This particular individual is a true stand out in the pasture and in the picture pen. Her prestigious pedigree blends the time tested AUTO Rebeca 292S and MAGS Puddles cow families with one of the hottest new bulls on the market, MAGS Aviator. This fall has shown us what MAGS Aviator can do across the country, his calves are as complete as they come and will be on the top of many folks wish list the spring sale season. RVF Black Ice, dam of 714C is definitely a young cow to keep on your radar in years to come.

Sired by the \$1.2 million dollar valued EXAR Denver and out of one of the most promising young cows in the Owen Cattle Company program, AUTO Madrin. Madrin is a TMCK Balancer daughter that is a tremendous producer and will certainly continue to produce great ones like OCCC Courtney. As a breeding piece, she brings it all to the table, ranking in the top 5% of the breed for CED and YW and top 3% for Marbling and \$MTI; as an added bonus, this special heifer is eligible to show as a Percentage AOB in most regions.

This exceptional Red heifer by our balanced trait LH Uhaul son, BDHC Ironman is sure to turn heads. Just an April baby, she already has that promising look and shape that we all appreciate. She carries exceptional strength in the calving ease department posting double digit figures for CED, a negative BW EPD and is in the top 15% of the breed for CEM. This Red Angus influenced Lim-Flex female could easily be classified as necessary piece in a breeding scenario that is focused on producing herd sires.

Here at Riverside Valley, we feel that we really hit the jackpot when we were able to add Win Vue Lady Deuce 073X into our breeding program. The versatility that she offers is amazing, in one generation we can produce, herd sires, donor cows and show cattle alike due to her pedigree and how she is designed. Mating her to the \$120,000 valued Ypsilanti certainly didn't disappoint us, JJKH 697C is a 50% Lim-Flex female, who like her mother, is going to be a great breeding piece that you can take a bunch of different directions.

- BULL DIVISION -

Morris

A flushmate to Lot 8, RVF Blackburn 234B is one of the most promising young herd sires to come out of their progressive program. Keeping in mind, that these invaluable herd bulls will have a significant impact on herds across the country, the value in the EPD profile that 234B brings to the table is hard to put a price on. When you analyze his data it is so very exciting! He ranges from a 9 CED to 109 YW and ranks in the top 2% of the breed for SC. Conveniently he blends marbling and REA strength in a very positive fashion.

- EMBRYO DIVISION -

MCBN Ulla 853U,
dam of Lot 13 embryos.

There are several pinnacles that we have hit as we have made our journey in the Limousin business, when we brought home a Deuce X Pina Colada in 2013, it certainly was one of those highlights. There are too many champions to mention in this prestigious pedigree, however we will tell you, that the potential for purple going forward is multiplied when mated with TMCK Hydraulic 17Y. MCBN Ulla 853U is the dam of OCCB Bliss, our 2015 NWSS Sale Heifer who was so well received and ended up selling to Circle R Ranch in Florida. TMCK Hydraulic is currently one of the most popular sires in the breed and syndicated packages were a huge hit the past year!

**JEPS Tiger Lily 103Y,
dam of Lot 14 embryos.**

When you take two performance giants like TMCK Hydraulic and JEPS Tiger Lilly 103Y, you have done nothing but set yourself up for predictable success. TMCK Hydraulic is the sire of NAILE and All- American Reserve Champion bull, TMCK Architect. Very rarely have we been presented with an opportunity to acquire a donor with such an impressive set of EPD's across the board. JEPS Tiger Lily 103Y, is in the top 15% of the breed for CED and Milk, the top 10% for Marbling and \$MTI as well as posting a 70 WW and 107 YW EPD. When mated with TMCK Hydraulic, who currently has a 142 YW EPD and is producing cattle with a deadly look and massive amounts of muscle and growth; the results could be incredible.

**TMCK Hydraulic 17Y,
sire of Lot 15 embryos.**

This set of double black, homozygous embryos by the popular TMCK Hydraulic out of one of the superior numbered cows at Owen Cattle Co., MCBN Yoko Ono 146Y (Full sister to the big numbered and popular A.I. Sire MAGS Y-Axis). The resulting data set on this calves will have absolutely enormous growth numbers and a very attractive carcass profile. In addition to the statistics, the predicted confirmation of these cattle should be equally impressive. This mating is highly anticipated and it is an honor to offer these embryos for public auction, we truly feel that this is a mating that could have significant impact on the breed.

MAGS Aviator was the top selling bull of the 2014 Magness sale. He flawlessly combines style and growth in a homo/homo package. When it comes to a perfect skeletal outline and structural integrity, Aviator is going to be the go to bull for several years to come for many producers nationwide. SBLX Zity Nights was recent highlight of the Milam Dispersal, she is a direct daughter of MAGS Manuela, the leading Sugar Bush Donor. She posted a tremendous set of scan numbers with a 14.99 for REA and a 4.11 for IMF.

**EBFL Ypsilanti 420Y,
sire of Lot 17 embryos.**

AUTO Mobile is an up and coming donor out of AUTO Neva 234N, who you can write novels about in the Pinegar program. Studying the production reports on 234N you will notice that she has an average weaning weight ratio of 101 and 104 for yearling weight on 56 progeny. With this powerful cow family blended with the exciting new sire, EBFL Ypsilanti 402Y, there are many opportunities for this mating.

EBFL Ypsilanti 420Y, sire of Lot 18 embryos.

**WIN VUE Lady Deuce 132R,
dam of Lot 18 embryos.**

Win Vue Lady Deuce 073X is out of one of the very finest Angus cows that you will ever see, she is so spectacular that Win Vue had sold her to a producer and they regretted it so much so, that they went back and purchased her back. She is now back in their pro-

gram producing such great ones 073X. If you ever have the opportunity we encourage you to study this fine cow family. This spectacular mating with the famous EBFL Ypsilanti will produce exceptional 50% results.
