... **CONSIGNORS** ...

Welcome to our four states Oklahoma spring sale and Perkins. Cattle prices are rebounding and grass is green-ing upas times continue to be prosperous in the cattle business. Once again our consignors have stepped up to bring some great limousine and lim-flex cattle. We invite you sale day to evaluate what we have to offer, there will be some great herd sire prospects as well as highly produc-tive females out of some of the top genetics in the breed.

We will once again be offering some fancy show heifer prospects that will work great for those 4H and FFA members that will place you at the backdrop with s banner. Several heifers from past sales have went on to be named champions as well, they are "Run for the Roses" eligible at the Tyler fair this September for a \$2,000 purse. Lunch will be provided sale day and cattle will be available to view on Saturday afternoon, call me of any member of our sales staff if we can be of any help or answer any questions, thanks again and see you at the sale.

- 2016 Fort Worth Stock Show Limousin Show class winner
- The Council Family has done the hard work, they have developed this special female, hatlerbroke her, shown her successfully to the top of her class at the 2016 Fort Worth Stock Show and got her bred! Now it is your turn to capitalize on their investment of time and resources with the calf that she will have on the ground by sale day by Sennett Wonderful
- This eye appealing bred heifer is great lined and so very productive in her appearance. She is a MAGS Wazowski daughter out of a JCL Lodestar female and goes back to the Hillcrest Edith cow family. Hillcrest Farms is historical Angus operation in Northern Virginia who was known for multiple generations for producing highly maternal cattle that were exceptional mothers and milkers. An investment in 140A is low risk with the potential of great returns.
- **LOT 2A** - Heifer, born 02.29.16, sired by Sennett Wonderful. BW: 62 lbs.

- Pasture exposed 11.30.15 to 3.5.16 to Medal of Excellence award winner and National Sale topper, RLBH Air Force One.
- The MAGS Y-Axis progeny will continue to build value from two perspective; one is the semen distribution is now limited to the syndicate and two, both his daughters and bulls are absolutely fantastic. His daughters are moderate, easy fleshing and highly productive and his sons are passing on his predictable calving easy and growth numbers alike.
- CFLX Untouchable 402B is homozygous polled and approaches the top of the charts for several traits including REA and CW Epds and combines economically important traits to calculate a SMTI of 59.18.

- P.E. 11.30.15 to 3.05.16 to RLBH Air Force One
- JCL Lodestar and WLR Direct Hit have made a name for themselves for a variety of positive reasons in the Limousin population, they meticulously blend together in this highly marketable bred heifer.
- CFLX Wilma 404B is particularly intriguing combination of a negative BW epd and a Milk number of 28. In our opinion, when you mate her for a little more statistical growth, you will certainly have an end result that you would be proud to keep or offer for sale to you most demanding customers.
- Pasture exposed 11.30.15 to 3.5.16 to Medal of Excellence award winner and National Sale topper, RLBH Air Force One.

- Hello! If your just skimming through the catalog, you may want to stop and check this out! CFLX Pepper 409B is a maternal sister to CFLX Mollys Image, who is the dam to EF Xcessive Force! Xcessive Force is siring some of the thickest, easiest fleshing and massively constructed cattle in the country.
- Sired by EF Smack Down, the 2008 National Champion bull and quite possibly one of the most notable show sires in the history of the breed.
- In addition to being a maternal sister to CFLX Molly's Image, she is also a maternal sibling to JCL Baxter and CFLX Wild Card.

- Five months safe to COLE Zone 89Z.
- The Lance Sennett Family has produced some exceptional genetics in their tenure in the Limousin breed, including the sire of CFLX Dakota Belle 341A, Sennett Wonderful is certainly one of those special individuals. He is a full brother to Sennett Lightning who was the first ever Champion Lim-Flex Bull at a National Junior Show.
- 341A is a homozygous polled and a true calving ease specialist, she posts a CED EPD of 11 and BW EPD of -1.3, certainly birthweight data that could be used to generate calving ease sires down the road which would be attractive to the commercial cattleman.

- DNA test pending for both traits, black and polled.
- A total outcross pedigree to a majority of the current Limousin pedigrees in the marketplace, this female who is at the peak of her production level could be the key to adding a genetic blast into your system. Her pedigree is different enough that integrating her into a Limousin or Lim-Flex program would be similar to the results you would get from hy-bred vigor.
- Xat is an easy fleshing, easy feeding female who maintains her body condition even as she is lactating and raising vigorous calves.

JCL Lodestar is nearly 14 years old and has totally withstood the test of time. His daughters are still topping sales across the land. 77 WW Epd and 128 YW Epd for a 2001 model is virtually unheard of. Lodestar is a maternal legend who produces females that excel in terms of longevity and milking ability. The Lodestar daughters are typically the first one the ranches mention when you ask them who their favorite brood cows are.

- BW: 85 lbs.; Adj WW: 836 lbs.
- This 87% purebred bull, is a homozygous polled and double black son of MAGS Warm Stockings and traces back to the ever productive EXLR 199H donor female who has over 70 progeny recorded in the North American Limousin Foundation registry.
- In regards to actual performance crossing the scales, TBCC MR 555C has absolutely killed it. He recorded an adj. ww of 836 pounds and ratio'd 107, at a year he adjusted to 1,262 pounds and ratio'd 106 while scanning a 15.25 REA, .14 inches of fat and ratio'd 106 for IMF.

- BW: 84 lbs.; Adj. WW: 758 lbs.
- TBCC MR 573C like his MAGS Warm Stacking siblings selling in this exclusive offering, he has spectacular scan data and pounds of performance that would indicate that they will sire economically lucrative progeny. Via ultrasound, 573C scanned nearly a 16 in. REA and 0.15 in. BF.
- This AHCC Westwind son definitely looks the part of a Limousin breeding bull, he is massive in his muscle pattern and large footed.

A past National Champion who absolutely dominated the show ring in his day, who has gone on to sire cattle that have been equally successful. The most prominent son of GPF Blaque Rulon in existence is DHVO Deuce. Consistently used to add style and power to females that have all the right angles, just are lacking the power to be competitive. The number of Deuce daughters, sons and extended progeny who have hung banners and walked away with year end MOE awards is too many to mention.

The 2015 All American Futurity grand champion bull. He was a top purchase by Paul Sisemore of P Bar S Ranch, Sand Springs, OK. From that sale time he later went on to be selected as the grand bull at the Futurity. Sired by LH U Haul, one of the breed's biggest numbered bulls of the breed. His dam is AUTO Luckie 246W, one of the top show females ever bred in the Pinegar program. She won the '10 All American Futurity Grand Champion, '11 All American Futurity reserve champion and the '11 Ozark Empire Fair reserve supreme champion over all breeds '10 Missouri State Fair grand champion as a calf

• BW: 62 lbs.; Adj. WW: 806; Adj. YW: 1,574 lbs.
