- Just a baby, but wow! You can imagine how much she had to stick out in order for us to earmark her for public auction at such a young age.
- Following in her sire's footsteps, ELCX Dottie 709D is absolutely exceptional in her lines and the way she ties everything together, the MAGS Xyloid certainly shines through strong.
- Tracing back to Connealy Forefront on the bottom side of her lineage, she should have an extra shot of growth and additional feminine angles as she gets older.
- This one is destined for Murfreesboro and Grand Island, in the right hands, she sure could be a lot of fun!

- This late summer baby, is an intriguing blend of the breed's leading Fullblood and Lim-Flex genetics. Heteros should be substantial and certainly play a role in this promising young heifers future.
- Her dam, is an exceptional numbered CL Burbank/Lodestar influenced female who came out of the prestigious Greenbrier dispersal in 2012.
- Between her phenomenal disposition and ideal age and size she is on the right tack to make an exceptional show prospect for a young or first time exhibitor.
- Portwood Family Limousin has offered to pay the early entry fee for her to the National Juniors Show in Grand Island this summer!

- This late summer baby is so good, that Freebird Farms has even offered to pay the early entry fee for her to the National Juniors Show in Grand Island this summer!
- The Freebird program has grown some tremendous wings in the past few years and has soared to new levels. Breeding regional and national contended consistently now, it is time to look at the FBFL prefix for your ext show heifer.
- Coming off her dam at an impressive 683lbs, there is no doubt that this females had plenty of gas left in tank and "get up and go" isn't going to be an issue! Her pedigree meticulously blends together the young and modern sire, ELCX Remington with the proven track record of WULKS Nobel Prize 321N.

- PFL Draw is a daughter of SL Locked and Loaded, who is a direct son of Suki. Suki was the bred and owned heifer of the late Jordan Straight, who tore up the show circuit in 2008.
- The dam of PFL Draw goes back to the 1407 donor that Cole Abele and Magness Land and Cattle owned together, EXG E 839 1407 M175 LS, who just happens to be the dam of past National Champion, CALO Brickyard!
- This heifer was originally slated for an unaltered sale, but the more we worked with her and analyzed her, we realized that we weren't giving her the credit that she deserved! She is really neat lined, structurally correct and has a fault-free phenotype that will be easy to manage into showing success.
- We will pay her early entry fee to Junior Nationals.

Consigned by Portwood Family Limousin, Versailles, KY

- Here is an opportunity to acquire a natural, MAGS Xyloid sired heifer calf out of our Express donor, EXLR LISA 8223X. An early summer baby who fell on the right side of the typical division split and we will definitely be one that needs to have a stall card hanging above her the next time she leaves the farm!
- The MAGS Xyloid progeny are so very good and so exceptionally popular on the Limousin show circuit year after year, including this year. Two Edwards Land & Cattle bred bulls are capturing division titles on the national level, ELCX Draft Day and ELCX King's Landing.
- ELCX Donate 822D can certainly add to your performance cause! She weaned off of her dam, without creep at 792 lbs.!

- Edwards Land & Cattle really dug deep for this sale! Here we have an Xcessive Force heifer calf out of a maternal sister to JCL Lodestar! Lodestar is known everywhere for his distinct ability to produce some of the very finest maternal cows in the country.
- Pedigree power alone makes this one a great one, however her design and eye appeal make her extra special. In typical Nicholas Edwards fashion, 613D is level topped, good hiped and long fronted.
- ELCX Double Up 613D ET ranks in the top 2% of the breed for MB and top 4% for \$MTI.

- Selling a choice of two females bred and owned by junior exhibitor, Julia Weaber. In an effort to limit her showstring for this summer, she has decided to offer a choice in the these two flushmates as well as their brother.
- MAGS Wallpaper was shown with a great deal of success for Cole Kaufman in 2010/2011, ending her heifer career as Reserve in the Junior Show at Denver before coming back and being Reserve National Champion Cow Calf in Springfield in 2013 at the National Junior Show. Unfortunately, she was lost to lightning here recently.
- These heifers would be a maternal sister to the RCKN Braelynn heifer that was a many time champion for Julia in 2015 and 2016 and sire by Eathington Sub Zero, who is one of the stoutest made, calving ease Angus sires available on the market.
- KJAW Wallpaper 100D and KJAW Donna 102D, are different in their type and kind, as you will see it really is going to be a choice to be made! You can choose the stouter, bigger bellied heifer or the more attractive and extended female. Either way, you won't be disappointed.

- RSCP Dawn 602 is a maternal granddaughter of the 2007 National Champion Lim-Flex female, MAGS Snickers. Snickers went on to be a highly productive and profitable donor female at Magness Land and Cattle, her first daughter Unwrapped Snickers has also been a prolific donor. Here is an opportunity to tap into multi-generational maternal power.
- SVL Polled Ace, was the Portwood selection for a herd sire from Stone Valley Limousin.
- This April heifer has a promising future and offers a tremendous amount of breeding flexibility, so many different options will work on this unique female.
- Portwood Family Limousin has offered to pay the early entry fee for her to the National Juniors Show in Grand Island this summer!

- Kelley Owen always brings a stellar line-up to the TN Beef Agribition, his dedication to the success of the sale is evident in the cattle that he consigns year after year! 7D is no exception!
- 7D is direct daughter of the 2014 National Champion Bull, RLBH Air Force One, who is know producing some of the most sought after calves on the market and is working naturally in the Council program, where they are absolutely thrilled with his calves.
- This heifers pedigree is absolutely stacked! Not only is her sire a National Champion, her dam is the famous SBLX Zane! Zane is that deadly good looking red female that was campaigned by Henderson Cattle and Edwards Land & Cattle and then went on to make a superior donor. As a mature female, she is absolutely picture perfect.

*Consigned by Owen Cattle Company, Hornbeak, TN*

RLB Air Force One, sire of Lot 9.

- This was a hard one to part with for the Portwood Family, her dam MAGS A Veil is one of their favorites; however, they knew if they were going to market through this sale, that they would have to bring some of their best.
- This February daughter of SVL Polled Ace is the result of breeding a fullblood back on top of a Lim-Flex, which in theory should give you're the most heterosis available within the breed. The true cow ability of these females will become apparent after they are in production.
- Proven females deep in this pedigree on both the dam and sire's sides.
- Portwood Family Limousin has offered to pay the early entry fee for her to the National Juniors Show in Grand Island this summer!

*Consigned by Portwood Family Limousin, Versailles, KY*

- A.I. 6.08.16 to Nexus (NFM 1734336) Calf will be homozygous polled by pedigree
- Posthaven Limousin out of Ontario is steadfast true to pure Limousin genetics and have paid meticulous attention to developing prestigious and premium cow families over the years.
- This particular bred heifer is a daughter of Posthaven Polled Yellowstone, who goes back to their foundation Candy cow family. Yellowstone has produced semen that has been marketed worldwide.
- ACHH Polled Zenstone 96B is homozygous polled with tremendous profit potential. She is near calving and guaranteed to be polled. ACH only sells good ones that they feel will do good for other breeders, we are excited to have them in this year's offering with these elite Fullblood genetics.

- Safe Bred 11.19.16 to 3.8.17 to ELCX Baldwin 439B
- The JCL Lodestar daughters are known for making exceptional cows that pass on tremendous growth to their progeny, CHR Xcellant Star 169X is no exception, her progeny have been sale features for us in the past, and now we have chosen to offer her for public auction.
- CHR Xcellant Star 169X will be a fabulous addition to any program that is seeking half blood Lim-Flex that stem back exceptional Limousin sires and Angus cow families.
- Ranking in the top 5% of the breed for MB, will allow you to focus on other traits when mating her, without sacrificing the ability for her progeny to record premium IMF scores.

- If you came looking for one with an absolutely stacked pedigree, that reads like a "Who's Who" of the Limousin breed, ELCX Duke 627D is the one for you! Generations after generations of greatness represented in this herd sire prospects lineage.
- A direct son of former Futurity Champion, MAGS Xyloid and traces back to Carrouseles Pina Colada on the maternal side of his pedigree. Based on pedigree alone, it is hard to see these head to the sale ring, but we can't keep them all! His dam ELCX Fiji is a young donor in the Edwards program who they have big plans for, so far she hasn't disappointed!
- Study this one from the ground up, he has herd sire written all over him! Impeccably designed and so many good pieces to him.
- BW: 80 lbs.; WW: 761 lbs.

- Bred in the Agri-Exposure and Massey programs, KJAW Sub Zero 101D is a late spring calf who is starting to come into his own here recently getting better and better with each passing day, there is no doubt that by sale day he will look the part and be an example of his genetic potential.
- Talk about a calf that has a great look to him, he inherited his many time champion dam's show ring appeal and his sire's Angus functionality!
- The potential of this herd sire is endless, between his exceptional phenotype and popular pedigree, Eathington Sub Zero is a negative Angus bull BW that is as well rounded as they come, he is going to make great waves in both the show ring and production side of the industry.

- There is no doubt that SBLX Zane is one of the most functional show heifers to ever grace the green shavings as a female and then as a cow/calf, the dam of this herd sire prospect is one of the very best.
- This black Lim-Flex bull exemplifies the Edwards Land & Cattle program to a "t"; he excels in terms of eye appeal and follows the stringent requirements that they put on cattle in terms of performance, phenotype and pedigree. The opportunity to buy a red bull of this caliber doesn't come along that often this side of the Mississippi River, don't miss out!
- ELCX CoverUp double digits for CED and in the top 10% of the breed for MB! He certainly is a cattleman's dream in terms of calving ease and ability produce progeny that will roll choice grade.
- BW: 78 lbs.; WW: 645 lbs.; Adj. WW: 814 lbs.; YW: 1,188 lbs.; Adj. YW: 1,322 lbs.

- Win Vue Lady Deuce 073X is out of one of the very finest Angus cows that you will ever see, she is so spectacular that Win Vue had sold her to a producer and they regretted it so much so, that they went back and purchased her back. She is now back in their program producing such great ones 073X. If you ever have the opportunity we encourage you to study this fine cow family.
- Sire is by the bull of the buyer's choice

- SBLX Maria 662Y is one of those females that will take your breathe away! She is as soft middled as they come, sound structured and durably constructed, yet doesn't sacrifice any eye appeal. She perfectly blends substance and sexiness!
- These mating of SAV Providence X MAGS Manuela has truly created a masterpiece in SBLX Maria 662Y.
- If you are serious about building a cowherd or adding to an existing program, this opportunity is one that you won't want to miss.
- Sire is by the bull of the buyer's choice

- Laura's Accent is one of the premier fullblood donors in the history of the breed, sired by the all time great Harvest Olympus and from the famed TEXS Star Golly dam.
- With 129 recorded progeny, her impact is felt from coast to coast and in some of the most notable and popular fullblood herds in the nation.
- Yielding impressive data on a consistent basis, she has 46 progeny with an avg WW ratio of 46, and 25@102 ratio for REA! Equally impressive is the paternal side of these embryos, RPER POLLED MAGELLAN 189M is in the top 1% of the breed for YG and 4% for REA.
- This is truly one of the most phenomenal fullblood genetic offerings of the year! Don't miss this opportunity to invest in history.

- Polled Moonlight is a homozygous polled donor who goes back to Goldnview Kruegerrand, Harvest Olympus and El Presidente! What a combination of superior Fullblood lines.
- She currently ranks in the top 10% of the breed for YG and top 3% for FT.
- Embryos sired by the Canadian sire 1 Way Golden Pride, who is a direct son of MINE Gold Medal.
- Resulting calves will be full sibs to ENGD Polled 753T and will combine a multitude of leading bulls and females in the Fullblood population

- MAGS Wallpaper, now deceased, is the foundation donor for the next generation of showman within the Agri-Exposure and Massey partnership. Her moderate frame, easy keeping and killer front end has been a true joy to mate. She has been flushed Angus, Lim-Flex and Purebred and each cross has worked wonderfully. She is one of the few females who hung banners at the National Junior Show both as a heifer and as a cow/calf.
- Mated with the MAGS Y Axis, back when the semen was publically available, we were blessed with a successful flush and for the first time are offering these embryos for public auction.

Tennessee Beef Agribition Junior  
Heifer & Steer Show  
Sunday - March 12, 2017 - 9:00 a.m. CDT

An open to the world junior heifer and steer show will be held in conjunction with the twenty-ninth Annual Tennessee Beef Agribition. The Agribition is held at the James E. Ward Agricultural Center in Lebanon, Tennessee. The junior show will start with steers followed by heifers. Two rings of heifers will show at the same time, and breeds will not be rotated.

The rules for the event are as follows:

1. Breed association rules for junior shows will apply to each respective breed.
2. No pre-entry is required. Entry forms will be available Friday and Saturday.
3. Due to limited parking facilities, all trailers must be parked in the designated parking area. On Saturday, Junior cattle will be allowed in the stalls when sales are completed and sale cattle are removed.
4. All junior cattle should be on the grounds and processed by 5:00 p.m. on Saturday, March 11th. Heifers and steers will be processed Saturday from 2:00 until 5:00 p.m. CST. All heifers purchased from late afternoon sales should be entered ASAP.
5. \* \* There will be a \$20 per head entry fee at the 2017 event. \* \* All classes will be placed through fifth place, and premiums will be paid for 1st - 5th. The top five heifers overall and top five steers overall will pay \$300, \$200, \$150, \$100 and \$50.
6. Heifer and steer breed shows will be available for the following breeds: Angus, Charolais, Gebviah Hereford/Polled Hereford, Limousin, Red Angus, Shorthorn, Simmental, and AOB. Breed rotation will be Z to A (Simmental, Shorthorn... Angus will show last). Any breed having a sale will qualify to have a junior breed show.
7. All other breeds (AOB), including commercial heifers and cross-bred steers will compete in AOB classes. AOB heifers will show by weight.
8. Heifers eligible to show must be born on or after September 1, 2015. Heifer classes will be based on the futurity system and will be determined after all entries are made. Steers will show first by breed with classes determined by weight. Heifer show will begin 15 minutes after completion of steer show.
9. Heifers (born on or after 09/01/15) purchased in any of the Agribition sales will be eligible to compete in the Junior Show. \*\*Check the respective breed catalog to see if percentage cattle show as AOB.\*\*
