AUTO Callie 403D, Grand Champion Female 2018 All-American Futurity

1 Life does not get any better than this! Her is a guaranteed heifer mating that represents only the finest genetics. This future calf will be a daughter of the newly crowned 2018 All American Futurity grand champion female, AUTO Callie 403D. Owned by the Boyce and Dill Family in Missouri, this female bred in the Pinegar program captivated the audience at the recent All American Futurity in Denver, CO. She made her mark as a calf when she was a division champion at the 2107 National Junior Heifer show. This is the first genetic package to be offered for sale from this elite female. This lot selling is sired by the Lim-Flex bull CJSL Creed, the very appealing and proven herd sire and son of MAGS Aviator that has been bred in the Linhart program and has made his mark in the Tubmill Creek Farm herd. He and his progeny were highlighted in the Tubmill Creek Online sale after the production of this catalog.

Due 10.06.18 to AUTO Lucky Guy 140D (79% Limousin Homo/ Homo son of AUTO Lucky Strike 118B) the 2018 All-American Futurity Division VI Reserve Champion.

AUTO Girley 415D is one of the finest Lim-Flex females to ever be offered by Pinegar Limousin. She is a daughter of AUTO Power Plus 133B and just happens to be a maternal sibling to the 2018 All American Futurity grand champion female and the dam of the lot 1 in the sale, AUTO Callie 403D. She is from the prominent Pinegar donor, AUTO Forever 219X, a daughter of the past national champion sire, DHVO Deuce 132R and from the elite MAGS Manuela donor. The pedigree of AUTO Girley 415D is as good as anyone breeder would want. This 75% Lim-Flex first calf heifer is nearly perfect in anyway that you take a look at her. She is sold from the ground up. She is feminine up through her front end, level and strong down her top line and has a tremendous amount of rib shape and volume. This female has so much stacked in her favor that it is ridiculous!

Due 10.06.18 to SOGF Special K (Fullblood)

Polled Fullblood at its finest is AUTO Redbird 421D! She is a daughter of SVL Polled Impact 516U from the elite Pinegar brood matron, AUTO Red Pepper 216X. She is a daughter of the once All American Futurity champion bull, AUTO Cliff Hanger 194D from Laura's Echelon. She is a daughter of WRC Punch from Soules Queen. This female is rich in premier Fullblood genetics and has tremendous predictability bred into her. She is made as nice as you could ever find in a polled Fullblood female. If you appreciate the Fullblood females in this breed then please consider this heifer. She sells bred to the breed leading great Fullblood sire SOGF Special K.

4 Due 10.15.18 to AUTO Gunn Point 192Y (75% Lim-Flex black/homo polled son of LH Rodemaster son)

When we think powerful rib shape and sogginess- this is the female that immediately comes to mind. AUTO Danielle 253D ET is a homozygous polled, homozygous black daughter of EXAR Blue Chip 1877B and AUTO Gemini 248T. Blue Chip comes from the mating of the Triple Crown Winner, Dameron First Class to the elite NWSS Champion, Greens Princess 1012. AUTO Gemini 247T comes from the famed MAGS Manuela female and is a daughter of GPFF Blaue Rulon. We love this female's refined head and neck and the way she ties such a powerful look into a commanding brood cow presence. AUTO Danielle 253D has the look, power and sought after genetics behind her to make her a no brainer for producing top individuals.

5 Due 11.10.18 to HBRL Deluxe Package 6114D (56% Lim-Flex homo polled/homo black son of MAGS Zodiac)

Here is a female that offers doability, functionality and a superior lineage. AUTO Foundation 441D is a daughter of AUTO Power Plus 133B, the Stowers Limousin great herd sire and a son of the popular EXAR Denver 2002B. This female's dam, SBLX Xtra Special needs absolutely no introduction. She has proven herself time and time again in the Stowers Limousin program producing countless champions and top sellers. We admire the substance of bone, foot size and overall balance this one has. This female is one you want grazing in your pastures.

6 This herd sire prospect is one everyone will be talking about. AUTO Downstream 118E has the look and all the right pieces to make a great one. He is super long sided, expressive in his muscle shape and sound structured. He is a purebred son of AUTO Real Deal 150B, the sire with tremendous phenotype and performance. His dam, AUTO Manuela 298S, is the premier donor for Pinegar Limousin and the Counsil Family. Her progeny have dominated the show ring and proven her to be one of the greats. If you're in the market for fresh, powerful genetics- this is the guy for you.

7 This female has knocked herself out of the park and set an incredibly high standard for her peers. AUTO Fiona 239F ET is one powerful black beauty and so flawlessly designed. She is a daughter of the \$350,000 record-selling bull from Hinman Angus, HA Cowboy UP 5405. Her dam, AUTO Gemini 248T is the ever popular daughter of GPFF Blaque Rulon and MAGS Manuela. She has a pretty spectacular set of numbers behind her near perfect phenotype. Her yearling weight ranks in the top 2% of the breed and weaning weight in the top 3%.

8 Talk about cow power! AUTO Freshen UP 219F ET will do that to any program. She is a strikingly powerful daughter of AUTO Ace Ventura 557C. Ace Ventura is a son of MAGS Robin Hood 276Y and out of an impressive MYTTY In Focus daughter. Her dam, AUTO Luckie Too 423Y is a proven donor who is always predictable. This female is sound from the ground up and just simply a powerhouse of an individual. We love the way her extended neck comes out of an impressively stout topline. She is homozygous black and homozygous polled. Her milk EPD ranks in the top 10% of the breed. This female will be noticed by many cattlemen for years to come.

selling choice

MAGS Uahuka 3602, dam of Lot 10 embryos.

MAGS Cable, sire of Lot 10A embryos

Silveiras Style 9303, sire of Lot 10B embryos

Lot 10A One of the breed's leading herds in the country is P Bar S Ranch. They purchased a flush on the elite donor MAGS Uahuka from Edwards Limousin in Missouri. She is the 2009 All American Futurity grand champion female and the 2010 Denver National grand champion female. She has continued her prominence by and elite donor in producing excellence. She is a daughter of the past Denver National champion bull and breed leader, DHVO Deuce and from the once national champion female Carrouseles Pina Colada. These heifer pregnancies are sired by MAGS Cable and Silveiras Style. Cable is the 50% Lim-Flex double homozygous son of MAGS Appleseed. He is the leading sire for Graven Land & Cattle and Magness Land & Cattle. Silveiras Style is a purebred Angus bull that has seemed to work wonders when mated to Limousin females. Either one of these heifer matings will work and we think very well for the new buyer. This is a highlight lot in selling a pick of these two matings from the heart of the embryo transplant program.

MAGS Ali, sire of Lot 11 embryos.

MAGS Thora, dam of Lot 11 embryos.

11 Lot Half due at time of sale and balance at time of selection. Total of 5 calves due fall of 2018.

Folks, here's your chance to be the judge! Study this rare opportunity brought to us by the progressive Linhart Limousin program to take your pick of the exceptional offspring from this big time mating. The designer flush at hand boasts some of the breed's most proven and desirable Lim-Flex genetics that have excelled both in production and in the show ring at national levels. The syndicated A.I sire featured in this mating, MAGS Ali, is known for his structural integrity, high growth performance and carcass merit. The prolific donor dam is the many times champion, MAGS Thora. Over the years she has produced more than 40 calves on file and is known for eye appealing progeny that excel in terms of marbling. October 6th don't miss your chance to take your pick and invest in top flight genetics from a reputation program.

It with great excitement and pride we introduce Musgrave Headway to the Limousin marketplace! This is an Angus sire we've searched tirelessly for and purchased exclusively for the purpose of making high quality, genetically diverse, huge numbered Lim-Flex cattle. Curve bender best is a term that best describes Headway - he posts a user friendly -1.9 birth weight EPD while ranking in the top 1% of the entire genetic population for weaning, yearling, milk, calving ease maternal, carcass weight, marbling and mainstream terminal index. What's even better, visually he's sound footed, big nutted, loaded with rib shape and thick-ended. The bottom-line is, this is your opportunity to fast track your Lim-Flex program and make some true HEADWAY!

*PBRs Bunk House 48B,
sire of Lot 13 embryos.*

MAGS Eadie, the 2018 National Junior Lim-Flex Heifer Grand Champion Female and a full sib to Lot 13 embryos.

Lot 13 Folks, here is a true sale highlight and opportunity to invest in proven championship genetics! These embryos are full siblings to the 2018 National Junior Heifer Show Champion Lim-Flex female, MAGS Eadie, shown by Shelby Hubbard. The donor dam, PBRs Classen, is a sound structured, bold ribbed, attractive patterned female that was admired by many as she was one of the top sellers in the 2016 P Bar S Ranch annual production sale. The deceased A.I sire in this designer mating, P Bar S Bunk House 48B, is creating a buzz around the country for creating progeny are known their natural growth performance, structural correctness and body depth. The bottom-line is, this elite mating promises to produce homozygous polled, good numbered, phenotypically exceptional calves that project to compete at the highest level in showring's across the country. Invest today.

Lot 16 Sells bred to calve in February 2019 to a SULL Brilliance 9515 (AAA 18784138 - PB Angus son of SAV Brilliance).

RVF Classy 688C is super soft middled, easy fleshing and sound structured. This homozygous black, homozygous polled female is out of the popular show heifer Angus sire, Dameron C-5 American Classic. He is a full brother of the now deceased and ever popular, Dameron First Class. American Classic's progeny have been shown and sold all over the country. He sires cattle that are long necked, square hiped and excellent in their structure. Her dam, LFL Shortstuff 6019S is out of the great JCL Lodestar 27L. RVF Classy 688C comes from a solid pedigree and number profile. She's sure to be a great maternal influence in any program- her milk

Lot 17 Buyers select their favorite from the three heifers. Buyer will get the opportunity to select their favorite from three heifer calves at weaning time. Buyer pays half money down at the time of the sale and the remaining balance at time of the selection of their favorite heifer of these three full siblings

Here is one of the breed's most prominent matings to ever come from the long running program, Wies Limousin. Buyers will have the opportunity to select their favorite from the three heifers. This is a tried-and-true mating that has produced numerous champions and pasture producers. Two famous daughters are AUTO Bette 266Y who was an absolute rock star in the show ring and made frequent trips to the backdrop including the 2012 National Junior Heifer Show where she was named grand champion Lim-Flex female for Adam Griffiths of Maryland. Her flushmate sister is the \$30,000 AUTO Bliss 265Y, who also had a successful run on the tan bark for Hall Cattle Co., Coyote Hills Ranch, Diamond Hill Cattle Co., and Lawrence Family Limousin.

This genetic consignment epitomizes the crossroads of where phenotypic quality, huge numbers and genetic diversity meet. This designer mating offers you the opportunity to invest in some of the breed's freshest and best genetics. The featured sire in mating is none other than the heavy muscled, stout featured, hot NEW A.I sire that Graven, Magness, Wulf, Tubmill and Diamond Hill cumulatively purchased the Hager Cattle Co. Sale - AHCC Hemi 901E! The donor female is, MAGS Zaneeta, one of the 2018 top sellers at the White Valley Ranch dispersal sale where she commanded much attention and was admired for her flawless structural make up, body depth, huge marbling EPD and the fact she was a direct daughter of the prolific donor MAGS Puddles. We feel this mating speak for itself and represents the progressive direction of the Graven Land & Cattle program. Bid with confidence.

Lot 27 These elite embryos are by one of the breed's hottest new PUREBRED A.I sires - CELL Envision 7023E! If you're looking for a genetic opportunity that promises to produce double homozygous, functionally sound bulls and tremendous cow prospects then here's the mating for you! As previously mentioned, this mating features service by Envision, a sire that was admired for his growth pattern, thickness and rare combination of ribeye and marbling - a sire that truly fits the mainstream industry. The donor female, AUTO Dalejah 211D, is simply one of the most phenotypically complete donor cows to walk the pastures of Brehm Farms - she's moderate made, big bodied, boasts a perfectly constructed udder and as a bonus packs a punch genetically by tracing back to the legendary AUTO Rebeca 292S donor dam. Don't overlook this buying opportunity sale day.

28A A.I. 12.21.17 to MAGS Aviator
 PBRs Alix 387A is a daughter of the \$52,000 sale topper and elite sire, MAGS Yip. She has an impressive EPD profile, ranking in the top 4% for marbling and the top 10% of the breed for yearling weight. We admire this female for her incredible amount of mass, her functionality and the way she commands anyone's attention that sets eyes on her. She is homozygous polled and homozygous black.

28B P.E. from 1.01.18 to 2.18.18 to SBLX First Class and MAGS Bronson

This powerful MAGS Yip daughter is from a purebred Angus female sired by Limestone Coalition S615. Study this female from any angle and you'll be impressed. She is big footed, tracks with total confidence and balances up incredibly well from the side. She is homozygous polled and homozygous black. Her marbling EPD ranks in the top 4% of the breed.

Lot 29 This offering of three homozygous polled, homozygous black, 50% Lim-Flex embryos to MAGS Cable and LVLS Without U 9098W is one we can't stop talking about. MAGS Cable topped the 2017 Fall Sale and is unique with his outcross pedigree. So many admire this bull for his depth of body, super structure and EPD profile that everyone desires. LVLS Without U 9098W is the remarkable daughter of LVLS Top Criteria 8862P. This mating is one that will rise to the top as soon as these calves hit the ground..

HBRL Deluxe Package

Selling Pick of Six

31 Selling pick of six maternal siblings.

When we think of the perfect Limousin cow at Buck Ridge, there is only one that comes to mind. AUTO Exceptional 282S is the matriarch donor at Buck Ridge Cattle Company who has elevated our cowherd and is influential in so many females. She currently has 88 registered progeny, from multiple sire groups and time after time her progeny rise to the top of the sire groups. Her daughters continue to be the top cows producing cows at Buck Ridge and in many other herds. Her daughter HBRL Bambi 489B, recently produced the herd sire, HBRL Deluxe Package 6114D, the MAGS Zodiac son working in the Pinegar Limousin and Buck Ridge Cattle Company herds. Her daughter, HBRL American Pie 370A recently produced the \$20,000 herd sire, CELL 20/20 working in the Jones Brothers and Linhart programs. She also produced the herd sire, AUTO Lode Up 137B, sired by EXAR Denver 2002B.

This offering gives the opportunity to choose from six daughters that offer many different breeding options. Exceptional has been such a flexible breeding piece and been used to successfully create both Limousin & Lim-Flex progeny. This select group of heifers includes one purebred sired by AUTO Cruze 132X, three 75% Lim-Flex sired by HBRL Genesis 404B, and two 50% Lim-Flex sired by GAR Prophet.

Her calves represent the planned and proven genetics that have made Buck Ridge Cattle the go-to place for big numbered cattle that have the conformation and “look” to work with any program at any level.

Details - Buyer pays half down at the time of the sale with the remaining balance paid at the time of selection. The calves are sorted and ready for selection and Mark and Logan are more than excited to showcase what they have to offer from the production of AUTO Exceptional 282S.

embryo flush

PBRS 646D, donor dam

Lot 32 Guarantee of 5 embryos sired by the bull of the buyer's choice.

We are offering a top embryo flush from the donor, PBRS 646D. She is incredibly extended through her front one third, super deep bodied and near perfect structured. This female has all the parts to make any of her offspring exceptional. She is a daughter of TMCK Hydraulic, the sire of the NAILE and All-American Reserve Champion bull, TMCK Architect. Her dam is the highly prolific PBRS Winning Ways 29W. This female possesses a combination of structural integrity, depth of body and fleshing ability that will keep her offspring at the top of the breed.

MAGS Cable,
sire of Lot 33 embryos.

SBLX Xtra Special,
dam of Lot 33 embryos.

Lot 33 This is one unique opportunity to invest in supreme quality genetics. MAGS Cable was the lead bull in the 2016 NWSS Grand Champion Pen of Lim-Flex bulls. SBLX Xtra Special is one of the greats in the industry. She is a past San Antonio Supreme Champion Overall female. She is so perfectly designed and has a beyond stunning maternal profile. The DHVO Deuce/ MAGS Manuela mating has produced some of the top individuals in the breed. She is a maternal sister to SBLX Znote and has recorded impressive numbers. These embryos are 50% Lim-Flex, double polled and homozygous black.

CELL 20/20, sire of Lot 34 embryos.

AUTO Adorie 439A, dam of Lot 34 embryos.

34A & 34B

This marks a great opportunity to invest in both an amazing donor and sire. First the donor, AUTO Adorie 439A, that was purchased for \$27,500 from the esteemed Pinegar Limousin program comes to us in a sound footed, square hipped, big bodied, attractive patterned package. Pedigree-wise, she is out of female that has made an indescribable impact on the Limousin breed, AUTO Rebeca 292S. On the sire's side of the equation, this is one of the first opportunities to invest in the big, stout, wide made, CELL 20/20 A.I sire that created a tremendous stir at the 2018 Linhart Limousin Sale where he was appraised for north of \$20,000 and sold to Jones Brothers Limousin. Without question, this high power mating promises to hit a home-run! Bid with confidence.

PBRS Widow Woman 209W, Lot 36

ELCX Devoted 657D, service sire to Lot 36.

36 Sells bred to calve in the Spring to ELCX Devoted 657D.

One thing is for certain in this breed is that when DHVO Deuce is mating to purebred Angus, the results are astounding! This female is an extraordinary example of that statement. PBRS Widow Woman is an amazing creature and one that has never ever been in transplant. Her last two calves sired by MAGS Aviator have been top lots in Riverside Valley Farm sales and are now working for Sullivan Farms and White Valley Ranch. Selling with this female is her daughter of MAGS Aviator that will be full siblings to the top lots for Riverside Valley Farm. A paternal sibling to this female bred in the P Bar S program is now one of the premier donors for Pinegar Limousin. She is PBRS Dutches 790X and just happens to be the dam of the 2018 All American Futurity grand champion bull for Pinegar. These DHVO Deuce daughters from Angus females are something great to build a program around.

When you look at this mating, think — cow power! On the paternal side of the equation, you have the famed \$48,000 and now deceased A.I sire, MAGS Anchor and on the maternal side you find a purebred Angus donor that's a daughter of SAV 8180 Traveler 004 and part of the foundation of females that characterizes the P Bar S purebred Angus herd. Historically, this mating has produced offspring with a tremendous amount of rib shape, extension and performance as evidence by the head turning full sibling female that set the bar at the 2017 P Bar S Ranch sale PBRS 5136C ET. Bid with confidence.

PBRS 5136C ET, full sibling to Lot 37A & 37B embryos.

MAGS Summit, sire of Lot 38 embryos and NWSS Grand Champion Bull.

AUTO Mercy 646D, dam of Lot 38 embryos.

38 High quality, stout featured, performance oriented and huge numbered are terms that appropriately summarize this designer mating! We are offering you 6 embryos by one of the hottest off the market bulls in the business, MAGS Summit - the 2018 National Champion and anchor bull in the People's Choice Champion Carload at the National Western Stock Show. The donor dam, AUTO Mercy is one that is flawless at the ground—she's big footed, relaxed in her pasterns, long striding and one that hits you hard when she's set in motion. Aside from that, admire Mercy for her front end design, depth of body, square hip and natural muscle shape. Numerically, she is among the breed's very best, ranking in the top 30% or higher for 12 industry relevant traits—GEST, CE, BW, WW, YW, MK, TM, CM, SC, CW, MB and \$MTI. All of that said, invest in this unique lot today and invest in your genetic future.

WILDER FAMILY LIMOUSIN

WILDER FAMILY LIMOUSIN

Jay, Molly, Jayce and Spencer Wilder
Jay, 979.268.5491 | Jwwilder1993@gmail.com
Snook, TX

WFL Evangeline, daughter of SSTO Wondergirl 9803W.

LFL Candy Corn, full sib to Lot 40 embryos, and 2014 Houston Supreme Champion Female.

WFL Dixie 615D, donor dam.

Lot 39

The Wilder Family have been as successful as any program in the business in the last two years. Based near Snook, TX the Jay Wilder family have been showing quality Limousin seedstock for last several years. SSTO Wondergirl 9803W is one of those females that was very successful. She is a daughter of the reserve national champion sire EF Smack Down 764S and from a daughter of RADS Black Prodigy. These embryos are sired by the 2017 National champion sire HUBB Bulletproof. He is a son of EF Xcessive Force that is a 43% Lim-Flex bull that is polled and homozygous black.

Consigned by Wilder Family Limousin

Lot 40

These embryos are 87.5% Limousin and we think will be quality seedstock for the new owners. They are sired by the purebred sire DHVO Trey, a full brother to the national champion sire DHVO Deuce. DHVO Trey has sired as many show champions as any sire in the business. The dam of these embryos is LFL 6032S, a 75% Lim-Flex daughter of LFL West Texas Playboy from LFL Patty. She is a daughter of LFL First Edition 1013L.

Consigned by Wilder Family Limousin

embryo flush

Lot 41

Selling an embryo flush to the bull of the buyer's choice. Buyer will get a guarantee of five embryos with a maximum of eight. WFL will pay the flush cost

WFL Dixie 615D is a past many times show champion female for the Wilder Family Limousin. She is a daughter of the breed leading sire, RLBH Air Force One. He is the leading sire for Counsil Family Limousin and the Air Force One progeny have been as successful as any sire in the last decade. WFL Dixie 615D is an 81% Limousin female that goes back to LFL 9027W, a daughter of DHVO Trey from LFL Rain. Buy with confidence as the opportunity to gain the genetics of this powerful donor blended with the sire of the buyer's choice can really make an impact in any program.
