## *Welcome to Maternal Legends.*

The past year has been the most rewarding of times for being a seedstock supplier here at Sullivan Farms. It is so gratifying to hear the positive comments, from bred heifer customers expressing their satisfaction on their SULL females, many with strong endorsements on the mothering ability and soundness. From our young exhibitors, the reports of champions this summer and fall have come in at a staggering rate from all across the nation. Thank you for your hard work and dedication junior families. Sullivan Farms prides itself on stacking cow families for multiple generations with an emphasis on structural integrity for a more predictable and consistent product. This philosophy allows us to offer Quality in Volume ... available at all price points. Please study pages 45-47. This proven formula for success truly does exist every year in Dunlap, Iowa, at all prices more reasonable than what one may think.

A very special thanks to the entire Sullivan Farms crew. What a group of hard working and humble employees. Your passion drives this program, your loyalty, longevity and knowledge is respected. I can't thank you enough. To our customers, it is our goal to build a long lasting relationship where the cattle and people are here for the long haul. We are here to help in any way possible. We sincerely thank you for your interest in our program.

We look forward to seeing everyone October 14th and visiting with and answering any questions you might have. Please don't hesitate to give us a call so we can answer any and all your questions from open heifers, bred heifers, frozen embryos and semen. We are here for you.

- SULL Rosa 8027F reminds me so much of her dam CYT Max Rosa 1145. She is so smooth in her design with incredible body shape and added length from end to end. Her show ring potential is endless.
- Her dam, CYT Max Rosa 1145, hit a homerun with her set of SULL Red Knight calves this year. Max Rosa 1145 is living up to her potential producing multiple top end show heifers in the 2018 Maternal Legends sale. She herself was a past sale topper at the Cyclone Trace Production Sale. - This might be one of my sleeper picks for the sale. She is not always the most photogenic and eye catching just out in the pen but if you study this one's structure and levelness down her top line and how much body shape and mass this female has I think on the end of a halter and all fit up on show day this one could be a handful to get around. Donor cow deluxe with impeccable, proven pedigree of national champions.
- Her dam, CYT Max Rosa 9111, was one of the most dominant show heifers to date. She won NAILE as a calf in 2009 and again as a bred in 2010. ## GENERAL SALE INFORMATION

**Terms:** The terms of the sale are cash or check payable to Sullivan Farms. Payment to be made to the clerk immediately following the sale and before the cattle are removed from Sullivan Farms. Purchasers or their representative must sign the bill of sale prior to leaving the sale site.

**Insurance** will be available for your purchase at the sale through Stuart Wilson or Sheila Jensen. Contact either their representative or the clerk at the settlement desk.

**Health:** Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date, and cattle born at Sullivan Farms have been vaccinated.

**Semen Rights:** We are retaining an in-herd semen use on all bulls selling in the Maternal Legends Sale.

**Genetic Conditions:** All Purebred Shorthorns have been tested or are free by pedigree. All genetic conditions that Sullivan Farms has received results on will be on a supplement sheet sale day.

**Liability:** Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**Announcements** made sale day will take precedence over printed material in this catalog.

**Breeding Update/Calving Information:** There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

**ASA Breeding Guarantee:** All animals sell guaranteed to be fertile. Exceptions 1) Disease, or injury occurring after purchase; 2) Bulls being run with the herd prior to 14 months of age. Sullivan Farms will guarantee open heifers to breed; however, please keep in mind that animal conditions influence fertility greatly. If there is a problem, we would want the females to be returned to us to be bred. Open heifers that have been transplanted are not guaranteed. In the event that an animal will not settle with the efforts of the buyer and seller, a sale credit in the amount of the purchase price will be issued to the buyer that can be used at any time on any animal, flush, semen or embryos sold by Sullivan Farms.

**Flushes & DNA:** Sullivan Farms reserves one flush of eight or more grade 1 or 2 embryos at our expense on all females selling. Sullivan Farms retains at our expense the opportunity to obtain a DNA cell line for cloning purposes on all cattle selling in this sale.

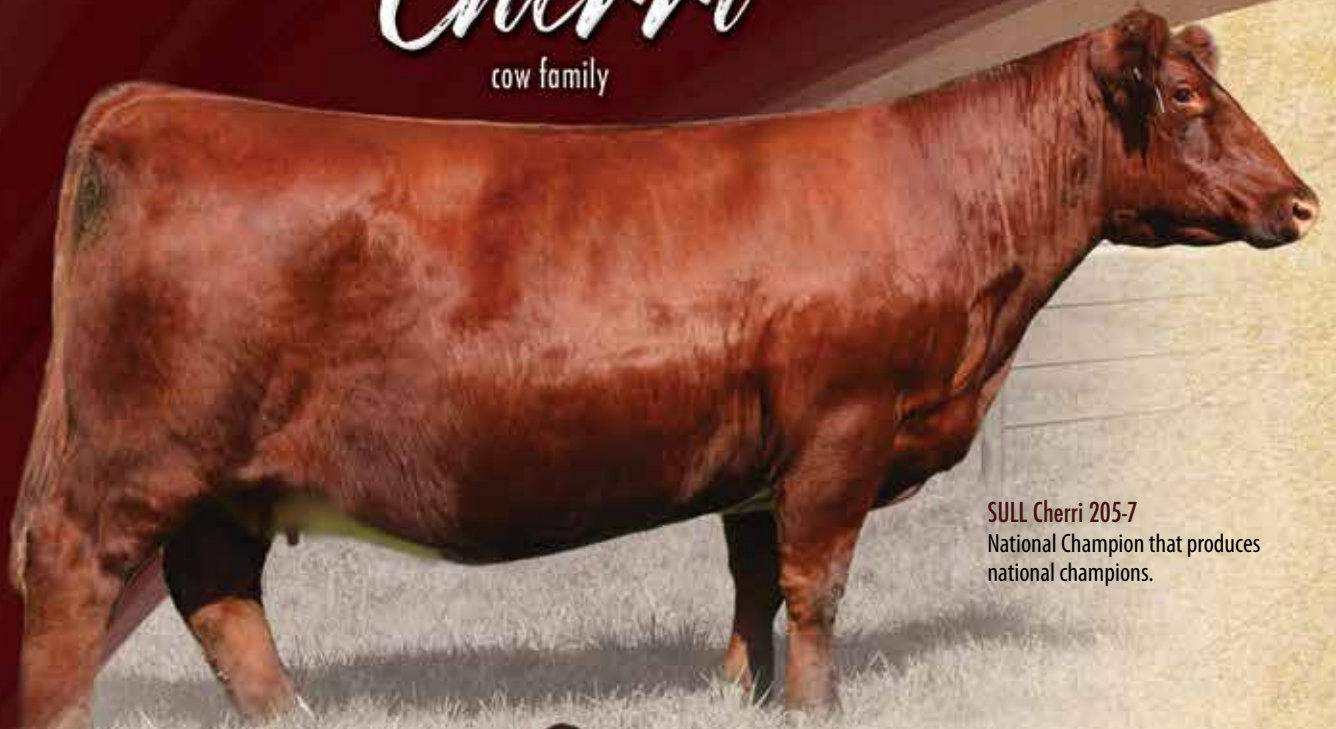

**Embryos:** Guarantee one pregnancy on each package of embryos sold if implanted by a certified technician. If a pregnancy is not confirmed, an additional embryo will be received. All frozen genetics are stored at Trans Ova Genetics. Buyer assumes all shipping expense upon purchase.

**Sexed Semen:** You will note many live animals and frozen genetic packages utilizing SEXED semen technology. While the accuracy of this technology is nearly 90%, Sullivan Farms does NOT guarantee any SEXED semen to result in a calf of listed sex. All frozen genetics are stored at Trans Ova Genetics. Buyer assumes all shipping expense upon purchase.

**Retained Flushes:** Flushes to take place at the convenience of the buyer at a location of their choice. We will pay all normal costs associated with the flush. Animals may be returned here for transplant if buyer desires at no cost.

- A combination female that has added power and style and can get out and motor when set into motion. This is a fresh new mating that we have had limited progeny from but has worked extremely well. We had a full sister that sold through our 2018 No Bull Sale from our 2017 calf crop that was a sale feature purchased by the Shields family from Texas. Look for her to have a lot of success in the upcoming Texas majors. Sired by the many time National Champion SULL RGLC Legacy 525.
- Her dam, Cherri 205, was a National Champion herself and is a breed legend producing the 2013 and 2014 National Jr. Heifer Show Grand Champion Females. She is also the dam of the 2014 NAILE Jr. and Open Show Champion Female SULL Wild Cherry.

- A Who Da Man daughter that has been a standout since day one. This March heifer has that killer look of her successful Supreme Champion sister with a big hip and extra substance of bone. I think this one has some big days ahead of her filled with banners and just think of what her sisters are producing as cows.
- The Who Da Man x Sultry 6640 mating has produced multiple National Champion Chianina females along with multiple NAILE and Royal Supreme Champion Females. JSUL Who Dat Raptor was the 2017 NAILE Supreme Champion Female, JSUL Who Dat 1602y was the 2012 American Royal and NAILE Supreme Champion Female. - If you are serious about adding genetic value to your cow herd take a strong look at this incredible bred heifer female. Note, this female is 9.98% Chianina. Whether you strive to produce steers or show heifers or even just want to add genetics to your herd, this bred heifer will be one to be in the donor pen at some point. We think with her genetic makeup, flawless structure, femininity and power, she can do it all.
- Her dam JSUL Who Dat 1602y comes from the Who Da Man x Sultry 6640 mating that is one of the most consistent and highest generating matings of not only showing champions but also making donors that make champions. JSUL Who Dat 1602y was shown by Luke Elder that went on to be selected as Supreme Champion Female at the 2012 American Royal and NAILE, said by many respected cattlemen to be the best female to ever walk across the green chips.

- Bred to C Miles McKee 2103; due September 15th, 2018.
- A powerful young donor cow that is well suited for today's herd sires. This female stems from some of the most proven and dominant bloodlines in the Hereford breed. Her dam, LCC Two-Timin Harley 438, is the dam of TCC Miss Shelby 82 and multiple National Jr. Heifer Show Champion Females.
- A no brainer investment here. Who Maker is a breed changer and this young female can help you change the breed.
- She has never been flushed or IVF'd.

The Shorthorn Foundation female has become a tradition to raise money for Shorthorn Junior Nationals. Breeders have donated heifers where 100% of the proceeds goes toward Junior Nationals.

A huge thank you goes out to Sutherland Shorthorns, David, Sherry & Jaclyn Ragsdale. Sutherland Cherry 340 ET is a maternal sister to Sutherland Cherry 187 A, who was the champion cow-calf pair at the 2015 and 2016 North American Internation Livestock Show and champion ShorthornPlus cow-calf pair at the 2017 NAILE. She had been bred to ARG Hector 1777 ET (4267185), an Argentinian imported bull owned by Steve and Julie Fresh of Little Cedar Cattle Co.

A Special Thanks to ...  
David, Sherry & Jaclyn Ragsdale

## The Tradition Continues...

The American Junior Shorthorn Association has started a great program where they ask the exhibitor of the Grand Champion Purebred Female and the Grand Champion ShorthornPlus Female from the National Junior Shorthorn Heifer Show to voluntarily donate a flush. This year, both exhibitors were excited to participate. What a great way for our Junior Members to give back and appreciate their success!

## 2 IVF Flush

Thank you Miller Smith for your donation.

**VALUE - A progressive breeder will bid without hesitation.**

This is a super complete female that was admired for her structural correctness and balance. She combines some of the most powerful genetic lines in the Shorthorn breed today. It is our honor to give back to the AJSA after they have given our family so many opportunities. Due to our management protocols the buyer has the right to flush her after her second calf or IVF her after she is rebred for her second calf. We thank you for your patience, it will be worth the wait. Flush work to be carried out at Donor Solutions, Rensselaer Indiana. Guarantee 2 transferable embryos. All semen and flush expenses are buyers responsibility.

## 3 IVF Flush
