Wulf Cattle
OPPORTUNITY
SALE *of* **2017**

FRIDAY
MARCH 31, 2017
12 NOON

At the farm
near Morris, Minnesota

VIDEO ONLY SALE

PLEASE NOTE:

ONLY pictured cattle will be on display sale day at the sale location. Plan to join us March 7th and 8th at Sandy Ridge for the open house and display of the entire sale offering.

SALE ACCOMMODATIONS IN MORRIS:

Grand Stay • (320) 585-4000

Hotel 200 (Formerly Prairie Inn) (320) 589-3030

Super 8 • (320) 589-8888

We hope you can join us sale day. However, we know there will be some scheduling conflicts and distance limitations. In these cases, we have arranged for you to be able to participate in the sale on an absentee basis.

If possible, you can come by and evaluate the animals prior to sale day. If distance is a problem, we can also provide you with a DVD of all the cattle for home viewing. All of the lots in the sale will be available for viewing online prior to sale day at Superior Livestock as well.

Customers tell us that the video does a good job of showing conformation, structural correctness, and how the cattle travel, etc. Our sale book, with complete data on each animal, is very helpful. Please feel free to call us with questions.

HERE'S HOW IT WORKS

Please call Superior Productions at 800-431-4452 and pre-register for your buyer's number. A registration form needs to be filled out and returned to Superior Productions with a

signature. This registration form is also available on the website at www.SuperiorLivestock.com under the Register for a Buyer Number/Superior Productions tab where it can be printed, completed and either faxed or mailed in. Upon receipt of this information Superior will call you with a buyer's number and the bid line number that you will use on sale day to place bids over the phone.

The sale will be broadcast on the internet at www.SuperiorLivestock.com. Simply go to the website and in the brown Production Auctions box on the Home page, click on the Wulf sale link. From there, users can view the Wulf video catalog and also bid online, provided they have registered. Regardless of internet connection, you will be able to view and listen to the same video feed as seen on the satellite. The bidding process is the same—follow the auction on the internet and call the bid line number to place your bids. Your computer must have Flash Media Player installed to view the auction.

Bidders making purchases via internet at www.SuperiorClickToBid.com will be contacted by the ranch after the sale to settle payment and shipping arrangements.

A Note From Northwest Veterinary & Supply

The Northwest Veterinary & Supply Cattle Team is excited to welcome everyone to the 2017 Wulf Cattle Opportunity Sale. We are very happy to once again be a part of the animal health preparation that goes into an event of this magnitude and proud to be associated with a progressive and award winning beef cattle program.

Several days were spent at the facilities on Sandy Ridge performing breeding soundness exams which included evaluation of semen motility and morphology, scrotal measurements, hip heights, and visual examination of hoof and leg conformation. To reduce stress and times through the chute, yearling bulls were also carcass ultrasounded by CUP Lab certified tech and cattle team member, Jeff Schoenfelder, at the time of the breeding exam.

All sale animals have received vaccinations for IBR, BVD, PI3, BRSV, Lepto, Vibrio, Clostridial diseases and poured to control external and internal parasites. In addition, heifers have also received their Brucellosis vaccination. Magnets are given for the prevention of hardware disease. Wulf Cattle tests all breeding stock for John's Disease and has a zero tolerance for test positives. These animals and their offspring are removed from their breeding herd to insure the future health of your herd.

We will be available on the day of sale to answer any of your questions and I can always be reached on my cell (605) 481-2920 or email: erik.nwv@gmail.com. Official health papers will be written the day of the sale and if any additional tests are needed we can arrange to have those performed in a timely manner. In good practice, we do encourage a 3 week quarantine period before contact with your herd to allow them to get over the high risk time after the stress of transportation and to work with your local veterinarian to prepare your bull for breeding by repeating a fertility test prior to pasture turn out.

From a veterinarian's viewpoint, we saw the change to a mostly video sale and holding an open house at Sandy Ridge show great benefits for all involved, especially the welfare of the cattle. We encourage you make the trip to Sandy Ridge during the open house! We applaud you on your purchase from Wulf Cattle and we look forward to assisting you with your commitment to improve your herd in any way we can.

Dr. Erik Holum & The Northwest Veterinary, Cattle Team

Call Superior Productions at 800-431-4452 and pre-register for your buyer's number.

DVAuction
Broadcasting Real-Time Auctions

Watch & bid online for FREE at DV Auction

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction—a DV representative will notify you once you have been approved.
3. Tune in for the sale and make your purchases! After the sale, contact the sale manager or owner to arrange transportation and payment. High speed internet is required for successful bidding—be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding—if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Dear Beef Producers,

There's much to be said for slow, steady, methodical, repeatable progress. There's even more to be said about sustaining any business to stay the course. According to research conducted a few years ago, more than a third of cow-calf producers were "part-timers." Finding a reliable seedstock supplier that's likely to be in business if you have problems, or has the time or business model to assist you in any marketing efforts, gets more difficult with each passing year.

In other words, seedstock suppliers like Wulf Cattle are now exceptions in the beef industry. The truth is, Wulf Cattle has been an exception almost since day one. Wulf Cattle was one of the first Limousin seedstock suppliers to offer to bid or buy their customer's feeder cattle. Why? Because the family was engaged in the cattle feeding business before they were seedstock suppliers. Before the days of value-based marketing, Wulf Cattle was identifying "game changing" sires by proving them in a farm to fork system. More than three decades have passed but the business model has remained consistent. The evidence is presented annually in their Opportunity Sale.

The difference today is the fact the sale offering is much improved over the early sales. Why? The product is better because the people behind the program are better at their jobs. The technology is far improved and there's more of it. Always early adapters, Wulf Cattle has integrated technology and genetic selection tools to move the herd always forward. In fact, much of Limousin breed improvement can be attributed to Wulf Cattle.

Data for the entire 2017 offering is presented in its entirety, from indexes to GE-EPDs. If you have questions, please ask a member of the Wulf team or any of the sales team.

As always, it is our pleasure to work with the entire Wulf Cattle team. This operation isn't simply a seedstock supplier. Wulf Cattle wants to become your partner in adding value and increasing profitability in your operation.

If any of us at American Cattle Services can be of any assistance, please do not hesitate to give us a call.

Sincerely,
Ken Holloway

Cattlemen,

It's bull buying time!

Now is the time to upgrade your herd bull battery and prepare to produce the most profitable calves possible. The dip in our beef market continues to sort value added calves to the top of the profit scale. Genetics have become more affordable, in this market, and an upgrade will help lead you to a more profitable future.

We have the genetics and the breeding program to add value to your program. If you are looking to add muscle and dressing percentage to lower yield grade, we have a large selection of purebred Limousins for your appraisal. These cattle have been bred for generations to produce sires for the industry that consistently add lean meat to a set of calves, all in a functional, good positioned animal. To add muscle and quality grade we have Lim-Flex bulls in varying percentages, based on the needs of your program. Angus bulls are the other ingredient which we offer to use for building a functional cowherd and to use in herds where quality grade dramatically needs to be improved.

Herd sires from each of these three groups are identified for both calving ease and performance in our sale catalog to make your sire selection as convenient as possible. We also offer indexes to help with your sire selection with rankings for use on first calf heifers and for mainstream markets, both for terminal and for keeping replacements. The bulls selling have all been performance tested, feed efficiency tested, ultrasounded for carcass traits and DNA tested to create genomic enhanced EPDs. Any technology or management technique which will help increase the breeding potential of a Wulf bull is explored, and if feasible, implemented.

On behalf of the entire Wulf Cattle team, I would like to invite you to do your herd bull shopping with us this spring. If I can be of assistance or can provide some consultation as to which of our genetics would work best to add profit to your program, please give me a call at 320-288-6128.

Remember that your satisfaction is always guaranteed.

Respectfully,

Casey Fanta
Seedstock Manager

Dear Friends & Fellow Cattlemen,

Reflecting back on the last 6 months, the good news in our beef industry is the market has finally found some reprieve. From the cattle market high in the spring of 2015 to its low in the fall of 2016, we all experienced price contractions of historic proportions, dropping 43%. We need to go back 40 years to the decade of the 70's to compare it to anything of similar magnitude. For most of us operating today we've not seen anything like it, or at the very least, it's a vague memory. What's always intriguing is watching what markets do, or the effects of it. High markets are meant to encourage supply while rationing demand, and that is exactly what we saw since 2014 and early 2015. Now that we've ramped up supply, we are seeing prices retrace and beef is moving again, both here and abroad. Hopefully we've put in our cycle low, and we can continue to work higher going forward. This time, with cattle numbers building we'll likely move in inches, not miles, and beef will keep and find its sustainable place in a competitive market for food protein.

Wulf Cattle is humbly honored to be recognized by National Cattlemen's Beef Assoc. (NCBA) as the National BQA (Beef Quality Assurance) Cow-Calf Producer of the Year. The award is a very nice recognition, and I'd like to congratulate the entire Wulf Cattle team! What really counts is getting it done right every day! From birth to harvest, from calving to processing, sorting, shipping, and writing the SOP's to operate by, we have always challenged the team to operate with the highest standard of excellence. We are thankful they rise to that challenge and make it happen. With BQA on our radar, we thought it was timely to do our presale seminar around it. We invite and encourage all of you to come, and learn more about the good, yet simple process of getting your beef operation BQA certified. It is a win-win, becoming better producers while we build and assure confidence in our customers further up the food chain.

I never like to close my bi-annual letter without extending a heartfelt thanks! To all who over the years, have shown confidence in Wulf Cattle, utilizing our genetics to raise high quality feeder cattle for our value added fed cattle programs. Whether you have been with us for decades, or just joined us recently, we are grateful for your confidence and business. We cordially invite you to two special events, our sale cattle display and open house at Sandy Ridge Ranch, Atkinson Neb., March 7th and 8th, and our sale seminar and 29th annual Opportunity Sale, March 30th and 31st in Morris, Minn.

Travel safe and we look forward to seeing you there!

Kind Regards,
Jerry Wulf

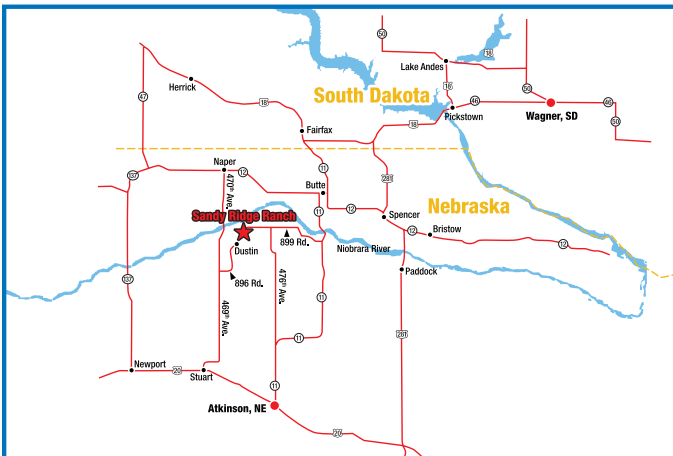

Thursday, March 30 Seminar & Open Panel Discussion

5:30 p.m. supper followed by seminar at 7 p.m.

“Consumer Confidence Through Quality Assurance: Implementing Best Management Practices ”

Welcome comments: **Jerry Wulf**
Presenters: **Kip Lukasiewicz, DVM, Ashley Kohls
& Robyn Metzger**

Information will be presented about the BQA program and best management practices, which are all implemented by Wulf Cattle. Followed by discussion and brief questions for those who wish to take advantage of an excellent opportunity to get BQA certified or update an existing certification.

Directions to Sandy Ridge Ranch

- From Naper, Nebraska—South on 470th Avenue 12.7 miles to 894 Rd. Turn east 2.5 miles and north 4 miles.
- From Butte, Nebraska—1 mile west of Butte, turn south onto Highway 11 6.1 miles. First right after the Niobrara River, turn west onto 899 Rd. 10.9 miles.
- From Atkinson, Nebraska—North on Highway 11 7.9 miles. Continue straight onto 476 Avenue 14.5 miles. Turn west onto 899 Rd. 2.9 miles.

2017 Wulf Cattle Indexes

A method to simplify your bull selection and help you find the correct herd sires for your operation.

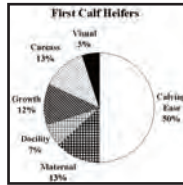

The indexes presented here can simplify your bull selection and help best match herd sires to your operation. Single-trait selection is not wise, rather, cattle with a balance of traits that match your production needs provide the greatest profit potential. Therefore, indexes were developed to combine traits of economic importance. Each index combines 19 different measurements grouped into six economically important categories.

- Breeding first-calf heifers
- Producing calves for the mainstream market using terminal sires
- Producing calves for the mainstream market while keeping replacement heifers

First Calf Heifers

This index score sires according to their usefulness on first calf heifers. While calving ease is the major driver in this index, a balance among the other traits is required to score high.

Calving Ease = Birth Weight EPD, Calving Ease Direct EPD, Actual Birth Weight
Maternal = Scrotal EPD, Milk EPD, Calving Ease Maternal EPD, Actual Scrotal
Docility = Docility EPD

Growth = Weaning Wt EPD, Yearling Wt EPD, Carcass Wt EPD, Act. WW, Act. YW
Carcass = Ribeye EPD relative to Carcass Wt EPD, Yield Grade EPD, Marbling EPD, Ultrasound ribeye to YW, Ultrasound marbling (Muscling and marbling are given greater or lesser importance depending on the index - see individual index descriptions).

Visual = Wulf's visual score

Calving Ease Sires

Keeping Replacements

Main Stream Sires

The icons listed below appear directly adjacent to each sale lot to serve as a quick reference to the corresponding Wulf Cattle Index.

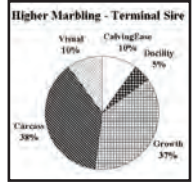

* Indexes on all yearling bulls are based on EPDs only. They will be recalculated in March to include actual yearling data and visual scores. The updated indexes will be published on the Supplement Sheet and available one week prior to the sale at www.WulfCattle.com

Mainstream Markets—Terminal Sire

This index scores bulls for uses terminal sires to produce calves for the mainstream market. Their calves may be sold at weaning or retained in the feedlot and sold for cash or on the grid. Growth traits are given the most emphasis in this index, followed by carcass traits that emphasize a balance between muscle and marbling.

* Indexes on all yearling bulls are based on EPDs only. They will be recalculated in March to include actual yearling data and visual scores. The updated indexes will be published on the Supplement Sheet and available one week prior to the sale at www.WulfCattle.com

- Homozygous Polled
- Flawlessly designed herdsire. Big bodied, easy moving, muscular bull to sire phenotypically correct cattle
- His dam, Wulfs Missive has raised several herdsires over the years: Wulfs Kenworth, Wulfs Success, Wulfs Xcellsior. She is a moderately framed, good doing female with a beautiful udder
- He ranks in the top of the breed for many traits, and is an outcross to most pedigrees, he is just what the breed needs today
- Co-owned with Symens Brothers Limousin, SD. **SEMEN \$40**

How The Bulls Are Developed

The bulls are grown from weaning to yearling with a projected average daily gain of 3+ pounds per day. The ration consists mainly of silage and grass hay along with supplemental corn and protein. The yearling to two-year-olds are backed off the energy and protein and fed with a projected gain of 2 lbs. per day. The coming two-year-olds and fall yearlings have been running on large pastures with big draws and trees for protection this fall and winter, along with supplemental feed. All bulls have been semen tested. The scrotal measurement is given in cm. and adjusted to 365 days. Since the standard guarantee of NALF does not address the guarantee of freezable semen, Wulf

Cattle will guarantee the bulls to produce freezable semen by 18 mo. of age. All bulls were vaccinated for 7-way and IBR, BVD, PI-3, BRSV, Pasturella and Haemophilus, Vibrio and Lepto. They were also poured and given a magnet.

A supplement sheet will be available approximately one week prior to the sale with adjusted yearling weights, scrotal, carcass measurements and feed efficiency indexes on the yearling bulls. It can be found at www.WulfCattle.com. Visit www.WulfCattle.com or www.Superior-live.com to view the videos of the sale cattle.

The Value of Genomic-Enhanced EPDs

Limousin breeders and their commercial customers benefit greatly from new breeding and selection tools. The North American Limousin Foundation (NALF) has been publishing genomic-enhanced EPDs (GE-EPDs) since the fall 2015 international cattle evaluation. This provides GE-EPDs for all Limousin and Lim-Flex® animals that have completed DNA testing for genomic profiles.

GE-EPDs provide more precise EPDs based on a combination of pedigree, phenotype, and DNA. One major benefit is risk reduction through increased accuracy value on many traits - equivalent to having 8-20 progeny. This saves time when assessing young breeding stock and delivers commercial customer confidence when buying seedstock.

GE-EPDs also give the chance to collect data on economically important traits, which are expensive or difficult to measure.

The information from the genomic data can be as informative as a bull's first calf crop or a cow's lifetime production record. Since the genomic data is incorporated directly into the EPDs, cattle producers will not have to learn how to interpret the new data.

Animals that are genomic-enhanced will have the NALF GE-EPDs displayed on their animal detail screen and performance reports in the NALF-DigitalBeef platform. Traits that are genomic-enhanced are highlighted in yellow on these reports. Also, look for the GE-EPDs logo on animals, and in ads and sale catalogs.

Effective progeny counts for interim EPD derived from differing combinations of pedigree, performance and genomic data

2017 Spring Bull Retirement March 30 from 3:00- 6:00 PM & March 31 from 8:00-11:00 AM

Get paid a premium to retire your herd sire this fall! Make arrangements to bring your used herd bull to the farm near Morris, Minn on March 30 from 3-6 p.m and March 31 from 8-11 a.m. Wulfs have a certified scale at the farm. We will have an American Foods buyer there bidding top prices on your bulls. They must meet all USDA withdrawals for any animal health products they have been given. All breeds are welcome, except dairy breeds, Longhorns and Corrientes.

Wulfs will add an additional premium to the value of the retired bull.

**1-4 bulls = \$200 per bull
5-9 bulls = \$250 per bull
10+ bulls = \$300 per bull**

American foods will pay Wulfs for the bulls. You will receive full value plus the premium to be used as sale credit at Wulf's Opportunity Sale of 2017 on Friday March 31.

**** Call us starting March 28th for a bull price estimate at (320)392-5802 or email wulf@wulfcattle.com. Contact us with any questions and let us know if you are bringing in your bulls.**

2017 Spring Bull Retirement March 30 from 3:00- 6:00 PM & March 31 from 8:00-11:00 AM

Get paid a premium to retire your herd sire this fall! Make arrangements to bring your used herd bull to the farm near Morris, Minn on March 30 from 3-6 p.m and March 31 from 8-11 a.m. Wulfs have a certified scale at the farm. We will have an American Foods buyer there bidding top prices on your bulls. They must meet all USDA withdrawals for any animal health products they have been given. All breeds are welcome, except dairy breeds, Longhorns and Corrientes.

Wulfs will add an additional premium to the value of the retired bull.

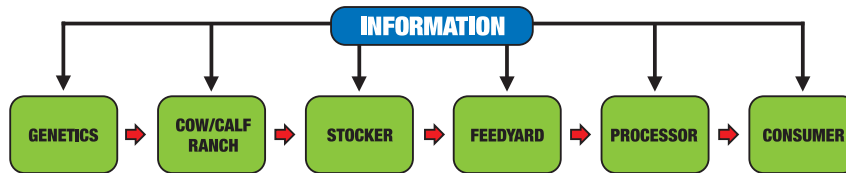

1-4 bulls = \$200 per bull
5-9 bulls = \$250 per bull
10+ bulls = \$300 per bull

American Foods will pay Wulfs for the bulls. You will receive full value plus the premium to be used as sale credit at Wulf's Opportunity Sale of 2017 on Friday March 31.

**** Call us starting March 30th for a bull price estimate at (320)392-5802 or email wulf@wulfcattle.com. Contact us with any questions and let us know if you are bringing in your bulls.**

Wulf Cattle Beef Industry Supply Chain

BE KIND Tips

Wulf Cattle is committed to best practice animal handling and welfare.

BE KIND is an initiative practiced throughout all Wulf Cattle, combining BQA as well as humane handling guidelines.

The sum of the topics the BQA National Guidelines covers

Beef Quality Assurance (BQA) is a program that provides systematic information to United States beef producers and consumers of how scientific knowledge combined with common sense husbandry techniques of raising cattle, under optimum management and environmental conditions. The BQA program is nationally coordinated and state implemented. The guidelines for the program were created so beef consumers could be confident in their beef purchases and trust in the entire beef industry.

The BQA program places emphasis on the education and training of cattle producers, farm employees, farm advisors, and veterinarians on issues in cattle food safety and quality. The program provides tools and training for verification and documentation of animal husbandry practices. All BQA principles are based on good management practices that are standard operating procedures designed to meet the United States food production system.

We believe it is beneficial for all cattle producers to get their BQA certification. It helps ensure you are using the best common practices at your facility.

Some of the topics the BQA National Guidelines covers:

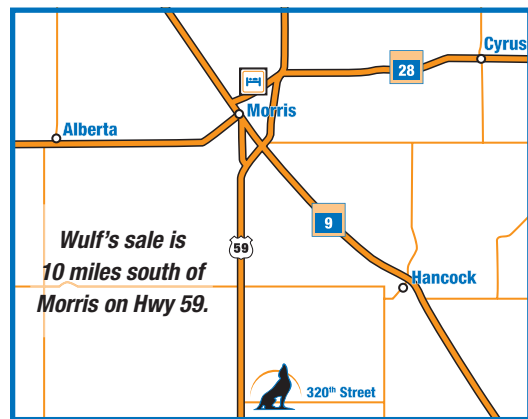

- Feedstuffs and Sources
- Feed Additives and Medications
- Animal Treatments and Health Maintenance
- Prevention and Processing
- Pesticides
- Recordkeeping and Inventory Control
- Action in case of a Violation
- Cattle Handling
- Culling Management
- Carcass Quality
- Care, Husbandry and Other Considerations
- Contamination / Adulteration

To learn more about the BQA program please go to www.bqa.org
