ROAD TO THE ROCKIES

# ROAD TO THE ROCKIES HEIFERS

LOT 1

## LOTS 1, 2 & 3

Some call them scorpions, others call them stingers, we just call them some of the best we have ever raised. The first three lots in the Road To The Rockies are the result of one of the best flushes ever at the farm. The Angus star Brand Name back on one of the most famed donor cows in the Limousin business, the immortal AUTO Rebeca 292S, did not disappoint. Study their photos, watch their videos, and come up with a better trio of homozygous black, homozygous polled full sisters with moderate birth weight EPDs, breed-leading growth numbers and evenly paced carcass stats. From top to bottom and side to side, these three genetic gems are the real deal.

Switch gears and readjust your eyes a tick as you evaluate this PUREBRED daughter of AUTO Rebeca 292S. This homozygous black daughter of the famed 292S is by one of the hottest bulls in North America and the full brother to what most simply called "The Ratliff Heifer." Riverstone Crown Royal had big shoes to fill, but based on his first calves, he is more than holding his own.

LOT 5

## LOTS 5, 6, 7 & 8

If you come to Springfield planning to leave town with a homozygous black donor quality Purebred female, then plan on walking circles around these four flushmate sisters. Their sire, Riverstone Crown Royal, is an integral part of one of the hottest cow families currently in the breed, and their dam is none other than AUTO Gemini 248T, a own daughter of the great MAGS Manuela. There is more than enough cow power stacked into the pedigrees of these four intriguing full sisters.

## LOTS 11 & 12

Don't pass these two up because they were green at picture time. They are only November babies and are doing nothing if not getting better every single day. The opportunities to own direct daughters of the grand matriarch herself, MAGS Manuela, are becoming fewer and fewer. Invest in these two with confidence, you never be asked to take a penny less than you give for them.

A Pinegar sale would not be complete with a Peaches daughter in it, so here she is. We very well may have saved the best for last in the form of AUTO Missie 434E. Look her up sale day, this late November baby has been turning the crank since picture day.

## December & January Picks

Once again this year, we have decided to sort up a select group of December and January babies for your appraisal. As you study these heifers and their pedigrees, you will notice they are very similar to the older Road To The Rockies heifers cataloged in front of them. The only difference is their age, and we guarantee, in time, they will grow out of that. All of the vet work is in order on these heifers and they can be taken home the day of the sale. However, given their age, if you wish to leave them here at the farm for another month or so, please visit with Ty prior to the sale.

# SPRING BREDS

We put Lot 30 and 31 together because they are from the same dam, AUTO Gemini 248T, who has been a solid producer at our farm for years. We can't say enough good things about the 248T daughters. AUTO Donella 210D is sired by the Express show bull EXAR Blue Chip 1877B who has gone on to sire champions and generate many dollars in the Express program. This heifer is loaded with eye appeal and numbers. We think you'll like AUTO Easy Going 269E, she's easy going, solid from the ground up and is by the big-numbered, highly popular Cowboy Up sire. 269E's two flushmate sisters sold in our 2018 HerdBuilder for \$15,000 and \$8,500, respectively.

In his day, JCL Lodestar was the go-to double homozygous, big-numbered purebred bull, and it's easy to see why. As good as her calf selling as Lot 71A is, we think her mating to AUTO Lucky Strike could ring the bell even louder.

### OFFERED BY - TEAGUE RANCH

A very special mating brought to you by Teague Ranch. It's not every day you can get your hands on embryos sired by the exciting Riverstone Crown Royal and out of a powerhouse of cow such as AUTO Cylie 284C, a daughter of Ali and Manuela. If there is such a thing as a sure deal in the cattle business, this is it.

### OFFERED BY - J6 FARMS

What an opportunity here. The chance to own a homozygous black, homozygous polled PUREBRED with all the promotion already built in. The sire of these embryos, AUTO Cruze, needs zero introduction, and while still young, the dam represented in this mating, AUTO Cindee 160C, is steeped in Limousin tradition and no doubt will write her own chapter in the Limousin history book.

# Selling Choice Right to Flush

If you have been following along with us since the beginning of this catalog, you realize the extreme importance Pinegar Limousin places on strong cow families. Few other programs in the Limousin business have so masterfully mixed and matched the most prolific bloodlines available to them. What better way to wrap up this catalog, than to offer you the choice of one, two or three flushes from these most unique and intriguing donors in the Pinegar arsenal and to the bull of your choice. Take advantage of the years of strict selection backing these females and align yourself with not only the breeding principles, but the built in promotion afforded to you through the Pinegar Limousin program. Guarantee five embryos with a maximum of 10.
