## THANK YOU FOR YOUR SUPPORT

A large part of the excellence achieved at the National Junior Limousin Show and Congress stems from support of involved Limousin breeders - support from both the heart and the wallet.

This year, the National Junior Limousin Show and Congress in Perry, GA, promises to surpass even the high points of past experiences.

As you can see from the program, this year's benefit auction is filled with genetic opportunities and many other interesting items, thanks to the generosity of the many contributors. You will have the opportunity to choose from:

- some of the most popular and useful sires and dams in the breed today
- preferred position pages in the National Junior Limousin souvenir program to advertise your ranch or program
- award sponsorships
- unique art
- genetic packages
- fishing trips

This "Genetics On Ice" benefit auction gives you the opportunity to help yourself and your program while supporting one of the breed's major events of the year.

The benefit auction, as we know it today, was started in 1984 by American Cattle Services to fund the first All-American Limousin Futurity in the summer of 1985 in Springfield, Missouri, which was the first time the National Junior Heifer Show was held in conjunction with an open Limousin show. This first auction was held at the American Royal in Kansas City, Missouri, with assistance from the Kansas and Missouri Limousin Breeders Associations. Most items offered were frozen semen and pregnant recipients, thus the auction was named "Genetics On Ice" from the very beginning.

The fundraiser was initially one where the donor received 50 percent of the revenue and the AALF received 50 percent. After the second such auction in Kansas City in 1985, Dr. Greg Martin, NALF Executive Vice President, and Ken Holloway, principal partner of American Cattle Services, thought it would be appropriate to hold the benefit auction in Denver at the NALF banquet and split the proceeds between NALJA and AALF. The "Genetics On Ice" auction has enjoyed a 39-year run with much success thanks in no small part to the generosity of those who attended, contributed and purchased.

Totals indicate some \$1.75 million has been raised from Limousin breed promotion at the "Genetics On Ice" auction. A special thanks to all involved!

All semen and embryos will be released for shipment upon payment, unless otherwise noted.

Shipment will be at the buyer's expense. Semen and embryos are not necessarily exportable outside the United States.

Please make checks payable to:

# HONORING KEN HOLLOWAY

For 39 years, this event has helped raise funds for the National Junior Limousin Show & Congress, NALJA events and the Limi Boosters. \$60,725 was raised from this benefit auction held during 2024 Cattlemen's Congress and Annual Limousin Convention. Thank you to all the donors and buyers for the continued support!

The oversight committee for the All-American Futurity scholarship program and Genetics on Ice Benefit Auction met in April of 2020 to discuss the renaming of the scholarship program generated out of Genetics on Ice and the Genetics on Ice Benefit Auction itself in honor of Ken Holloway.

Ken Holloway was as dedicated a Limousin breeder as any man could possibly be. That dedication was also extended to his family, fellow breeders, and friends in the cattle business across the country. Ken was also the breed's most dedicated supporter of the North American Limousin Junior Association since its inception. Ken started the Genetics on Ice Program in 1984 to provide the vehicle that not only financed the junior association's activities annually, but additionally helped run the All-American Limousin Futurity until its conclusion in 2020. The Genetics on Ice Benefit Auction has raised over \$1.75 million of revenue for the Limousin Junior Association.

Today, thanks to Ken's foresight and passion for juniors in the Limousin breed, the proceeds that previously funded the Limousin Futurity show were diverted to fund over \$17,500 of scholarships annually to juniors. The remainder of the proceeds help fund the juniors' annual operating budget.

As we move forward, the \$17,500 of annual scholarships awarded at the National Junior Limousin Show & Congress out of the Genetics on Ice allotment will be named the Ken Holloway Memorial Scholarship Awards. The Genetics on Ice benefit auction will be renamed as the Ken Holloway Genetics on Ice Benefit Auction.

**2020 marked the end of the All-American Limousin Futurity after 36 years. 100% of the funds generated by the Genetics on Ice sale will go to the North American Limousin Junior Association and will continue as a fundraiser for the NALJA summer event. \$17,500 of the funds to be earmarked for scholarship awards to show winners as follows:**

Truly a unique opportunity to procure 4 conventional embryos from one of the most exciting matings in the breed. This pairing will be something truly special. LLJB Absolute Style 3056A is a female that came out of our 5th Annual Fall Harvest Sale purchased by Shelby Hennessy of North Dakota. Hennessy showed Absolute Style all over the country, most notably, the 2014 Grand Champion Female title at the North American International Livestock Exposition in the Level I MOE National Limousin Show. Since her days in the showing, LLJB Absolute Style 3056A has made her mark as an elite donor with many notable progeny. They include CELL Fascination 8231F, the top seller in the 2018 Fall Harvest Sale commanding \$80,000 from Sara Sullivan of Dunlap, IA; and the high-selling bull in the 2020 Linhart Limousin Business Done Right Bull Sale, CELL Freedom 8208F, who was purchased by Wilder Family Limousin of Texas. Here LLJB Absolute Style is mated to CELL Lasting Impression 3019L, the FWLY Can Do x SSTO Fancy 8865F son that has garnered the attention of cattlemen across the country. He combines a notable pedigree, a balanced EPD profile and an eye-catching phenotype and is guaranteed to sire fast-growing calves, indicated by impressive weaning weight and yearling weight numerics! Don't sleep on the chance to own greatness.

Opportunity knocks. This donor was no stranger to the backdrop throughout her storied show career and has continued to impress many while in production. Her time in the show ring was highlighted when she was selected Champion Lim-Flex Cow/Calf Pair at the 2021 NJLSC, with too many other victories preceding this feat to list. Not only did she dominate as a show heifer, she has gone on to produce winning progeny, including the Grand Champion Limousin Female at the 2022 American Royal for Ryleigh Morris of Missouri. This daughter of Riverstone Crown Royal has everything stacked in her favor—flawless presence, a captivating future and one heck of a proven pedigree. Both TASF Heineken 405H and Ratliff Jump Start 340J ET need little introduction to the breed. They have garnered the attention of numerous producers across the country for their impeccable ability of siring individuals with look, power and substance. There is no going wrong with these proven genetics.

The dam of these embryos, LFL Georgie Girl 9013 G is a female that turns many heads. She is a daughter of LFL Dividend 6084 D, a son of the popular MAGS Aviator. Her donor dam is MAGS Double D, a big-growth, high-marbling female procured from Magness Land and Cattle. LFL Georgie Girl 9013 G is also the Dam of LFL Kujo and LFL Kash Card who were both members of the 2024 Grand Champion Pen of Lim-Flex Bulls; both of these bulls went on to be High Sellers in the Coyote Hills 2024 Bull sale. LFL Kash Card sold to Linhart Limousin and LFL Kujo sold to Buckridge Cattle Company and Meredith Limousin.

Georgie Girl has a negative birth weight figure paired with exceptional growth. Also, take note this female ranks in the top 2% for marbling. The sire of this mating, AHCC Landshark, is a bull that has created a lot of chatter amongst breeders around the nation! Landshark was the lead off bull for Hager Cattle Company in 2024 Reserve Champion Pen of Lim-Flex Bulls at the National Western Stock Show. When displayed in Denver, Colorado, many cattlemen admired him for his eye-catching phenotype. He combines athleticism, muscle expression, bone, length of body, power, and mass - all while maintaining a masculine look. Here is a won't miss mating that you'll want in your tank!

A genetic blend you won't want to miss! ELCX Kings Landing 599D has taken the Limousin breed by storm. He was the 2018 NAILE Medal of Excellence Grand Champion Bull. His progeny continues to reign as the high-selling lots of numerous offerings. To name a few, his daughter ELCX Gracious 951G, sold for \$30,000 and ELCX G Mail 950G for \$15,000 in 2020. In 2021, his daughter, DL Heaven Can Wait 550H sold for \$15,000 and he sired the \$105,000 high-selling female at the 2021 Linhart Limousin Fall Harvest Sale, CELL Jade 1157J. The donor female in this mating is PBRS Audrey 346A, a daughter of MAGS Yip and out of a great female, Buford Erica 9312. She has been a top donor in the Edwards Land & Cattle Co. program for many years. These three IVF heifer embryos will be 65.5% Lim-Flex, homozygous black and homozygous polled. An opportunity you'll want to take full advantage of!

A true sale highlight here, folks! This is your opportunity to procure choice embryos out of PC Journey 111 J, the LFL Deluxe Edition 6029 D daughter that found great success for Tucker Parkinson. Most Notably PC Journey was named Reserve Grand Champion Female in the 2023 Neogen Phenotype Genotype Show in Rapid City. PC Journey was also Reserve Champion Purebred Female at the Texas Junior Limousin Breeders Association Field Day and Reserve Division III Bred & Owned Limousin Female at NJLSC.

PC Journey 111 J combines a notable pedigree, proven resume and eye-catching phenotype, Mated with SSTO Guns N Roses 9408 G or KLS SULL Charmer, there is no going wrong here. SSTO Guns N Roses is a son of TASF Crown Royal, the sire of multiple champions, including the 2020 National Junior Limousin Show and Congress Grand Champion Female, TASF Guardian Angel 300 G. Boss Lake High Limit 024 H is the purebred son of RLBH Air Force One and out of the great purebred donor, LAL Marilyn Monroe 42 W. He is a maternal sibling to the ever popular and now deceased Cottage Lake Border Agent bull KLS SULL Charmer, the \$52,000 valued herd sire prospect who sold in the 2020 Night on the Town III Sale where full possession and half semen interest was purchased by Ridgeland Cattle Co. The results are sure to be killer!

The dam of these embryos is Ratliff Google 911G ET, a Silveiras Style 9303 x Riverstone Charmed daughter that was the 2021 Cattleman's Congress Champion Limousin Female in the Open Show for Brady Edge of West Branch, IA. This female is attractive in her design, square hiped and functional from all angles. She is graceful in her movement, uniform in her design and one that will be remembered not only for her phenotypic attributes but her superior pedigree as well. The top side of this mating is TASF Crown Royal 960C, the impressive DHVO Deuce son out of a great female, TASF Whiskey Lullaby 357W. Crown Royal was the 2017 National Western Stock Show Grand Champion bull raised by Thomas & Sons Farms. Most notably, Crown Royal sired the 2018 North American International Livestock Exposition Grand Champion Open Limousin Female shown by Kinnick Paulsen and the 2019 National Western Stock Show MOE Grand Champion Limousin Female shown by McKinlee Palmatary. Currently, TASF Crown Royal 960C has over 650 registered progeny in the North American Limousin Foundation database. These embryos are bound for greatness.

# MISCELLANEOUS

## FEARLESS: THE ULTIMATE PUBLIC SPEAKING GUIDE

Using nearly 30 years of public speaking experience, Amanda Radke designed this public speaking course for everyone, from young beginners to career professionals. All of the bases will be covered, from the very basic essentials to the fine-tuning needed for mastery at a professional level. This course is self-guided with videos and coordinating workbook prompts.

The course is completed right on AmandaRadke.com. You will be prompted to access the members area, sign in or create an account. There are 8 different modules, each with 1-6 lessons. The workbook helps guide you through the content.

The workbook will be sent to the winner. (Value \$500)
