TERMS & CONDITIONS

Terms of the sale are cash unless satisfactory credit arrangements have been made prior to the sale. A representative will be on hand sale day if you wish to insure your purchases. Please note: All persons who attend the sale do so at their own risk; Sale Management or Consignor do not assume liability, legal or otherwise, for any accidents which may occur.

ANNOUNCEMENTS

Announcements made sale day by the owners or auctioneer take precedence over statements in this sale catalog.

TRUCKING

Trucking will be available.

GUARANTEE

All cattle sell under the standard guarantee of the North American Limousin Foundation.

WELCOME

Welcome to the Dispersal of the historic Fullblood herd of Rick and Sandy Thomas. Thomas Farms has been one of the largest and most progressive Fullblood programs in the country for more than 40 years. The genetic depth and variety found throughout this offering is one that will not be matched soon. It is not an exaggeration to say they have been one of the leading stewards of Fullblood Limousin genetics in North America and we feel this offering represents those efforts well.

More importantly, Rick and Sandy operate their program with the utmost integrity and attention to detail. As you would expect from a program of this caliber, all of the I's have been dotted and the T's crossed. It is impossible to operate a top-tier seedstock program for 40 years without outstanding customer service and Rick and Sandy are a prime example of this.

We know that Rick and Sandy are both proud to showcase their many years of breeding quality fullblood cattle, yet sad to see them go. We feel fortunate to be working with such an exemplary couple and would like to take this opportunity to invite each and every one of you to this event.

If we can be of any assistance to you prior to or the day of the sale, please do not hesitate to contact us or any member of the sale team.

NOVEMBER 6, 2021 • 1 P.M. CST

Dear Limousin Enthusiasts,

We are honored by your interest in our Fullblood cattle. And thank you for your participation in our Fullblood dispersal.

Fullbloods go back to 1981 on our ranch. The bloodlines we chose over this time are reflected in the cattle present on the ranch today. Favorites emerged and were used extensively. One of our biggest favorites was our purchase of Southern Cross at just one week old—our first Polled Fullblood. Most of the cattle on the ranch have SC in their background, including many of the Purebreds and Lim-Flex here. He added depth, disposition, doability and milking ability. We continued that important criteria in all our breeding. You will see many important animals in the pedigrees of our cattle. Polled has been important to us.

Let me explain what the dispersal is and why.

All solid Fullblood cattle 8 years old and younger are offered for purchase in this sale. This is a true showcase of our Fullblood breeding program. The only exception are the herd bulls which will continue to service the remainder of the cattle here on the ranch. The older females, their calves at side, and any female that had an issue of any kind at selection time for this offering will stay with us along with our Purebred and Lim-Flex herds.

The why. Although we have very much enjoyed the cattle business, the management of it is getting too big. The forestry business still takes a lot of our attention. Hey, we mostly sit in front of the computer for that. Although getting out amongst the cattle and walking around on the ranch and making the breeding decisions is a blessing.

We are not going away and still have the Fullblood cattle over 8 years old. And we all know Fullbloods have longevity.

The Fullbloods where our first love in the cattle business and still remain in our interest. I so enjoy seeing the sunrise on them while having coffee. So special and relaxing. Nothing like a bouncy group of calves playing, enjoying the new day.

So, my Fullblood friends, and you are many, we can still talk Fullblood now and then. We are proud to know all of you.

May God bless you all and bless you herds that they may thrive and give you many years of pleasure.

Rick & Sandy Thomas

THOMAS FARMS FULLBLOOD DISPERSAL

SPRING BULL CALF PAIRS

SPRING CALF PAIRS

We are proud to kick off this landmark event with an extraordinary group of Spring 3-in-1 pair splits. The bull calf pairs that start the sale feature Thomas Farms' most prominent cow families and certainly contains more than a couple herd sires capable of making a lasting impact on the Limousin seedstock business. The heifer calf pairs that follow read like a who's who in the Fullblood business, with plenty of fancy made, stout featured heifer calves capable of anchoring the most progressive of donor programs. Rick and Sandy, through their strict selection criteria and attention to detail have done the majority of the work for you. Now is the time for you to take advantage of their breeding efforts.

Kicking off our Fullblood Dispersal is this dynamic pair that sets the tone for this sale—quality from start to finish. AR Darling Lucky Hoo 6127D stems from our favorite cow family—AR Pol Lucky Hoo 154L. It's a maternal line that does the part females are supposed play, raise exceptional progeny throughout their career. The dam of 6127D, Lucky Hoo 127Y, was purchased by Ken Glazier at our 2018 sale. When Ken dispersed we purchased her back and she is now raising an outstanding heifer calf. Darling Lucky Hoo 6127D was also a part of that purchase. As you can see, she is the epitome of what a Fullblood Limousin female should look like, capacious rib shape, big square hip and clean through her front end. This female has world's of potential and years of producing ability. She is homozygous polled to boot! This is an investment that will pay dividends for years to come. She sells afe to AR Express Card for a homozygous polled Fullblood calf.

As they say, the proof is in the progeny. When you see her son by AR Express Card we think you'll agree with that statement. AR Jockey is homozygous polled and chock-full of muscle. This potential herd sire is stout every way you look at him. He weaned off with a 3.63 WDA.

AR Awe Uh-Huh 361A has produced many top-level calves in her career here and has done an outstanding job again this year. Bob Stone purchased her 2017 daughter. Her dam is still working in our pastures, producing dependable progeny each year. Study her phenotype, admire her pedigree and decide where she best fits into your program. As a bonus, she sells bred to our exciting young herd sire, AR Executive 7173E, for a double polled Fullblood calf who will no doubt continue this impressive family lineage.

Her April son of AR Executive 7173E comes to us in a balanced package with tons of potential. He is stout, sound, straight in his lines and chocked full of performance. If you are looking for a herd sire prospect with worlds of upside potential, be sure to look him up sale day.

FALL PAIRS

Take a deep seat here ladies and gentlemen. This fall pairs, kicked off by three of the very best ever produced in the Thomas program, are simply second-to-none. From their most prolific cow families, to some of the breed's most proven Fullblood genetic material, these fall pairs are solid from top to bottom. In terms of the calves at their sides, if we were in the car business, the headline would read "The Latest and Greatest Makes and Models."

LOT 27A: AR JOHNNY RED 1198J, a 8/24/21, Red, DP, FB Bull by STZZ Polled Guthrie 826H. BW: 65 lbs.

AR Gina Belle is an attractive of a young, homozygous polled Fullblood female as you will find. Lots to admire about this super first-calf heifer. Her dam, SVL Polled Excelant 758X, hailed from the Stone Valley program and was very popular at their dispersal. She has impacted our program with her superior progeny. Polled Excelant sold in our "The Infusion" Sale for \$11,000 as a pair. Gina Belle continues the tradition of being a producing machine. She will always be a looker and destined for the front pasture! Her genetics are rich in Fullblood lore and reaffirm her legacy will be long and beneficial to her new owner. Her double polled Fullblood bull at side by by STZZ Polled Guthrie will grow into a tremendous herd sire. He offers light birth weight and a nice numerical profile.

LOT 28A: AR JINGER MAE 1207J, a 8/26/21, Red, DP, FB Heifer by CF Jim Dandie 216U. BW: 67 lbs.

AR Ginger Mae was orphaned and hand raised. She traces to the grand matron, AR Cotton Puff, the Silver Medal Dam, that was prolific in creating some of the great females and maternal descendants in the Thomas breeding program. Here's your unique opportunity to add a young 2-year-old, first-calf heifer to your program. She offers a low birth weight of 0.3 with milk and ribeye. When you study her exciting late August heifer calf at side by CF Jim Dandie, we think you will appreciate the job she is doing.

LOT 29A: AR JIFFY GUS 1194J, a 8/23/21, Red, DP, FB Bull by STZZ Polled Guthrie 826H. BW: 59 lbs.

AR Gina Mae is a double polled Fullblood female who is a granddaughter of AR Pol Missy 257M, one of the Missy family legacy females. This young first-calf pair will be one of the standouts at sale time with added maternal and udder conformation. She calved at 2 and sports a stout polled Fullblood bull calf at side by STZZ Polled Guthrie. This is a pair you'll want grazing in your front pasture!

LOT 30A: AR JENNY WINE 1261J, a 9/10/21, Red, DP, FB Heifer by AR General West 964G. BW: 72 lbs.

Our breeding program is illustrated through the blood of this noted Fullblood pair. AR Fine Wine is from one of our top-producing cows who stems from some of the elite in the business. We hand raised Fine Wine after her dam was bitten by a snake leaving her an orphan. We should have named her Blessed and she'll be a blessing in your herd. Take a look at her September heifer by AR General West, you'll like her style.

This polled Fullblood was bred in the Carver herd in Oklahoma. She is correct in her lines, balanced from end to end and smaller framed. A fantastic young, well-made female we purchased from Ken Glazier. Ken had his pick of heifers from Rod Carver and he chose Special Touch, a favorite. A truly special pair of polled Fullblood females to add to your herd. Her polled Fullblood daughter by AR General West is definitely one for the replacement pen.

LOT 46A: AR JUST LACY LOVE 1292J, a 10/6/21, Red, HP, FB Heifer by AR Express Card 7129E. BW: 61 lbs.

It truly doesn't get much better than this—great EPDs, longevity and a homozygous polled Fullblood pair. Lacy Love's dam, a 20-year-old Southern Cross daughter, is raising her spring calf on her own. Lacy Love isn't even halfway through her career. Strong family with lots of longevity. Her yearling homozygous polled Fullblood daughter, AR Heart Love 0104H, sells as Lot 73.

LOT 47A: AR JINGLE MISSY 1228J, a 9/1/21, Red, DP, FB Heifer by AR Express Card 7129E. BW: 67 lbs.

AR Aw-Shucks Missy is from our Missy family which goes back to some of our favorite foundation females. We just love this cow for her broody look and nice set of EPDs. She calved at 2 and has continued to be very productive. Her yearling daughter, AR Happy Miss 056H, sells as Lot 71. Aw-Shucks Missy weans them big and is a sweetheart. Check out her polled Fullblood daughter at side by AR Express Card.

AR Gentle Song is a beautiful Colonel daughter and a direct daughter of AR Windsong 940W, one of the prolific and noted females in the Thomas Farms' female lineage. As the story goes, we purchased a heifer from Lester Adler of Oklahoma years ago, traded Southern Cross semen for her. The results were so bountiful we stayed with this line as it is known to produce strong, correct cattle. Gentle Song is a part of that legacy. She will calve next spring to CTFM Ken's High Voltage for a polled Fullblood calf.

SEMEN

SEMEN & BULLS

We start out with the opportunity to purchase semen on what Rick and Sandy feel are the two most promising herd sires to come down the pike in quite some time. You will notice throughout the pages of this catalog, these two studs have been relied on heavily to move the Thomas Farms' program forward. The stout yearling herd sire prospects that follow them are ideally suited for seedstock and commercial producers alike.

SEMEN PACKAGES

These herd sires are being retained for service at Thomas Cattle Farms. We are however, offering Semen Packages on these two awesome bulls.

Both herd bulls have a great disposition and conformation. Both were bred and raised here at Thomas Farms. Their calves come with low birth weights and produce good weaning weights. As you view the offering, you will see their get and service is highlighted throughout.

Terms: PACKAGES ARE 20 UNITS FOR \$1,000.

Buyers may mix and match both bulls or choose 20 units from either bull individually.
