A.I. 1.30.21 to CELL 20/20 (LFM2117945, 43% Lim-Flex, HP/IB son of MAGS Ali); P.E. from 2.05.21 to TMCK Humvee 767H (LFM2323380, 56% Lim-Flex, HP/IB son of AHCC Hemi 0901E).

This female is stunning! JBFI Goldie 535G offers an overwhelming presence coupled with amazing cow power and one heck of a balanced set of numbers. What truly sets this bred heifer apart from many of her contemporaries is her unmatched rib shape, genuine capacity and body mass. She combines the influence of her powerful sire and her dam's prestigious lineage into such an attractive and feminine package. She is sired by AHCC Easy Rider 5594E, a bull that goes back to TMCK Alfala 35X and out of a MAGS Y-Axis female, AHCC Miss Y Axis C5594. Her dam is AUTO Dream Girl 230C ET, a daughter of EXAR Classen 1422B and out of the great AUTO Forever 219X female, sired by DHVO Deuce 132R and MAGS Manuela. On paper, JBFI Goldie 535G ranks in the 10th percentile for her milk figure of 26, the 20th percentile for her weaning weight figure of 78 and yearling weight figure of 121 and in the 30th percentile for her marbling figure of 0.31. This double polled female has it all. We anticipate big things out of JBFI Goldie 535G, so now's the time to buy into proven, highly profitable genetics.

JBFI 540G truly follows suit to the extensive reputation present on both sides of her pedigree. She is capacious in her overall build, long and level in her skeletal makeup and comfortable on all fours when she gets out and goes. We have always admired this female's structural soundness and her ability to hold it all together flawlessly when she's in motion. She is sired by AHCC Easy Rider 5594E. Her dam is ELCX Double Trouble 620D, a Connealy Consensus 7229 daughter out of the prolific DLFC HBHPC 1S. DLFC HBHPC 1S is the dam of the 2013 National Western Stock Show Champion Purebred female, ELCX Twilight. Put this female in a donor pen and watch a phenomenal calf crop flourish from this pretty lady! We've done the breeding and now it's time for this female to go to work for you.

Three IVF embryos that will blow you away. This mating will result in three purebred progeny! SSTO Guns N' Roses 9408G is the highly sought-after son of TASF Crown Royal and the winningest female, Riverstone Charmed. He is a direct son of the Ratliff "Larissa" female that completely set the stage for the Limousin breed across the nation. TASF Crown Royal is a son of DHVO Deuce 132R and the great TASF Whiskey Lullaby 357W female. He is a sire of multiple champions throughout the breed and continues to sire individuals that command top dollar regardless of location. The dam to these embryos is ELCX Double Trouble 620D, a Connealy Consensus 7229 daughter out of the prolific DFLC HBHPC 1S. DFLC HBHPC 1S is the dam of the 2013 National Western Stock Show Champion Purebred female, ELCX Twilight. There is absolutely no doubt these embryos come from premier genetics and will be a sound investment for any program. These genetics will excel, it's that simple!
