not recommended. You should have two - three bars on your cellular devices. At home you should have an UPLOAD speed of 2 mg or more UP. Use this site to test your internet: www.speedtest.net.

REFRESH YOUR SCREEN AT SALE TIME

If you have logged in over an hour prior to sale time, you may need to login again. DO NOT let the computer set idle and then return and try to bid, the website may have logged you out.

CCI.live does not accept payment, you will pay the sale management or the farm directly.

www.cci.live

LIVESTOCK MARKETING

JOIN US FOR THE SALE!

Terms

The terms of the sale are cash, cheque, wire or e-transfer, payable on location or within 15 days following the sale to Dorran Cattle Co. The right of property shall not be exchanged until after satisfactory settlement has been made. Every group will sell to the highest bidder times the amount of head; the auctioneer will handle any disputes if needed. Announcements from the auction block take precedence over printed or previously announced details. All monies are in Canadian funds.

Insurance

Crossfield Agencies Insurance – Cassie Dorran 403-507-5953
Be sure insurance is placed within one week of the sale. Cattle are the responsibility of the buyer at the fall of the hammer. The bull will sell with a Breeding Soundness Evaluation.

Pregnancy Verified

Dr. Adam Schierman, DVM, at Davis-Rairdan International performed ultrasound pregnancy examinations on all heifers. A 283-day gestation table was used based off of the AI or natural service observation in combination with the dated ultrasound verification.

USA Buyers

We welcome U.S. customers. Transportation as well as health and export paper fees would be the responsibility of the buyer. Dorran Cattle Co. will help with arrangements. Contact Ryan before the sale for more information. Current U.S./Canadian exchange rate would put Americans at a significant advantage paying around \$10,000 USD for every \$12,500 CAD bid.

Transportation

Buyers are responsible for all transportation of sale purchases. We kindly ask that heifers are at their new homes by the first week of October. Dorran Cattle Co. may be able to provide some guidance and help line up transportation arrangements if needed.

Accidents

Although every precaution will be taken, Dorran Cattle Company or any sale staff will not be responsible for any accidents or loss of property. Said parties assume no liability, legal or otherwise as a result of this cattle facility or auction.

Thank you for your interest in our first sale!

Dorran Cattle Co. heifers have been selected from astute cattle breeders across Alberta and Saskatchewan. Sires of these females have been sold through Dorran Marketing Inc. auctioned sales, what we believe are breeders of integrity and detail oriented in terms of record keeping, culling and purchasing quality new genetics for continued herd improvement. Heifers are identified by their Dorran Cattle Co. number and penned in groups of two to four head by type and calving dates.

Heifers were fed a high quality, free-choice hay in the spring and AI synchronized to the calving ease, maternal giant PF Oklahoma 6625. Now deceased, Oklahoma is recognized in the Angus breed for his stacked EPD profile including in the top 2% for Calving Ease and top 7% for Birth Weight and Weaning Weight, a combination rare to find. Oklahoma calves are visually unique with strong structural correctness, smooth front ends and extremely balanced in their look. We know you will be happy with calves out of these commercial bred heifers with steer calves having the look that will catch your eye and heifers that are sure to be the replacement kind with two of the very best donors in the industry within their lineage.

Close to 70% of heifers stuck to their AI date. For the remaining, heifers were pasture exposed to two Oklahoma sons from Anchorage Farms, Hanley, SK/Olds, AB – Anchorage Boone Pickens 0008 and Anchorage Lawton 9063.

Estimated calving dates have been provided, but please keep in mind that Oklahoma is considered a shorter gestation sire. We recommend watching these heifers prior to the estimated 283-day gestation length.

This group of bred heifers are quiet. We hand watered them in the spring and check on them daily with our boys. Our boys have been chute side every time we've worked them (and if you know our boys, they are a busy pair).

We trust these heifers are going to make exceptional cows for their new owners. We've done the homework; we look forward to the fun you are going to have with them!

Ryan & Cassie Dorran

Heifers have been on native pasture since the first of June
and had free choice Bulls Eye Mineral.

AI Sire

PF OKLAHOMA 6625

Sire: V A R DISCOVERY 2240

Donor: PF 5682 HENRIETTA PRIDE 0533 (S A V BISMARCK 5682)

Registration Number: 2025734

One of the most complete calving ease bulls with maternal greatness and stacked EPD's in the breed — Oklahoma. Expect visual quality while adding impressive maternal lineage from his calves, as he is out of one of the very best donors in the industry. Oklahoma is strong footed, sound structured, large scrotal, smooth made and nearly impossible to find a hole in for an exciting up and coming calving ease prospect. Genetically, he is intriguing by representing two of the great cow families in the industry with the Rita on the top side and the world renowned Henrietta Pride on the bottom side. His EPD's are out of this world as he is in the top 2% for CE-TM-MRB, top 3% for REA, top 4% for YW, top 7% for BW-WW-Milk-SC, top 10% for MCE-CW and top 15% for Fat.

							Adj. YW	1208 lbs

Anchorage Lawton 9063

Sire: PF OKLAHOMA 6625
Dam: BELVIN LADY BLOSSOM 70'17
Registration Number: 2131394

Each year we are going to offer our two year old bull in our bred female sale! Affectionately known by our family as "Pistol Pete", we are very happy with how this Oklahoma son has matured. Purchased in 2019 at the Anchor B/Anchorage Bull Sale for his calving ease and birth weight numbers, Pete has been an awesome breeding bull for us the past two years. He's flawless in his feet, smooth fronted and structurally sound. His dam, Belvin Lady Blossom 70'17, was the high seller in the 2017 Belvin Angus Female Sale and has a lineage of great cows known for foot and udder strength with high production value. His top side includes the now deceased AI sire Oklahoma, a maternal and calving ease giant in the Angus breed. Pete has calves on the ground in Saskatchewan that look great, and we know he will make an excellent breeding piece at his new home!

Anchorage Boone Pickens 0008

Sire: PF OKLAHOMA 6625
Dam: RUSYLVA MISS 612F
Registration Number: 2193941
