PINEGAR

LIMOUSIN

Dear Limousin Enthusiasts,

Welcome to our 24th annual Limousin production sale! This Herdbuilder sale represents a total of 27 years in the purebred seedstock business. What a ride this has been for all of us at Pinegar Limousin. We know that in any business we are only sustainable if we make the customers satisfied with their product. Our motto in the cattle business has been to have common sense and planned genetics to assure our customers the most predictable product possible. We have surrounded our program and laid a foundation with only the best and proven donor cows we could possible create and/or find. That nucleus of females has secured our place as one of the largest seed stock suppliers in the entire breed.

I would like to thank the entire Pinegar crew that work day in and day out in keeping all in order with the volume of cattle that we run. Our program has been managed by Ty and Susie Heavin, and we thank them for all they do. The professionalism, care and maintenance of the cattle is beyond compare and like no other.

We cordially invite you to come early, stay late and enjoy the relationships we have developed over the years in a business that has been very rewarding for us as a family.

Sincerely,
Ed Pinegar

ED & CAROL PINEGAR, OWNERS

HERDBUILDER XXIV

SATURDAY, MARCH 17, 2018

1 P.M. | AT THE FARM | SPRINGFIELD, MO

SELLING 93 LOTS

LIMOUSIN - LIM-FLEX - FULLBLOOD

40 Bulls - 20 Spring Bred Females - 21 Fall Bred Females - 12 Show Heifers

TRUCKING

Will be available on site to haul any purchases out the day of the sale. To make prior arrangements feel free to call R&R Marketing Co. at 615.330.2735 and we will make your buying easy and accommodating.

PAYMENT

Cattle must be paid for at the time of the sale unless prior arrangements are made with sale management at the time of the sale at 615.330.2735. All credit cards accepted.

ANNOUNCEMENTS

Announcements at the sale by the owners, auctioneers or sale management will take precedence over statements in the sale catalog.

SALE ORDER & SUPPLEMENTAL INFORMATION

Sale order is catalog order. A supplement sheet will be posted Friday, March 16 at www.RRMktg.com.

TERMS & CONDITIONS

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. A representative will be on hand sale day if you wish to insure your purchases. Please note: The sale manager is only an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor Pinegar Limousin assume liability, legal or otherwise, for any accidents which may occur.

INSURANCE

Insurance on your purchase can be provided by Mark Smith, Grassroots Genetics, Ankeny, IA, 515.229.5227.

If isn't broke, why fix it? For three years in a row we have featured this mating, and year after year they are some of the very best bulls to sell in the entire breed. Each and every breeding season the leading Limousin enthusiast in the country sit down to search for high quality Purebred bulls to breed to. With Great Deal walking you pastures, you won't have anything to worry about. Your search ends here, with this superior individual who defines quality in every sense of the word. You can't go wrong with a Cruze x Luckie Too son! A full brother, AUTO Real Deal 150B, is working for our good friends at Begert Limousin in Texas. He has made quite the impact in their program and many others have influenced their cows with his genetics.

AUTO Best Deal 559D is a double homozygous son of AUTO Luckie Too, one of the truly dominant donors to ever grace the pastures at Pinegar Limousin. Paternal siblings to 559D have taken the nation by storm the past five years and counting; undoubtedly, AUTO Cruze will go down in the record books as of the finest of all time. Best Deal has performance measures that rank him amongst the top of the 2016 calf crop. He ratioed a 96 BW, 104 WW, 106 YW and a 104 for REA. Clearly, he is a bull that can do it all and is ready to pass these exceptional traits onto the next generation.

It really has been a toss up as to which one of these trios we wanted to use for our Lot 1 bull this year, they all are as equally as impressive and will be similarly impactful in the Limousin population. AUTO Sweet Deal ratios a 98 for BW, 106 WW, 105 YW, indicating his spread from birth to yearling is legitimate and undeniably accurate. AUTO Cruze progeny are in high demand and seeking top dollar, there is no wonder why when you study these cattle from the ground up. Big footed, heavy boned, great topped and wide at their pin set. Their athleticism speaks for itself when you study the appropriate angles in their skeleton.

When we originally mated these cattle, we had NALF convert the Tour of Duty numbers over for us and it was a no-brainer to flush Rebeca that way. Thankfully, the results were a surefire and right on target. 198D is in the top 2% for WW, top 3% for YW and a trait leader for T M. At just 16 months of age, 198D has the power of a mature bull, yet still as sound and fresh as a weanling. A full sister to 198D, 146D and 199D is a highlight in this sale as well.

This set of Lim-Flex bulls do everything that the hybrid matings were design to do—bringing lower birth weights, higher milk numbers and more desirable marbling data to the table. AUTO Aim 146D reads with a data profile that will leave you speechless and his stunning good looks with take your breath away. 146D is an absolute stud who is packed with muscle and power and built on an extremely strong foundation. We are confident that these brothers will generate profit and increase the marketability of your calf crop.

We are 100% confident that the final bull in this trio will make you stop in your tracks and reach in that back pocket for your catalog on sale day! His substance and style are so unique and dynamic that he offers everything that there is good to offer. RB Tour of Duty and AUTO Rebecca 292S are both some of the best that their respective breeds have ever seen. 292S is no stranger to producing herd bulls and AI sires, as she is the dam of the world famous AUTO Cruze, one of the leading Purebred sires in the industry.

EXAR PowerSource was the \$61,000 selling bull in the 2016 Express Bull Sale after his impressive performance as a member of the NWSS Grand Champion Carload of Angus bulls. These Express Angus bulls have worked really well in our program over the years, and PowerSource is no exception. 182D brings additional length of body and front end extension to the equation as well as a consistent data profile from birth through to carcass numbers. He impressively is a trait leader for MB EPD and SMTI. Wilder Family Limousin in Texas owns a full sister who is doing very well in their program. A full sister sells as Lot 65.

Unless you have females that are related to 183D there is no reason why you couldn't use him on nearly every breeding-age heifer or cow on the farm and without the worry of sacrificing any traits! The value in that versatility is unmeasurable and won't be realized until you cash your check at weaning time. AUTO Acclaim 183D records an ADJ BW of 68 lbs and ratioed an impressive 120 for IMF in a really tough contemporary group of sale bulls. Keely Shultz of Georgia owns a full sister to Lots 7, 8 and 65 she has successfully campaigned on the show road.

AUTO Rainmaker 568D is very special to us, his pedigree reflects so much of what we stand for; blending of generations of the AUTO prefix with outside influence from the leading cattle in the Angus and Limousin breeds. Sired by AUTO Power Plus, a maternal brother to ADLL Axl, one of the leading herd sires at Lonely Valley. 568D is a trait leader for SC and in the top 15% for MB and SMTI. You will appreciate this bull in person for his rib shape, testicular development and structural integrity.

Ratioing 156 for IMF and 113 for YW, makes AUTO Linebacker 562D a true breeding asset in the Limousin population. His combination of growth, milk and carcass traits are rare and valuable. This homozygous black, homozygous polled son of MAGS All-Star out of one of our favorite, U Haul x MAGS Manuela daughters who is absolutely killing it as a brood cow. Study this herd sire from head to tail and there is a lot of good that he will bring to your mating equations. If reproductive data is something that is lacking in your system 562D is in the top 1% for SC EPD and an actual SC of 44 cm.

Can you say outcross? If you are looking for a red, homozygous polled bull that will blend perfectly with your existing genetics, AUTO Red Robin 190D is the answer! He is a full brother to AUTO Brinn, the past banner winner for Dominic Ruppert who is now checking all the boxes as a donor. CJSL Windfall is injecting a significant amount of milk into his replacement daughters and we feel with Red Robin's maternal power from both sides of his pedigree, he will be a cowmaker for years to come.

A full brother to AUTO Red Robin 190D, this MAGS Hannah son has breeding bull written all over him. If pretty isn't as important as power in your program, Broker is the right fit. Massively constructed from one end of his skeleton to the other, his big top, powerful hip and exceptional foot size and indicate to us that he is one designed to cover a lot of cows and ground. Homozygous polled and in the top 1% for Milk, adds even more value to this Windfall son.

AHCC Miss Deuce X078 is the nationally known donor who has record growth numbers and ranks in the very elite, top 1% for WW and YW. With her performance profile and the renown growth of RB Tour of Duty, AUTO Boomer 189D ET may be the absolute fastest way to add significant growth into any program. Gary Gates is one of the top performance breeders in the nation and his dedication to data driven selection are proven with this mating. 189D is double homozygous and as a fall yearling, we anticipate that he will be able to cover a good size group of mature females starting this spring.

When we purchased HBRL Baby 479B from Buck Ridge Cattle Co. it was noted that her future was limitless, and they weren't exaggerating, AUTO Trend 567D is her first calf and she did an exceptional job. 567D is a special double homozygous son of MAGS Zodiac. Trend is double digits for CED and 119 for YW, all the while ranking in the top 25% for MB. Study this pedigree and there is an intriguing alignment of impactful, breed-changing sires such as Connelly Consensus 7229, DHVO Deuce 132R and MAGS Winston.

AUTO Circuit Breaker is a maternal brother to one of the hottest heifers on the 2018 show circuit, LFL Daisy 6061D ET. Folks, this pedigree is absolutely timeless! You can search far and wide and not find a pedigree as proven as this one is. 157D's dam is out of one of the most significant flushes in the history of the Limousin breed, her flushmates consist of DHVO Deuce, DHVO Trey and Ava Jo, to name just a few. This homozygous black son of LH Rodemaster is 75% Lim-Flex who had an adjusted YW of 1,211 and 37 cm. SC.

Ever looked at two celebrity parents and thought, "my gosh they are going to have beautiful children?" Well, that's what happened with this mating. Mother nature pulled through and the stars aligned to bring all the good in AUTO Cruze and PBRS Dutches 790X together in an amazing package. AUTO Matlock 166D takes the mystery out of upcoming breeding seasons. His consistent across the board numbers, exceptional phenotype and moderate frame gives you a variety of options and directions to go. PBRS Dutches 790X has done an amazing job producing embryo offspring in the Milam, Stowers and Pinegar programs; all of which are based around blending performance and phenotype into versatile breeding pieces.

Have you been putting on the miles to find one that checks all the boxes for doing the fundamental things right? AUTO Interstate 154D will lead you to your destination. Sired by past Pinegar sale topper AUTO King James and out of the stunning PBRS Dutches 790X, 154D is the type of bull that we all can use, he is negative for BW and above breed average for growth and maternal traits. He is absolutely an ideal for the Purebred producer looking for a bull to use on a variety of females or the commercial guy who wants to inject additional quality into his next calf crop.

Sired by LH Advantage who is one of the great performance bulls and a maternal brother to LH U Haul, they both go back to the EXLR 199H donor who has 6 sons in AI service. We felt the blending of the power of Advantage with the presence of PBRS Dutches 790X would yield exciting results, and it did. This double homozygous breeding option won't let you down and brings some serious predictability to the table. AUTO Enterprise 100E is in the top 25% for YW, MB and SMTI, which means he will be a serious income generator if you are focused on growth and carcass quality.

AUTO Black Coffee is one of the most exciting bulls that we ever have offered for public auction, we were so pleased when he went into the capable and seasoned hands of the Keeton and Begert Families. Progeny such as AUTO Full Metal 582D are validating the fact the Black Coffee is a solid producer of both replacement females and herd sire prospects. The dam of this elite 68% Lim-Flex bull is a past show heifer of Rachel Booths, AUTO Bright 258B who is an EXAR Upshot out of the epic Rebeca 292S.

His dam is MAGS Angel, a daughter of the Red Angus sire LJC Mission Statement from the donor MAGS Parker. This young herd sire prospect is red and homozygous polled and has all the ingredients needed to get the attention of any good cattlemen. Sired by Prime Cut, who is a favorite in the ABS export market due to his muscle, docility and growth. AUTO Genuine 147D records an impressive 131 for YW and ranks in the top 3% for that given trait.

MAGS Hannah, the dam of AUTO Brinn has been our go-to Red Angus-influenced Lim-Flex females for the past few years. We really feel she clicked with some of these recent matings and we are thrilled to be able to offer several bulls in this year's sale. AUTO Red Alert is a 75% Lim-Flex sired by CJSL Windfall, making him a paternal brother to both FC Angel's Answer and EF Zen. Crossing the scales, Red Alert was always one of the top bulls in his contemporary group with a 103 WW and 108 YW ratio. Two full sisters sell as bred females in this sale.

The dam of this leading herd sire is the only EXT X Carrousel's Peaches 4330P in existence, this is one of the most intriguing flushes that we have done here at Pinegar Limousin. AUTO Starman 577D is the type of 75% Lim-Flex that will perk yours ears up about the advantages that Lim-Flex cattle can bring to the commercial equation. The moderation of frame, udder quality and improved fleshing ability are all traits that we expect 577D to add to a program.

With several sales a year, you can imagine how many footnotes we get to write about our cattle. When we come across bulls like this, who we knows meet our strict phenotypic selection criteria and then hit the mark for being homozygous polled with an 11 CED EPD and a proven pedigree, it tends to grab our attention. His regally bred dam, AUTO Sizzle is a donor that you are going to hear more about in the future, she is by the \$300,000 valued EXAR Denver out of AUTO Luckie 246W, who needs no introduction. Son of past All-American Futurity Champion, Lucky Strike 118B.

Spencer Wilder of TX and T/R Cattle Co. of OK are both campaigning full siblings to AUTO Empire 307D this year on the national show circuit. The blending of SBLX True Love is one of the finest daughters of MAGS Manuela in existence and she had done an amazing job of passing her quality and dominance on to her progeny. Marjon Farms has mated True Love over the years in several different directions, the Xcessive Force flushes have been some of our favorites though.

Wow, check out the growth on this homozygous black, homozygous polled Lim-Flex bull! There are a lot of pounds of performance to capitalize on in AUTO Samson 561D, with a 77 WW EPD and 113 YW EPD. We are super confident in these numbers and the fact that they are going to transmit to his offspring. 561D's sire, LH Advantage was ultra fast growing and high performing and Samson is following suit with a 1,289 Adj. Yearling Weight and a 786 adj. Weaning Weight. He also scanned a 14.67 inch REA!

If you're looking for a big numbered, homozygous polled, and homozygous black sire don't miss this one! Auto Prestige 709D, is in the top 25% for nine of the economically important traits, top 2% SMTI, top 3% MB, top 10%™, top 15%MK and WW. With individual weaning and yearling ratios of 121 and 105 respectfully. His sire EXAR Comanchero 1022B was among the most popular members of the 2012 National Western Grand Champion Carload of bulls. Half interest sold for \$55,000, making him the third high-selling bull of the 2012 Express Spring Bull Sale. 709D's dam is a productive daughter of AUTO Neva, that has produced lead-off bulls in our highly selective bull offering, Prestige will continue the tradition.

DUE 5.2.18 TO AUTO CRUZE 132X (HP/HB)

AUTO Cylie 284C is a heterozygous black daughter of MAGS Ali. Ali is a Consensus son and numbers bull that combines calving ease and maternal with growth and performance. This female's yearling weight EPD ranks in the top 20% of the breed and marbling in the top 25%. She is incredibly long spined, big footed and has a tremendous amount of rib shape. We admire her flexibility off both ends of her skeleton and the muscle expression she possesses. This one has donor written all over her. She just happens to be a daughter of MAGS Manuela, one of the breed's all-time great donors to ever exist. This female can easily take her place as she has so much resemblance to her. She is massive in her foot size, soft in her pasterns and very fluid in her movement. We appreciate her depth of rib and over all capacity. Buy with confidence as this heifer is a great one in the making!

DUE 4.08.18 TO AUTO CRUZE 132X (HP/HB)

Here is a female with a killer look and a super special pedigree. AUTO Cheyanne 440C is a daughter of MAGS Yip and out of the legendary cow family of Carrousel Peaches 4330P. This proven and predictable donor is a daughter of the multiple trait-leading sire, AUTO Black Dakota from the once national gold medal dam, ELMW Ginnie P58G. AUTO Cheyanne is a homozygous polled purebred female. It's not very often that you come across a female with such depth of body and mass that is so feminine and broody.

DUE 4.01.18 TO AUTO LUCKY STRIKE (DP/DB)

This female has a number profile that you want in your herd. Her yearling weight EPD ranks in the top 3%, weaning weight in the top 10%, milk and marbling in the top 15%. She is moderate in her frame score and easy on the eye. She is easy in her condition and very deep in her flank and has tremendous rib shape and volume. Her sire, R B Tour of Duty 177, was the number one sire of progeny registered by the American Angus Association during is 2017 fiscal year, after ranking number two for progeny registered in 2016. Her dam, AUTO Rebeca 292S is a phenomenal donor who is one of the most consistent producers in the breed. This female has the pedigree, performance and phenotype to make a great mature brood cow. She is a flushmate to Lots 4, 5 and 6.

AUTO Madeline 447D is a daughter of the popular Angus sire, EXAR Blue Chip 1877B. A son of Dameron First Class, Blue Chip has sire countless show ring champions and sale topping offspring. Her dam, AUTO Rebeca 292S is one of the most consistent producers in the Limousin breed. Pictured here is her full sister, AUTO Ponder 454D, who sold for \$15,000 in the past Pinegar sale to Sara Sullivan, Dunlap, IA. Ponder was named reserve division champion at the 2018 National Western MOE Limousin Show in Denver. AUTO Madeline has the pizzazz and eye appeal that Blue Chip possesses. We love her look and build—she’s donor material for sure. Her marbling EPD ranks in the top 5% and yearling weight in the top 15%. She is homozygous black and homozygous polled.

DUE 8.26.18 TO AUTO BLACK COFFEE 512A (HETP/HB)

You can't find a female with a better set of EPDs than this one. Her marbling EPD is a chart topper, ranking in the top 1%, yearling weight in the top 10% and birth weight in the top 25%. She is sired by the \$61,000 third high-selling bull of the 2016 Express Bull Sale. EXAR PowerSource has an individual IMF Ratio of 137 and the first 86 progeny of his scanned in 14 different contemporary grounds have an impressive IMF ratio of 108 to rank him as the leading source of marbling from the Denver-Upshot sire line he carries forward. Her dam, AUTO Rebeca 292S, never needs an introduction. Power Girl has a royal pedigree and the numbers to back it up. We truly admire this one's structural integrity and look. She's a super powerful female that will produce great ones.

AUTO Ezra 230E is a 46% Lim-Flex daughter of LH Advantage 105A. Her dam, AUTO Mabelline 267Z was the 2014 National Western Champion Female shown by Mikah Edwards and is one of the most decorated show heifers ever to be produced here at Pinegar Limousin. This female is just like her mother- flawlessly designed and is super sound structured. Her marbling EPD ranks in the top 10% and yearling weight in the top 20%. She is homozygous polled and homozygous black.

AUTO Elegant 241E is just as her name says, elegant. She is a daughter of the syndicated Winston son, MAGS Aviator. Her dam is the famous donor, AUTO Rebeca 292S. This female is massive in her rib shape and has a tremendous amount of volume and capacity to her. This 67% Lim-Flex female ranks in the top 25% for marbling. The pedigree is proven and with her powerful cow look we think you will admire her as much as we do. She is homozygous black and homozygous polled.

AUTO Echo 270E is a 50% Lim-Flex HA Cowboy Up 5405 daughter. This female is perfect in her profile, sound in her structure and soft in her pasterns. We love the extension through her hip and the rib shape and volume she offers. She is so elegant through her front one third and stands on a good amount of bone. Her yearling weight EPD ranks in the top 3% and weaning weight in the top 15%. She is homozygous polled and homozygous black.

If you want a female that is made nearly perfect in every way, consider AUTO Eydie 278E. She is a daughter of HA Cowboy Up 5406 and from a daughter of GPFF Blaue Rulon back to the famed MAGS Manuela donor. She ranks in the top 3% for yearling weight and carcass weight. She also is in the top 15% for weaning weight and top 25% for carcass weight. This 50% Lim-Flex brood cow prospect is super clean and appealing up through her front end and extremely deep in her rib shape with tons of capacity.

If you like them pretty, level in their design and functional then do not pass this female up. AUTO Eleanor 650E is an AUTO Silverado 543B daughter. This female is about as smooth and elegant as they come. We love her ultra-cool look and extension through her front one third. She is a homozygous black and homozygous polled 59% Lim-Flex female. Her marbling EPD ranks in the top 15%.

AUTO Easton 261E is another powerful HA Cowboy UP 5405 daughter out of the famed AUTO Rebeca 292S donor. She is a chart topper in the yearling weight department and ranks in the top 10% of the breed for weaning weight. She is a homozygous polled and homozygous black 37% Lim-Flex female. If you're looking to add pounds to your calf crop, here is the solution. We admire this heifers look and the way she moves with such flexibility.

AUTO Erna 252E is a show stopper. She is out of AUTO Power Plus 133B and a daughter of DHVO Deuce from MAGS Manuela, AUTO Forever 219X. This heifer is fault-free anyway that you view her and is one of the very finest ever created. We love her substance, correctness in structure and her overall balance. She is a heterozygous black and heterozygous polled 75% Lim-Flex female. Her yearling weight EPD ranks in the top 20%.

This B Bar Cognac 1B daughter is one you don't want to look past. We love the amount of muscle, thickness and overall balance that AUTO Evone 216E has. She is long through her neck, blends in smoothly through her shoulder and is super structured. She is homozygous polled and ranks in the top 10% for milk. This red female is super upheaded and stands on a huge foot. When she's on the move, she's equally impressive. She is incredibly flexible off both ends of her skeleton.

ONE DOSE. TWICE THE SECURITY.

Once PHM[®] IN protects your calves from *Mannheimia haemolytica* and *Pasteurella multocida* – two of the leading forms of bacteria that cause early-onset BRD – so you're double covered.

One intranasal dose, no needle, given as young as 1 week of age, is all it takes. Easy for you, easy on them.
