A Night ON THE TOWN Sale

Comments From Sale Management

Limousin Enthusiasts,

It is with much excitement and anticipation that all of us at R&R Marketing Company welcome you to the Night on the Town Sale. As you flip through this sale catalog you will quickly realize exactly why we are more than excited. We love and cherish this breed of cattle and wanted to create a sale that celebrated everything that is good about the business...the people and the product! When Kiley and myself started this venture, we quickly realized this sale was going to be something special not only for us, but for all involved. The overwhelming response received by our clients is beyond belief. Many clients throughout the United States and Canada were more than eager to be involved, not only to sell, but also to be in attendance at this sale.

I want to congratulate all those involved in this sale for their willingness to work together to make this a sale where we will celebrate the good in so much of what we do. As we all know, we are stronger when we work together and this event shows that more than ever.

Thanks to Kiley of MC Marketing for working together as a team with one common goal in mind...showcasing the Limousin product the way that it should be!

Thanks in advance,

Randall O. Ratliff
R&R Marketing Company

Limousin Friends,

In the time I have spent assisting Limousin producers market the fruits of their labor, many memorable events come to mind. Each and every one of them was special in its own right, and turned out to be events the breed could and should be proud of. The goal of Randy and myself in creating "A Night On The Town" was to create just such an event. Thanks to the efforts of many, most especially the premier producers from across this continent, we feel this sale has all the makings of a "can't miss" event for years to come.

As you study this sale book, it will become evident that breeder's bought into this philosophy and dug deep into their genetic arsenals to offer seedstock that are truly worthy of carrying the moniker, "Elite." From major league herd sire prospects, to proven donors, to fancy open heifers, to embryo packages never offered before, the 54 lots presented here are "the best of the best."

It has been, and will continue to be, my pleasure to work with both buyers and sellers to help each achieve their goals. If we can be of any assistance prior to or during the sale, please do not hesitate to contact myself or any capable member of this marketing team.

I look forward to seeing you in Vegas!

Sincerely,

Kiley McKinna
MC Marketing Management

SALE ORDER ...

Cattle sell in catalog order. Any additions and corrections to the sale catalog will be posted the evening prior to the sale at RRMktg.com and MCMarketingManagement.com.

ANNOUNCEMENTS ...

Announcements made sale day by the owners, auctioneer or sale management take precedence over statements in the sale catalog.

PAYMENT ...

All lots must be paid for at the time of the sale unless prior arrangements have been made. MC Marketing will accept credit card payment with 4% convenience fee charged to buyer. Checks may be made payable to MC Marketing.

TRANSFERS ...

Consignors are responsible for registration and transfer of lots selling after settlement has been made.

General Sale Information

INSURANCE ...

Insurance will be available sale day through Grassroots Genetics, 515.229.5227.

TERMS AND CONDITIONS ...

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. Please note; The sale manager is an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor the sale consigners assume liability. Legal and/or otherwise on any accidents that may occur.

Cattle sell in accordance with the North American Limousin Foundation, as of November 18, 2018.

ATAK LIMOUSIN

ATAK Limousin is family owned and operated by Andy and Tammy Schmalshof near the town of Avon in west central Illinois. Along with their two children, Karen and Adam, they have been raising cattle for more than 31 years. Their Limousin herd began in the mid 1980s with the purchase of a red horned bull to add muscle to the resulting crossbred calves. Later came two red Limousin heifers, purchased from Leveledale Farms, for the kids' 4-H projects. They now run more than 100 registered Limousin and Lim-Flex females, utilizing both an aggressive AI and ET program.

The importance of family is symbolized by the name. Andy - Tammy - Adam - Karen became the acronym of ATAK Limousin. In addition to the cattle operation, they farm 1,000 acres of corn, wheat and soybeans. Over the years they have constantly strived to upgrade the base cow herd. These investments in current genetics ensure future progeny with exceptional performance and proven pedigrees.

At ATAK Limousin the goal is to raise high quality purebred Limousin and Lim-Flex cattle that seedstock and commercial cattlemen can use to improve their cattle operations. They want their cows to produce calves good enough for seedstock, but if they don't meet that standard they have to feed and finish efficiently.

When they first became involved in raising Limousin cattle, they knew herd improvement would be a major goal. They also suspected their family would continue to remain close by sharing the work. What they didn't expect was how the people they met, those they now call friends, would enrich their lives. The Schmalshof family is proud to be able to do their part toward improving the Limousin breed and are honored to be in the company of others focused on a similar goal.

CIRCLE L LIMOUSIN & LAND CO.

Circle L Limousin & Land Co., located in Burbank, Ohio, has been a premier producer of some of the best Limousin genetics in the country since the breed's early days. Circle L's commitment to a sound breeding program has provided quality seedstock to purebred and commercial breeders for nearly 40 years. Their expansive herd includes Limousin, Lim-Flex and Angus.

Bob & Phyllis Leatherman purchased the Charles Yost farm in 1981, which was known for raising Limousin cattle. A few of those Limousin animals were purchased as the original Circle L Limousin herd. Much has changed since that first set of cattle. The farm includes a sale facility that has been used over the years to hold numerous production sales. Circle L has been active in showing cattle over the years and has enjoyed a long show history of champion titles at the local, state and national level. The farm continues to operate in the seedstock business, as well as producing natural beef products.

Their program is diversified with Limousin cattle leading the way for total beef production. Their philosophy is more of a science that involves taking the information obtained from animal weights, hip heights, ultrasound and show results, to drive the focus of the breeding program. Circle L Limousin constantly evolves to produce the best genetics positioned for today's cattle producer.

Circle L is also a producer of natural beef and the farm supplies product for the Galaxy Restaurant in Wadsworth, Ohio. The Circle L natural beef program mainly consists of registered Lim-Flex cattle, raised antibiotic and hormone free. The Galaxy Restaurant features a menu with 20 fabulous burgers, produced naturally at the farm.

HOSTS OF HONOR

KLS FARMS 

Kevin Smith of KLS Farms, Chatham, Louisiana, is in the Limousin business for one reason, he has seen how well the cattle work firsthand.

Growing up, Kevin's father had purebred Brahman and Brangus cows as well as commercial cows which were bred mostly to Brangus bulls. They bought a set of commercial cows, and a Limousin bull came with the group. Long story short, both father and son really liked the calves.

Along the same time, Kevin's uncle, T.J. Kervin, was also using Limousin bulls, and he really liked the resulting calves as well.

So in 1994, Kevin attended the W Bar Dispersal in southern Louisiana, where he purchased his first papered Limousin females.

"We had been running Limousin bulls on commercial cows and really liked the calves, so we decided to get into the purebred business, Kevin remembers.

Today, the herd of approximately 60 cows is made up of Limousin, Lim-Flex and Angus cows as well as recipients. He also contracts some embryo calves to be raised in Oklahoma. He utilizes both AI and ET, and calves mostly in spring but is trying to transition more to the fall.

"Down here in the south, fall works better," Kevin says. "When grass comes on in March and April, the calves are big enough to graze on their own and they do really well."

Also, given the heat and humidity of the summer months, calves born later in the spring have a tougher time.

Over the years, Kevin has come to appreciate the versatility of his Lim-Flex females saying he can use Angus bulls, Lim-Flex bulls or a purebred bulls to produce the kind of cattle his customers want.

"Most cows down here have some ear and need Purebred type bulls with more muscle and performance. Calves bred that way do really well in this area," he says.

Given the small pasture sizes, the cattle are run on smaller parcels of grass which he inter seeds with fescue to extend the grazing season. In addition, he puts up his own hay.

Since 1999, Kevin has been a full time contract broiler chicken grower, an enterprise the family farm started in 1991. Today, he maintains eight houses with a capacity of approximately 24,000 per house. The broilers are only there for 35 days before they are sent to market.

Given his experience in the poultry business, it should come as no surprise, he expects his cattle to grow and convert as efficiently as possible as well.

 LIMOUSIN 365

24/7/365...Limousin365.com—is your one-stop source for all things Limousin. The "one" place any enthusiast, breeder, or potential buyer can visit to witness the demand for Fullblood, Purebred or Lim-Flex genetics. This real time, all-inclusive web community has a single purpose—to spread the positive message of the Limousin breed.

Our focus is not only on helping Limousin and Lim-Flex seedstock producers promote their product, but to provide accurate and timely information to those same producers in an effort to allow them to make better informed management and breeding decisions.

Whether you are looking for industry relevant news, Limousin show and sale reports, up to the minute advertising or online sale hosting opportunities, Limousin365.com is here to serve you.

LIMOUSIN365.COM

HOSTS of HONOR

WHITE VALLEY RANCH

While relatively new to the registered, seedstock business, it hasn't taken Chris and Kelsey White of White Valley Ranch, Adair, Oklahoma, long to hit full stride. Prior to marrying Chris, Kelsey had no background in the registered cattle business. Chris however, brought with him both production and show ring experience from his family's Limousin operation in his hometown of Adair in Northeast Oklahoma.

Since Chris was already older by the time his sister, Shelby, and brother, Richard, decided to start showing cattle, his contributions centered more on the many facets outside of the show ring. That experience and the fact the couple was drawn to the quality people in the Limousin business, was all the incentive they needed to start their own premier Limousin ranch.

In the time they have maintained a herd of their own, they admittedly have made a lot of changes as they have learned on the fly. Currently, they run approximately 90 producing cows, mostly Purebred and Lim-Flex, with a few papered Red Angus in the mix. Their goal is to produce the best genetics possible while continually working to improve the animals they market to both commercial and fellow seedstock producers.

When not working with the cowherd, the couple juggles the responsibilities of owning several others businesses with those associated with their 5-year-old daughter, Kynlee, and the fact they are in the process of adopting twins.

WILDER FAMILY LIMOUSIN

Since 1912, the Wilder family has been farming and ranching in Snook, Texas, just outside of Bryan/College Station. Until 1982, the Wilder family primarily relied on farming as the dominant business. Fourth generation partner, Jay Wilder, expanded the horizon of the family farm by showing and investing in Limousin cattle.

Wilder Family Limousin runs approximately 100 head of purebred and Lim-Flex Cattle. They also run a large commercial cow operation in conjunction with the registered cattle. In the farming operation they grow cotton, grain sorghum, wheat and soybeans. They focus on marketing show prospects, commercial and seedstock bulls and bred heifers for their fellow seedstock producers.

Jay, the fourth generation partner in the operation today, is a 1993 graduate of Texas A&M University. In 1994, he and Molly married. In 1996, the fifth generation, Jayce, and twin brother, Spencer, were born. Molly is a 1993 graduate of Texas A&M as well. Currently she teaches 2nd grade for Bryan ISD. When she retires she will become more hands on with the day-to-day operations.

Throughout Jayce and Spencer's show career they have been very successful. They have shown on the local (Brazos Co.), state (Fort Worth, San Antonio, Houston and Texas Limousin Field Day) and national levels (National Western and National Junior Limousin Shows & Congress). The brothers graduated this year from Texas A&M University and returned home to the farm and ranch.

Jay has been active with the Texas Limousin Association, serving on the board of directors for many years, including a term as the organization's president.

On behalf of each and every consignor from the United States and Canada, we appreciate your interest in the offering assembled for the inaugural “A Night On The Town Sale.”

We could think of no more fitting venue to unveil an event of such breed importance than the Bellagio Hotel & Casino in Las Vegas, Nevada. The goal of this sale from the beginning was to assemble a truly unique set of elite Limousin genetics from leading producers across the continent.

The overwhelming response received thus far by both consignors and potential buyers has been tremendous. We would like to congratulate everyone involved in this sale for working as a team to make this a sale one we can celebrate the best the breed has to offer.

We are proud to present this offering to you and feel this sale has all the makings of a “can’t miss” event for years to come. As you study this sale book, it will become evident that breeder’s dug deep into their genetic arsenals to offer seedstock that are truly worthy of such a prestigious event—the 54 lots presented here are “the best of the best.”

Please contact any member of the marketing team with any questions you may have.

We hope to see you in Vegas!

A large, elegant black flourish that starts on the left, loops around, and ends on the right, framing the 'LOT INDEX' text.

PICK OF THE MAGNESS COW HERD

Selling 100% possession and interest!

Magness retains the right to the greater of 2 flushes or 12 embryos at seller's expense and buyer's convenience.

If there was ever a lot that didn't need a footnote, this is it, as it truly speaks for itself. Leading this elite sale offering is a lot of rarity and no doubt worthy of such an honor. For the first time ever, the pick of the entire Magness Land & Cattle cowherd is available for purchase. This pick includes all mature cows donning the MAGS prefix, which encompasses in excess of 400 brood matrons. Folks, this is your opportunity to have your pick from the heart of the storied Magness Land & Cattle cowherd which, is one of the largest in the business today. The list of breed impacting females, donor dams, AI sires and national champions the Magness program has raised over the years is too numerous to mention. It's with confidence that a female worthy of the aforementioned monikers exists in this very cowherd. Found specifically in the MAGS cowherd inventory is several females from the robust Magness AI program and out of the heart of their embryo transfer program. These are the very females that have delivered the Grand Champion Carload at the National Western 13 of the past 14 years, and Reserve Grand Champion Carload nine of the past 14 years. The combination of this group's genetic diversity and high quality all but secures your chance of finding a leading donor that will impact the legacy of the breed for years to come. For specific details regarding this lot please contact Magness Land & Cattle or MC Marketing.

Full brother to RLBH Air Force One & RLBH Days of Thunder
62% Lim-Flex • DBL Polled • DBL Black

What a true highlight for this first ever sale in Las Vegas! RLBH Trifecta 821F will sell in his entirety. He just happens to follow in the footsteps of his two powerful full brothers, RLBH Air Force One and RLBH Days of Thunder. Air Force One was a top-selling lot in the Denver National Sale and is now working in Madisonville, Texas, at Council Family Limousin. He is responsible for siring some of the finest show cattle in the business over the last couple of years. His full brother, RLBH Days of Thunder, made his way privately to P Bar S Ranch in Sand Springs, Oklahoma, where his first calves are now being weaned. Both bulls have gained much recognition in our breed and rightfully so. This young calf, RLBH Trifecta 821F, is solid from the ground up. He is massive in his foot size, extreme in his heaviness of bone and represents the perfect blend of thickness with the right amount of rib shape and volume. Come join us in Las Vegas and when looking for a new herd sire, don't even think about gambling. Just get this herd sire bought and bring attention to your program in a rather big way.

2018 NAILE MOE Open Show Division I Champion

Selling 50% semen interest and pick of spring or fall possession after his show career

This 79% Limousin herd sire prospect is one of the great show prospects in our breed! He is black, homozygous polled and one amazing specimen. WLR Last Call is a son of MAGS Aviator, one of the breed's hottest AI sires. Pick of Aviator possession recently topped the 2018 Night at the NAILE sale at \$25,000 going to Wilder Family Limousin, Snook, Texas. Last Call's dam is MAGS Phantoms Prize, one of the most prolific donors for Wies and Magness. She has since passed but will forever be the premier donor for Heather at Wies Limousin. She is the dam of countless champions such as the triple crown winning sire, MAGSWL Usual Suspect 538U. She is also the dam of WLR Eden, the 2018 National Western grand champion female of both the open and junior show. She is owned by Sullivan Farms, Dunlap, IA and White Valley Ranch,

Adair, OK. WLR Last Call is solid from the ground up. He is extremely big footed and soft in his pasterns. He is perfect from his shoulders back, down his top line and out of his hooks to pins. He has a nearly perfect stance and is long and clean up through his head and neck. WLR Last Call will certainly be a young bull over the next couple of years that will have a huge spotlight on him. Invest wisely and consider a partnership and enjoy the promotion with Wies Limousin at all the major shows.

2016 NAILE MOE Limousin Show Reserve Grand Champion Bull

2018 NAILE MOE Limousin Show Grand Champion Bull

ELCX Kings Landing is one of the finest herd sires in our business right now! He stepped out on the green chips in Louisville as a calf and captivated the audience and was named reserve champion. He then came back 2 years later and literally dominated the field. He is a high percentage 81% Limousin bull that is as good of one as there is in the country. This son of MAGS Xyloid is big footed, sound made and powerful in his stance. He is clean up through his front end, super deep bodied and very capacious. His sire, MAGS Xyloid is now deceased, has left a mark in the business as one of the go-to sires for the right kind of cattle. ELCX Kings Landing's dam is one of the all-time great donors to exist in our business. She is a leading donor bred in the Wies program and now owned in partnership with Shelby Skinner and Deb Vorthmann. She is a daughter of the triple crown winning bull, MAGS WLR Usual Suspect and the great

AUTO Rebeca 292S. The partners in this bull are offering a select few semen packages on this powerful beef bull. He is not on the open market and there are no plans for that to ever happen.

One of the breed's all-time greatest matings ever created!
 The blending of the Triple Crown winning bull, MAGSWL Usual Suspect 538U, with the breed leading donor, AUTO Rebeca 292S, has proven to be so successful over the years. It has been said by many that the finest female to ever carry a WLR prefix is WLR Prada. They campaigned her to much success over the years and was complemented by many noted cattlemen across the country. She earned these titles:

- 2011 NAILE Reserve Division Champion
- 2012 National Western Division Champion
- 2012 Eastern Regional Junior Show Grand Champion
- 2012 Heartland Regional Junior Show Division Champion
- 2012 All-American Futurity Division Champion
- 2012 NAILE Junior Show Grand Champion
- 2012 NAILE Open Show Reserve Grand Champion
- 2012 Missouri AGR Show Grand Champion Limousin
- 2012 Southeast Summer Classic Reserve Division Champion
- 2012 National Junior Heifer Show Reserve Grand Champion
- 2012 Ozark Empire Fair Grand Champion
- 2012 Missouri State Fair Grand Champion
- 2013 Ft. Worth Stock Show Open Show Grand Champion

AUTO Usually Yours is a past top show female for Pinegar Limousin where she dominated countless shows. She was purchased privately by Diamond Hill Cattle Co., Nichols Hills, OK, where she is now one of their lead donors. When she was shown she achieved these honors:

- 2014 Ozark Empire Fair Junior Supreme Champion
- 2014 Ozark Empire Fair Open Show Grand Champion
- 2014 Missouri Field Day Junior Show Grand Champion
- 2014 American Royal Open and Junior Show Grand Champion
- 2014 All-American Futurity Reserve Grand Champion
- 2014 Missouri State Fair Reserve Grand Champion

Congratulations early to the buyer of this guaranteed heifer as your program will change for the better once you make the investment.

Selling pick of half interest of CHOICE of these heifers.

As we all know...what happens in Vegas stays in Vegas! BUT...in this scenario, if you raise your bid paddle and invest in one of these heifers, you will NOT want to keep it a secret...trust me on that! Chris and Kelsey White have decided to offer pick of two of the finest females they have ever raised. They are daughters of the famed, WLR Prada, a premier donor that has made a household name for herself as a leading lady of the breed. Her show wins are listed on the opposite page of this catalog and her accomplishments in production have resulted in some of the finest cattle in our breed. A daughter of hers was just named the 2018 NAILE Open Limousin Show Reserve Grand Champion Female, and her son, WLR Kings Landing, was just named Grand Champion Bull at the same national event. The list goes on and on! Buy with confidence and White Valley Ranch welcomes a partner to join them on a venture campaigning these females.

Folks, here's your chance to be the judge! Study this rare opportunity brought to us by the progressive Linhart Limousin program to take your pick of the exceptional offspring from this big time mating. The designer flush at hand boasts some of the breed's most proven and desirable genetics that have excelled both in production and in the show ring at national levels. The syndicated AI sire featured in this mating, Musgrave Headway, is known for his fleshing ability, high growth performance, carcass merit and numerical superiority. The prolific donor dam is the many times champion, MAGS Wassail. Over the years she has produced more than 30 calves on file and is known for eye-appealing progeny that excel in terms of structural integrity. December 8 don't miss your chance to take your pick and invest in top flight genetics from a reputation program.

It's not everyday you have the opportunity to invest in a pick which could be your next herd sire or donor dam that brings a combination of outcross genetics, huge numbers and desirable phenotype to the table. The donor dam is visually stunning—she is well designed, sound footed and carries the right amount of natural stoutness even the most discriminating cattlemen can appreciate and as they did at the 2018 Magness Mile High Elite sale where she was the top seller. What's more is the PBRS Bunk House the deceased AI sire that is known for transmitting growth, performance and structural correctness is the feature sire in this mating. The bottom-line is, this pick is one that would be an asset to your genetic arsenal for years to come.

Selling Pick of 7 weaned calves—full siblings to ELCX Twilight 114X

Calves due in January. Selection to be made at weaning.

This is an amazing opportunity! The 2013 National Western Purebred Limousin Grand Champion Female was ELCX Twilight 114X. She made her mark as one of the breed's finest purebred Limousin. She is now deceased but her legacy lives on. This lot features 7 full siblings, due in January, to ELCX Twilight 114X. Twilight raised several calves that have been highlights in the breed and SSTO Best Bet is a son of hers that has really made an impact in the breed. He is one of the leading sires for Stowers Limousin and Linhart Limousin.

The buyer gets his pick of the 7 full siblings to ELCX Twilight 114X. They are sired by the national champion DHVO Deuce 132R and from DFLC HBHPC 1S. The 1S donor is a daughter the multiple trait leading sire, JCL Lodestar 27L. Buyer pays 50% of the purchase price at sale time and the remaining 50% is due at the selection of their favorite calf at weaning. The calves are located at Edwards Land & Cattle Co.

PBR5 5136C ET • Dam of Lot 10A and 10B embryos

One of the leading Lim-Flex donors for KLS Farms is PBR5 5136C. She is a 31% Lim-Flex daughter of MAGS Anchor and from the elite P Bar S purebred Angus donor, BUFF Eppionia 7307. She was a top selection from the long running and prominent P Bar S Ranch program. PBR5 5136C is made as nice as you would want one. She is solid in her stance, fluid in her movement and has a powerful yet feminine look. She has the perfect amount of thickness blended with the perfect amount of rib shape and volume. She has been mated two ways with a total of 11 calves on the ground come February and they will be weaned in September. Four of them are sired by the popular purebred Limousin bull, TMCK Cash Flow 247C. He is a son of Wulfs Zane and from a daughter of AHCC WestWind. He ranks in the top 1% of the breed for GEST, WW, YW and CW, top 3% for DOC, top 4% for \$MTI and top 15% for REA.

There are total of 7 calves sired by Riverstone Crown Royal. He is the purebred son of TMCK Durham Wheat and the highly syndicated bull for Stowers Limousin, P Bar S Ranch and Riverstone Cattle Co. He just happens to be a full sibling to the Riverstone Charmed female, the \$100,000 valued female for the Ratliff family and Stowers Limousin.

Buy with confidence that your pick of these 11 calves will be something special. Buyer will be pay 50% of the purchase at the time of the sale and the remaining balance is due upon selection. The calves are managed through a professional embryo transplant operation near Adair, OK.

AUTO Fly Girl 252F is soaring high after her Division win at the 2018 American Royal. This fancy little lady will stop you in your tacks with her stellar look and style. When you study her pedigree, you can't miss the fact that her dam, AUTO Luckie Too 423Y, garnered many banners in her show career. But the more important fact is, she is a machine in production.

Some of her noted progeny are son, AUTO Sure Deal who is working in the TLC Ranch program in Georgia; AUTO Real Deal, a leading sire at Begert Ranch in Texas; and AUTO Camilla, who won the 2016 NAILE open show for Dominique Ruppert of Illinois. Fly Girl's sire, MAGS Aviator, has been burning up the pastures with his offspring and they are turning heads on the tan bark. Fly Girl is entered in the 2018 National Western Stock Show.

AI'd 4/21/18 to HUNT Credentials 37C. Safe.

This exceptionally well designed, homozygous polled, huge numbered Purebred female is a truly unique buying opportunity. Stout best describes this big footed, free moving, deep bodied, square hipped female to a tee. On paper notice she ranks in the top 35% or better in 10 economically relevant traits - GE, CE, WW, YW, DC, YG, CW, RE, FT and \$MI. As a bonus, she has been tested and carries the highly valued trait of two copies of F94L. Worth noting, pedigree-wise she is by the widely popular and predictable Wulfs Xcellsior X252X AI sire and out of a highly functional dam that has done an amazing job in production and traces back the prolific donor, Soloist. This is a sure-fire donor female in the making and one that would be an asset to your genetic arsenal for years to come.

Lot 14A: SSTO 8879F, an 8.30.18, double polled, homo black 67.5% son of CJSL Dauntless

A Night on the Town in Vegas Sale is proud to have this bred female as a top consignment from Stowers Limousin. SSTO 662D is a daughter of MAGS Aviator, the leading AI sire and son of MAGS Winston from MAGS Xtra Rest. He has made his mark as one of the breed's leading sires and the go-to sire for raising elite show cattle. This well made daughter just happens to be from one of the breed's finest purebred Limousin females, SBLX Xtra Special. She is the \$20,000 valued donor owned by KLS Farms, Chatham, Louisiana, and Stowers Limousin. She is a daughter of DHVO Deuce and from the famed MAGS Manuela. SSTO 662D represents all that is good with the Limousin breed of cattle.

Lots 15A & 15B sell AI'd 5.7.18 to AHCC Dakota Grown 408D. PE'd 5.15.18 to 8.30.18 to AHCC Dakota Grown 408D and MAGS Etched Granite.

What an opportunity to take your choice on these bred heifers that happen to be full siblings to two of the most popular and freshest pedigree AI sires on the market—AHCC Earning Power and AHCC Hemi! High quality, stout featured, performance-oriented and huge numbered are terms that appropriately summarize this pair of bred heifers and the type of cattle you've come to expect from the progressive Hager Cattle Co. program! The elite donor female, LVLS 9066U, who is genetically responsible for both of these standout heifers is a can't miss type of female that is big footed, relaxed in her pasterns, deep sided, level designed and boasts a perfectly constructed udder. With two proven and popular AI sires on the top side of each of these respective females, the likelihood of finding both of these 9066U daughters in the donor pen is inevitable. That said, invest in these females today and invest in your genetic future.

MAGS CABLE • Sire of Lot 16 embryos

This unique consignment epitomizes the crossroads of where phenotypic quality, huge numbers and genetic diversity meet. This amazing donor plus 5 designer embryos to be sold as one package offers you the opportunity to invest in a top-of-the-line donor and some of the breed's freshest and best genetics. The sire featured in the embryo portion of this lot is none other than the sound footed, heavy muscled, stout featured and widely popular AI sire, MAGS Cable who makes his residency in both the Graven and Magness programs respectively! The donor female is MAGS Zaneeta who has been admired by many for her flawless structural make up, body depth, huge marbling EPD and the fact she is a direct daughter of the prolific donor MAGS Puddles. We feel this package speaks for itself and represents the progressive direction of the Graven program. Bid with confidence.

Pick of the Calf Crop

Lot 17

Selling Pick of the fall "E" or spring "F" model females representing the entire CFLX program. Selection must be made by 2.01.19

Council Family Limousin in Madisonville, Texas, is one of the breed's largest Limousin seedstock suppliers in the state of Texas. For many, many years they have been producers of quality performance-oriented cattle as well as elite show cattle. The CFLX prefix represents a family ran business that takes pride in a firm handshake and prides themselves in that a reputation is what is most important. Over the years they have earned a strong repeat business that has been sustainable over the years. There are numerous show champions and top-selling lots that have highlighted the breed and that carry the CFLX prefix. Buy with confidence and rest assured that when you drive into the CFLX Ranch headquarters you will be greeted with a firm handshake and offered a sweet tea prior to viewing the calf crop.

Pick of the 2018 Spring-Born Heifer Calves

A Night ON THE TOWN Sale

lot 18

We proudly place on offer pick of the entire 2018 spring born Limousin & Lim-Flex heifer calves from the Don and Brad Beus program. This rare pick is coming from one of the most historic and largest Limousin firms in the western United States. Found in the 2018 spring heifer calf crop is in excess of 30 females that feature leading Limousin & Lim-Flex genetics that combine both numerical superiority and desirable phenotype. The usage of breed leading AI sires like Wulf's Compliant, MAGS Cable and many more is evident in this elite group of replacements. This marks the first time in the existence of the Beus Cattle Co. program, which spans across five decades, that an exclusive pick of the herd is being placed on offer for your appraisal. Bid with confidence. For more detailed information please contact Beus Cattle Co direct.

BEUS CATTLE COMPANY

Pick of the Open or Bred Heifers

Lot 19

This pick of the entire 2018 open heifers or 2017 bred heifers is coming from the heart of the robust Spring Creeks Limousin program which is one of the largest in the business today. The list of breed impacting genetics Spring Creeks has infused into their program is long and it's with confidence that a matron worthy of the "donor" moniker exists in this very group. Found specifically in the pick is in excess of 60 females by many of the breed's most elite AI sires. That said, the combination of this group's genetic diversity and high quality all but secures your chance of finding numerous prospective donor females to sort through. For more detailed information please contact Spring Creeks direct.

PBRS BUNK HOUSE 48B
 Sire of Lot 20

Selling - 3 IVF embryos with a guarantee of 1 pregnancy.

What an elite lot for this first ever sale in Vegas! Stowers Limousin owns partial embryo rights with the Ratliff family on Riverstone Charmed. She is the all-time great show female and now elite producing purebred donor of excellence. She not only wowed cattlemen from across the land, but she has now been a leader of producing some of the finest cattle in the business. She has been mated to PBRS Bunk House. He is the deceased but yet very popular son of MAGS Yip back to a purebred Angus female. There is very little semen available on him and as luck has it, his calves are some of the finest in the business. His structural correctness and foot size is just like Riverstone Charmed. So from the ground up these future calves are really going to be something special. Charmed has the perfect blend of power with the right amount of rib shape and volume. With her type mated with the near perfect design of PBRS Bunk House the results are going to be in the buyer's favor.

Selling a guarantee of 5 IVF Heifer embryos sired by the bull of the buyer's choice. The buyer supplies the semen and the flush work is paid by J6 Farms.

2017 Denver National Western Junior Limousin Show Grand Champion female

AUTO Dana 265D is a 54% Lim-Flex daughter of MAGS Aviator from the powerful donor at P Bar S Ranch, AUTO Ajay 206A. She is a daughter of SAV Brave and from the famous, MAGS Manuela. AUTO Dana 265D is homozygous polled, homozygous black and one heck of a female. She is perfect in her foot size, structural soundness and design. She is massive in her rib shape and extremely deep in her body capacity. She is nearly perfect in her lines and down her top and out of her rump. As you can imagine, she won the prestigious Denver junior show but just as importantly, she represents a pedigree that is perfect. The blending of MAGS Aviator with that of the MAGS Manuela daughter has created quite a female in AUTO Dana 265D.

Selling 5 IVF conventional embryos sired by the bull of the buyer's choice.

Buyer supplies the semen and J6 Farms will pay for the transplant work.

Thank you goes out to J6 Farms for believing enough in this sale to let us highlight it with one of the very finest purebred Red Angus donor cows in existence. SLGN Stony's Temptest 778T is a daughter of SLGN Regulator 503R and from LCC Stony LA996. This donor has earned a place at J6 Farms as one of the finest donors in their long list of prestigious Red Angus cattle. She just happens to have raised the top-selling lot in the 2017 J6 Farm Mile High Online Sale in Denver, Colorado, J6 Quick Draw. Half interest was purchased by their good friends, P Bar S Ranch of Sand Springs, Oklahoma, for \$25,000. He later dominated the 2017 Fort Worth Stock Show Red Angus show and was named grand champion. SLGN Stony's Temptest daughter, J6 Temptest B300, was a top-selling lot in the recent J6 Farms mature cowherd dispersal, also selling to P Bar S Ranch. These two progeny of hers are just to name a few. The buyer has the chance

to create purebred Red Angus or use a Limousin, Lim-Flex or Simmental bull to created what we feel will be progeny that will highlight any program.

Transplant work conducted at Four Corners under the guidance of P Bar S Ranch. Only conventional embryos will be made! P Bar S pays for the transplant work and buyer supplies the semen. Buyer gets a minimum of 5 grade 1 embryos and any further embryos created past 5 will be split between the buyer and the seller. Flush to be conducted in January of 2019. Buyer pays 50% of the purchase price at sale time and remaining balance once embryos are made.

J6 Tempest B300 is one unbelievable purebred Red Angus donor in the making. She is just now in production nursing her first calf where she is doing a terrific job. B300 is a daughter of WEBR Card Shark 1015 and from the female listed in this catalog as the previous lot, SLGN Stony's Tempest 778T. This young female will join a long and appealing list of proven Red Angus donors in the growing P Bar S Ranch operation. She created a tremendous amount of attention at the J6 sale. She was recognized by noted cattlemen as a near perfect female! Her structure is sound, her design is flawless and her femininity is spot on. If you are in the market for premier Red Angus genetics to create future purebred Reds or created amazing Lim-Flex then consider this buying opportunity.

Guarantee of at least 5 embryos with the option to get up to 10!
 Any embryos produced over the 10 will be owned by the seller. The buyer has the option to do an IVF flush or a conventional flush. If buyer selects an IVF flush, they agree to pay \$500 in addition to the purchase price. Seller pays for the flush and buyer supplies the semen. The cow will be set up to flush 3.15.19.
 LVLS/LV will sell the buyer of this lot semen on LVLS Bunkhouse and/or LVLS Bank Account (Both bulls are not on the open market and semen is limited.).

Lonely Valley Seedstock is quietly putting together some of the very best purebred Red Angus females you can find. Thier recent purchase is Majestic Peek A Boo B127. She is a daughter of Red Lazy Cowboy Cut 26U and from SGN Peeks. This brood cow is moderate in her frame, easy in her condition and has an appealing look to her. We admire the perfect amount of thickness and rib shape this proven donor has. Lonely Valley is offering the buyer a chance to acquire her genetics and blend with whatever sire they select.

Buyer gets a minimum of 5 grade 1 embryos and any further embryos created past 5 will be split between the buyer and the seller. Buyer pays 50% of the purchase price at sale time and remaining balance once the embryos are made.

This lead purebred Angus donor for Golden Age Farm is one of their finest! She is a daughter of SAV Pioneer 7301 and from the SAV Bismarck 5682 daughter, Champion Hill Emblynette 539. The prolific donor dam of this female is also a maternal sister to these breed matrons; SAV Emblynette 0429, SAV Emblynette 1182, SAV Emblynette 3301, Champion Hill Emblynette 4966 and Champion Hill Emblynette 5691, all stemming from the pathfinder dam SAV Emblynette 7319. This female is nearly perfect from the ground up. She is big in her foot size, soft in her pasterns and fluid in her movement. She is feminine and clean through her head and neck and maintains a tremendous amount of rib shape and volume. No matter what breed you select to blend with this premier purebred Angus donor we are certain you will not go wrong.

Transplant work conducted at Four Corners under the guidance of P Bar S Ranch. Only conventional embryos will be made! P Bar S pays for the transplant work and buyer supplies the semen. Buyer gets a minimum of 5 grade 1 embryos

and any further embryos created past 5 will be split between the buyer and the seller.

The flush will be conducted in January of 2019. Buyer pays 50% of the purchase price at sale time and the remaining balance once the embryos are made.

One of the top Lim-Flex donors in the P Bar S Ranch program is EF Zynga 356Z. She is a 50% Lim-Flex, black and homozygous polled daughter of TC Total 410. She is from the big numbered daughter of LVLS Secret Weapon, MAGS Pretty Christine. This

elite donor ranks in the top 1% of the breed for GEST, top 3% for \$MTI, top 4% for TM, top 5% for MB, and top 10% for MK and CW. She scanned a 12.50 for REA and 5.11 for IMF. This big league donor has so much good to her and we are proud that P Bar S Ranch is willing to share the genetics from her as a highlight to this sale.

Pick of the Donor Embryo Flush

A Night ON THE TOWN Sale

Lot 28

Buyers get the rights to an embryo flush on any one of these three major donors.

Guarantee of at least 5 embryos with the option to get up to 10!

Any embryos produced over the 10 will be owned by the seller. The buyer has the option to do an IVF flush or a conventional flush. If buyer selects an IVF flush, they agree to pay \$500 in addition to the purchase price. Seller pays for the flush and buyer supplies the semen. The cow will be set up to flush 3.15.19.

LVLS/LV will sell the buyer of this lot semen on LVLS Bunkhouse and/or LVLS Bank Account (Both bulls are not on the open market and semen is limited.).

What an absolutely fabulous female in PBRS 6261D. She just happens to be a full sibling to breed greats, RLBH Air Force One and RLBH Days of Thunder. Air Force One has made his mark as the go-to sire for show cattle in our great breed of cattle. His progeny have won accolades across the country and rightfully so. Days of Thunder has his first calves on the ground and they are exceeding expectations. This young female was a recent top purchase from the P Bar S Ranch sale by Davis Limousin.

lot 30C DESTINY x BULL OF YOUR CHOICE

Study this amazing genetic feature! This is your opportunity to attain genetics by this exceptional 50% Lim-Flex female that's presented by Red Rock Limousin Ranch and comes straight from the heart of the long running P Bar S Ranch program. She was recently one of the top sellers at the 11th annual P Bar S production sale where her combination of quality, rib shape, muscle pattern, udder conformation and structural integrity sent the buying crowd into a frenzy. She is a daughter of the ever-popular highly syndicated sire, Cottage Lake Border Agent. Now deceased, he has left some amazing progeny to say the least. This daughter of his is homozygous polled and made as good as you can imagine. This female is the result of blending the best purebred Angus with the best of purebred Limousin. On the paternal side of this genetic offering, we have elected to offer you three options; 1) embryos by bull of your choice, 2) the ever popular and one of the hottest AI sires on the open market, MAGS Cable and 3) the fresh, high percentage AI sire that's gaining much traction with Limousin breeders across the land, CJSL Databank! Bid with confidence December 8.

Guarantee of 6 embryos with a maximum of 10 embryos. Flush expenditures at seller's expense. Half payment due at time of sale and balance due upon flush in April.

This exceptionally well designed, double homozygous, numerically impressive Lim-Flex donor is truly unique. Visually flawless best describes this big footed, free moving, sleek fronted, big bodied, square hipped female that has perfectly balanced conformation.

On paper, she ranks in the top 10% or better for milk, calving-ease maternal, marbling and mainstream terminal index. Also note, she scanned an impressive 4.7 IMF. From a pedigree standpoint she is by the widely popular \$32,500 AI sire MAGS Aviator and out of a high quality, maternal appearing dam that touts outcross lineage. Simply stated, this is a female mated to a sire of your choosing that has the ability to add an elite breeding piece to your genetic arsenal. Bid with confidence.

The opportunity exists in this very lot to get a great one! The donor dam is an elite double homozygous female that combines rib and muscle to the highest degree. If you appreciate cattle that are bold in their rib shape, are loaded with center body mass and are expressive in their muscle pattern than this high performance female is one you'd like. From a pedigree standpoint, this own daughter of the in vogue MAGS Cable sire and out of a dam that traces back to the prolific donor, AUTO Bliss 265Y. Furthermore, this outstanding female impresses on paper ranking in the top 30% or better for these 10 economically relevant traits—CE, WW, YW, MK, TM, SC, CM, CW, MS and \$MTI. On the paternal side of this equation enters CJSL Dauntless, a direct son of the famed national show champion turned, elite donor LLJB Absolute Style! There's little doubt this blending of genetics promises results that are sure to impress.

Buck Ridge Cattle and Salt Creek Cattle joined forces a few years ago and invested wisely into the ownership of SBLX Zero Out 1361Z. She is one of the nicest daughters of MAGS Manuela, which is saying a lot. She is sired by SAV Brilliance 8077 and has grown into a superb donor. She is massive in her foot size, super deep in her flank and very appealing in her profile and design. She ranks in the top 1% of the breed for GEST, top 3% for SC and CW, top 5% for MB and \$MTI and top 10% for YW. This big numbered, well-made Lim-Flex donor has been mated to the popular MAGS Cable. He is the 50% double homozygous son of MAGS Applesseed that has taken the breed by storm as of late. His first calves are being bred on now with much anticipation. These future calves have a world of potential so buy with confidence.

What a super mating we have here! These future calves are sired by the once national champion Limousin bull, TASF Crown Royal 960C. He is a double homozygous son of DHVO Deuce from the many times show champion female, TASF Whiskey Lullaby 357W. His first calves are dominating the winner's circle this year and has made many people stand up and take notice. His daughters have won the Tulsa State Fair, National Junior Heifer Show and the American Royal. We think his added thickness, overall power and substance of bone mated with the PBRS Alix 387A donor will be a big hit. She is a massive structured female that is extremely heavy in her bone structure and foot size. We admire her extra rib shape and depth of capacity. These future heifer calves are really going to be something special for the new owner.

RARE OPPORTUNITY ABOUND. The resulting embryos will be full siblings to one of the great show females of our generation, LLJB Absolute Style 3056A, who recently produced more than \$160,000 in revenue in just 6 progeny at the 2018 Linhart Limousin sale! This represents one of the very few chance to invest in genetics out of the famed MAGS Wassail donor who carries the moniker of a many time national champion female. The bottom-line is, this elite mating promises to produce homozygous polled, phenotypically exceptional calves that project the ability to compete at the highest level.

Selling - 4 Embryos

Folks, here is a true sale highlight to invest in proven championship genetics! These embryos are full siblings to the 2018 National Junior Heifer Show Champion Lim-Flex female, MAGS Eadie, shown by Shelby Hubbard. The donor dam, PBRs Classen, is a sound structured, bold ribbed, attractive patterned female that was admired by many as she was one of the top sellers in the 2016 P Bar S Ranch annual production sale. The deceased AI sire in this designer mating, P Bar S Bunk House 48B, is creating a buzz around the country for creating progeny known for their natural growth performance, structural correctness and body depth. The bottom-line is, this elite mating promises to produce homozygous polled, good numbered, phenotypically exceptional calves that project to compete at the highest level in showing's across the country. Invest today.

It's not everyday you have the opportunity to invest in embryos that combines both proven genetics and a unique pedigree twist all in the same breath. We project the resulting offspring of this mating to be exceptionally well designed, sound footed and carry the right amount of natural stoutness even the most discriminating cattlemen can appreciate. What's more, they'll come to us in one of the breed's most numerically impressive packages, ranking in the top 15% or better in multiple EPD traits of economic relevance. Furthermore, the donor dam produced TMCK Earth Angel, the 2018 Houston Livestock Open Show Grand Champion Female! The Angus sire is one of the hottest Angus bulls in the Limousin breed today, recently syndicated for \$12,000 and being utilized for the creation of mainstream Lim-Flex cattle. The bottom-line is, this is a mating that projects to produce breed standouts that would be an asset to your genetic arsenal for years to come.

CHOICE ON 4 EMBRYO SETS

This genetic consignment epitomizes the crossroads of where phenotypic quality, huge numbers and genetic diversity meet. These designer matings offer you the opportunity to invest in some of the breed's freshest and most industry relevant genetics. The imagination runs wild when you project the boundless possibilities of the future offspring of these breed standouts. The numerical giant, MAGS American Beauty, a daughter of the deceased MAGS Winston AI sire, possess a combination of structural integrity, body depth and fleshing ability even the most discriminating cattlemen would appreciate. Her offspring to date have been exceptionally high performing and marketable! We feel these matings speak for themselves and represents the progressive direction of the acclaimed ATAK Limousin breeding program. We invite you to appraise the unmatched genetic value on offer.

Folks, here is an opportunity to invest in fresh genetics! The donor dam, MAGS Xanthous, the dam of legendary AI sire MAGS Zodiac, is a sound structured, bold ribbed, attractive patterned female that was admired by many at the 2018 Heart Of Missouri Sale where she was one of the high-selling lots. The featured AI sire in this mating, MAGS Cable, appraised at \$48,000 and was the lead bull in the 2016 National Western Stock Show grand champion carload. He was admired for his unique combination of muscle, body, fleshing ability and structure. This genetic offering promises to produce double homozygous, predictable pedigreed, good numbered, phenotypically exceptional calves that project to excel at the highest level of production. Invest today.

This marks a great opportunity to invest in both an amazing donor and sire. First the donor, AUTO Adorie 439A, that was purchased for \$27,500 from the esteemed Pinegar Limousin program comes to us in a sound footed, square hipped, big bodied, attractive patterned package. Pedigree-wise, she is out of female that has made an indescribable impact on the Limousin breed, AUTO Rebeca 292S. On the sire's side of the equation, here's an opportunity to invest in the big, stout, wide made and now deceased PBRS Bunk House AI sire that has earned a reputation as one of the few outcross pedigreed, big numbered Lim-Flex sires in the breed. Without question, this high power mating promises to hit a homerun! Bid with confidence.

Genetics of this caliber and quality are rarely offered to the buying public but, the 2018 A Night On The Town Sale in Las Vegas, Nevada, is your opportunity to invest in some of our breed's finest and this lot is no exception. Study the unique combination of the many times champion AI sire TASF Crown Royal and the youthful donor, SEEE Eternity, who goes back to the legendary Carousel's Pina Colada cow family that has produced scores of sale topping progeny. The donor dam was campaigned extensively with a high degree of success because of her high quality structural design and rare combination of perfectly portioned rib and muscle relative to frame size. No doubt, the ensuing offspring of this genetic lot will impress.

High quality, stout featured, performance-oriented and huge numbered are terms that appropriately summarize this elite mating! The donor dam, PBRS Deal Me In, is sired by one of the hottest bulls in the business, MAGS Ali, and from the elite and proven P Bar S Ranch donor, MAGS Universal Time. She is the dam of the highly syndicated sire, PBRS Milestone. This gorgeous and well-made heifer ranks in the top 10% or better for WW, YW, SC, DC, CW, MB and \$MTI. The AI sire featured in this mating, SSTO Best Bet, is one that's is flawless at the ground—he's big footed, relaxed in his pasterns, deep bodied, square hip and loaded with natural muscle shape. Numerically and visually this mating should rate amongst the breed's best.

Here is your chance to own maternal siblings to ELCX Twilight 114X, the 2013 Denver National Western Grand Champion purebred Limousin female. The genetics found within these embryos are absolutely superb. They are from the dam of ELCX Twilight and sired by MAGSWL Usual Suspect. He is the Triple Crown winning bull and now breed leader for show cattle. His calves are as popular now as they have ever been. He has a huge foot, heaviness of bone and superb style and balance. When he is mated to easy doing, broody females the results are absolutely unreal. This is a prime example of how good things can be when done correctly.

Selling - 5 Conventional Embryos

Here is a set of embryos from the heart of the KLS Farms program. They are sired by the 2018 NAILE Grand Champion bull, ELCX Kings Landing. He is the son of the deceased MAGS Xyloid and from WLR Prada. His first calves are just weaned and boy are they some kind of good. He is massive in terms of bone and foot size and has that powerful show look to him. These embryos are from one of the top KLS Farms donors, PBRS Diva In Black 6201D. She is a double homozygous daughter of MAGS Ali and from the elite donor, MAGS Universal Time. This mating is one we feel certain will create positive results for the buyer.

Folks, here is a pick'em lot! Featured is your choice of embryos by one of the elite females in the Circle L program—CLLL YaSaySo 103Y! She is an extra stout featured, sound structured, high performance female that has earned a can't miss reputation. This direct daughter of the famed donor LH Radiant 323R ranks in the top 35% or better in 11 economically relevant EPDs. The two service sires are the proven and predictable CJSL Creed and the purebred, homozygous polled Wulfs Compliant AI sire. It's with great confidence we place these mating on offer for your appreciated appraisal.

Selling - 4 Embryos

The choice of these elite embryos are by two of the breed's hottest sires, the new PUREBRED AI sire CELL Envision 7023E and the highly popular MAGS Cable AI sire that needs little introduction! If you're looking for a genetic opportunity that promises to produce double homozygous, functionally sound bulls and tremendous cow prospects then here's the mating for you! The donor female, J Bar J Dewdrop, is simply one of the most phenotypically complete donor cows to walk the pastures of Circle L Limousin. She's moderate made, big bodied, boasts a perfectly constructed udder and as a bonus, packs a punch numerically by ranking among the breed's very best EPD-wise. Don't overlook this buying opportunity.

Buyer will supply semen and receive minimum of 5 embryos and maximum of 10 embryos. After 10, buyer and seller will split. Seller pays for the embryo transplant work. Buyer may choose to make IVF embryos for an additional cost of \$500.

LAL Marilyn Monroe 42W is the leading donor for Riverstone Cattle Co. and Boss Lake Genetics. She is one of their finest purebred Limousin donors! Her son, Cottage Lake Border Agent, was a top purchase by Marjon Farms in Indiana and Wies Limousin in Missouri. His first calf crop is in production with much anticipation. He is now deceased, but his progeny and influence is as strong as any purebred bull in the business. This donor, LAL Marilyn Monroe 42W, is a very well made female that is solid from the ground up. She has the prominent look, femininity and desirable conformation needed to produce greatness, which she has. Offering genetics from this female is a very special lot for this sale of the year in our breed.
