DIRECTIONS...

FROM GAINESVILLE: Take FM 51 South to Decatur. In Decatur, take Hwy. 380 West toward Bridgeport. Half-way between Decatur & Bridgeport you will take FM 1655 North. You will drive exactly 2 miles and the Stowers Limousin sign and entrance is on the left.

FROM FORT WORTH: Go North to Hwy. 287. Take Hwy. 287 to Decatur. In Decatur, take Hwy. 380 West toward Bridgeport. Half way between Decatur & Bridgeport you will take FM 1655 North. You will drive exactly 2 miles and the Stowers Limousin sign and entrance is on the left.

AIRPORTS...

Dallas Love Field is 72 miles to Bridgeport. Dallas-Fort Worth is 52 miles to Bridgeport. Oklahoma City Will Rogers is 155 miles to Bridgeport.

SALE ORDER & SUPPLEMENTAL INFORMATION...

The sale order and supplemental information will be posted at www.RRMktg.com for your convenience Friday, October 7th.

SALE TERMS & AGREEMENTS...

GUARANTEE ... All cattle sell under the standard guarantee of the North American Limousin Foundation

EPDs ... EPDs are current as of August 2016.

TERMS & CONDITIONS ... Terms of the sale are cash unless satisfactory credit arrangements have been made prior to sale. A representative will be on hand sale day if your wishes are to insure your purchases. Please note: The sale manager is only an agent for the seller and has no responsibility other than those involved in conducting the sale. All persons who attend the sale do so at their own risk. Neither the sale manager nor Stowers Limousin assume liability, legal or otherwise for any accidents which may occur.

SIGHT-UNSEEN PURCHASE AGREEMENT ... If you are unable to attend the sale and want to speak with anyone involved with the sale, please don't hesitate to call. The marketing agents, owners or manager will provide you with a complete satisfaction guarantee on the cattle selling.

TRUCKING ... A trucking company will be on hand sale day to assist with any trucking needs. The Stowers family appreciates your business and will see to it that the cattle will be delivered to several central locations to accommodate anyone who lives throughout the US and Canada.

FINANCING ... For financing options, contact Jason Gaston at 817.247.8011 or R&R Marketing Company at 615.330.2735.

PAYMENT ... All cattle must be paid for immediately following the conclusion of the sale. R&R Marketing Company will be accepting credit cards the day of the sale.

SCHEDULE ...

Friday, October 7th

1:00 p.m. Cattle available for viewing

Saturday, October 8th

8:00 a.m. Cattle available for viewing

11:00 a.m. Complementary Lunch

EIGHT SEMEN SHARES

Riverstone Crown Royal is the purebred bull that the breed has been waiting for. He was the top selling bull in the spring Riverstone bull sale and was purchased with our good friends at P Bar S Ranch. This son of TMCK Durham Wheat has created a tremendous amount of interest in our breed. His sire, TMCK Durham Wheat, is a son of the national champion Limousin bull DHVO Deuce 132R. Durham Wheat is now one of the leading sires at Stowers Limousin and we are excited to see how his influence will enhance their program. When he was shown, Durham Wheat was soft in his pastern, extreme in his foot size and very fluid in his movement. He was commended for his unique look and style that he had from the side profile. Most of all, for a purebred bull, he was a freak in that he was very deep in his flank and extreme in his depth of body and capacity. He was a division winner at the 2011 Denver National Western Stock Show and was the 2012 Canadian National Champion bull.

Riverstone Crown Royal's full sister is Riverstone Charmed. She is one of the most successful Limousin show heifers to ever hit the breed and has been campaigned by Madison Ratliff. Stowers Limousin is proud to have purchased half embryo interest in her. She was recently named the grand champion female of the National Junior Heifer show and named reserve grand at the All American Futurity. She has also has been honored with these other titles in her short career ...

- Double Supreme Champion Female in Both Ring A & Ring B at the KSU AGR Kick Off Show
- Double Reserve Supreme Champion Female at the 2016 Steers & Stripes Steer & Heifer Show
- Champion Limousin Heifer and Supreme Champion Overall Female 2016 Milan FFA Jackpot
- Champion Limousin Heifer and Supreme Champion Overall Female 2016 NWMSU AGR Green & Gold Show NWMSU AGR Green & Gold Show

Offering 8 semen shares in Riverstone Charmed that sell as follows ...

\$3,000 for a 3% semen share which gets the buyer 40 units of semen and after one year off the open market then the buyer will get 3% of the future semen sales.

Riverstone Charmed, full sister to Riverstone Crown Royal.

SSTO Watercolors 9450 is a maternal sister to PBRS Your the One out of the highly used sire of champions, MAGS Savage. SSTO Watercolors was herself a champion at the 2011 Fort Worth Stock Show and Rodeo, her picture doesn't lie, her show ring presence is surpassed by very few. She is extremely eye appealing, straight lined and thick ended. Being a direct daughter of the P Bar S and Edwards Limousin donor, Carrousel Pina Colada increases her value quite a bit to us. We feel that anything tracing back to that dominant cow family adds a level of predictability that we can bank on. Like her maternal sister, she is homozygous black and we look to her to excel as a purebred foundation female.

SSTO Watercolors 9450, dam of Lot 2 embryos.

SBLX Znote is the 2014 National Junior Show champion female for our daughter, Lauren. With Texas being the host state, we wanted to exhibit the very best we could and we felt that with a MAGS Xyloid/MAGS Manuela heifer we would have a great foundation to work with. MAGS Xyloid saw the backdrop as either champion or reserve champion at the 2011 NAILE, 2012 NWSS, 2012 Fort Worth and the 2012 All-American Futurity. His valiant run at the Triple Crown was just the beginning of his historical journey. Just 2 years after walking out of the ring for the last time he was already proving himself as the runner-up Medal of Excellence award winning sire. The predictability of this power female's pedigree combined with her conformational correctness and overall substance, makes us excited for her future here at Stowers Limousin.

SBLX ZNote, dam of Lot 3 embryos.

SBLX Xtra Special 214X? beautiful female and a past Houston Open Show Champion Limousin Female. Her perfectly engineered skeleton and stunning maternal profile made her not only a 'can't miss me' female in the show ring, it also has made her one of the highest valued young donors in the breed at \$106,000. The DHVO Deuce/MAGS Manuela mating has produced some of the finest cattle to set foot on ground, and SBLX Xtra Special is no exception. This maternal sister to SBLX Znote, is the dam of lots 1,2 and 3 in our 2015 Texas Traditions sale. Already, she has recorded an impressive WW ratio of 107 and YW ratio of 108 on 15 progeny. MAGS Manuela, arguably one of the superior cows to shape any breed.

SBLX Xtra Special, dam of Lot 4 embryos.

- P.E. 12.15.15 to 4.18.16 to MAGS Bronson 2226B

- Polled and homozygous black

- This 50% Lim-Flex female represents one of the most prominent mating's ever in the Limousin breed. She is a daughter of the big numbered purebred Angus bull EXAR Classen 1422B. He is the "power" bull for Express Ranches and a known son of Dameron First Class

- Her dam is the breed leading MAGS Manuela 662M. Though she is now deceased she has left her legacy in this breed and her genetics and influence has been highly sought after

- This young first calf heifer scanned a 13.29 for REA and 4.210 for IMF and has a very balanced set of EPD's across the board ranking in the top 15% of the breed for MB with a .31 and \$MTI with a 61.06

- She represents every quality that the Stowers program has set out to produce. She has the femininity and maternal look to her. She is straight down her top line and very level and square out from her hooks to her pins. We admire her heaviness of bone, foot size and softness to her pasterns. When you can find a female that has the foundation from the ground up that is perfect and then blend with a flawless pedigree then we urge your attention to be put on SSTO Bet On It 453B

- It is very rare that Donna Stowers lets a red female grace the pastures in front of her home but when Doc says she is that good then everything seems to work out just fine

- SSTO Ball Of Fire 469B is a 65% Lim-Flex first calf heifer that comes from the heart of the embryo transplant program. She is a daughter of the big numbered LH U Haul 135U and from the elite and prominent donor WLR Ugly Betty 432U. Ugly Betty is the Magness and Wies partnership donor that continues to produce excellence. Her full sister AUTO Bliss sold for \$30,000 and another full sister AUTO Bette 266Y was shown successfully and is owned by Adam Griffiths. WLR Ugly Betty was also the dam of the recent top selling bull at the '16 Magness bull sale going for over \$25,000 and was purchased by Liberty Ranch

- We so admire the length and extension of this female up through her front end and yet the amount of rib shape and volume that she has

- A.I. 1.19.16 to PBRs Bunk House 48B; P.E. 1.26.16 to 4.18.16 to MAGS Bronson 2226B

- Here is one of the sale features and rightfully so

- She is a full sister in blood to SSTO Round Robin 3805, the '14 West Texas State Fair and Rodeo reserve grand female and the '15 Houston Livestock Show and Rodeo reserve grand champion female

- SSTO Belinda 462B is sired by the breed leading purebred sire GPFF Blaque Rulon and from the elite donor BOHI Red Robin 282R. Rulon gained his popularity in the breed for adding that “show” look and keeping that extra thickness and muscle in his offspring. BOHI Red Robin 282R is the very first Lim-Flex grand champion female in our breed, a once partnership Stowers donor but is now headlining the CFLX program. She is a daughter of Connealy Lead On from the famed MAGS Manuela

- If you are considering a future Lim-Flex donor that comes from the right family and has the promotion already paid for her future calves then consider this first calf heifer that comes straight from the heart of the Stowers program

Sired by Medal of Excellence award winner, DHVO Trey. Lauren showed SSTO Your The One and was blessed with winning the San Antonio Junior Limousin show and went on to be selected Supreme Champion of the 17 breeds exhibited. SSTO Your The One is homozygous black and we look to her to be one our lead off purebred donors in years to come.

- This polled, homo black, Lim-Flex heifer is the result of the blending of two of the finest
- She is sired by LH U Haul 135U. He offers a breed leading set of EPD's with a 72 for weaning weight, 119 for yearling weight, 31 for milk and 1.20 for scrotal
- This first calf heifer is moderate in her frame, easy in condition and sound in her structure
- This heifer has a solid set of EPD's and scanned a 3.87 for IMF
- LSTO Best Look 4857B is exactly what we hoped for when the mating was created

LOT 12

MAGS Manuela, dam of Lots 12 and 13.

MAGS Manuela made her mark in the Limousin breed as the top money generating female of all time. She is the black purebred daughter of EXLR Limited Edition that consistently produced excellence for owner Sugar Bush over the past several years. She has left many daughters in our breed that have produced excellence and have topped sales across the land.

- A.I.'d on 05.09.16 to EBFL Ypsilanti 420Y; P.E. from 7.1.16 to 8.19.16 to MAGS Bronson 2226B

- Homozygous polled and homozygous black

- Sired by the national champion Lim-Flex bull EF Xcessive Force, the son of DA Traveler 004 from the \$40,000 valued donor CFLX Mollys Image. His progeny have been very successful in the show ring and have been very sought after. His daughters are now in production and doing extremely well. This young daughter has a clean and very feminine front end. She is very long and extended from the side profile but still maintains plenty of rib shape and volume

- Her dam is a daughter of SAV Bismarck 5682 from the female JBRH Sheza Passion

- This female ranks in the top 3% of the breed for SC with a 1.34 and top 20% of the breed for BW with a -0.4, CEM with a 8, MB with a .25 and \$MTI with a 59.09

- She also scanned a 4.2 for marbling

- P.E. from 7.1.16 to 8.19.16 to MAGS Bronson 2226B

- Homozygous polled and homozygous black

- BOHI Red Robin 282R is one of the breed's top donor cows. She was the grand champion female at the very first Lim-Flex show ever in the breed. She was a partnership donor at Stowers and CFLX Ranches. CFLX now owns her in the entirety but a select few daughters are in the Stowers program. She has been a consistent and prominent donor for both programs

- She is a big ribbed, big footed and very maternal looking first calf heifer. She is sired by the once All American Futurity grand champion bull MAGS Xyloid

- She is a huge marbling female with scan data of 4.69 and ranks in the top 5% for marbling with a .49. She also ranks in the top 10% of the breed for \$MTI with a 66.79 and top 15% for DOC with a 29

- P.E. from 7.1.16 to 8.19.16 to MAGS Bronson 2226B
- Homozygous polled and homozygous black
- In our Limousin breed when you can find a female that scans a 6.91 for marbling then you better consider adding her to your program
- The results of blending the prominent genetics of DHVO Deuce 132R back on purebred Angus are staggering in how well it works. This female is a prime example of this creating a very well made female in SSTO Cali Life 5833C
- Her dam is a daughter of GAR US Premium Beef from a daughter of GAR New Design A180

- A.I.'d 05.09.2016 to HUBB Bulletproof 337; B.P.E. from 7.1.16 to 8.19.16 to MAGS Bronson 2226B
- Homozygous polled and homozygous black
- SSTO Call In 502C is a daughter of DHVO Deuce 132R. He is the past national champion bull and leading purebred bull of our entire breed
- Her dam is a daughter of LH Rodemaster 338R and one of the leading Stowers donors 614Y
- Here is a well-made and very structurally correct female that has so many positive traits working in her favor
- She ranks in the top 10% of the breed for WW with a 78 and CW with a 43, top 15% in the breed for YW with 111, SC with a 1.06

DHVO Deuce 132R, sire of Lot 30.

- P.E. from 7.1.16 to 8.19.16 to MAGS Bronson 2226B
- Black and homozygous polled
- She offers scan data for marbling of 4.12, ranks in the top 10% of the breed for WW, SC at 1.10 and CW of 40. She also ranks in the top 15% of the breed for YW with 114
- This female represents two of the breed's all time great sires in AUTO Black Dakota 129J and DHVO Deuce 132R
- This homozygous polled heifer is a 75% Lim-Flex and is a result of the many years of the Stowers program concentrating on only the finest genetics that resources can buy

- Here is a full sister to the once top selling female at the national Limousin Sale that is now working for Salt Creek Cattle & Genetics, LLC, Amber, OK

- She is a daughter of the purebred Angus bull SAV Bismarck and from DVFC Kick Back 220R. Kick Back is a daughter of the two time national gold medal sire AUTO Black Dakota 129J from the famed donor ADKL Hollywood 33C

- Her IMF scan data is 4.17 and she ranks in the top 15% of the breed for SC with a 1.00, MTB with a .35 and \$MTI with 61.35

- This 56% Lim-Flex heifer is from a daughter of the multiple trait leading sire, JCL Lodestar 27L, from a New Design daughter. JCL Lodestar has left a very positive mark in our breed

MAGS ZINCOGRAPH

Zincograph is a spectacular MAGS Xyloid son who is as sound as they come and has the look of a both a champion in the ring and a leader in the breeding population. He is a maternal brother to MAGS Unloosen, the Fosdick Cattle Co herd sire who was the 2009 Supreme Champion at the All American Limousin Futurity. Zincograph is not only homozygous black and homozygous polled, his individual ultra-sound data is certainly worth replicating. UREA ratio of 110, UFAT ratio of 81.6 and UIMF ratio of 104.1. In our opinion, these carcass traits combined with his phenotypically superior pedigree make him a true asset to our program.

- A homozygous black full sib to LOT 39, SSTO Cave Man 507C ET is a carcass powerhouse. Upon studying his scan data you will notice he adjusted to an 19.87 REA, which ratios 125 and an IMF of 3.894 which calculates to a ratio of 111. This is substantial data that seriously needs to be considered

- This high growth, high carcass numbered herd sire is such a valuable tool to add to your breeding box! Clearly one of the great growth and carcass sires to sell this Spring

- 507C is direct son of MAGS Silhouette, who is the dam of one of the most popular females in the breed right now, LFL Peaches who's progeny and genetics have been highlighted in many sales over the past two years

- LSTO Complete Game 5816C has a tremendous amount of muscular shape and dimension when evaluated from any angle, his bonework and foot size is exceptional and when put in motion, we couldn't ask for anything more out of a herd sire with this much mass
- 5816C's pedigree is totally stacked, his sire is the \$120,000 valued EBFL Ypsilanti and dam is the past San Antonio Supreme female of Lauren Stowers, PBRS You're the One
- The impressive dam of this particular herd sire is a maternal sister to Bohi Dollar General and BOHO Titleist, as well as our special donor SSSSTO Watercolors 9450W
- Homozygous polled and homozygous black

- We are excited to be able to offer an SAV Bismarck son as part of our production sale this year. Bismarck is a perennial leader in the Angus breed in terms of registrations due to his rare combination of calving ease, growth and REA; both his sons and daughters have worked particularly well in our Lim-Flex system

- His dam, DVFC Kick Back has been a long lasting donor in our system, who we have continuously implanted eggs out of since 2008 due to her strength and predictability

- SSTO 500C is homozygous polled / homozygous black, 50% Lim-Flex who is tremendously long patterned, massive topped and expressively muscled

- This homozygous polled son of MAGS The General is out of one of our favorite Angus cows in our Lim-Flex system, HPCA 1407 New Design 16. She certainly has proven calving ease and low birthweight with four progeny at the average birth weight ratio of 95. SSTO Count Down 5814C won't leave you counting the hours until you calving season is over. His data indicates many nights of solid sleep
- With a posted CED of 10 and BW EPD of -1, there is no doubt this is the calving ease option in this year's offering. If you came to buy a heifer bull, there is no need to look any further
- In addition to the calving ease advantages that he brings to the table, a nice added bonus is that he is in the top 15% of the breed for MK and MB EPD's as well

T

ANGUS BASED COMMERCIAL FIRST-CALF HEIFERS

Selling in groups of 5 ... All heifers have been AI'd to MAGS Bronson, followed-up with Stowers and Coyote Hills bulls for 60 days.

If you're out looking to beef up your commercial herd don't look past our Topline Cattle LLC, replacement heifers. On our 1,500 plus head of commercial Angus cows we use the highest quality Lim-flex bulls from the most respected Limousin breeders in the country. We would like to extend a big thank you to our past customers and personally invite those that can join us for this sale. We are featuring 50 of the finest black commercial bred heifers that will sell in groups of five.

They were time bred on May 12, 2016 to MAGS Bronson and then pasture exposed to Stowers and Coyote Hills Lim-Flex bulls.
