WHITE VALLEY RANCH

LIMOUSIN & LIM-FLEX DISPERSAL SALE

6.23.18

12:30 P.M.
at the P Bar S Sale Facility
Sand Springs, Oklahoma

Limousin Friends and future customers,
On behalf of my wife Kelsey, daughter Kynlee and myself we would like to welcome you to our Limousin and Lim-Flex Dispersal Sale. With much reservation we are offering most of our inventory for sale in this event. We have enjoyed putting this strong group of cattle together over the last few years but most importantly we have enjoyed the new friends we have made along the way.

Here is our story as to why we are selling these cattle;

I grew up showing Limousin heifers when I was with my family. I grew a very strong attachment to showing and caring for my projects and in the process became a huge fan of the Limousin breed. Once I married Kelsey we bought a new ranch and had room for some cattle and thus, here we are.

We started our journey in our new fiber optics business (Flock Enterprises) a few years and boy has it been a wonderful and eye opening experience. We are just a few years into the business and we continue to be blessed with a tremendous amount of opportunity within that business. We have recently been contract-

ed to handle big projects near the San Antonio, Texas area and we have increased our business immensely since the purchase of the cattle for our White Valley Ranch operation. Thus provides us with the issue at hand where we have invested in a large number of cattle which are growing immensely and we are out of space, time and short on labor given our ever-growing business. Since I am 30 years old and Kelsey is 25 we have decided to keep a handful of our favorites and a few partnership cattle to keep our "love of the breed" alive and available for us as we come and go with our business dealings.

We are in hopes those people we have met and the friends we have made along the way will come join us in support of our sale. We are not going anywhere and will be in the Limousin business as we continue our journey in life! We welcome you to come early and stay late and join us in the celebration of our great breed of cattle, "Limousin."

Thanks in advance,
Chris White
White Valley Ranch

SCHEDULE of EVENTS

FRIDAY, JUNE 22nd

Noon	Sale cattle available for viewing
3:00 P.M.	Check-in for buyer's number
5:00 P.M.	Social & hospitality

SATURDAY, JUNE 23rd

AUTO Direct Drive 107D could be one of the all-time great herd-sire prospects ever created in the long-standing Pinegar herd. To find a purebred bull of the caliber with this much good in him is hard to produce and hard to find. He is massive in his foot size, soft in his pasterns and moves extremely well, which we all realize this is the most important trait in any breed of cattle. We admire his moderation in frame, finishing ability and do-ability. This beef bull combines the best in rib shape, volume and still maintains plenty of thickness. He just happens to be a son of one of the all-time great Lim-Flex donors in the entire breed, AUTO Rebeca 292S. There are so many champions and recognized progeny that have topped sales, won shows and now doing an amazing job in production from AUTO Rebeca 292S. WLR Direct Hit is recognized in the breed as one of the great Purebred. AUTO Direct Drive 107D meets the demands of so many in the business. We are certain he will make a positive impact in the breed and will certainly highlight the new buyer's program.

Love at first site really does exist, the moment we laid our eyes on the dam of PBRS House of Cards, we knew the future would be rewarding and we just needed to hold on for the ride she was going to take our program on. AUTO Ajay, is for lack of better words “big time,” the amount of dimension she carries on a perfectly engineered skeleton is remarkable. She is such high quality, that we can breed her in many different directions depending on the scenario and end up with phenomenal heifers and bull. Perfect example being his full-sister who sold to J6 Ranch/Ben Spencer just here recently in the Pinegar production sale for \$16,000 and then was named the 2018 Denver National Western Junior Limousin Show grand champion.

You can't help but admire how ideal the framework is on these flush-mates and how flawlessly patterned they are. If you appreciate moderate cattle, who are easy fleshing and have all the right skeletal angles, than these bull is one you will really like.

Here is one big time herd sire prospect from the heart of the ELCX program. He is a son of OKSU The Profit, the leading P Bar S Ranch

sire and son of LH Rodemaster 338R.. His dam is one of the very best females of the entire business, EBFL San Jose 170X. She is a daughter of SAV Pioneer 7301 and from the GAR Predestined daughter, TMCK San Jose 170U. 170U is the \$60,000 half interest valued donor at Tubmill Creek Farm. 170X is the proven donor and one of the leading females in transplant for ELCX and Milam. EBFL San Jose 170X offers an amazing set of EPD's with a 3 for birth, 72 for Weaning Weight, 116 for Yearling Weight, 24 for Milk, .84 for Ribeye and .73 for Marbling. ELCX Camp Fire 508C has everything great lined up in his favor and is ready to work for the new owner and be the leading herd sire. He ranks in the top 25% of the breed for CW with a 38, marbling with a .40 and SMTI with a 64.63. He also ranks in the top 30% for Yearling Weight with a 107.

JCL Driver hit the show circuit in Fort Worth with great anticipation and even better results. His first time out he was the reserve bull as a calf and the talk of the barn. JCL Driver is the top 2% and top 5% for WW and YW, as well as the top 15% for SMI. His style and eye appeal are desired by the most critical evaluators in the industry. He is a big footed, sound made and very appealing bull from the side profile. We admire this bull for his heaviness of muscle, extra thickness and overall power. He is sired by the deceased and very popular sire Cottage Lake Border Agent. His calves have been much sought after and are some of the very finest in the business. The genetics behind this bull are some of the best that the breed has to offer.

Due by sale day to JCL Driver.

One of the big league donors offered in this sale is AUTO Rhonda 225C. She is a daughter of PVF Insight 0129 and from the famed and now deceased MAGS Manuela 662M. She is super sound made, big footed and one of the very best Manuela daughters in existence. She is made as perfect as you would want one made. She is so clean and feminine up through her front end, strong and level down her topline and very appealing out of her hip and in her design. Her breed ranking is;

- Top 10% for carcass weight
- Top 15% for yearling weight, ribeye, marbling and SMTI
- She scanned a 13.18 for ribeye and 4.4 for marbling.

Buy with confidence when considering this donor cow as she is one of the very finest to sell anywhere in the land.

A.I. 9.10.17 to Riverstone Crown Royal, P.E.12.01.17 to 3.01.18 to WLR Skyfall AUTO Chloe 264C is one of the top bred females in the offering! She is a homozygous polled, homozygous black daughter of AUTO King James 163Z. King James is the once Ozark Empire grand champion bull and now leading sire for Burnett Brothers in Texas. He is a son of the big-numbered COLE Windfall 144W and from the once All-American Futurity Champion Female AUTO Luckie 246W. Her dam, PBRS Piña Marie 811U, is the leading Pinegar and Edwards Land & Cattle Co. donor. She is the big-league donor and daughter of Basin Franchise from the once national champion female Carrouseles Piña Colada. She sells bred to one of the breed's most popular bulls in the entire breed, the high percentage sire, AUTO Cruze 132X

Sells open and ready for transplant or breeding.

Talk about elite! Wow, it isn't everyday that you get the opportunity to purchase a full-sister to the 2014 National Western Champion female of Micah Edwards, AUTO Mabelline 267Z! This particular mating of Connealy Consensus and MAGS Manuela 7229 has created many banner winners and sale toppers for Pinegar Limousin over the years, here is truly a rare opportunity to acquire some of the finest genetics available in the Lim-Flex population. MAGS Manuela will quite simply go down in history as one of the most influential females in the breed. Owen Cattle Co. does a particularly nice job managing and mating these cattle and here is a great opportunity to take advantage of this knowledge base and hard work

This female is absolutely amazing and one of the finest you can find anywhere in the business. She is a daughter of MAGS Aviator. The Aviator bull just happens to be the hottest bull in the business right now. This female's dam is the powerhouse donor PBRS Widow Woman 209W. She was bred in the P Bar S program and is now a top donor in the Pinegar Limousin program. She is a daughter of the once national champion DHVO Deuce and from a prominent Angus female. RVF Donna 737D is a remarkable young female bred in the Riverside Valley program in Tennessee. She is a 54% Lim-Flex that is polled and homozygous black.

Due by sale day to JCL Driver 617D.

The dam of this practical March heifer, is an own daughter of MAGS Manuela, who quite simply is one of the females that will go down in the history books as "one of the great ones." Being a Connealy Consensus out of Manuela makes her a flushmate to past Denver Champion for Micah Edwards, AUTO Mabelle and so many others that have made a tremendous impact at Pinegar Limousin, Stowers Limousin and Sugar Bush Cattle. AUTO Zia is one, that we have great expectations out of. We are only willing to part with Demi, as we have her sister from last year here in the herd. Demi is certainly of show quality, she is huge hipped and big bellied, yet she still has a maternal look in terms of her front end and skeleton. Sired by one of the most popular sires of 2016 and most likely 2017, MAGS Aviator. We are privileged to be part of the Aviator syndicate and look forward to using this NWSS Pen Show Champion even more in the future. We will use him in place of his now deceased sire, MAGS Winston, in terms of adding some extra growth in an attractive package.

DONORS

MAGS XTRA WET, maternal sibling to Lot 10.

MAGS WHISPERING CANYON, dam of Lot 11.

MAGS Puddles daughters are in high demand but scarcely offered. It is hard to part with MAGS Zaneeta, as she exemplifies the highly productive, strong numbered, easy-keeping Puddles cow family. Note, she ranks in the top 20% or better for weaning, yearling, marbling and SMTI. Her homozygous polled bull calf by TMCK Architect 031A is also something to behold. He boasts a strong EPD profile and a heavy muscled look.

Sells open and ready for transplant or breeding.

This young female has met all of our specs to become one of our donors. She has yet to be flushed but I we are certain the new owner will want to once they see her on sale day. She is a daughter of TW Fire N' Ice, the once reserve national champion Lim-Flex sire. He is now working in the Edwards Land & Cattle Co. program and has been the sire of numerous calves that are big footed, sound made and very appealing just like he is. Her dam is the leading donor in the Owen Cattle Co. program. She is MAGS Whispering Canyon, a big numbered daughter of the Angus sire Baldrige Rangerider R827. SBLX Baldrige ET is a 43% Lim-Flex female that is black and homozygous polled. She ranks #2 in the breed for marbling and #3 in the breed for SMTI with a 69.67.

This is an outstanding daughter of MAGS Eagle and PBRS Unbelievable 8148U, who produced JCL Katniss LNLN 207Z, the 2013 National Junior Show Grand Champion Lim-Flex and AALF Grand Champion Female. Keilma is the dam of JCL Driver who was Reserve Grand Champion bull at the 2017 Southwestern Exposition and Stock Show. She weaned her first two natural calves with average 205-day weight of 714. This is one prolific and big time donor cow. She was bred in the prominent and long-running JCL program. She represents a lineage that you can count on and build from in the future.

These future calves are sired by the huge numbered and powerful sire LH U Haul. He has been the breed's go-to bull when you want to had and extra shot of power, muscle and extreme numbers. JCL Keilma is a very popular donor for White Valley Ranch. She is a daughter of MAGS Eagle and from the predictable donor PBRS Unbelievable 8149U. The genetics behind this female are as good as you would want in a donor cow. This is perfect mating with the power and numbers blended with the unique look and style found in the JCL Keilma donor cow

SBLX Zero Percent 8647Z is the \$35,000 valued donor owned by White Valley Ranch and Sullivan Farms, Dunlap, IA. She is the big ribbed and very well bred daughter of SAV Brilliance and from the famed and now deceased MAGS Manuela. These future calves are sired by RLBH Days of Thunder, the full brother to the very popular RLBH Air Force One. He is the leading sire for P Bar S Ranch and is one very strong made and powerful service sire. These calves will have a world of potential and ones that I really think will add extra value when debuted to the open market.

Here is a full sister to the once National Gold Medal winning female, AUTO Usually Yours 290. When she was being campaigned she won the following shows ...

- 2014 Ozark Empire Fair Junior Supreme Champion
- 2014 Ozark Empire Fair Open Show Grand Champion
- 2014 Missouri Field Day Junior Show Grand Champion
- 2014 American Royal Open and Junior Show Grand Champion
- 2014 All American Futurity Reserve Grand Champion
- 2104 Missouri State Fair Reserve Grand Champion

She was bred and campaigned by Cody Heavin and Pinegar Limousin and is now the leading donor for Diamond Hill Cattle Co. in Oklahoma

This full sister selling AUTO Caron 469C is one terrific donor in the making! She represents a proven and prominent pedigree. She is sired by the once Triple Crown Grand Champion bull, MAGSWL Usual Suspect. He was successfully campaigned by the Wies and Magness partnership. Her dam is the all time great donor AUTO Rebeca 292S, a daughter of LESF Asphalt back to the famed donor EXLR Rebeca 1019P. There is a world of promotion behind this female and she will enhance any program at any level for many years to come.

This exceptionally well designed, homozygous polled, high percentage 81% female is a truly unique buying opportunity. Stout best describes this big footed, free moving, long fronted, deep bodied, square hipped female to a tee. On paper, notice she ranks in the top 25% or better for weaning weight, yearling weight, carcass weight and mainstream terminal index. Also note, pedigree-wise she is by the highly predictable A.I. sire MAGS Anchor and out of the high powered purebred donor cow, AUTO Carminda 656S. Additionally, note this female is a full sibling to our 2017 Bull Sale high seller, CJSL Data Bank 6124D that sold for north of \$30,000 to a progressive group of Limousin breeders. The bottom-line is, this is a donor female in the making and one that would be an asset to your genetic arsenal for years to come.

Will calve by sale day to PBRs House of Cards 698D.

This female is the result of blending the best of Red Angus with the best of Lim-Flex. She is sired by the Red Angus sire WDZ-GLS Rio 116 ET. Her dam is a female sired by the Red Angus bull Bieber Rouse Samurai X22 and from the purebred Limousin female SGAZ Angel. This red and double polled heifer is 25% Lim-Flex and is very well made. We are very pleased with her unique look, outcross pedigree and the fact that she is red!

SSTO Devine is a 37% Lim-Flex daughter of the popular SBLX First Class. He is the leading son of Dameron First Class owned by P Bar S Ranch, Stowers Limousin, Southern Cattle Co. and Milam Cattle Co. His dam just happens to be the ever-popular MAGS Manuela. Her dam is EF Zahi 340Z, a daughter of Summitcrest Complete from MAGS Sandbox. This young female is bred as good as you would want and she ranks in the top 5% of the breed for marbling with a .50 and SMTI with a 68.76.

CJLM Yours Truly 316D is a name that we presume that you will hear plenty of times in the years to come. 316D is extremely unique and spectacular in her design. We challenge you to find a female with the head, neck and shoulder design that 316D has. She has a tremendous sweep to her mid-rib and is so attractive and accurate on the move as well. To further add to the intrigue surrounding her, she is the low birthweight, high growth female in the offering with strong carcass numbers. This is your only opportunity in the offering to acquire a spring born heifer.

With two championship quality parents, this homozygous black show heifer prospect has all the parts and pieces to be dominant on all levels. She is long-necked, square hipped, big boned and soft on her pasterns, just like a great heifer is supposed to be. After you get done collecting banners, her outstanding EPD profile and noble heritage ensures an equally outstanding future as a premier donor female.

This bred heifer is as cool as they come through her front one-third; she ties in neat and tight at the top of her shoulder and blends from her shoulder into her middle one-third as smooth as you could ask one to. JCL Keilma has many intriguing pieces we are confident will combine to produce a great one for you in years to come. This double homozygous female is a full sister in blood to Lot 33, as their dam's are flushmates by the the super high growth sire, MAGS Eagle. 511C is a balanced trait brood cow in the making who ranks in the top 10% of the breed for SMTI. The mating options are unlimited with this 50% Lim-Flex female.

Will calve by sale day to PBRS House of Cards.

JCL has dug deep into their replacement pen to offer an elite female out of the PBRS Unbelievable 8149U cow family, the very same cow family that has produced Linden Linthicum's top show heifers and bull the past several years. The dam of this female is a maternal sister to JCL Katniss LNLM 2072, who won both the National Junior Show and All-American Futurity; as well as JCL Thriller, the 2014 National Junior Show Champion Bull. 515C is sired by our lead-off herd sire by BC Lookout, JCL Black Jet 220Z. This May heifer has exceptional lines, is smooth shouldered and elegant fronted. She is particularly fresh in her appearance and is going to make an exceptional foundation type female.

There one thing that has been proven in the business and that is the cross of MAGS Xyloid back on Angus is for sure a hit virtually every time. This female is sired by the once All American Futurity champion bull MAGS Xyloid. He is responsible for siring some of the finest cattle that our breed has to offer. He is the leading sire for Edwards Land & Cattle Co. Her dam is purebred Angus female bred in the Buford program sired by BOHI Traveler 6134. This 37% Lim-Flex female ranks in the top 10% of the breed for marbling and top 15% of the breed for \$MTI with a 60.79.

Folks, here is one of the sale highlights and one of the best individuals ever created at Gates Limousin. Coming to you in a double homozygous package is this super heavy structured, big footed, deep sided, wide topped, easy eshing individual. Note, he charted an impressive 789 lbs. of adjusted weaning and ranks in the top 25% of the breed or better for 10 economically relevant traits - simply stated, numerically he simply sets the bar! Furthermore, from a pedigree standpoint he is a total outcross to much of today's popular lineages and is out of an amazing rst calf heifer that has a perfectly constructed udder. The bottom line is, if you're looking for that high quality, huge numbered, outcross pedigree bull that promises to excel in a variety of traits don't hesitate to invest in Commander today!

This 65% Lim-Flex heifer is sired by LVLS Bank Account 8116B, a son of MAGS Wazowski who topped the LVLS bull sale going to Liberty Ranch. As you can see in her picture and video, she is sound from the ground up, feminine through her head and neck, and strong down her top line. She ranks in the top 1% for WW, top 3% for YW, top 4% for CW, top 5% for TM, top 10% for SC, and top 15% for SMI. This heifer has it all stacked in her favor and is one of the finest to come from the established, long-running LVLS program.

MCBN Cherry 510C is a direct daughter of the ultimate "multi-tasker" in terms of Angus sires, Connealy Consensus. He has a special ability to be able to produce top performing and top selling bulls, quality replacement females and cattle that excel visually as well as statistically. Him and his progeny are designed to be profitable and predictable for the long term. We are excited about her future in our program. It wasn't an easy decision to sell this female; however, we are confident that her dam will produce many more exceptional individuals in the future. 510C has a valuable growth spread from her 10 CED and 110 YW EPD. Furthermore, she is in the top 2% of the population for marbling and SMTI!

The Limousin power in this female's pedigree is absolutely undeniable, her famous lineage includes such greats as DHVO Deuce, MAGS Manuela and MAGS Winston. Her sire MAGS Wazowski, is one of the most versatile breeding bulls on the market, he offers tremendous depth and stoutness. Her grandmother, EXLR 1005N, was a long-time donor. MCBN Brooklyn stands out with a 108 YW and a 12 CED, then when you analyze her carcass traits she doesn't disappoint.

This female is the real deal if you are serious about finding the next great one to build a program around. Absolutely no holes in this female, she ties together phenotype, pedigree and performance as well as any female we have ever offered to the public. Year after year we are consistently pleased with how the LVLS cattle perform in our system, and LVLSS Zinfandel is no exception. As a first calf heifer, she raised this spectacular female, MCBN Bootylicious 409B The ENGD Zip Line cattle are tremendous - his daughters look like females and his sons look like bulls, just like they should.

MCBN Daydream 606D is a homozygous polled, double black female that you'll be 'daydreaming' about for quite some time. This female's sire, LH U Haul 135U, was purchased for \$30,000 from Hall-Coyote Hills Ranch by Diamond Hill Cattle Co. Impressive, easy-going, high-performing individuals run in this female's pedigree. This female that was bred in the Brown Land & Cattle Co. program and has a very strong pedigree with a very appealing number package.

One of the finest bred females to be offered this spring is RVF Classic Ice 702C. She is a daughter of Dameron C-5 American Classic from one of the top proven RVF donors MAGS Thin Ice, a full sister to the popular Liberty Ranch sire MAGS Xtra Wet. We so admire this female's soft pasterns, ease in movement and her very desirable conformation. She is so well made and we appreciate her strength down her top, square hip, extreme depth of body and over all capacity

Here is a purebred Limousin female and we are certain is one that you are definitely going to like. She is sired by the now deceased but highly syndicated sire LVLS Bank Account. He is the big numbered son of MAGS Wazowski that ranks in the top 1% of the breed in gestation, weaning weight, carcass weight and top 2% for yearling weight. This female is just a first calf heifer that is sound made, easy on the eye and has a stout made bull calf at her side.

LBS BANK ACCOUNT 8116B, sire of Lot 48.

661D is double polled and double black. His marbling and milk EPDs both rank in the top 10% of the breed. This is further proof that he will be an excellent maternal asset to any program. This low percentage young herd sire prospect also has a very usable birth weight that ranks in the top 25% of the breed. Here is a great numbered bull that has the added look to make him the perfect fit for your operation.

693D is double polled and 59% Lim-Flex. This bull goes back to the AUTO Carminda female that has produced leading sires for Magness. A direct son of MAGS Zarah, the Whitcomb son that has produced some of the best show heifer prospects across the country. He is homozygous black and homozygous polled and combines great performance EPDs with a royal background. His dam is the mother of MAGS Yip. Zarah is stout, sound structured and loaded with maternal power. 693D has everything stacked in his favor to be an excellent herd sire for any operation.

700D is double polled and double black. His birthweight EPD ranks in the top 30% of the breed. This young herd sire prospect offers a very complete, fault-free conformation and has the look to sire excellent offspring. With tremendous eye appeal and balance, we love how much muscle he carries out of his hip when viewed from behind.

Will calve by sale day to PBRS House of Cards.

LVLS Ariel 9132A is a particularly intriguing female in terms of pedigree. She ties together the power, performance and look of Blaquer Rulon with the functionality and calving ease of Bon View New Design 878. Being a CHR White Rose, makes LVLS Ariel a paternal sister to several of the favorites in past Lonely Valley bulls sales, including LVLS 9113A.

PBRS Britta 4143B is one of our favorite females of the entire sale. This 31% Lim-Flex double black and homozygous polled female is moderate in her frame, easy in her condition and very easy in her condition. She is picture perfect from all angles and has impressed the many that have been by the ranch to take a look at the sale cattle. She is a daughter of the once national champion bull MAGS Y So Tangled. He is the leading sire for Logan Hills Limousin, West Harrison, IN and Edwards Limousin, Higginsville, MO. He is a proven and predictable son of the now deceased but very popular MAGS Winston. Her dam is a purebred Angus female sired by SAV Final Answer and has consistently earned her value at P Bar S Ranch. We admire her EPD profile and that she ranks in the top 2% of the breed for MB with a .61, top 3% for \$MTI with a 72.16, top 10% for CEM with a 9 and SC with a 1.18.

Stout, easy keeping and RED! This female does so much right from every evaluation standpoint. She is everything that made Limousin cattle great. There are very few Lim-Flex females with Fullbloods, Purebreds, Lim-Flex and Angus on their immediate pedigree. This precise blending of genetics should provide an optimal hy-brid result. Not only does she have this variety on her paper, she has some of the very best representatives such as JCL Lodestar, Amy Jo Dahn, N Bar EXT and Harvest Olympus. A true student of the industry will recognize these and have great success producing the next generation out of the polled, red female. AUTO Cheyenne 639C has strong MB and SMTI numbers which predict strong carcass values.

AUTO Cedar 294C is a 68% Lim-Flex rst-calf heifer and one of the sale features. She is absolutely awless in her design and pro le. She is structurally sound from the ground up, and represents what the Pinegar program set out to accomplish nearly 28 years ago. This black, homozygous polled daughter of MAGS Ali is from the proven and predictable Pinegar donor Carrouseles Peaches 4330P. The Peaches cow is the red, polled daughter of the multiple trait-leading sire AUTO Black Dakota from the once national gold medal dam ELMW Ginnie P58G. AUTO Cedar 294C meets the standards and criteria of any program at any level would ever want in a future donor.

AUTO Cheney 475C is a 37% Lim-Flex heifer who is homozygous polled and homozygous black. She is a daughter of RB Tour Of Duty 177 and from the famed and breed-leading MOE Gold Medal dam AUTO Rebeca 292S. She ranks in the top 2% for TM with a 72, top 3% for Milk with 35 and CW with a 46, top 4% for YW with a 123. She also ranks in the top 15% for CED with a 12 and Marb for .28 and SMTI with a 64. We appreciate so much about this female as she combines the best in EPD pro le, current and prominent pedigree, and just as importantly, she has an amazing conformation. This rst-calf heifer has a desirable and awless design and conformation. She is feminine up through her head and neck, smooth and level down her top and very square and level from her hooks to pins.

If you are looking for a female to flush to make exceptional show cattle, this is the answer right here. Going back to the Limousin legend GPFF Blaque Rulon, Angus icon Dalton Edith Erica and lastly the king of the show cattle world, Who Made Who. This female, when mated and managed correctly, could produce a serious contender at the National Junior Show. Look at the front end on this female and tell me that she wasn't designed to be a show heifer!

As ranchers, you know how there is that one that catches your eye each time you walk through the calves or have them in to sort them. MCBN Cowgirl is one of those. She has the unexplainable phenotypic quality about her that we are drawn to. She comes by her inherent good looks naturally, as her paternal grand dam, EXLR Rebeca 1019P is known industry wide for being one of the true breed matriarchs for phenotype. Homozygous polled and homozygous black, with exceptional numbers for growth, marbling and SMTI make MCBN Cowgirl a female that you can build a program around.

You are going to love this brood cow. She is a daughter of the once reserve national champion Lim-Flex bull TW Fire N' Ice. Her dam is a purebred Angus female that was bred in the 44 Farms program in Texas and is sired by Stevenson Moneymaker 1427. This 37% Lim-Flex female is super sound made, big boned and very appealing in her design. We love her extreme depth of rib and over all capacity.

This extraordinary female is a granddaughter of the exclusive donor, MAGS Roberta. Roberta has produced top genetics for Sugar Bush, Magness and ourselves over the years. Her success has been apparent, when we have flushed her Angus, Lim-Flex and Purebred. Sired by the many time champion for Double A, Jones and JCL, CALO Brickyard. MCBN 492B is certainly going to add a calving ease component to your donor prospect battery. She posts a 12 CED and 0.6 BW EPD. To further compliment these low birth weight stats, she is in the top 15% of the breed for marbling. Homozygous polled and homozygous black.

Check out the potential for growth and performance on this homozygous polled, 50% Lim-Flex female! She is among the top 2% of her peers for WW and YW EPD. Surely, a female that has the potential to dam some tremendous herd sires. MCBN Command Performance's sire, MCBN Yasir 125Y is our EXLR Rebeca 1019P son who we use to inject raw growth into our program. He is currently a trait leader for YW EPD and in the top 2% for WW EPD. MCBN 599C's dam, LVLS 5048Z, is a picture perfect female. This same trait can be noticed in the daughter.

VOLUME DISCOUNTS

In an effort to show our appreciation to our loyal friends and past customers, we will be offering our VOLUME DISCOUNTS! Buy five to nine lots and we'll take off 5% of the total purchase price at settlement. Buy 10 or more, we will make it 10%.

Sired by MAGS Anchor, the bull behind many recent top sellers. He is one of the hottest sires in the breed right now. When blended with purebred Angus the results have turned out great which you will see in this lovely female. She is big footed, sound in her structure and very fluid in her movement. This female is big middled, sound made and very appealing from the side profile.

P.E. 12.14.17 to 02.14.18 to AUTO Direct Drive 107D (Purebred, HP/HB).

The MAGS Aviator daughters have been taking the country by storm due to their superior phenotype, moderation and functionality. This homozygous polled/homozygous black donor prospect is double digit CED and in the top 15% of the breed for marbling and top 25% for SMTI. This female is destined for greatness just like her famous dam who has 16 progeny with an average WW ratio of 102 and YW ratio of 104.

If you want a big time donor in the making then consider this amazing female. She was bred in the Brown program and has a very predictable pedigree and strong set of numbers. We admire how sound footed and powerfully made she is. She is extremely big footed, very heavy in her bone structure and foot size. We love her extreme depth of body, fleshing ability and over all maternal look that she has.

RVF Classy 688C is super soft-middled, easy-fleshing and sound-structured. This homozygous black, homozygous polled female is out of the popular show heifer Angus sire, Dameron C-5 American Classic, a full brother to the deceased and ever-popular, Dameron First Class. American Classic's progeny have been shown and sold all over the country. Her dam, LFL Shortstuff 6019S, is out of the great JCL Lodestar 27L. RVF Classy 688C comes from a solid pedigree and number profile. She's sure to be a great maternal influence in any program as her milk EPD ranks in the top 15%.

P.E. from 12.14.17 to 2.14.18 to PBRS House of Cards 698D (54% Lim-Flex, Polled/HB)

ELCX Double Dip 621D comes to you from the heart of the Edwards Land & Cattle Co. replacement group. She is sired by the deceased MAGS Winston and is out of the \$20,000-valued AUTO Poem. She is the youngest of these flushmates and is looking like her older siblings with tremendous sweep to her rib and extreme refinement and elegance through her front end. Double Dip gives you twice as much marketability when you combine her show-ring potential with her performance profile. She explodes from a 13 CED to 113 YW EPD, and at the other end of the spectrum, she ranks in the top 15% and 10% of the breed for REA and MA EPDs, and she is in the top 5% of the Lim-Flex population for \$MI.

lot 81

621D is a maternal sib to Owens Cattle Co. and Edwards' bull who was the 2016 AALF Champion, ELCX Bullet Proof.

LVBR Deb is a true diva! Man, this one is sharp! She is striking on the profile, impressive from behind and reads with a ton of quality and balance. Just an October baby, we are really impressed with how good this female is, she just gets better and better each and every day! 65D ranks in the top 15% of the breed for MB and top 20% for SMTI and is solid in her growth and remaining carcass traits. If you are in the market for an exceptional open heifer who is going to hit home runs as a breeding piece, this is one lot that you need to seriously research.

MCBN Yoko Ono 146Y is a 50% Lim-Flex female that comes from a unique, proven pedigree and is a full sister to the famed MAGS Y Axis bull. She is out of TC Aberdeen 759, a multi-trait leading sire and her dam is a former national champion and proven donor, MAGS Udele. Yoko Ono 146Y is a powerfully constructed female with superior numbers. She has always been a favorite around here and we continue to have confidence in this female.

A.I. 3.04.18 to ELCX Bulletproof

Here is a sale highlight and one terrific bred heifer. She is a 54% Lim-Flex daughter of MAGS Aviator and from a huge numbered daughter of EXAR Denver 2002B back to the Buck Ridge Cattle donor, AUTO Exceptional 282S. This heifer is moderate in her frame, easy in her condition and extremely deep in her rib shape. She ranks in the top 5% of the breed for marbling, top 10% for CED and SMTI and top 15% of the breed for milk with a 30. The pedigree is solid, the EPD profile is as good as you would want and her design is as perfect as you would want.

JLWM Myrtle 1215Y is a purebred female out of JLWM Dire Strayts 4109P, who sired, big-time AI bull, Wulfs Upgrade. Her dam, JLWM Black Myrtle 7102T is a Carrouseles Low Rider daughter. This well-made, deep bodied female is super appealing from every angle and is near perfect in her structure. We are certain this one will continue to shine in your program because she just has that 'look.' Her milk EPD ranks in the top 15% of the breed. Don't miss the opportunity to be a part of such proven, consistent genetics.

OCCC 134Z is a daughter of the Triple Crown Winning bull, KYLD Vegas 910W. This broody female has always had the look of a productive, low maintenance cow. We appreciate her softness of structure, foot size and flexibility when you put her in motion. OCCC 134Z will make a terrific addition to any herd, big or small. She is double polled and double black.

Here is a female backed by a royal, trusted pedigree. AUTO Madrin 423Z is a daughter of TMCK Balancer 173U. Balancer is sired by the popular Angus sire, Basin Franchise and out of a highly productive EXLR New Basin Generation cow. This female's dam, EXLR Rebeca 1003P is a full sister to EXLR Rebeca 1019P, the dam of AUTO Rebeca 292S - quite possibly the most famed donor cow in the Limousin breed. Cow power is stacked generations back in the female's lineage.

If you're in the business of refining marbling and performance numbers- here's your female. Not only is this one desirable in her conformation, nearly fault free in her design, she is extremely docile. This female is one of the highest marbling and SMTI females in the entire breed. CJLM Destined 155Y has a chart-topping marbling EPD with a 0.82. Her sire, GAR Predestined, is one of the all-time top semen selling beef bulls for Select Sires. Predestined advanced the genetic marbling capacity of the Angus breed more than any bull in the breed's history. Her dam, MAGS River Wild, was a leading purebred female for Englewood Farms.

Here is a female that offers functionality, doability and a set of breed-leading EPDs. AUTO Emma 400B ET is an impressive daughter of EXAR Denver 2002B. Denver is the youngest bull whose first calf crop ranked him among the Top 25 sires of progeny registered in 2014 in the Angus breed. He set a sales record at America's largest seedstock operation, Express Ranches, when he sold one-third semen interest for \$340,000. AUTO Emma has an impressive marbling EPD, 0.55 that ranks in the top 4% of the breed and yearling weight in the top 10%. So much proven and consistent power is stacked in this female's favor and we are confident she will make a great addition to any herd

RRDC Brandi 21B is a daughter of MAGS Xtra Wet, the leading purebred son of DHVO Deuce 132R from the proven donor MAGS Puddles, a daughter of the multiple trait leading sire JCL Lodestar 27L. She is nearly flawless in her design and so neat through her front one third. Sound in her stride, she remains super level and square in her hip when set in motion. Brood cow is written all over this one from top to bottom. Her marbling EPD ranks in the top 20% of the breed and birthweight in the top 25%.

This one is about as complete as they come around here. We just love the look, style and balance in this female. RRDC Amherst 147A is a 12% female that represents a high marbling and powerful maternal mating. She is super deep bodied, easy in her condition and has such a commanding maternal look about her. Her marbling EPD ranks in the top 2% of the entire breed and birthweight in the top 10%.

Here is another female that has such an impressive number profile combined with sheer cow power. MCBN Apollonia 326A is a powerful daughter of MCBN Xalvador. Xalvador has a royal pedigree. He is an AUTO Dollar General 122R son out of the famed EXLR Rebeca 1019P matriarch. This female's dam, LVLS Your Windy 776Y is a daughter of AHCC Westwind W544. MCBN Apollonia 326A is homozygous polled and homozygous black. Her yearling weight ranks in the top 3% of the breed and both marbling and weaning weight in the top 15%.

ELCX BULLETPROOF 438B, service sire to Lot 114.

Looking for an EPD powerhouse? This female is sure to stop you in your tracks wherever she is. LVLS All Me 798A is a 25% Lim-Flex female and full sister to the \$20,000 valued sire, LVLS Yukon. Her sire, MAGS Unhooks is a consistent producing sire for Lonely Valley and from the big numbered donor LVLS 798R. This female is near perfect in her make up and has such powerful and functional traits. She has a chart topping yearling weight and weaning weight ranks in the top 2% of the breed followed by marbling in the top 3%.

LVLS YUKON, full sister to Lot 115.

AGRI Jenny Lee 4B is a double black, polled female out of TMCK Barley 801X, a son of DHVO Deuce. Her dam, TGBC Jenny Lee is a daughter of CL Burbank. Quality and proven performance is steady generations back in this female's pedigree. She is sound in her structure, long and level down her top and square in her hip. We appreciate so many things about her and we struggle to put a fault in her. Both her weaning and yearling weights rank in the top 10% of the breed. She is a 75% Lim-Flex.

Females like this one are hard to come by- study OCCC 155D's number profile, pedigree and phenotype and you'll understand why. She is an ELCX Balancer 170Z daughter and out of CJLM Destined 155Y, a GAR Predestined daughter. CJLM Destined is from the proven donor MAGS River Wild, the daughter of EXLR New Generation 017M. We admire this female's lineage and cow power. Her marbling EPD is an impressive chart topping, 0.70 and her yearling weight ranks in the top 20% of the breed.

This MAGS Aviator daughter is one to not look past. Eye-pleaser is what we like to refer to her as. Structurally correct from the ground up, CELL 6577D has garnered the attention of anyone that views her. She is from an SAV Bismarck 5682 daughter, CELL 3336A. This 54% Lim-Flex female is double polled and double black. Her marbling EPD ranks in the top 25% of the breed.

Ranks in the top 1% of the breed for scrotal with a 1.88; Ranks in the top 3% of the breed for weaning weight with an 86; Ranks in the top 4% of the breed for yearling weight with a 127 and SMTI with a 69.13; Ranks in the top 5% of the breed for carcass weight with a 46; Ranks in the top 10% of the breed for marbling with a .38; Ranks in the top 15% of the breed for total maternal with a 66; One of the finest young heifers to represent the HBRL prefix is this 43% Lim-Flex heifer. She is a daughter of the very popular MAGS Ali, a proven and powerful son of Connealy Consensus from a daughter of the national champion DHVO Deuce. Her dam is the proven Buck Ridge donor MAGS Boggle. She is a daughter of the once highly syndicated sire that is now working for Linhart Limousin, MAGS Xukalani and from a daughter of DHVO Deuce back to the famed BOHI Red Robin female. This young show heifer prospect met all of our requirements when selecting a featured open heifer to go in this sale. She is from the same cow family as lot 1 and then lot 3 are full sibling embryos to her as well. This heifer is exactly what the Buck Ridge program is all about, raising sound, functional cattle with well above breed average EPD's and solid performance. Her weaning weight is just shy of 700#.

Efficiency is a homozygous, polled prospect that is exceptionally well bred. If you like easy fleshing, good ribbed, sound moving cattle that have a great look, then this female is for you. On paper, this own daughter of the famed AUTO Cruze 132X sire out of the never miss MAGS Wrigley donor. MAGS Wrigley is the once \$80,000 valued donor and once national champion purebred female for the Etherton Family. She is the leading donor in the progressive Linhart Limousin herd. She is responsible for raising some of the finest progeny this breed has ever seen. CELL 7150E is a female that as time goes on she will have tremendous producing ability and the notoriety that you need to bring attention to her progeny.

We love this youthful, fresh female. She is so true in her make up and designed in such a functional manner. When you look at the pieces in this female, you can't help but be excited for the future. Exie is a 46% Lim-Flex daughter of LH Advantage, who is homozygous polled. Exie won her division at the 2017 Ozark Empire Fair and Missouri State Fair. Rarely does a female hit it out of the park for MB and SMI and still have the ash and look this one has. She ranks in the top 5% for MB and SMTI, and in the top 25% for YW and SC.
