		WORLD K'S MICHIFUKU
		JVP MIS KIKUCHISA 19E

SIRE ...

Bar R Yasufuku 44W represents proven and predictable genetics from the leading Bar R Wagyu program. He not only represents strength in performance when he was on feed as a yearling bull amongst others in his contemporary group. When he was a yearling bull he ranked number 4 in the selection index for RFI-ADG-YW. He also ranked 3rd for RFI out of the 30 bulls in the test trial. His RFI was a -3.2.

DAM ...

Per Jerry Reeves 2016 sale catalog on lot 39 he references that Bar R Miss 2N is one of the most productive and influential cows in the Bar R herd. She is sired by World K's Sanjirou and from Miss Bar R 321H, a daughter of World K's Michifuku.

SIRE ... Bar R Shigesigetani 30T is a large framed Tajima bull and his progeny show excellent carcass and growth traits. He is the most balanced carcass and performance trait bull that Bar R Cattle Co. has produced in the past 26 years. He ranks #1 for rib eye area, #1 for carcass weight, #2 for back fat and #8 for marbling in the 2016 Wagyu Sire Summary.

Owned by Bar R Ranch, Jerry Reeves a well-respected Wagyu breeder has created this breed leader where his progeny are very well sought after.

DAM ... Bar R 57T's sire is SanjiroU the number 10 ranked EPD marbling #9 ranked rib eye bull in the National Wagyu Sire Summary. This cow is full sister to the bull Bar R Nakagishiro 56T who is one of the more popular Wagyu bulls because of his extreme physical correctness. Her dam is Nakagishi 5 a cow that came in on the last importation of World K from Japan. There were only four offspring registered from the Nakagishi 5 cow one to World K and three to Bar R Cattle Co.

4 Fullblood Conventional Embryos

Bid at www.rrmarketplace.com

SIRE ... Hirashigetayasu (ETJ 001) J2351 was sired by Dai 20 Hirashige J287. His maternal great-grand sire is the distinguished Tajiri-line Tayasudo. Hirashigetayasu (ETJ001) J2351's Kedaka lineage shows strong propensity for growth and balance with a larger frame. An official Japanese progeny test showed that at least 80 percent of his steers would gain A5 grade, the highest given to carcasses in Japan.

DAM ... Coming out of TBR Yasuko 9018W, who's pedigree is a who's who in Wagyu. The extraordinary cow Fujiko appears on 9018W's sire side along with Fukutsuru 068 and on the Dam side you have Sanjiro and Takazakura. Another excellent donor cow with a double digit history. Sired by Ito-michi 1-2, who is known to have high grade cows that produced consistently large quality beef from the Dai Ni Kinto line in his pedigree. This heifer has size and growth without reducing marbling on top and marbling stacked on marbling on bottom. Free of all known genetic defects.

SIRE ... This will be highly a sought after Wagyu mating in both domestic demand and foreign demand. A Hero daughter was the top selling lot at the 2015 European Wagyu Gala. BAY DAI 7 HERO 5658 carries 14 crosses to Dai 7 Itozakura. His dam "Hoshi" lived past 17 years of age, and is from the Ezokintau Championship Japanese family. Hero also sired the top seller of the European Wagyu Gala at 27000 Euro.

DAM ... Mak Mana 129 is from the elite Hisako cow family which is known for high quality meat traits including extremely high marbling. To our knowledge, Mana's dam, Misami, is the number 2 marbling Wagyu Pfizer has ever tested; Mana's 2nd dam, Misako, tested as the number 1 marbling Wagyu (as far as we know). Her sire YCB ITO MAKOTO 5626 (FB11765) is a high type son of TF ITOMICHI 1/2 (FB2126). Mana is a very impressive individual and has the long wide loin that is needed to produce high value Wagyu carcasses with high steak value. Her genetics and offspring (who match her in wide loin) are sought after by breeders from around the world. Her sons will be entering stud and will help to improve carcass quality into the next generation.

SIRE ... Hirashigetayasu 001, has amongst the highest EBVs for growth and milk from the predominantly Kedaka bloodline. He has 25% Tajima which comes directly from Tayasudoi and this will enhance marbling. He is also a very powerful Kedaka bull with outstanding frame and growth. Designer's favorite Wagyu bull is Hirashigetayasu 001 as he is one of the most consistent transmitting bulls that has ever been used in their breeding programs.

DAM ... Shige Miki 118 is from the elite Hisako cow family known for high quality meat traits including extremely high marbling. To our knowledge, Miki's 2nd dam, Misami, is the number 2 marbling Wagyu Pfizer has ever tested; Miki's 3rd dam, Misako, tested as the number 1 (as far as we know). Miki is the complete package--high in type and marbling genes. Her sire is one the greatest powerful genetic bulls the breed has ever seen. He brings consistent marbling traits with quality throughout. Miki has the genetic power to be one of his best daughters. She was named Grand Champion Cow at World Beef Expo in 2015. Her Takamichi Doi son, Designer Abe-ET, was contracted to stud at a very young age. Her offspring are proving her transmitting power and are as correct as Miki is. Miki continues to transmit powerful correct offspring as her one of her son's was the 2016 Grand Champion Black Wagyu Bull at World Beef Expo. One of her daughter's was the Overall Reserve Grand Champion Female at the 2016 World Beef Expo. Her son's, Designer Abe, is being used around the world to produce high type and elite offspring.
