Welcome to the Southern Cattle Company Charolais Dispersal Sale! A dispersal sale might sound counter to expansion but it's proof of our commitment to raising the bar even higher within our Charolais genetics. With a genetic investment of 600+ implanted embryos; and additional embryos in the tank, we feel confident that we can advance our Charolais program while offering these females and herd sires to our customers to improve their genetics. While I didn't have the pleasure of breeding this first-rate offering of Charolais cattle from the start, it's easy to see just how special this offering is thanks to Mr. John Downs' vision of producing genetic masterpieces. We believe that you can forage the country and not find a more solid genetic gene pool with as many top individuals with tested true cow families behind them. If you're fortunate enough to find a breeder that you can tie into with genetics comparable to this offering, there is no guarantee that they will be available for purchase or at least not their very best. This is exactly why we made the decision to have a sale of this magnitude with everything available period. As with every decision we make at Southern Cattle Company, we first ask ourselves, "Will this decision help our customers succeed?" **We know that your success is the only absolute in our success.** Make no mistake about it, Southern Cattle Company is still very much in the Charolais business and going strong with more embryos coming than ever before. While we are wistful to see these stellar genetics go on to other pastures, we're excited to see the next generation as they hit the ground this fall. Please don't hesitate to call with any questions or to schedule an early viewing of this special offering. We look forward to hearing from you and our gates are always open!

Take care,
Ken Stewart

Charolais friends,

It is only known by Mr. John Downs when that first spark to own purebred cattle and more specifically Charolais cattle started swirling around in his mind. But in 1992 he fulfilled his lifelong dream by purchasing the original 400 acres the sale facility stands on today and Charolais cattle were the first breed to put foot upon Southern Cattle Company! He had a goal to assemble one of the best Charolais herds of cattle of any breed in the nation. He has achieved that goal!

Mr. Downs is a man well-known for his willingness to invest of himself in any effort to breed the best of Charolais cattle. As you will see throughout this catalog he has utilized an "in-house" embryo program to multiple genetically superior Charolais cattle. Cow families have always dominated the breeding program and putting the breeds most successful herd sires on those cow families has resulted in fantastic results.

So why stop now and disperse? Well, Mr. Downs is not stopping anything. But with over 6,000 head of cattle occupying the ranch today, some changes had to happen. So, the first answer would be to sell down the commercial cow herds, but most of those commercial cows had embryos placed in them, so not an option at this time. After bringing new general manager's Ken & Jenny Stewart on board this past spring, many discussions were held about what direction Southern Cattle Company's Charolais herd would take. At first a Mature Cow Herd Dispersal was discussed, but to be fair to the buying public, it was finally decided to disperse every Charolais female that was born before 2017 started. They will not be leaving the Charolais business with over 600 Charolais embryos having been put in commercial cows and those will start hitting the ground this fall and continuing into the spring. Many more embryos are still in the tanks and will be put in soon, and all from the same powerful cow families and sires you see in this catalog.

After these genetics are sold across the United States, Southern Cattle Company will endeavor to watch their contributions to our breed as they begin to develop the SCC Charolais herd again!

I have known Mr. Downs for many years including managing his first sale in his beautiful sale facility in 2002 and selling some large groups of Charolais females and bulls privately over the years. He is a man led by faith and it has been a pleasure to work with and for him!

There are many opportunities here in this sale and if I can assist you in any way, please don't hesitate to call upon me or on any of the sale consultants associated with this sale. I look forward to seeing you here!

All sale cattle will be tested for delivery throughout the United States and the veterinarian will issue the required interstate health certificates.

\$40.00 credit for DNA tests:

In an effort to get every female bred as early as possible many pasture sires were exposed to many of these cows without 20 days between bulls. Any of these females that are bred that way will qualify for a \$40.00 credit to be deducted from the sale price at the time of settlement. With that credit, those buyers may request the AICA DNA kit to pull a hair sample to determine the correct sire of the resulting calf.

Selling 2/3 interest and full possession.

One of the most exciting young herd sires at SCC and at the Garcia's. Look for his heavy service in the bred heifer sections. They purchased 2/3 interest for \$20,000 in the 2015 M6 Bull Sale after his dam #844 sold for \$28,000 in the 2014 sale and #844's son M6 Rock Star 306 ET topped that 2014 bull sale at \$40,000 for 1/2 interest. The Bells & Whistles sired progeny will be highly sought after in this sale! Offered by Joe Garcia & Southern Cattle Company 1/3 Semen interest owned by M6 Ranch

M6 Ms E46's Duke 248 PET

M6 Ms E46's Duke 248 P ET has taken her place as one of the breed's greatest donors! Besides being the maternal grand-dam of Lot 1 and New Standard 842 she has produced a total of 163 progeny registered at AICA, including one of the all-time high selling bulls in breed history M6 Right Now 5239 P ET at \$170,000. Take a look at several ET sire groups on the following pages and see if you don't agree there is maternal strength and power in this large cow family!

Southern Cattle Company purchased this great donor for \$20,000 to add her to her dam already at SCC. She is quickly becoming "one of the great ones" in the breed. She had her first calf in the spring 2012 and went immediately into transplant. Her first three sets of ET bull calves were outstanding sired by three different herd sires they had an average adjusted weaning weight of 729.7 lbs. with not a one under 700 lbs. Her dam #328 is a full sister to the popular DA Passport 502 and to the AICA Show Bull of the Year WC I'll Have Another. Just take a look at her exciting daughters selling from Lot 67 to 75!

This cow family, backed by matriarch DA Ms Marion 328 P ET, is as powerful and numerous as any we will see on sale day. She first popped on the national scene in 2007 when she sold in the National Sale in Louisville for \$16,000! Since that date she has produced 108 ET and natural progeny with over the top production. Again, we will let you be the judge, go sort through her daughters and granddaughters on the next three pages. We know you will be impressed!

This is another really good cow family that nobody ever took the time to get pictures of. But both S03 & S05 produced some outstanding progeny, some pictured here. SRC Miss Kentake S03 ET has produced 43 registered progeny and S05 has 22 progeny. Their full brother SRC Kentake S02 ET is still working in the purebred herds of Chip Stewart, Friendship Farms & Frankie Anthony, SEANA Charolais both in Kentucky.

The Ms Jewel 0155 cow family consists of the Ms 5078 Mark 635 donor, the Ms Unlimited 3103 donor and finally back to the one that started it all – WCR Miss L06 5078 ET P! #5078 was purchased by SCC out of the 1998 20th National Charolais Sale many years ago for \$10,500 from Jensen Charolais in South Dakota. In November 2002 she topped the Southern Mature Cow Herd Dispersal Sale at \$25,000! She produced some great females across the country including 3103, K285, K300 who sold for \$30,000, K385 and SCC Miss 3027 ET the great donor for Wright Charolais. Ms 5078 Mark 635 quickly became a donor of record when she produced Ms Jewel 0155. One-half interest in her sold for \$36,000 and she produced sons that sold for \$21,000, \$45,000, \$22,000 and \$12,000. A daughter sold for \$19,000. In 2016 they sold all of Ms Jewel 0155 for \$32,500. Here is your opportunity to buy into this cow families success!

Weavers Amanda 0811 is one of the top EPD performance brood cows in the breed. Her EPDs rank her in the top 1% of the breed for Weaning Weight, in the top 2% of the breed for Yearling Weight, in the top 15% for Milk and in the top 2% for Maternal! She had her first calf before her second birthday on February 7, 2010 and weaned him at 804 lbs. to ratio 110 and it just kept going from there. The Grid Maker genetics have the punch. The next two lots are out of M6 066 Nancy 106 P ET, the full sister to M6 Grid Maker 104 P ET and the next two pages of lots after that all descend from Nancy 106 too!

M6 Ms 761 Nancy 6100 P ET is one of the great breeding pieces to come from using the semen from the old Duke 761 genetics. WCR Sir Duke 761 was born in 1987! Ms 761 Nancy 6100 has produced 91 progeny for registration at AICA. North Grove Charolais in Minnesota produced her most popular offspring sired by LT Ledger in which the first few progeny sold by them sold for \$13,500, \$18,000 and \$41,000. #6100's dam #382 is a daughter of Nancy 106 previously mentioned one page back, the full sister to M6 Grid Maker and she (#382) has produced 67 progeny.

Faraway Mary 106X has been an "overlooked" donor of importance at SCC and in the breed. Just look at the pictures of her outstanding progeny on these two pages by four different sires. She stamps'em out! Her sire was a highly successful show bull in 2008 & 2009. Her dam is a full sister to SR Lady Ease 914, the dam of Field Rep, M6 Fresh Air 8165, M6 Cool Rep 8108 ET and the entire "Germaine" cow family at M6 Ranch that produced the high-selling female in that dispersal for \$36,000 selling to Grand Hills in Colorado!

SCC Miss Duke 2507 ET

It is only fitting that we pay tribute to SCC Miss Duke 2507 ET at the end of this catalog. You will find her pedigree sprinkled throughout this catalog. She was born on September 2, 2002 here at Southern Cattle Company. We thought she would make the catalog when this picture was taken in June 2017 at 15 years of age, but she decided enough was enough and she'd just stay right here! Her dam CR Miss Duke 157 sold for \$20,000 in the Creighton Ranch Dispersal many, many years ago. She was born in 1991 and produced ET and natural calves until 2006 at 15 years of age and started the Duke 248 and Bravo Grid cow families at the beginning of this catalog!
