34th Opportunity Sale of 2022

Thursday, April 7, 2022 • 12 Noon • ONLINE ONLY

Join us Tuesday, March 29 and Wednesday, March 30 at Sandy Ridge Ranch for our Open House.

SCHEDULE OF EVENTS:

Tuesday, March 29 & Wednesday, March 30

8:00 AM to 5:00 PM Open House at Sandy Ridge Ranch

.....Serving breakfast and lunch both days

Wed., 12:30 PM Educational seminar:

“What Happens to Your Calf When It Leaves Your Ranch?”

Auctioneers:

**C.K. “Sonny” Booth, Ronn Cunningham
and Chisum Peterson**

OPEN HOUSE HOTEL ACCOMMODATIONS:

Sandhills Guest House, Atkinson, NE – 402-925-5600

Holiday Inn Express, O’Neill, NE – 402-336-4500

Super 8, O’Neill, NE – 402-413-6609

Fort Randall Casino and Hotel, Pickstown, SD 605-487-7871

Rodeway Inn, Ainsworth, NE 402-387-1050

Holiday Inn Express, Winner, SD 605-842-2255

SELLING 453 LOTS:

Cattle sell in lot number order

416 Bulls

(Limousin, Lim-Flex, Angus)

79 Older Bulls • 337 Yearlings

33 Reg. Females • 55 Comm. Females

(Limousin, Lim-Flex, Angus)

If you are interested in bidding or purchasing cattle, please register to receive a buyer number prior to the sale by calling (320) 392-5802. Or, register to bid on DVAuctions.com.

If you are watching on Superior Livestock, PLEASE CALL AHEAD and pre-register for conference call bidding at (800) 431-4452.

See page 74 for more details.

Cattlemen,

It is my pleasure to welcome you to the 34th Annual Wulf Cattle Opportunity Sale. I look forward to you looking through this year's herdsire and female offering as well as visiting with you about what will be the best choices for your program. Hopefully, you can make it to our Open House at Sandy Ridge Ranch on March 29th or 30th to view the sale offering and visit with the Wulf Cattle Team. We are also planning a seminar "What Happens to Your Calves Once They Leave Your Ranch?" at 12:30 pm on March 30th. We will cover how your calves are processed, fed, and sorted for optimal feeding efficiency. We will also cover your carcass and health reports along with what they mean to your operation. If the Open House dates do not fit your schedule, please give me a call and you can come and view the offering at your convenience.

Our genetic program has always focused on developing genetics that are the most profitable to raise and feed. We believe that our breeding stock has the muscle and quality to produce carcasses that the industry is demanding in the most efficient and profitable way possible. In addition, we have the genetic pieces to cross well with any type of cowherd. Our higher percentage Limousin bulls are the first choice for an Angus type of cow that carry the ability to pass marbling to their offspring. The muscle and high dressing percentage of the Limousin, combined with the marbling and maternal efficiency of the Angus cow, makes some of the best feeding calves in the business. Lim-Flex® bulls have become the choice of the cattleman hoping to add both muscle and marbling. They are the best choice for crossbred cows that can use growth and carcass quality without sacrificing yield grade. We also offer Angus bulls for breeding heifers and keeping replacements. The heifers in this offering are direct from our replacement pen and carry the same production based genetics as the bull offering.

If I can be of assistance to you in helping sort through the offering, please give me a call at 320-288-6128. I enjoy helping our customers find the genetic pieces that will work best in their program. If you can't get to Sandy Ridge to view the sale offering, please study the catalog and videos carefully and I will do the best to send you cattle to fit your needs.

As always, the cattle are always guaranteed and I will do the best to make you a happy, repeat customer.

Regards,
Casey Fanta
320-288-6128

Sweetgrass Veterinary Services

418 S. Main St. • Dimock, S.D. 57331 • (605) 299-4255

The crew at Sweetgrass Veterinary Services and I are eager to welcome everyone to the 2022 Wulf Cattle Opportunity Sale! We are honored in continuing to perform the herd health preparation for the sale. We have added another veterinarian to our staff and continue to grow and train the technical staff to provide accurate, efficient and exceptional cattle services to our client's herds.

Several days were spent performing breeding soundness exams which included evaluation of semen motility and morphology, scrotal measurements, hip heights, and visual examination of hoof and leg conformation. To reduce stress and times through the chute, yearling bulls were also carcass ultrasounded by CUP Lab certified tech Jeff Schoenfelder at the time of the breeding exam.

All sale animals have received vaccinations for IBR, BVD, PI3, BRSV, Lepto, Vibrio, Clostridial diseases and a pour-on treatment for external and internal parasite control. In addition, heifers have also received their Brucellosis vaccination. Administration of magnets were given to both bulls and heifers for the prevention of hardware disease. Wulf Cattle tests all breeding stock for John's Disease and has a zero tolerance for positive tests. These animals and their offspring are removed from the breeding herd to insure the future health of your herd.

We will be readily available on sale day and can be reached by email at vets@sweetgrassvets.com or at (605) 928-8387 anytime. We will be issuing electronic official health papers for lots sold outside of Nebraska the day of the sale. To assist us in this process, please provide your email and the physical address of where the cattle will be delivered to when you sign up for a bidder number. Please refrain from using P.O. Box numbers. You may also find it convenient to download the MyVetLINK app to see your health documents as they are created. In good practice, we encourage a 3-week quarantine period of your seedstock purchases before allowing contact with your herd to get over the high-risk time after the stress of transportation. We also suggest working with your local veterinarian in preparing your bull for breeding by repeating a fertility test prior to pasture turn out.

Stay Healthy. Stay Happy. Stay Free!

Dear Friends & Fellow Cattlemen,

We believe the cattle industry is headed for better times in the coming years. The industry has worked through the backlog of fed cattle from the worst of the Covid-related processing delays. In 2021, a drought spread across much of the western US causing some beef cow liquidation. Robust beef demand both domestic and abroad, in conjunction with beef cow liquidation, should equate to an increase in cattle prices.

Our feeding programs remain solid. The value-added cattle, particularly Verified Natural & GAP, are in high demand. We appreciate all of you that have supplied us with consistent high quality feeder calves that are Verified Natural & GAP certified. The Beef Builder™ (Limousin X Dairy cattle) program continues with steady growth and will continue to provide us with a consistent supply of feeder cattle in the coming years.

On the genetics front, we have a lot of exciting things happening! We continue to build a large and powerful database that drives our genetics and advances our genetic program. We are capturing individual feed intakes and feed conversions on approximately 500 bulls annually. We are now able to collect massive amounts of carcass data from thousands of our harvested Beef Builders™. This progeny production data is being entered into the database that drives our EPDs. In addition, we have expanded our genomics program. We now have our entire cow herd genomic tested, plus the bulls in the sale offering are all genomic tested. The cumulative effect of data and genomics is reflected in EPDs with much higher accuracy and predictability! Together, we have the potential to accelerate genetic progress much faster than ever before! Pretty exciting times!

We look forward to seeing you all at our Open House and seminar on March 29th—30th. Come see the bulls and enjoy the cattle, friendly fellowship with the Wulf Cattle Team and others. Enjoy the online sale from the comforts of your home Thursday April 7th.

Kind Regards,
 Jerry Wulf

Open House at Sandy Ridge Ranch Tuesday, March 29 & Wednesday, March 30

8:00 AM to 5:00 PM • Serving breakfast and lunch both days

Seminar:
“What Happens to Your Calf Once It Leaves Your Ranch?”
Time: March 30, 12:30 PM

Wulf Cattle beef teams explain what happens to your calf from ranch to harvest. This will include explaining the data points collected along the way.

We invite you to join us at Sandy Ridge Ranch and spend the day leisurely walking through the sale offering. Plan to join us for the educational seminar beginning at 12:30 PM. Since the 34th Annual Opportunity Sale is VIDEO ONLY, this is your chance to be onsite and appraise the sale offering.

Directions to Sandy Ridge Ranch

- From Stuart, Nebraska—North on 469th Avenue 14 miles to 895 Rd. Turn east 2.5 miles and north 3 miles.
- PLEASE NOTE: The route from Naper, NE, is still closed. Please choose another route!
- From Butte, Nebraska—1 mile west of Butte, turn south onto Highway 11 6.1 miles. First right after the Niobrara River, turn west onto 899 Rd. 10.9 miles.
- From Atkinson, Nebraska—North on Highway 11 7.9 miles. Continue straight onto 476 Avenue 14.5 miles. Turn west onto 899 Rd. 2.9 miles.

2022 Wulf Cattle Indexes

A method to simplify your bull selection and help you find the correct herd sires for your operation.

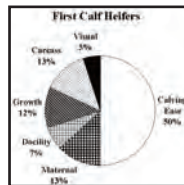

The indexes presented here can simplify your bull selection and help best match herd sires to your operation. Single-trait selection is not wise, rather, cattle with a balance of traits that match your production needs provide the greatest profit potential. Therefore, indexes were developed to combine traits of economic importance. Each index combines 19 different measurements grouped into six economically important categories.

- Breeding first-calf heifers
- Producing calves for the mainstream market using terminal sires
- Producing calves for the mainstream market while keeping replacement heifers

First Calf Heifers

This index score sires according to their usefulness on first calf heifers. While calving ease is the major driver in this index, a balance among the other traits is required to score high.

Calving Ease = Birth Weight EPD, Calving Ease Direct EPD, Actual Birth Weight
Maternal = Scrotal EPD, Milk EPD, Calving Ease Maternal EPD, Actual Scrotal
Docility = Docility EPD
Growth = Weaning Weight EPD, Yearling Weight EPD, Carcass Weight EPD, Actual WW, Actual YW
Carcass = Ribeye EPD relative to Carcass Wt EPD, Yield Grade EPD, Marbling EPD, Ultrasound ribeye to YW, Ultrasound marbling (Muscling and marbling are given greater or lesser importance depending on the index - see individual index descriptions).
Visual = Wulf's visual score

Mainstream Markets—Terminal Sire

This index scores bulls for terminal sire use to produce calves for the mainstream market. Their calves may be sold at weaning or retained in the feedlot and sold for cash or on the grid. Growth traits are given the most emphasis in this index, followed by carcass traits that emphasize a balance between muscle and marbling.

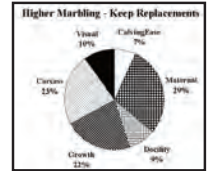

* Indexes on all yearling bulls are based on EPDs only.

Wulfs Hat Trick 7183H combines a notable pedigree, a balanced EPD profile and eye-catching phenotype. This herd sire is guaranteed to sire fast-growing calves, indicated by his 205-day-weight of 764lbs to ratio a 116 in a large contemporary group of 291 head. This growth could be predicted by his ranking in the top 1% for weaning weight and top 2% for yearling weight. Continue to study his GE-EPD profile and find that he ranks in the top 1% for total maternal, top 1% for scrotal circumference, top 10% for marbling and top 3% for mainstream terminal index. He is

sired by Wulfs Cobra 2662C, who has done an excellent job in our program. One of Cobra's most notable progeny is the highly regarded Wulfs Genius 5293G, who was a top-selling lot in the 2020 Opportunity Sale. Hat Trick is out of a beautiful patterned HUNT Credentials 37C daughter that traces back to our great Canadian import donor, Pinnacle's Work of Art. This exceptional female was on the shortlist for our embryo transfer program, but is now sadly deceased. Phenotypically he is heavily structured, level topped, with extra muscle expression and one of the largest scrotal measurements we have recorded on a purebred bull! When set into motion, he is free moving off both ends of his skeleton and sets down on a large foot with excellent conformation. Check out his video as he is truly something special on the move! He will have Domestic and CSS semen collected by sale day for immediate use or export. Don't miss out on your chance to own this remarkable individual who qualifies for International Herdbooks, he will predictably advance your breeding program to new heights.

- Jut is a "point that sticks out"
- He has stood out since birth and then continued on to be the lead bull of our pen of 3 that was Champion of both the Cattlemen's Congress and the National Western Stock Show
- He has over-powering muscle dimension and extreme body capacity all in a sound moving, eye appealing phenotype
- His sire, Wulfs Fiat K683F, was a feature of our 2019 Opportunity Sale selling to Treftz Limousin where he has left his mark by siring exceptional progeny, including their 2022 top seller, TREF Junk Yard Dog 177J
- His dam, Wulf's Elderberry 7118E, is a flush sister to Wulfs Ozark K115E, Wulf Envoy K116E and Wulf Easy Money K118E
- A maternal brother, Wulf Handsome 7118H, was a highlight of last year's sale to Luthi Limousin

- Jack Frost is just one of the many exciting Wulfs Fifty T804F progeny to sell
- This stout made individual scores high for muscle volume and expression
- Balanced EPD's across his chart with carcass values all within the top 20% of the breed
- His dam is a productive daughter of the Wulfs Xcellsior X252X, who is an own daughter of the legendary donor, Wulfs Joy Bells 9202J
- Indexed a 108 for WW in a big contemporary group of 136 bulls

- Jefferson ranks in the top 1-2% of the entire breed for growth, milk, marbling, and \$MTI
- A better set of numbers can hardly be written to suit today's industry
- His respected sire, HUNT Credential 37C, adds the milk and marbling predictability
- His dam, a great young two year old out of the performance leader Wulfs Easy Money K118E and donor female, Wulfs Broken Heart 4146B, contributes power and growth
- If you are a student of genomics, study his GEPD profile and the gains in expected difference after testing

- Jamboree was a standout curve bender from his calf crop that was a twin born at 76lb and then exploding to a 799lb WW
- Phenotypically he is long bodied and sound with a beautiful hip and hind leg structure
- Numerically he ranks the following traits in the top 5% of the breed - WW, YW, MK, SC, DOC, CW, MB, \$MTI
- He is from the first calf crop out of Wulfs Garfield T937G whose sons are also very popular in this year's Schott Limousin offering

- Jaxson has been a ranch favorite since birth because of his rapid growth and stout build
- If you like cattle that have extra dimension from front to back and top to bottom, have a look here
- Indexed 117 for WW but maintains a moderate frame
- Sire, Wulfs Fiat K683F has done a great job in the Tretz Limousin herd
- Dam is an outcross red Lim-Flex cow who is beautifully structured and maternal in her design

- Javelin is another outstanding son of Wulfs Fiat K683F, was one of the most sought after herdsire prospects of our 2018 calf crop
- This is a long deep bodied prospect that pushed the scale down to 817 lbs. at weaning
- His disposition is unbelievable and if that is important to you, put him on the top of your list
- Dam is a daughter of the powerful Red Angus sire, Bieber Hard Drive Y120, who has done such a great job in our program to make red Lim-Flex progeny

This is an online only sale. We encourage you to join us March 29 and 30 during our Open House at Sandy Ridge Ranch and go through the sale offering. You must register to bid prior to the sale with Superior Productions or DV Auctions.

Call Superior Productions at 800-431-4452 and pre-register for your buyer's number.

HERE'S HOW IT WORKS

Please call Superior Productions at 800-431-4452 and pre-register for your buyer's number. A registration form needs to be filled out and returned to Superior Productions with a signature. This registration form is also available on the website at www.SuperiorLivestock.com under the Register for a Buyer Number/Superior Productions tab where it can be printed, completed and either faxed or mailed in. Upon receipt of this information Superior will call you with a buyer's number and the bid line number that you will use on sale day to place bids over the phone.

The sale will be broadcast on the internet at www.SuperiorLivestock.com. Simply go to the website and in the brown Production Auctions box on the Home page, click on the Wulf Cattle Sale Link. From there, users can view the Wulf Cattle video catalog and also bid online, provided they have registered. Regardless of internet connection, you will be able to view and listen to the same video feed as seen on the satellite. The bidding process is the same—follow the auction on the internet and call the bid line number to place your bids. Your computer must have Flash Media Player installed to view the auction.

Bidders making purchases via internet at www.SuperiorClickToBid.com will be contacted by Wulf Cattle after the sale to settle payment and shipping arrangements.

DVAuction

Broadcasting Real-Time Auctions

Watch & bid online for FREE at DV Auction
Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction—a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases! After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding. Be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

PROXY BIDDING: If you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.
