What an exciting time and opportunity in the industry to offer this set of cattle. We have dug deep into several operations as well as ours to bring you this offering.

Each year we set a goal. Everyone does, but this year was different. We want to see the fruits of our labor run wild for our customers and friends in the industry. This offering defines that, success at raising and promoting their stock at a high, high level. In fact, in terms of quality you will struggle to find a deeper, more diverse set of cattle than these ladies. Take a look, pay attention to pedigrees and the value of each lot, not only in terms of show ring appeal, but as value of investment. These are in it for the long haul and have the ability to generate what you want.

Thank you for your interest, and if there is anything myself or any of the sale staff can do to accommodate your working with us, just let us know. We look forward to working with you!

Remember "The Choice is Simple"
