8:00 a.m. Cattle Available for Viewing
Noon Complimentary Tri-Tip Lunch Provided
1:00 p.m. **COLEMAN ANGUS BULL SALE BEGINS**

*On the cover, we honor the recently deceased, Coleman Rock 7200,
whose influence will be remembered for generations.*

Dear Cattlemen,

It is a pleasure to welcome you to our upcoming Coleman Angus Annual Performance Tested Bull Sale. Bull sale time is one of our favorite times of the year. One tremendous change that we are extremely excited about this year is having the Bull Sale here on the Ranch. We look forward to seeing you, our customers, and friends, along with meeting some new customers and getting to know you and more about your operation. One of our goals is to make sure that these bulls go out and work for you, our customers. It is something we take very seriously. Our program is totally committed to the commercial cowman. Every mating we make is designed to leave bulls that will work for you and make your ranch profitable. As you study the data and EPD's in this sale book, you can see that we are committed to raising cattle that are balanced.

This is the most powerful and consistent set of bulls that we have ever sold. These bulls are designed with extra thickness, fleshing ability, length and will keep their condition while breeding your cows. They are the "Cowboy's Kind." These bulls have been developed on a high roughage ration for moderate gain. It is our goal to have these bulls remain sound, problem-free and to become long term genetic contributors to the herds that they go into. The bulls are never pushed hard, we feed them to gain 3#'s per day. The quickest way to ruin a bull is to feed it too much. They may look good on sale day and when you turn them out, but it is only a matter of time before their feet and legs start going bad. It has been good to get data back from our customers on their calves in the feedlots and on the rail. Consistently calves sired by our bulls have been the most profitable sets of calves in those feedlots and on the rail. We know that our bulls will leave a top set of replacement females, especially nice to hear that they will be at the top end in all segments of the industry. We have had many customers tell us about the extra years they are getting out of their Coleman bulls. It puts money in their pockets.

We believe that it all starts with the mother cow. We sort our cows hard for economically sound traits: longevity, fertility, efficiency, fleshing ability, disposition, udder quality, and structural soundness. We would welcome anyone to come and see the cows that these bulls are out of. We know that if you are keeping replacement females, it is vital that you look at the mothers to the bulls. Many of the bulls selling have photos of the mothers in the sale book. A large number of these bulls are from our embryo program. These bulls are backed by generations of highly productive females that have stood the test of time. We will once again be offering many full brothers, three-quarter brothers, and half-brothers. The easiest way to get consistency in your cowherd is to buy bulls that are bred alike. We have had great feedback from our customers that have bought these full brothers about how consistent their calf crop is and the consistency in the daughters they have retained in their herd.

Please note that there is free nationwide delivery on all the bulls selling; \$100 discount per bull if you pick it up on sale day. Haul your neighbor's bulls' home and get \$100/head discount on them. We will start delivering the bulls in the middle of March. We also offer a first breeding season guarantee on the bulls against anything. You do not need to purchase insurance on them, just let us know if there is any problem, and we will take care of it. We feel it is the best guarantee in the business, (Our goal, is to treat you like we would want to be treated if a problem ever occurred) and have had our customers tell us that. Make sure and visit with us about it if you are not aware of our guarantee. Look at the inside front cover for more information. We offer a volume discount on the bulls; 5% on five bulls bought, 6% on six and up to 10% on ten or more bulls bought.

It has been a pleasure hearing all the positive feedback on our bulls. We look forward to seeing you all on sale day. Please feel free to call on us with any questions. Videos of the bulls are available to watch on our YouTube channel www.youtube.com/user/colemanangusranch. The sale will be live on DV Auction and Northern Livestock Video Auction. Information is in the catalog to get registered for those unable to make it to the sale. Check our web site (www.colemanangus.com) as we get closer to the sale, we will have the update sheet on there. Check us out on Facebook also. There are lots of new photos, videos of the bulls, family, and what is happening on our ranch.

Thanks

Larry & Dee Coleman, Tanner & Erica Hite

DVAuction
Broadcasting Real-Time Auctions

SIGHT UNSEEN BUYERS PROGRAM: If you cannot attend the sale and want to purchase bulls, please give us a call. We will be glad to help you with your order. We guarantee 100% satisfaction on all orders.

TRUCKING: Free delivery up to 500 miles with total purchase of \$3,500 or more. There is also free nationwide delivery with a total purchase over \$5,000. \$100 discount/bull if you pick up on sale day. Haul your neighbor's bull home and get \$100/head discount on them.

HEALTH: Interstate health papers are furnished on all cattle selling.

INTEREST: Coleman Angus is selling 100% semen interest and full possession unless otherwise stated in the book or on update sheet prior to the sale. Coleman Angus does reserve the right on any bull selling to acquire 100 units of semen/year for in herd use only.

SALE ORDER: There will be a sale order and it will be posted on our website at www.colemanangus.com prior to the sale.

TERMS & CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

Announcements from the block will take precedence over information in the sale book.

VOLUME BULL DISCOUNT

5 bulls 5% - 6 bulls 6% - Up to 10 bulls at 10%

FIRST BREEDING SEASON GUARANTEE:

We offer a full breeding season guarantee for any injury that would keep the bull from being a breeder for the first breeding season. If a problem occurs, we will give you a suitable replacement or you will receive full credit, minus the salvage value of the original bull, toward another purchase in next year's sale. The bulls that sell have passed a breeding soundness exam. We require that you notify the seller of the bull in case of injury. We also reserve the right to a second opinion by a veterinarian of our choice. In the situation where we need to bring the bull back to the ranch after delivery for our vet to examine, it's the buyer's responsibility to get the bull back to our ranch at their expense. We will pay to have our vet examine the bull again, if he passes the exam, it's the buyer's responsibility to come pick up the bull at our ranch at their expense.

PERFORMANCE INFORMATION:

RATIOS: All ratios are within contemporary groups.

PATHFINDER® Sires and Dams are indicated by the # sign.

FERTILITY: The bulls will have a breeding soundness exam and fertility test by Dr. Leroy Hoversland. Scrotal measurements will be available sale day.

ACCOMMODATIONS:

Ninepipes Lodge | 62986 US Hwy 93, Charlo, MT _____ (406) 644-2588

Any PDFs downloaded from the website will contain EPDs current as of the date of the download.

% The Meaning & History Behind Our Brand %

When we established Coleman Angus in 1996, we wanted to choose a brand that had meaning. A brand that represented us, who we were, what our goals were, and what we wanted to accomplish: 100% dedication, 100% customer service, 100% commitment to our ranch, 100% commitment to the land.

A “brand” is a mark of the man and encompasses that proud moment when a man stamps his identity on the hide. A brand declares ownership, labels a man’s integrity, tags him with responsibility, and totals his worth. But a man’s brand is about more than just a symbol of ownership, it is also a representation of the people behind it.

Brands gain a life of their own. Ranches become known by their brand and the symbols become linked to the land on which the cattle are raised. Brands become ingrained in the people. People become ingrained in the ranches and in the land; they are inseparable. A brand conveys a promise.

There is sentimental attachment to the brand that a ranch decides on, and we are loyal to what it means to us. It is personal. Many stories are attached to a brand, not because of the mark itself but because of the people, land, and memories tied to it. A brand also becomes the image and personality of our product and service.

Every brand is a man’s own special mark, our identity as ranchers. Our chosen brand stamps our commitment with quality, passion, loyalty, dedication, and service. Our passion lies in making an impact and a difference, providing a stewardship, exceeding expectations, and delivering a brand that is monumental to your program as well.

% is Coleman Angus.

BIDDING OPTIONS – IN PERSON, PHONE, ONLINE

LIVE AND IN PERSON

There is nothing like being at a Coleman Angus sale. The opportunity to view the cattle, see old friends, meet new folks, enjoy the stunning views, and enjoy some really good hospitality as well as purchase some cattle that you need and want to take your program to the next level. We all hope you can join us but if you can't make it, we offer numerous other ways to purchase cattle with convenience.

CALL IN PRE ORDERS PRIOR TO THE SALE

Buyers unable to attend the sale may call in or text prior to sale day to Larry Coleman (406) 240-2751 or Jeremy Haag (406) 833-0117. If you would like to discuss the sale offering, call us and describe your needs and budget and we can help you select the genetics that will fit your program. We can bid on an animal for you and you will pay only the bid price established by the auction. Bids are handled confidentially with satisfaction guaranteed on all orders.

REAL TIME PHONE BIDDING

Buyers unable to attend the sale in person may call in prior to the sale to Larry Coleman (406) 240-2751 or Jeremy Haag (406) 833-0117 to be on the phone during the sale with one of us. We can bid on an animal for you and you will only pay the bid price established by the auction. Bids will be handled confidentially and with the upmost integrity, along with our satisfaction guarantee on all orders.

ONLINE BIDDING

To Register visit www.DVAuction.com

1. Create an account at www.dvauction.com under the "register" tag
 2. Apply for bidding approval by clicking the "details" tab at least 24 hours prior to the auction.
 3. Tune in for the sale and make your purchases
- For general questions, please contact our office:
(402) 316-5460, support@dvauction.com or Jay Rost (406) 978-2124

Bid through Northern Livestock Video Auction's NEW Online Bidding Platform! Desktop and Mobile Friendly

For the Desktop:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

For the Mobile:

Use your mobile device to download the Northern App and follow the above steps to get approved. There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

Phone Bidding:

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

To register with NLVA call 866-616-5035 Before Sale Day.

View the Online CATALOG and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com.

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Northern Livestock's Sale Day Bid Line: 1-406-245-0889.

Coleman Angus – Where Maternal Matters

At Coleman Angus, maternal matters. Our philosophy in breeding Angus cattle has always been to focus on the mother cow. The mother cow makes the difference in everything we do in this industry. The Coleman Angus program was built the old-fashioned way, in the pasture where maternal is measured by production records, calving intervals, udder quality, mature size, longevity, fertility, and Pathfinder* status. We don't believe in throwing computer-generated numbers out there to confuse or mislead you, we believe in "real world" data.

We breed our cows to raise big calves who rebreed on time and to do this for years. We place emphasis on these desired traits for both seedstock and commercial cattlemen, and these desired traits continue to be a part of the Coleman Angus Maternal Plus Program. Our program places emphasis on the \$M Index, an index for commercial cattlemen and breeders alike. The \$M Index incorporates the following traits and data collected at Coleman Angus: CED, BW, WW, CEM, Milk, MW, Docility, Heifer Pregnancy, Foot Scores (both claw and angle foot scores).

If you sell your cattle at weaning or retain heifers, we recommend that you take a look at the \$M Index on this set of bulls.

The Real \$ Value for Commercial Cattlemen

MATERNAL WEANED CALF VALUE (\$M) – THE REAL \$ VALUE

\$M is the most maternally focused selection index currently available to Angus members and commercial users of Angus genetics. \$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning. \$M places greater emphasis on the cost side of commercial cow calf production than any other tool available in the past. Increased selection pressure on \$M aims to decrease overall mature cow size while maintaining weaning weights consistent with today's production.

HAND SHAKE GUARANTEE

We may be a little old fashioned but we still believe in a good old "Hand Shake" as our guarantee. We stand behind our program and these bulls 100%, if there's any problem at all in the first breeding season, even death, these bulls are fully guaranteed. We don't ask you to buy insurance, we believe it's our responsibility to stand behind our product. We do understand that sometimes accidents can happen, it's very simple, please give us a call, and we will make it right. Look on the Inside Front Cover about our First Season Breeding Guarantee.

This section of our bull catalog features 18-month-old bulls. In past years, we have had more numbers in this division of the sale, but with our fall-calving herd dispersal in the fall of 2023, we will be lighter on the number of bulls in this section going forward and moving to selling more yearling bulls.

These bulls that sell as Lots 1 through 16 are bulls that were on one-half interest females sold that day in the fall of 2023 and retained at the ranch for embryo transfer work. This set of bulls come from some of the very best cows and genetics that we felt we wanted to go forward with in the future.

- Coleman Maternal Balance, the lead-off bull of the 2025 sale, is a major factor. He is as complete and fault free as you can find. He is big topped, massive hipped with body in a perfectly structure skeleton, and stands on a perfect foot. A big time AI sire from one of the great cows in the breed, Coleman Chloe 9275. He is the #1 \$C bull in the entire offering and ranks in the Top 2% WW, Top 2% YW, Top 5% REA, and Top 10% \$M.
- He is a full brother to one of the hottest bulls in the business, Coleman Platinum 2622, and their dam, Coleman Chloe 9275, is the all-time, record-selling female in Coleman Angus history and has a progeny production record of BR 3@95, WR 3@116, YR 3@122; she is a full sister to the top-selling Coleman Triumph 9145 and an array of past top-selling full sisters. 9275 is also the mother of Platinum, Arrowhead, Mahomes, Kelce, and Granite.
- His granddam is the foundation Chloe in the Coleman program and was recently the top-selling female of the Night on the Town Sale in Las Vegas a few weeks ago; she has generated \$1,814,500 on 66 head sold in past Coleman Angus events.

COLEMAN PLATINUM 2622 – The \$170,000 full brother to Lot 1 selected by TK Angus and Arrowsmith Red Angus as the top-selling bull of the 2023 fall sale.

COLEMAN ARROWHEAD 235 – The \$125,000 maternal brother to Lot 1 selected by Voss Angus as the 3rd top-selling bull of the 2023 Coleman Angus Bull Sale.

COLEMAN MAHOMES 2216 – The \$40,000 maternal brother to Lot 1 selected by McCurry Angus Ranch as the 6th top-selling bull of the 2023 Coleman Angus Bull Sale.

- Coleman Nayarit is an elite calving-ease outcross son of South America. He is a powerfully constructed, wide-topped, massive-hipped, big-bodied feature with a bright future at his new program. Don't pass up a great opportunity to buy outcross genetics from an elite Pathfinder dam of the legendary Donna family.
- His dam is one of the highly productive daughters in the program and has a progeny production record of BR 5@96, WR 5@106, YR 5@107. She was a one-half interest female in the 2023 Your Maternal Source Sale selling for \$60,000 for a \$120,000 valuation going to Jocko Valley in Montana and is a full sister to 504, 7100, and 7232, who all have been great cows in the program.
- Coleman Donna 714 has earned herself the honor of being a breed icon and generating over \$3.5 million in revenue; she is the mother of leading AI Sires: Bravo, Resolve, Summitt, Regis, Charlo 3212, Knight, Playmaker, Manning, and Juneau 044.

COLEMAN DONNA 504
– Pathfinder maternal sister to the dam of Lot 2.

- A deluxe calving-ease bull who reads with one of the best pedigrees you will find. This double-bred 714 son blends Rock and the highly maternal dam, Coleman Donna 3125. He has tons of body, is stout made with great structure, one of the high SM values in our fall division, and ranks #9 for \$M in the entire sale offering. Keep every daughter and build a program with this featured sire.
- His dam is a coming 12-year-old female who has all the intangibles that are hard to find; she represents the brand, production, longevity, udder design, has perfect feet, and a progeny production record of BR 7@93, WR 7@108, YR 6@108, U%IMF 4@111, UREA 4@111, with 17 daughters with a nursing ratio of 101. She is a featured donor in the Coleman and Rhodes Red Angus programs.

- Coleman Big Daddy is a special sale attraction and maternal brother to the Select Sires AI sire and Southern Cattle Co. herd sire, Coleman Easy Decision 1539. This outstanding individual is a calving-ease specialist with excellent design and wonderful structure coupled with high maternal genetics while posting a \$M in the Top 3%.
- His Pathfinder dam is the second-high-selling cow of the 2023 Your Maternal Source Sale going to Southern Cattle Co. of Florida and recently sold in a private treaty transaction to Southall Angus of Tennessee. She is a Charlo daughter who has built-in low birth genetics from generations and adds growth and performance to her offspring with a staggering production record of BR 4@90, WR 4@113, YR 3@114. Her mother is a featured donor in the Talkington Angus program in North Dakota.

COLEMAN DONNA 3125 – Pathfinder dam of Lot 8.

COLEMAN EASY DECISION 1539 – The \$135,000 Select Sires AI Sire and 2nd top-selling bull of the 2023 Coleman Angus Bull Sale who is a maternal brother to Lot 9.

18-MONTH-OLD BULLS

- Coleman Jewel is a real gem and great son of Rock. He has a wonderful look and to complement this he reads with an outstanding set of numbers while being heavy muscled and big bodied with a great profile and balanced look. He reads with one of the high \$M numbers in the entire sale and ranks #11 for \$M.
- He is his dam's first calf, and she did an unbelievable job. She reads with a production record of BR 1@99, WR 1@104, YR 1@108 and is a featured donor in the Circle K program in Tennessee. She is a picturesque female with a beautiful udder and has the ability to become something very special.

COLEMAN ECHO 122 – Dam of Lot 10.

COLEMAN JEWEL 3609 – HE SELLS AS LOT 10.

- A proud-fronted, attractive son of Ranger who is big bodied in a sound-structured package with excellent maternal genetics, which in turn results in a high \$M.
- His Donna dam is as good as it gets by Bravo. She was the one-half interest feature of the 2023 Your Maternal Source Sale where she sold for \$32,500 to the Roberts family of North Dakota, and her open fall heifer that same day sold for \$22,5000. This Pathfinder dam has a production record of BR 4@95, WR 4@106, YR 4@106 and has been an elite producer in the Coleman program.
- His grandmother, Coleman Donna 6143, has generated \$591,000 in past Coleman sales on 69 head and is one of the great foundation donors as well as being a direct daughter of the original Donna J311.

• **FOR REFERENCE ONLY**

- Owned with Ingram Angus, TN and Sandford Ranches, TX.
- Coleman Rock 7200 was the top-selling bull of the 2022 Your Maternal Source Sale where he sold for one-half interest at \$240,000 for a \$480,000 valuation to Ingram Angus of Tennessee and Sandford Ranches of Texas.
- Rock combines massive performance with great maternal genetics and overwhelming muscle shape with added body and volume, great feet and structure, fertility, and all the elements to make great cattle. His daughters are maternally designed with great udders and excellent production records combined with a brood cow look.
- Rock's dam, Coleman Donna 714, has earned herself the honor of being a breed icon and generating over \$3.5 million in revenue. She is also the mother of leading AI sires such as Bravo, Resolve, Summitt, Regis, Charlo 3212, Knight, Playmaker, Manning, and Juneau 044.
- The 2025 Coleman Angus Bull Sale will be highlighted by 26 sons of this impactful sire.

- Here is an awesome assembly of potential AI Sires who are all high-performance brothers that have raised the bar for performance and growth with all of them crushing the scales on their 205-day wt. They are consistently heavy-muscled, long-bodied beef bulls with volume, capacity, and a great look. They are the true herd bull kind and are validated by one of the all-time great producers in the program, Coleman Chloe 9275, who has one of the strongest maternal lines in the industry and is considered one of the great cows in the business.
- Their dam, Coleman Chloe 9275, is the all-time, record-selling female in Coleman history and has a progeny production record of BR 3@95, WR 3@116, YR 3@122. She is a full sister to the top-selling Coleman Triumph 9145 and an array of past top-selling full sisters. She is also the mother of Platinum, Arrowhead, Mahomes, Kelce, and Granite.

COLEMAN CHLOE 9275 – The record-selling Pathfinder dam of Lots 17-20.

“Coleman Rock 7200 has been a major breeding piece for our program. The consistency we have seen in his progeny is one of the most intriguing things about them. They have tremendous rib shape, easy fleshing, rapid early growth and excellent feet. We consider Rock as one of the most influential purchases of our program.”
 Jason Upchurch, Ingram Angus, Pulaski, Tennessee

- A pair of flush brothers with an exceptional Chloe dam stacked in an incredible pedigree.
- Their dam by Bravo is one of the great full sisters to Triumph and an array of full sisters who will have a lasting impact on the program. She is a powerfully constructed, deep-bodied female with a beautiful udder who has been very productive. She has a progeny production record of BR 3@98, WR 3@107, YR 2@111 and has generated \$292,500 on seven head to average \$41,786 in past Coleman Angus sales.
- Their grandam, Chloe C815, is a factory and the highest income-producing female at the ranch. She is the mother to an array of great females in our program.

- Coleman Rolling Stone is a blending of the outcross blood of Rock and the Canadian-bred Coleman Echo 123. A complete, fault-free kind with body, added shape, and muscle. Great outcross genetics that blend with the best of the Donna's.
- His dam, Coleman Echo 123, is a full sister to a past feature of the 2023 Your Maternal Source Sale currently working in the Coleman and Circle K programs. She has a progeny production record of BR 2@90, YR 1@103.

“Larry, Jeremy, and the entire Coleman family and crew have been a tremendous influence on our program. Having been involved in the cattle industry for many years, we wanted to take our operation to the next level with a program we could trust, while keeping our customers best interests in mind. The Coleman Angus program has exceeded our expectations. We have purchased three donor females from Coleman Angus that have become the cornerstone of our program. I deeply appreciate Larry and Jeremy's dedication to producing exceptional maternal Angus cattle with traits that ensure quality breeding stock and productive females. By incorporating Coleman genetics, we have brought top-tier maternal genetics to the Midwest.”
 - Hunter Carrico, Carrico Angus &; H2O Cattle, Plymouth, Indiana

COLEMAN ECHO 122 – A full sister to the dam of Lot 37.

“Easy Decision has been a great addition to Select Sires, allowing our customers access to the deep-rooted maternal greatness of the Coleman program that it is known for.”
- Ryan Bodenhausen, Select Sires Inc., Plain City, Ohio

“We really appreciate the Coleman program and their focus on cows that keep people in business. Our customers have benefited from Coleman genetics and Select Sires is proud to work with Larry and Jeremy and the entire Coleman team.”
- Brian House, Select Sires Inc., Plain City, Ohio

• FOR REFERENCE ONLY

- Coleman Easy Decision 1539 an elite calving-ease sire with exceptional growth and performance from the great maternal ability of the Donna family. He was the second-high-selling bull of the 2023 Coleman Angus Bull Sale where he sold one-half interest for \$135,000 for a \$270,000 valuation going to Select Sires and Southern Cattle Co. of Marianna, Florida. His first set of sons will impress and are cattle that hit the ground with tremendous vigor and ability to take off and grow with true performance from day one.
- His Pathfinder dam, Coleman Donna 7386, was the second-top-selling cow of the 2023 Your Maternal Source Sale going to Southern Cattle Co. and then sold privately to Southall Angus of Tennessee. She has a progeny production record of BR 4@90, WR 4@113, YR 3@114. She is super angular, attractive, bigger outlined, and is a heavy-milking daughter of the popular calving-ease sire, Charlo.
- The 2025 Coleman Angus Bull Sale will offer Easy Decision's first 20 sons to the public.

COLEMAN BIG DADDY 3704 – A maternal brother to Reference Sire B who sells as Lot 9.

COLEMAN EASY DECISION 1539 has been used heavily in heifer projects throughout the country

COLEMAN DONNA 5309 – Pathfinder granddam of Reference Sire B.

- Trendsetting four pack of flush brothers with calving-ease genetics from the breed-leading Chloe family. They are moderate-birth, high-growth bulls with great performance in a complete, highly balanced package. A flush mate sister was a highlight of the 2024 Your Maternal Source Sale going to Janssen Angus and Ingram Angus. This impressive array of full brothers also hits the \$M values. Lot 39 ranks #2 for \$M and Lot 38 ranks #3 for \$M along with Lot 41 ranking #7 for \$M.
- Their dam, Coleman Chloe 9276, is a full sister to Triumph and an array of top-selling sisters. She is a big, high-performance female with added size and scale and a progeny production record of WR 2@114, YR 2@113. 9276 is a power cow here at the ranch who will definitely have an impact in the future.

COLEMAN CHLOE 4148 – Flush sister to Lots 38-41.

- Sleep-all-night kind. This wonderful, calving-ease bull by Easy Decision stems back to the famed Eriskay family. He has key ingredients of performance, design, and structure to work in any commercial cattle program. He is a true calving-ease bull with an actual birth weight of 64 and a weaning ratio of 104.
- His dam, Coleman Eriskay 275, is a bigger outlined female with a beautiful profile, body, and balance along with perfect teat placement and udder design. She has a progeny production record of BR 1@89, WR 1@104.
- His grandam, Coleman Donna 718, was a \$45,000 past feature of the 2020 Your Maternal Source Sale going to C-4 Cattle in Oklahoma and Pine Coulee Angus in Montana.

• FOR REFERENCE ONLY

- Owned with Glacier Associates.
- Coleman Glacier 041 was the lead off Lot 1 bull of the 2022 sale and the \$270,000 record-selling bull. He has awed the visitors that come to see him at the ranch and is a performance powerhouse. Glacier is a dominating sire with added growth, pounds, and one of the best looks you will find in an individual.
- His progeny perform with the best out there and surface to the top of programs around the country. He has been used in many different facets of the breed, and his calves come light at birth and explode with great vigor and performance. His sons are big, powerful bulls with added muscle, body, extra rib shape, and spectacular look, and his daughters are feminine, wedge-fronted, big-barreled females that have as nice as udders as you can find.
- The 2025 Coleman Angus Bull Sale features 30 sons of this terrific sire.

COLEMAN DONNA 023 – Full sister to Reference Sire C.

COLEMAN DONNA 046 – Top-selling full sister to Reference Sire C.

COLEMAN DONNA 028 – Top-selling full sister to Reference Sire C.

HEAVY-WEIGHT FLUSH BROTHERS

COLEMAN ICE CAP 476 – HE SELLS AS LOT 57.

COLEMAN DONNA 8146 – The record-selling full sister to the granddam of Lots 56 and 57.

COLEMAN DONNA 4213 – Maternal sister to Lots 56 and 57.

COLEMAN DONNA 4107 – Maternal sister to Lots 56 and 57.

COLEMAN DONNA 4203 – Full sister to the granddam of Lots 56 and 57.

“I have had the privilege and pleasure of representing the Harley Coleman Limousin family over the last thirty years and witnessing his son Larry follow the same footsteps of his parents in creating a well-known Angus breeding program. The Coleman family has not only developed a solid cow base, creating a product sought after by cattlemen around the country, but equally importantly they have taken care of their customers from the onset of their program. In the eyes of myself and countless others, the phrase “good things happen to good people”, represents them well. The “% brand” is as strong as it’s ever been with the guidance and partnership of Jeremy and Jenny Haag. The Haag and Coleman partnership is a true testament to friendship, loyalty and working together towards a common goal of acceptance with your product amongst your peers. I am proud to represent the “% Brand” and work with them to bring more attention to their incredible program.”
Randall O. Ratliff, R & R Marketing Company, Nashville, Tennessee

“Coleman Glacier 041 has been a huge success in our herd! Both the bulls and females have topped our sales and have been highly sought after. Their structure design, muscle pattern, and tremendous presence are a few of the extras he brings to the table. He also added growth and breed character to his offspring. Glacier will continue to be a go-to sire for us! We believe in this pedigree as we own a flush sister, Coleman Donna 046, and are seeing very similar results from her progeny as well.
- Jason Upchurch, Ingram Angus, Pulaski, Tennessee

COLEMAN DONNA 714 – Third dam of Lots 56 and 57.

COLEMAN DONNA 386 – Fourth dam of Lots 56 and 57.

- A dynamic duo of flush brothers and an easy place to start off this sire group. Coleman Blizzard 461 and Coleman Ice Cap 476, properly named as they were born in one of the harshest storms in 2024, have been favorites since birth and represent what we try to do at Coleman Angus. They are as impressive as you will find for pure mass, dimension, body, and herd bull look. Blizzard is the heaviest 205-day weight bull in the entire event where he weaned off at 956 lbs, and Ice Cap did not disappoint as he had a 205-day weight of 866.
- Their powerhouse dam is the top-selling, one-half interest cow of the 2024 Your Maternal Source Sale going to Ingram Angus of Tennessee. She is the mother of the GENEX Beef AI Sire and herd sire for Janssen Angus of Iowa, Marshall Fenner of Missouri, and Southall Angus of Tennessee, Coleman Below Zero 2106, whose first sons are featured in this sale. She is a terrific Charlo daughter who is establishing herself as one of the great young females in the herd. She has a progeny production record of BR 3@89, WR 3@109, YR 2@106 and has generated \$202,500 on three head in past Coleman sales.
- Their grandam is a full sister to the all-time, high-selling female in Coleman history, Coleman Donna 8146, a current donor in the ZWT program in Tennessee.

COLEMAN BELOW ZERO 2106 – The \$150,000 GENEX Beef AI Sire and maternal brother to Lots 56 and 57.

- A trifecta of flush brothers who will command your attention on sale day as Elevation, Copper City, and Vortex all broke the 900 lbs. barrier at weaning. Elevation is the second heaviest 205-day weight bull of the entire offering at 948 lbs. These brothers all have added growth, scale, and performance backed by one of the dominating maternal lines in the Coleman Angus program. They are high \$M bulls with added body, length, and look.
- Their dam, Coleman Donna 8146, is the all-time, record-selling female in Coleman Angus history and a current donor at ZWT Ranch in Tennessee. She is a full sister to the grandam of Blizzard and Ice Cap and has a production record of BR 4@92, WR 4@109, YR 3@109, with one daughter in production with an average nursing ratio of 108.
- Their grandam is the iconic Coleman Donna 714, who has generated over \$3.5 million in progeny sales at Coleman Angus and is the mother of AI Sires: Rock, Bravo, Summitt, Resolve, Charlo 3212, Regis, Juneau 044, Knight, and Playmaker.

- Coleman Reliable, a calving-ease outcross by Glacier back to a Justified two-year-old who reads with outstanding maternal genetics. This special individual ranks #4 for \$M and has tremendous eye appeal with predictable and proven genetics behind him.
- His dam is a beautiful uddered female with a progeny production record of WR 1@109 and a daughter of the high \$M cow of the breed who is a Pathfinder and 15 years of age or older.
- His grandam is a full sister to Rock and has established herself as one of the high \$M cows of the breed, Coleman Donna 040. She has sold 31 head in past Coleman Angus sales and averaged over \$10,000.

“Spanning across two decades representing the Coleman Family in various capacities, it’s my pleasure to share my vantage point of their embodiment of the values that have shaped the American West - it’s about faith, family, integrity, determination and commitment. Their formula hasn’t been overly complex, take care of customers, take care of your cow herd and the rest takes care of itself. From the beginning, product wise with Larry, Dee and company it’s always been, that it starts with the “cow” and it still holds true today. Along the journey, they’ve done a great job listening to their customers, while maintaining firm to their core breeding philosophy, and have implemented progressive breeding strategies, to meet the market call. As it relates to customer service, it’s just simply business done right. It’s one of the few places left in today’s world where a handshake and one’s word still holds value.”

- Kiley J. McKinna, MC Marketing Management

- Coleman Northern Lights is a power herd sire prospect with an impressive 205-day weight of 900 lbs. to ratio 119 at weaning and has the fifth heaviest adjusted yearling weight at 1492. He has incredible performance, stoutness, and mass, and he stems from the highly productive with longevity female lineage of the Chloe's.
- His dam is a maternal sister to the foundation Chloe female in the Coleman program, Lawsons Chloe C815. She has a wonderful production record of WR 4@109, YR 3@109 and one daughter in production with an average nursing ratio of 102.

“It has truly been a pleasure to get to know and work with Coleman Angus. Spending time with Larry, Jeremy and their families always leaves you energized and excited about Angus cattle and the bright future ahead. You feel their passion, devotion and vision to produce quality cattle. The focus on the momma cow and her impact on building and growing a productive herd is evident. The genetic results are evident. These cattle come easy, grow fast, and are structurally sound with longevity to aid in a profitable operation. The folks at Coleman Angus are a great resource, a great partner, and great friends!”

- Matt and Kelly Comte, K&M Cattle, Coal City, Indiana

“For the past 14 years, Shady Brook Angus has used Coleman genetics and they have treated us well. The latest additions to our herd, Donna 7100 and Chloe 021, have proven to have a very positive impact in our herd as well as providing quality genetics for our customers.”

- Vince Santini, Shady Brook Angus, Leoma, Tennessee

- A high-performance bull from outcross genetics and one of the most famous cows in Canada. This eye-appealing, soft-made, smooth-patterned herd sire candidate has the ability to make great highly maternal females to build a foundation around. A full sister sold in the fall female sale and went to Golden J Farms of Mississippi.
- His dam came to us as a standout female in Canada and is a beautiful as you can make them. She is big bodied with tremendous front-end extension and floats across the pasture in a sound-structured package. She has two daughters in production with a nursing ratio at 106.

- A blockbuster flush of four full brothers who are major factors of this event. They are all high-powered bulls with tremendous growth and performance coupled with mass, muscle, and phenotype. A pair of flush sisters highlighted our 2024 Your Maternal Source Sale and sold for \$27,500 and \$25,000. Coleman Bond (Lot 81) was the third heaviest 205-day weight at 944 lbs. and the #1 adjusted yearling weight bull of the entire sale. Coleman Security (Lot 78) was the fifth heaviest bull with a 205-day weight at 915 lbs. and the third heaviest bull with an adjusted yearling of 1507 lbs.
- Coleman Chloe 9275, their dam, is the all-time, record-selling female in Coleman history and has a progeny production record of BR 3@95, WR 3@116, YR 3@122. She is a full sister to the top-selling Coleman Triumph 9145 and an array of past top-selling full sisters. She is also the mother of Platinum, Arrowhead, Mahomes, Kelce, and Granite.

COLEMAN PLATINUM 2622 – The \$170,000 top seller and maternal brother to Lots 78-81.

“

“Coleman Angus Genetics have taken our cattle to the next level in terms of producing easy-fleshing, maternally-oriented cattle. We were fortunate to be able to purchase Resource 708, who quickly rose to the top with his impressive phenotype and impeccable feet and athleticism. We have many daughters in our herd who are sound-structured and appear to have similar added longevity as their sire. Coleman Mission 1447 is our young herd sire. The Charlo influence has been a game-changer.”

- Mark and Laurie Gaugler, Gaugler Angus Ranch, Judith Gap, Montana

“I have done business with Coleman Angus for 15 years. Real World Angus Cattle with Real World Angus People! Hard to beat the combination for me.”

- Sam Edwards DVM, Harrogate Genetics, Harrogate, Tennessee

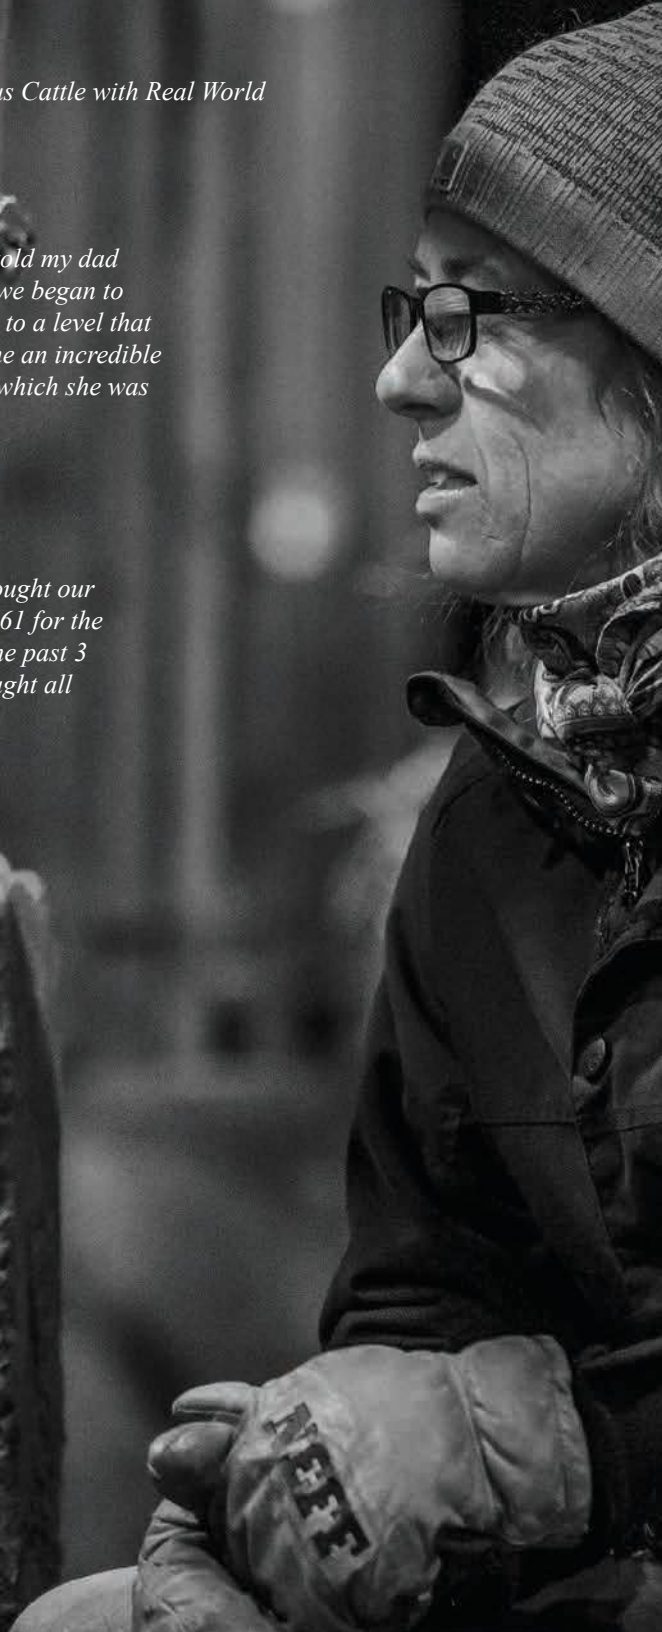

“The first time I ever saw the pictures of Donna J311 and Donna 386 I told my dad “There’s the Angus base cows we need to build our herd from.” From that point we began to develop a Simmental line of the “Donna” cow family that launched our program to a level that I had never imagined was possible. Larry and the Coleman Angus crew have done an incredible job in having the vision to preserve and utilize the Angus cow for the purpose in which she was created to excel, her maternal ability!”

- Scott Sandeen, Sandeen Genetics, Blakesburg, Iowa

“We shipped our calves yesterday. Here’s what has changed since we bought our first set of Coleman Angus bulls last year. Averages were 836 for the steers and 761 for the heifers. 140 pounds increase on our steers and 100 pounds on our heifers from the past 3 years. Rennaker said they were the heaviest and best-looking calves that he’s bought all year. Thank You!!”

Joe Geldrich

\$M is the most maternally focused selection index currently available to Angus members and commercial users of Angus Genetics. \$M, expressed in dollars per head, aims to predict profitability differences in progeny due to genetics from conception to weaning. \$M places greater emphasis on the cost side of commercial cow calf production than any other tool available in the past. Increased selection pressure on \$M aims to decrease overall mature cow size while maintaining weaning weights consistent with today’s production.

- Owned with Gaugler Angus, MT.
- Coleman Resource 708 is one of the great breeding achievements in Coleman Angus history. He is a modest birth with high-maternal value in a massive, big-bodied, rugged, masculine package while coupled with impeccable structure and feet.
- 708 has done it the old-fashioned way with proving himself in the pastures of the Gaugler Ranch and is the first bull in the history of Coleman Angus that we went back and purchased to use in our herd. We loved his daughters as they were perfectly designed with flawless udders and stand with base width and great feet. Visitors from all over the world have admired 708 and are in awe when they see him.
- His dam is a daughter of Coleman Manning 0299 and represents the model Angus female, moderate in size, easy fleshing, and extremely maternal. His grandmother was the \$93,000 valued and top-selling Coleman Donna 005.
- The 2025 Coleman Angus Bull Sale will offer 15 sons of Coleman Resource 708.

- Coleman Satellite, a real \$Beef Bull. Loaded with width from front to rear and level designed with a great look. He is backed by one of the great Donna maternal lines you will find.
- His dam, Coleman Donna 8146, is the all-time, record-selling female in Coleman Angus history and a current donor at ZWT Ranch in Tennessee. She is a full sister to the grandam of Blizzard and Ice Cap and has a production record of BR 4@92, WR 4@109, YR 3@109, with one daughter in production with an average nursing ratio of 108. She is a full sister to the mother of the \$150,000 Coleman Banker 9215.
- His grandam is the iconic Coleman Donna 714, who has generated \$3.5 million in progeny sales and is the mother of an array of AI sires including: Bravo, Rock, Playmaker, Regis, Summitt, and more.

COLEMAN HORIZON 4370 – HE SELLS AS LOT 84.

- A calving-ease feature from generations of low birth genetics and great cows in his pedigree. He is a smooth-patterned, long-bodied, and square-made bull in a high \$M package.
- His dam, Coleman Donna 7221, is marking herself as one of the all-time great daughters of 714. She has generated \$432,000 on 10 head in past Coleman Angus sales and is the mother of the \$180,000 Coleman World Wide 2562 and Coleman Poncho 9426, a \$220,000 valued top seller purchased by Sandford Ranches of Texas.

COLEMAN DONNA 7221 – Top-selling dam of Lot 86.

THE KEY TO THE PUZZLE = BALANCE

It's the hardest thing to keep in the front of our minds. We always want to think that bigger is better, or we buy bulls based on spread EPD's, or we choose a bull because he has one trait that really stands out. We've all been guilty of it, but the real key is "balance" the ones that do all things well. I really believe that this is one of the hardest, if not the hardest, hurdle in breeding cattle. If we stay focused on this, it will make us more profitable and better cattle breeders.

- Coleman Timber is a calving-ease bull with a strong maternal advantage. He is a stout, powerful son of 708 back to the Abigale family and has a balanced epd profile with the phenotype blend of a great herd sire prospect.
- His dam has a strong progeny production record of BR 7@98, WR 7@101, YR 6@102. She is a daughter of the Pathfinder dam, Coleman Abigale 0277, a full sister to Charlo.

“

“It’s a beautiful afternoon here in Tennessee and I was riding through our first Coleman cattle calf crop and I just wanted to take a minute to write to you and say thank you for all your assistance in helping us select cattle from your program. It is, without question, the most uniform and consistent calf crop I’ve ever been a part of with the many different sire groups we have, it’s unbelievable. I love all of them; the South Americas, Glaciers, Rocks, Mendoza, Below Zeros and Trademarks, all are incredible. We look forward to working with the entire Coleman family and genetics for years to come. We can’t wait to get our Maternal Source 356 calves on the ground in February and March. Hope to see you guys in about a month. Thanks again for everything!”

• FOR REFERENCE ONLY

- Owned with Hummel Livestock, IL.
- South America is the valuable outcross sire who brought a new generation of Argentine genetics to Coleman Angus. He was selected as the \$180,000 top-selling bull of A Night at the Remington Park Sale held in conjunction with the Cattlemen's Congress. They were the most sought-after pen of bulls in Oklahoma City in 2021, and he and his brothers were the first bulls to ever set foot in the United States from South America. He transmits tremendous muscle, capacity, and real-world performance while siring cattle with added growth and performance along with extra foot size, and his daughters are picturesque with perfect teat size and udder quality.
- A son of Serrucho 57 Maxi, the two-time Palermo Grand Champion, he stems back to the cow they call "Tank" in Argentina, and he blends some of the most coveted outcross genetics in the country. His mother is considered by many the most influential cow in the South American hemisphere and is a cow with tremendous rib design while being big topped, wide hiped, and beautiful fronted.
- South America is always popular with the many visitors who view him in the Coleman Angus breeding program.
- This is considered his deepest, strongest set of sons ever offered at public auction. In the 2025 Coleman Angus Bull Sale, South America will highlight 30 sons.

COLEMAN MENDOZA 271 – The \$70,000 son of South America.

COLEMAN MATERNAL SOURCE 356 – The \$210,000 top-selling bull of the 2024 bull sale and son of South America.

Have you ever stopped to think how much more time you spend with the poor cattle, than the good ones? The good ones not only take care of themselves, but they also make the ranch profitable.

OUTCROSS GENETICS THAT WILL INFLUENCE FOR YEARS TO COME

COLEMAN CHLOE 034 – Top-selling full sister to the dam of Lots 96-100.

COLEMAN PLATINUM 2622 – The \$170,000 top seller and maternal brother to Lots 96-100.

COLEMAN ARROWHEAD 235 – The \$125,000 third top-selling bull of the 2023 sale and maternal brother to Lots 96-100.

COLEMAN CHLOE 412 – Top-selling heifer calf and full sister to Lots 96-100.

COLEMAN CHLOE 9276 – Full sister to the dam of Lots 96-100.

- We call these five flush brothers the "Fab Five" as they are the potential sale-topping kind. These five brothers are heavy, high-performance bulls with added size, scale, and sheer pounds. They not only combine performance but, more importantly, put it in a well-balanced, heavy-muscle, big-bodied, rugged-boned, and attractive package. They have an average weaning weight of 832 lbs. and will, for generations, add productivity and profit to your ranch's bottom line for generations to come.
 - Their dam is one of the most dynamic maternal figures in the Angus business. She has unmatched performance and an insane ability to make cattle with as much raw muscle, shape, and overall goodness as any we have ever seen. She is the #1 WW and #1 YW cow in the herd and has a production record of BR 3@95, WR 3@116, YR 3@122, U%IMF 1@128, UREA 1@114 with three daughters in production with a weaning ratio of 105. She has generated \$830,000 on 19 head in past Coleman Sales and is a great producer of AI sires including Arrowhead, Mahomes, Kelce, and Platinum.

- Coleman Miguel is a heavy weight, high-performance growth bull by the outcross sire, South America. He is an attractive, long-spined, big-ribbed, square-hipped bull with generations of high-performance lineage. He earned an impressive 205-day weight of 889.
- His dam is one of the great producing full sisters to Triumph as there is at the ranch. She posted an impressive production record of BR 3@98, WR 3@107, YR 2@111 and has generated \$292,500 on seven head in past Coleman Angus sales including the high-selling open heifer in the 2023 Your Maternal Source Sale going to LT Ranch of South Dakota.

- Coleman Grizz is as special of a bull as we have ever made by South America. He represents Bonsma's principles in today's beef industry. He is really stout made and three dimensional with tons of body in a perfect skeleton and has tremendous breed character complimented by a high-maternal pedigree that has him at +101 on \$M. He has a 205-day weight of 822 lbs. and a weaning ratio of 108. He has as much potential as any to sell a lot of semen.
- His dam is unmatched for her combination of phenotype, production, and ability to transmit all the fundamentals of good livestock into one genetic package. She is a moderate, perfectly made Bravo daughter who has a progeny production record of BR 3@94, WR 3@104, YR 2@105 and one daughter in production with a nursing ratio of 104. She is an up-and-coming donor who will be heavily concentrated on in the future at Coleman Angus.
- His Pathfinder grandam is a highly consistent producer who year after year produced bulls that highlighted our spring bull sales. She averaged over \$10,000 on each of her sons.

- Coleman Dos is as good as it gets with big-time performance and outcross genetics. He is big, stout, and massive with exceptional style. He pushed the scale down with a 205-day weight of 820 lbs. and a weaning ratio of 108. If you are looking for a power bull with the ability to add to your bottom line, look no further.
- His dam by Charlo 3212 constantly gets it done year after year. She has a progeny production record of WR 4@105 and is a deep, soggy-bodied female with a balance and quality. She stems from the legendary Everelda Entense family.

“

“For the past 8 years, we have been purchasing Coleman Bulls. We started buying these bulls because we believe that the fastest way to improve cow herd genetics is through bull selection. Our goal was to create the perfect cow herd, one that is uniform, flourishes on grass with lower feed intake, is maternal, and takes care of herself as well as her calf. For the past decade, our calf crop has been marketed through a grass finished program. We have discovered that Coleman genetics was the perfect fit for this market given the early maturing easy fleshing characteristics of their genetic base. The carcass traits for our forage finished calves continue to stand out in the marketplace. Coleman bulls have improved our cattle grading choice, on average of 20-40% better than the industry average on forage.”

- Coleman Jose is an outcross by South America with genetic and visual appeal. He blends phenotypic power and balanced paper into a high-quality package. He is a stout, rugged-made, big-bellied bull with the ability to leave you with a great set of daughters. He stepped on the scale with a 205-day weight of 826 and ratioed 109 at weaning.
- His dam is a standout in the pasture at Coleman Angus. She is a moderate, easy-fleshing power cow who has a progeny production record of BR 3@97, WR 3@107, YR 2@107.
- His grandmother, a Pathfinder dam, is a favorite at the ranch. Her first two natural calves were features in back-to-back years and went on to be the top-selling heifers.

COLEMAN DONNA 7181 – Granddam of Lot 121.

- Coleman Panama is a high-quality breeding bull with tons of belly in a perfectly designed structure. He blends the basic fundamentals of breeding fault-free cattle to the highest degree.
- His dam registers a progeny production record of BR 3@95, WR 3@101, YR 2@105 and has one daughter with a nursing ratio of 104.
- His grandam is a model Angus cow with tremendous width and dimension, big bodied, and has perfect feet. She stems from one of the great donor females that ZWT Ranch owned, OCC Blackcap 753L.

BAR-E-L BRIDE 28C – Dam of Lot 123.

COLEMAN BLACKCAP 011 – Full sister to the dam of Lot 124.

“Coleman genetics have worked great for our customers north of the border, and we have seen so much increased value when marketing cattle with them in the pedigrees. We can confidently say that Mendoza is the next important breeding piece that has elevated every program that has used him with his curve-bending, calving ease and power in one package. The foot and udder strength along with overall ideal phenotype is making Mendoza one of the most exciting bulls we have ever seen introduced to the Angus gene pool.”

- Owned with KT Ranches, CN and Canadian Sires, CN.
- Coleman Mendoza 271 is a highly respected South America son who captivates visitors from all over the world. He was selected as the fifth high-selling bull of the 2023 Coleman Angus Spring Bull Sale where he sold for \$70,000 to KT Ranches and Canadian Sires of Canada. He is a bigger-outlined bull with size and scale, wide topped, explosive hip, in a picture-perfect structure, and stands on perfect feet.
- His dam, Coleman Donna 5247, has established herself among the greats from the Donna family. She is a massive, three-dimensional female with tons of body in a picture-perfect design. She is a Pathfinder dam and records BR 5@95, WR 5@109, YR 4@111, U%IMF 2@102, UREA 2@101. She has generated \$973,000 on 48 head which have sold in past Coleman Angus sales and is the mother of other leading sires such as: Big Country, Dream Big, and Patron.
- The 2025 Coleman Angus Bull Sale will feature his first sons to sell at public auction.

- His dam has a progeny production record of BR 3@97, WR 3@103, YR 2@104. She is a maternal sister to top selling sires such as: Ninepipes and Sheridan.

COLEMAN SHERIDAN 9295 – The \$35,000 maternal brother to the dams of Lots 128 and 129.

TIME WELL SPENT

I've always felt that the most important key in selecting your bull battery is to spend a day visiting and looking at the cowherd or cowherds where you buy your bulls. If you like the cows and the management of them, that's where you need to be buying your bulls. It's pretty simple, bulls produce daughters like their mothers and grandmothers.

- The combination of Donna, Eriskay, and Chloe blend the very best genetics from each Coleman tribe to offer a great breeding piece. Here is a keep-every-daughter kind of herd sire.
- His dam has a progeny production record of WR 2@101, YR 1@104. She is a full sister GPS and Navigation.

COLEMAN NAVIGATION 144 – The \$40,000 fourth top-selling bull of the 2022 sale and full brother to the dam of Lot 132.

“

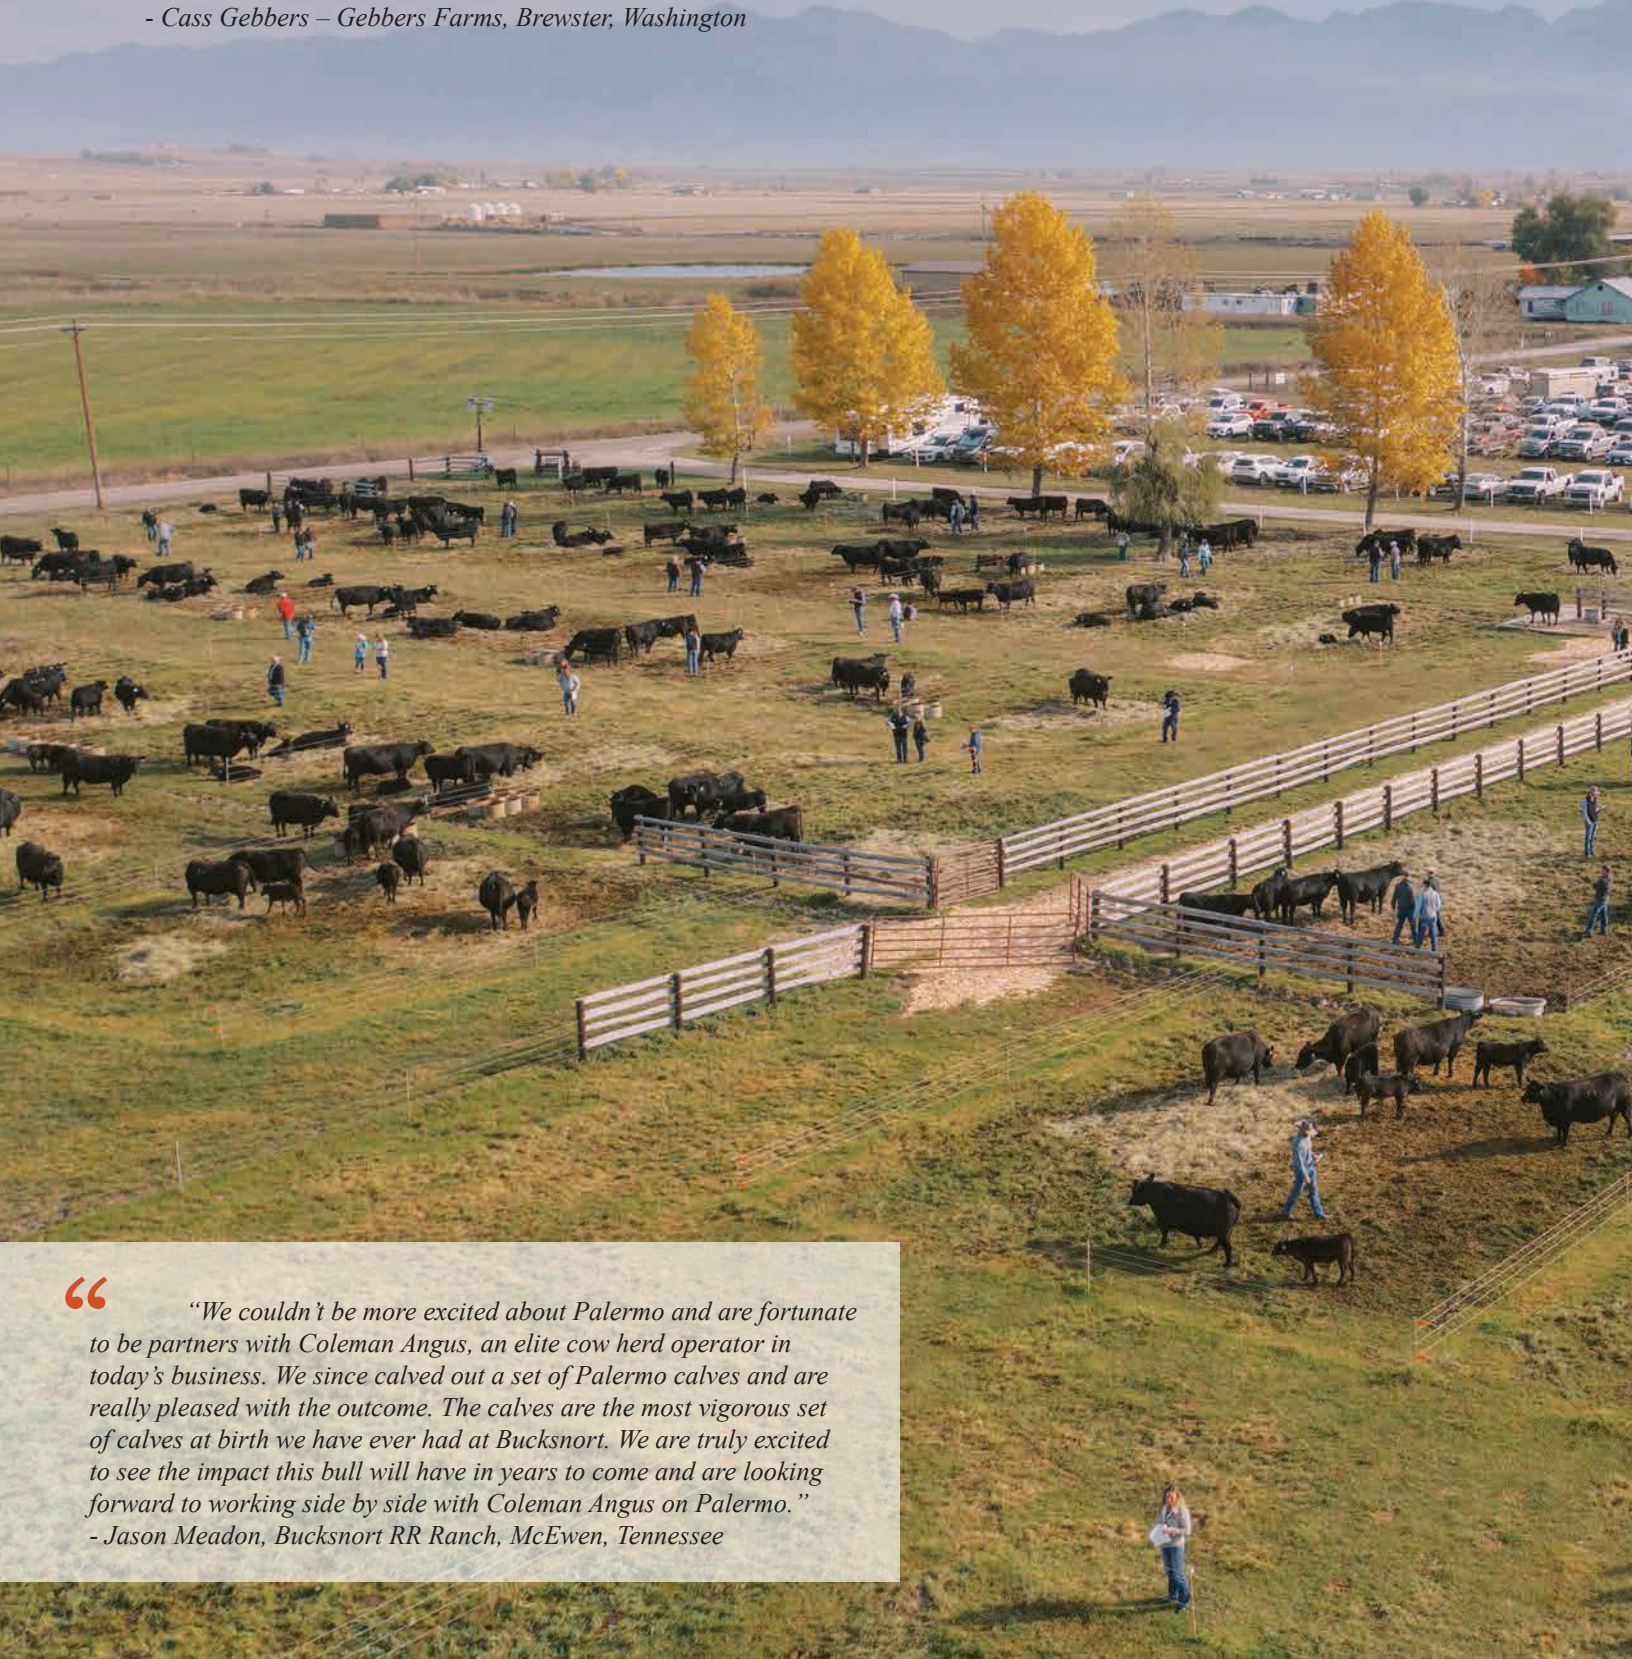

“We have been very impressed with how your bulls have held up for us. We run in dry foothills and mountains of Eastern Washington with 8-11 inches of annual precipitation all on open range land and no irrigated pastures. Your bulls have worked so well and held their condition so well that we are able to use them both in our spring herd and fall herds through the winter. Your bulls produce thick calves with heavy weaning weights and keep on performing when we retain ownership. We consistently see 90% or better Prime and Choice carcasses also. We have been impressed enough to have collected a couple of the bulls and have AI'd several hundred cows to them, and those half-sisters are making phenomenal cows in our herd. Thanks Coleman.”

- Cass Gebbers – Gebbers Farms, Brewster, Washington

“

“We couldn't be more excited about Palermo and are fortunate to be partners with Coleman Angus, an elite cow herd operator in today's business. We since calved out a set of Palermo calves and are really pleased with the outcome. The calves are the most vigorous set of calves at birth we have ever had at Bucksnot. We are truly excited to see the impact this bull will have in years to come and are looking forward to working side by side with Coleman Angus on Palermo.”

- Jason Meadon, Bucksnot RR Ranch, McEwen, Tennessee

• FOR REFERENCE ONLY

- Palermo is the people's kind and a favorite of many visitors. He is the newest member of the Coleman Angus herd sire battery and a proven outcross sire with as exceptional feet and structure as you will find. This combination makes him one of the most fluent bulls you will find in the breeding pasture. Not only is he an athlete, but he combines this with massive power and body to make him one of the best you will find. He was the \$175,000 second-high-selling bull of the 2024 spring bull sale going to Bucksnot Ranch in Tennessee, and he is owned with Sanford Ranches of Texas.
- A son of Serrucho 57 Maxi, the two-time Palermo Grand Champion, and back to the cow they call "Tank" in Argentina, he blends some of the most sought-after outcross genetics in the country. His mother is considered by many the most influential cow in the South American hemisphere and is a cow with tremendous rib design while being big topped, wide hipped, and beautiful fronted.
- This 2025 Coleman Angus Spring Bull Sale will offer his first 30 sons ever produced at Coleman Angus.

- Coleman Rio Grande is an absolute stud! He represents everything we look for in an Angus bull. He is exquisite in his presence and look with added depth of body and a powerful hip with a great hind leg and perfect structure. He ratioed 104 for weaning. He continues to get better and better each day.
- His dam has a progeny production record of WR 3@104, YR 2@101 with one daughter in production with an average nursing ratio of 107. She is a maternal sister to the third-top-selling cow of the 2024 Your Maternal Source Sale.
- His grandam, Coleman Donna 0308, is a model Angus female who is 15 years of age with perfect feet and udder. She breeds the first time and is one of the highest \$M cows in the breed for her age and being a Pathfinder.

- Coleman Tango is smokin' good. He has a look second to none with presence and style that breeders will appreciate complimented by being in a calving-ease package. He is stout made and big hipped with added depth and a perfect Aberdeen head.
- His dam is a maternal sister to the \$150,000 valued Coleman Banker 9215 and recorded a production record of BR 2@92, WR 2@105.
- His grandam has been a great-producing female and has generated \$744,750 on 30 head sold in past Coleman Angus sales.

COLEMAN DONNA 9220
– Top-selling maternal sister to the dam of Lot 136.

COLEMAN DONNA 8145 – Full sister to the granddam of Lot 136.

“Coleman Angus bulls have made a positive impact on our cowherd. Their moderated framed, muscular bulls are easy fleshing, taking little winter feed and have good quite dispositions. When we sorted our replacement heifers, 75% of those retained were sired by Coleman bulls. They are high volume, easy fleshing females that will make moderate framed cows that we appreciate in our family operation. We plan to add more Coleman bulls this year. They are the kind of bulls that will help keep our program profitable.”

- Coleman Santa Fe is going to be a factor and a special individual. He is so complete and fault free with the extras including muscle, body, and look.
- His dam has been a standout female who has progressively made the right moves in her young, productive age. She has a progeny production record of WR 2@104, YR 1@120 and is a maternal sister to an array of past features.

COLEMAN DONNA 9275 – Pathfinder maternal sister to Dam of Lot 141.

“

“Hello Larry, we just shipped our heifers and steers. The Bravos and Summits are as good as we have had in a long time. Steers weighed 635, and heifers 600, April calves. The Bravos and Summits were weighing 670-685. Will get you a video on those heifers, they are as good as I have seen in a long time. We will be using those bulls again.

Thanks
Jeff Harwood
Geysler, Montana

“We are extremely happy with our Coleman Below Zero 2106 calves. He is a rock-solid bull to use for calving ease and consistency. These calves have excellent vigor and grow fast. We will continue to use him to improve top and base width and maternal excellence! We have had great success here in Missouri with the Coleman genetics and the quality that comes with the brand.”
- Brian Marshall, Marshall & Fenner, Marshall, Missouri

“Below Zero entered the GENEX lineup and had an immediate impact. Today, customers worldwide are elated by the quality of his calves – excellent vigor, early bloom, and fleshing ease with true Angus breed character. As importantly, Larry and Jeremy are great bull partners.”
- Brad Johnson, GENEX BEEF, Shawano, Wisconsin

“When I first saw the video and the pedigree along with the number profile of Coleman Below Zero 2106, I had an instant gut feeling that he was going to leave his mark on the Angus Breed and knew I had to find a way to own part of him. His combination of true Calving Ease, Foot quality, Body Capacity, Outcross Pedigree, Maternal Strength is unprecedented, and when it all comes together with the ability to consistently stamp his progeny with the “Coleman Look,” it puts him in a league of elite semen-selling machines as the likes of SAV Final Answer 0035 and N Bar Emulation EXT. Our Below Zero calves are born easily and have a VIGOR like none we have ever seen. Most babies will be up and trying to nurse before their mother even knows they spit out a calf. Our cow herd has very strong Schaff-Angus Valley influence, and the cross of Coleman bulls on our SAV cows is magical. I have never seen in my 30+ year career in the industry, a more consistently maternal, phenotypically perfect cross, which is what our industry is craving in order to put the “real world” back in Angus!”
- Jon Janssen, Janssen Angus, Earlham, Iowa

• **FOR REFERENCE ONLY**

- Owned with GENEX Beef, WI; Janssen Angus, IA; Marshall & Fenner Farms, MO; and Southall Angus, TN.
- Coleman Below Zero 2106 is the \$150,000 top-selling bull of the 2023 Coleman Angus Spring Bull Sale to GENEX Beef of Wisconsin, Janssen Angus of Iowa, Marshall Fenner of Missouri, and Southall Angus of Tennessee. He represents everything you want in a sure shot, calving-ease bull. He has tremendous rib shape with added depth of body and is stout hipped in a sound-structured, perfect-footed, easy-going package. His first set of calves came low birth with excellent vigor, and he stamps his look on his progeny.
- His dam is a terrific four-year-old that was the one-half interest, lead-off cow of the 2024 Your Maternal Source Sale where she sold for \$185,000 to Ingram Angus of Tennessee. She is a “producer” and has a progeny production record of BR 3@89, WR 3@109, YR 2@106. In her impressive young career, she has generated over \$202,000 on three head.
- This sale features the first sons ever sold at Coleman Angus.

Deichmann Livestock commitment to Coleman Angus customers...Marketing Results.

Hello Cattlemen and Cattlewomen;

There's a clear advantage to considering and purchasing Coleman Angus bulls - their profitability.

Over the past decade and a half, we have placed thousands of feeders sired by Coleman bulls. The feeders always ask for the same Coleman-sired calves back, as they fit their needs in the feedyard and they add top end performance.

The depth of this program is unprecedented and is well represented by every bull cataloged. Open the gate to each pen sale day, and you will see a tremendous set of bulls that have proven their worth over the years as profitable performers, with consistent predictability. That's the key to the Coleman Angus program. You never have to question Coleman bulls' performance or the guarantee. They stand behind every bull. If I can help on sale day with bull selections, or bid sight-unseen for you, please give me a call. Our sight-unseen selections carry a 100% guarantee.

When you're ready to take advantage of DLB's marketing program for Coleman feeder cattle or replacement females, give us a call at your convenience. When it's time to sell, know we're always in the market for Coleman genetics. We look forward to seeing you at Coleman's Sale, at their new sale location, at the ranch, Charlo, Montana.

Sincerely,
Dan Deichmann

COLEMAN DONNA 023 – Maternal sister to Reference Sire K.

• FOR REFERENCE ONLY

- Owned with Gaugler Angus, MT.
- Coleman Mission 1447 is the \$55,000 feature in the 2023 bull sale going to Gaugler Angus in Judith Gap, Montana. Mission is as popular as any in our spring bull sale. He has exceptional phenotype in a moderate, low-input package with added muscle shape and body.
- His Pathfinder dam, Coleman Donna 439, is as good of producer that there is in the program with a progeny production record of BR 6@92, WR 6@106, YR 5@106. She is a model Angus cow with a beautiful udder, a wonderful maternal design, and one of the top income-producing females on the ranch at 10 years of age. She has generated \$1,376,250 in past Coleman Sales and is the mother of AI Sires: Playmaker, Ranger, and Glacier.
- The 2025 Coleman Angus Bull Sale headlines his first fabulous sons.

COLEMAN DONNA 046 – Top-selling maternal sister to Reference Sire K.

- Coleman St. Ignatius is a tremendous individual with herd bull credentials from the predictable mating of Mission combined with the Chloe family. This bull has added growth and performance, an attractive outline, and great structure. He reads on paper with balanced numbers across the board and ranks #4 for \$C of the entire offering.
- His two-year-old dam did a wonderful job and is an outcross daughter of Identified. She has a progeny production record of BR 1@86, WR 1@112.

THE MOTHER COW

We believe that it all starts with the mother cow. There is a big difference between a good cow and a great cow. A great breeding bull is known because they “stamp” their calves. It’s the same with a great cow; she should be able to “stamp” her calves regardless of who the sire is. They calve early each year, bring in a big calf at weaning, gentle with beautiful udders. Then you see that their daughters are doing the same thing. These are the ones that make a ranch profitable. We have seen a tremendous increase in quality and consistency of our cowherd. This is the result from the large groups of females that are half, three quarter, and full sisters. Consistency is one of the most profitable traits that make the difference between a good calf crop and a great one.

“The Coleman cow is much like a factory, balancing multiple traits and combining them into a proven, highly maternal package. I use Coleman bulls because of the factories behind them. Built for longevity, backed by a legacy.”
- Kyle Gillooly, Predestined Cattle Co., Wadley, Georgia

REPRESENTING THE FIRST CALF CROP BY MISSION

- Coleman Kootenai is an excellent first representation of Mission. He is a powerful individual with shape, volume, and great profile.
- His dam by the outcross South America is a wonderful two-year-old who has a progeny production record of WR 1@106.
- His grandmother is the high income-producing female who has generated over \$1.8 million on progeny sold in Charlo, Montana.

- Coleman Flathead is named after the valley we live in and represents what Coleman Angus stands for. He is a moderate, easy-fleshing bull with a great look and in a stout, demanding package.
- His dam has a production record of WR 1@107. She is a daughter of a past top-selling and Lot 1 female, Coleman Donna 5247, who is the mother of leading sires such as: Big Country, Dream Big, and Patron.

COLEMAN DONNA 9357 – Full sister to the dam of Lot 163.

“Our experience with Coleman Angus has been extraordinary. We have partnered, purchased semen, embryos and live cattle. In all situations, they delivered on every commitment made. We are big fans.”

- Danny Richburg, Richburg Angus, Bowie, Texas

- Coleman Dodge City is a beast of a powerhouse individual with a maternal pedigree to breed true. He is big backed, wide based, long, and attractive. He puts this all together in a complete fault-free package.
- His Pathfinder dam is highly productive and has a progeny production record of WR 4@111, YR 2@108.
- His grandam, Coleman Donna 0308, is a model Angus female who is 14 years of age with perfect feet and udder. She breeds first time and is one of the highest \$M cows in the breed for her age and being a Pathfinder.

- A son of the Pathfinder sire and highly maternal, Leachman Right Time, who has a maternal look and will prove to be a great foundation sire.
- His dam has a production record of WR 1@107 and is a daughter of the past top-selling and Lot 1 female, Coleman Donna 5247, the mother of leading sires such as: Big Country, Dream Big, and Patron.

“

“Coleman bulls have worked well on our ranch. We purchased two bulls sight unseen in 2005 and were so happy with the performance they show, that we bought seven bulls the next spring. The bulls have proven to work at 7,000 ft in irrigated pastures. They are versatile, functional, and easy-keeping bulls that do their job in a variety of pasture situations. Thanks Coleman Angus.”

Ryan Malone
