CANADA'S ONLINE SEEDSTOCK SOURCE.

Directions to the farm | 31027 Range Rd 20 • Didsbury, AB | Search **Dorran Cattle Co.** on Google Maps

From Calgary, head north on QEII. Between Didsbury and Carstairs exits, turn west off the hwy on Westcott Rd. Pass the train tracks; head north on Range Rd 20. Sale is located in the black/white barn, first drive way on east side.

Terms

The terms of the sale are cash, cheque, wire or e-transfer, payable on location or within 15 days following the sale to Dorran Cattle Co. The right of property shall not be exchanged until after satisfactory settlement has been made. Every group will sell to the highest bidder times the number of head in the lot; the auctioneer will handle any disputes if needed. Announcements from the auction block take precedence over printed or previously announced details. All monies are in Canadian funds.

Viewing

Summer evenings are a great time to come view the heifers on pasture. Call/text Ryan at 403-507-6483 to stop by for a visit! On the afternoon of sale day, heifers will be penned by sale lots at the barn.

Pregnancy/Health Verified

Dr. Adam Schierman, DVM, at Davis-Rairdan International performed ultrasound pregnancy examinations on all heifers. A 283-day gestation table was used based off the AI or natural service observation in combination with the dated ultrasound verification. Heifers have been on native pasture since the first of June and had free choice salt and mineral.

USA Buyers

We welcome U.S. customers. Transportation as well as health and export paper fees would be the responsibility of the buyer. Dorran Cattle Co. will help with arrangements. Contact Ryan before the sale for more information. Current U.S./Canadian exchange rate would put Americans at a significant advantage paying around \$7,200 USD for every \$10,000 CAD bid.

Transportation

Buyers are responsible for all transportation of sale purchases. We kindly ask that heifers are at their new homes by the first week of October. Dorran Cattle Co. may be able to provide some guidance and help to line up transportation arrangements if needed.

Accidents

Although every precaution will be taken, Dorran Cattle Company or any sale staff will not be responsible for any accidents or loss of property. Said parties assume no liability, legal or otherwise as a result of this cattle facility or auction.

Thank you for your interest in our 4th annual sale!

The cattle industry is near and dear to our hearts, and with our boys starting to experience the same enthusiasm we have, it's easy to dig our heels in and enthusiastically move forward with our 2024 sale.

Success stories of our heifers keep us motivated. This spring saw both the Grand Champion and class winning steer at the Flagstaff District 4-H Show, both out of Dorran Cattle Co. females. Kade Rancier and Charlie Moore, respectively, did a tremendous job with their steer projects, and we are ecstatic our females raised such great commercial progeny for their 4-H successes!

Koberstein Farms in Barrhead, AB, shared a unique story with us last fall. A heifer from our sale, as a first calver, weaned off a 904 lb. calf, right at the top of their pen of 1,200 calves. That's something to hang your hat on! It's so important to us that these heifers work in the commercial world, so that you can make money on them!

For the second year, we are offering progeny from heifers sold through our sale. If you have heifer calves this fall you are willing to part with off of our sale heifers, be sure to let Ryan know. We would be interested in buying them back for next year's offering. Knowing the genetics behind these heifers is key, helping us build confidence in how they are going to perform for you.

Our heifers are being utilized in many purebred herds as recipient mothers for industry-elite embryo transfer (ET) programs. Having quiet-dispositioned females with solid udders and good feet is sure a *must* when you are investing in an ET program. For us, the bonus is when they are fun to look at as well – the front pasture kind.

Dorran Cattle Co. heifers have been selected from astute cattle breeders across Alberta and Saskatchewan. Some of the breed-leading Simmental, Red Angus and Angus sires make up these pedigrees, helping you feel confident in these replacements to strengthen your own herd.

Heifers are identified by their Dorran Cattle Co. number and penned in lots of two to three head by phenotype and calving date. In the spring heifers were AI synchronized to the calving ease, maternal giant SAV Early Arrival 0903. High quality, calving-ease Anchorage Angus bulls were used as walking herd sires.

We look forward to the fun you are going to have calving this group of heifers! We are very proud to present them to you on **August 29!**

Ryan & Cassie Dorran

Lot 28 Anchorage Self Made 2060

Sire: Conley South Point 8362 *Dam:* Wilbar Mayflower 605F *Registration Number:* 2308669

In the top 4% and 5%, respectively for Calving Ease and Birth Weight EPDs, this South Point son is easy fleshing and big testicled. He's smooth made with an abundance of rib shape. His quiet disposition is a bonus, and it will be hard to replace him!

Service Sire

Pasture exposed to bred heifers on offer.

Service Sires

Anchorage Missouri 1062

Sire: Peak Dot Ozark 278G *Dam:* Coul Lady Blossom 38'17 *Registration Number:* 2197518

Missouri is an Anchorage bull sired by Peak Dot Ozark 278G, ranking in the top 20% and 10% for Weaning Weight and Yearling Weight EPDs, respectively. The Schiefelbein Attractive 4565 grandson is heavy muscled and yet remains in the top 25% for Birth Weight EPD, making him a reliable choice to service our yearling heifers in this sale.

Anchorage Intimidation 3035

Sire: HF Intimidator 15J *Dam:* Covey Hill Madame Pride 20H *Registration Number:* 2350638

Intimidation has been a tremendous yearling bull for us this breeding season. A heifer bull and sale feature in the 2024 Anchor B / Anchorage Bull Sale, Intimidation is a soft and smooth made bull with a well balanced look, matching his proven calving ease pedigree with the maternal grandsire – KG Justified 3023. The Madame Pride dam is now home at LA Ranch, BC. He boasts an 83 lb. actual birth weight and a 1.0 Birth Weight EPD.

AI Sire

SAV Early Arrival 0903

Sire: LD Capitalist 316

Dam: SAV Blackcap May 3525

Registration Number: 19851701

The \$230,000 calving ease phenom that boasts an ideal phenotype, incredible pedigree with EPDs that read profitability.

- Incredible calving-ease outcross
- Curve-bending number profile excels from start to finish
- Highly recommended for virgin heifers
- Actual birth weight 60 lbs.
- Big, deep-bodied, smooth-made and stylish
- Maternally superior cow family
- High-octane performance
- Top 1% and 2% for Calving Ease and Birth Weight, respectively, in the American Angus Association registry!

Thank You!

It takes so many people to put on a sale! We appreciate friends, neighbors and family members who always show up to help throughout the year. Summertime is always busy with sale prep, and yet, we enjoy some of the year's greatest memories as our sale commences each fall. Special thanks to the High Steaks Junior Beef Club for their help on sale day!

a respected Cattleman & Uncle

Success Stories

A quiet, recipient mother that can raise a big calf, is the greatest investment in an embryo transfer program. Likewise, a commercial cattleman understands the value in a quality replacement.

Our goal is to service these needs in both the purebred and commercial industries!
