Dear current and future valued customers,

Our inaugural Spring Kickoff Sale in April was an exciting event – with more than 160 bulls and 50 females sold, prime Akaushi genetics were added to many new and returning customers’ ranchers. Additionally, we had the opportunity to meet many new and excited Akaushi breeders in Fort Worth this past summer at the American Akaushi Association Convention. Only further proof of the momentum this breed continues to take.

With the continued trend of calves commanding record-high prices, coupled with strong grid premiums, adding HeartBrand Cattle’s Akaushi genetics is a strategic way to capitalize on these favorable market conditions. Adding HeartBrand Cattle’s Akaushi genetics offer exceptional marbling while maintaining essential traits such as growth, longevity and performance.

We’ve observed a continued rise in demand for Akaushi genetics and Akaushi beef. It’s clear that the Akaushi breed is making waves in the industry, and we are confident it will continue to gain momentum.

Thank you for your ongoing support and for being a part of this exciting journey with us. We look forward to continuing to provide you with top-tier Akaushi genetics and working together to achieve greater success!

Jordan Beeman

The HeartBrand Cattle team is honored to offer this set of breeding bulls, and females for sale this fall. Our goal is to provide our buyers with functional cattle that fulfill their need for genetics that can complement their operation. The strategic process that our team holds in place is structured for you to take advantage of multi generations of selection.

Akaushi is the best breed that I have ever seen significantly increase carcass quality without sacrificing the profit generating traits, like growth, fertility and longevity. We have continued to try to make the breed better and thank you for being loyal customers and promoting the breed and our branded program.

HeartBrand[®] BEEF

So far in 2024, HeartBrand Beef has graded a total of 17,076 individual carcass sides utilizing a camera grading system. To our knowledge, this is the largest set of Akaushi cattle ever graded, and quite possibly, the largest set of Wagyu cattle graded in the United States that can be used for breeding evaluations and data. The average marbling on all 17,076 sides revealed a score of 797. In comparison to USDA grading scales, this average marbling score is equivalent to Slightly Abundant 50 and would be equal to USDA Prime. The yield grade landed at 3 when evaluating the data from these sides and showed a ribeye area of 13.82. These numbers speak volumes for the industry.

If you want to be a part of raising higher quality beef, we invite you to join! Joining is easy—the first step is buying a bull. HeartBrand currently has over 20,000 head on feed across three different states at five feedlots. These calves were bought from producers who purchased one or more HeartBrand Akaushi bulls and chose to sell their calves back to us. What are we doing with this many calves on feed? HeartBrand runs the second largest Wagyu beef program in the U.S., and we source our calves from producers who buy HeartBrand Akaushi bulls just like the ones offered in this catalog.

While we purchase lots of calves from producers, the opportunities with this breed are endless. The calves can

be finished out and used to supply any meat program depending on your demand whether that is all-natural, grass fed, grain fed, organic, or even locally raised beef. An Akaushi bull will upgrade any beef program. At the end of the day, we want you to make the highest profit possible on your herd and follow what makes the most sense for you and your family. The progeny from our bulls will be considered free market trade and there is no obligation to sell your calves back to HeartBrand or for HeartBrand to purchase from you. We welcome you to find the best opportunity to put the most money in your pocket, and we believe you could raise that bar with an Akaushi bull.

Over the past 10 years, we have had the pleasure of watching firsthand the impact Akaushi beef has made on the consumer. Our Akaushi beef program has grown drastically in size because we produce what the customer wants: marbled beef at a decent price. Akaushi beef is served in some of the best restaurants in the country and offered in many retail stores across the U.S. Customers are asking for better quality beef and that's what we are serving.

If you agree with today's consumer and want tasty, tender, marbled beef for the future, Akaushi is the breed for you. We look forward to you joining the movement of raising better beef for the future.

RUESHAW 430

Influenced Bulls

RUESHAW 430
AF6808

In 1976, Rueshaw 430 was one of the very first wagyu bulls to ever leave Japan. A full blood Akaushi bull, Rueshaw was the Japanese Red National Champion Bull in 1975. He originated from the Kumamoto Region which is the heart of the Japanese Akaushi breeding capital. Rueshaw 430 was a bull imported before his time. He possessed a valuable outcross of blood in his genetic makeup that is vital to the Akaushi stud breeders.

DOS EQUIS XX 3618H ET**
API70417

Here is one of the world's FIRST homozygous polled purebred Akaushi! This bull has it all—he is phenotypically impressive, has multiple generations of leading HeartBrand sires, is homozygous polled, and he possesses elite EPDs. His sire is HeartBrand King David 14E, the massively popular heterozygous polled bull with breed leading Weaning and Yearling Weight EPDs (both top 2%). On the dam side, we find leading bulls such as HeartBrand J-Prime, Shigemaru and Big Al. HeartBrand Dos Equis XX is the ultimate package and is in a position to become the next super sire of the Akaushi breed as an asset to both commercial F1 breeders and purebred breeders.

RUESHAW 430
AF6808

In 1976, Rueshaw 430 was one of the very first wagyu bulls to ever leave Japan. A full blood Akaushi bull, Rueshaw was the Japanese Red National Champion Bull in 1975. He originated from the Kumamoto Region which is the heart of the Japanese Akaushi breeding capital. Rueshaw 430 was a bull imported before his time. He possessed a valuable outcross of blood in his genetic makeup that is vital to the Akaushi stud breeders.

SHIGEMARU

Influenced Bulls

SHIGEMARU
AF110

Shigemaru is one of the three imported bulls that came to the United States from Japan in the 1990's. This import sire is the most widely used of the bloodlines for his breeding versatility. He is known for moderating frame size, adding body mass and structural width in his progeny. His daughters are built broody, good footed and are high maternal performers. Use Shigemaru with confidence in laying a good foundation of skeletal width and maternal genetics.

Influenced Bulls

TAMAMARU
AF109

Tamamaru is one of the most widely used and predictable Akaushi bulls due to his consistency and legendary mother, Dai 8 Marunami. There's no other foundation sire that can add the length of body and stoutness of structure. His sire, Dai 5 Tamanami Tokkyu 96 provides a slight outcross to the rest of the 1994 importation. Tamamaru is a paternal sib to the foundation cow Dai 9 Kobai 73. Tamamaru is F11 free.

Influenced Bulls

HIKARI
AF107

Hikari has a fantastic legacy that precedes him. This foundation bull is known for his extreme balance of growth with high marbling and carcass traits. He is a son of Japanese legend, Dai 10 Mitsumaru 76 who also sired breed legends Big Al, Kaedemaru, and “the Elephant Cow” Heartbrand T0504E. Hikari has produced elite bulls such as H0518E, Umemaru, Kotsukari, and Heartbrand Hercules 2619A!

HEARTBRAND CATTLE
WANTS TO MAKE YOUR
BUYING EXPERIENCE ENJOYABLE
AND VERY CONVENIENT

1. CALL US IN ADVANCE

This old-school way is still alive and well at HeartBrand Cattle. When your schedule or travel plans make it impossible to join us, please take a quick moment and give us a call at 830.540.3955 or call any of the folks listed on sale day contacts or sale management. We are all here to help you. We can visit about the cattle that interest you and, if you'd like, we can even offer an opinion. In other words, please share with us what you would like to do and we will arrange it per your instructions. We will make it simple to accept your max bid on lots you are interested in buying.

2. REAL-TIME PHONE BIDS

Not quite as old-school as calling us in advance of sale day but still a tried and true method of buying cattle, particularly if you don't have reliable high-speed internet. You may call Superior Productions at 800.422.2117 or any of the sale day phones.

3. ONLINE BIDS

Technology does have its advantages and it's pretty cool. We aim to be on the cutting edge of all technology, allowing us to better serve you. If you have high-speed internet, may we suggest the online bidding platforms of bid.superiorlivestock.com or liveauctions.tv.

4. LARGE SELECTION

The HeartBrand Cattle Fall Kick Off Sales Event of 2024 is the largest offering of Akaushi cattle in the United States. This means high-quality Akaushi genetics will be available in volume at every price range.

5. CONVENIENCE FEE

HeartBrand Cattle will be charging a 3% Convenience Fee for any credit/debit card transactions for cattle and/or genetics.

HeartBrand H0518E is from the renowned Hikari out of Marunami. Marunami is the iconic Akaushi cow selected to lead Akaushi breed improvement in Kumamoto, Japan as a heifer before her eventual live export to the USA. His progeny have extra dimension and natural muscling compared to progeny of other direct Hikari sons. We want to grab those desirable traits and inject them into our herd as we build better Akaushi!

So far in 2024, HeartBrand Beef has graded a total of 17,076 individual carcass sides utilizing a camera grading system. To our knowledge, this is the largest set of Akaushi cattle ever graded, and quite possibly, the largest set of Wagyu cattle graded in the United States that can be used for breeding evaluations and data. The average marbling on all 17,076 sides revealed a score of 797. In comparison to USDA grading scales, this average marbling score is equivalent to Slightly Abundant 50 and would be equal to USDA Prime. The yield grade landed at 3 when evaluating the data from these sides and showed a ribeye area of 13.82.

SUPERIOR CATTLE, DESIRABLE TRAITS. AMAZING VALUE. INNOVATE WITH AKAUSHI CATTLE.

WHAT IS AKAUSHI?

Akaushi is known as the “Emperor’s Breed.” All Akaushi are Wagyu, but not all Wagyu are Akaushi. The Akaushi breed did not exist outside of Japan until the 1990s. Akaushi cattle are known worldwide for their distinct marbling that gives Akaushi beef a melt-in-your-mouth tenderness and rich, buttery flavor.

Since the 1990’s, American Akaushi genetics have increased carcass performance and premium grade opportunities for cattle producers throughout the country.

While Akaushi beef is prized for its marbling and intense flavor, Akaushi cattle boast extremely efficient, consistent production. They excel at important traits, like growth, fertility, vigor and longevity. The American Akaushi breed offers one-of-a-kind opportunities to improve consistency, maintain uniformity and help maximize the gap between profit and loss in your herd.

BREED BENEFITS

Looking for a new herd sire? Need higher cattle prices?

Next breeding season consider American Akaushi genetics for your herd. This breed consistently produces high USDA Quality Grade carcasses for increased profitability. Recent F1 carcass data shows Akaushi cattle grade an average of 60% Prime and 40% Choice, which is key to driving Akaushi beef demand with consumers.

Ranchers prize these traits in their Akaushi herds:

- **Quality Grade** – Five times the industry average for USDA PRIME
- **Bull longevity** – American Akaushi bulls typically last 10+ years
- **Cow longevity** – American Akaushi cows average 8 years of calving due to their high fertility, udder quality, and functional feet and legs
- **Calving ease** – More live calves on the ground
- **Environmental adaptability** – The Akaushi breed is successful across all climates, including cold, heat, high altitude, etc.

BEEAMAN FAMILY

fifth generation Texas ranchers!

Thank you for your ongoing support and for being a part of the Akaushi journey with us. We look forward to continuing to provide you with top-tier genetics and working together to achieve greater success.
