THE STARS OF AKAUSHI

in Cowtown

FRIDAY, JUNE 7, 2024

**6:30 P.M. CST Pre-Sale Reception
& 7:00 P.M. CST Sale Kickoff Online & In-Person**

**Attend live during the 2024 American Akaushi Association Convention, June 7th & 8th at the
Worthington Renaissance Fort Worth Hotel or Live Live Online through LiveAuctions.tv**

Howdy American Akaushi Association Members
and Enthusiasts –

The American Akaushi Association is so excited to welcome you to the Inaugural Stars of Akaushi in Cowtown Member Sale! This sale has been many years in the making, and we are so thankful to all of you who made this possible – those who brought the idea forward, those who consigned, and all of those who are supporting and attending the sale.

The goal of this sale is to showcase our members from across the US and the world, continue to lay the foundation of the Akaushi breed's standard, and grow the demand for Akaushi genetics.

Thanks to you, the members and supporters of this association, who have worked hard to grow this breed to where it is today. I firmly believe Akaushi is the top-of-the-line breed in the beef industry. We're committed to progressing forward by maintaining the purity of the breed, building upon the genetics that exists today, and increasing demand for Akaushi genetics in the industry.

Thank you again to everyone who made this inaugural member sale a success: the members and supporters who inquired about the genetics in the sale, consignors and buyers, and members and supporters of the Akaushi breed. Another thank you goes to Wagyu 365 and Superior Live Auctions for their support in making this event a success.

We look forward to seeing members in person and online during the sale. And we invite you to join us again next year for the Stars of Akaushi Member Sale during the 2025 American Akaushi Association Convention in Kansas City!

All the best,
Kaci Carrales

We have made preparations to bid and buy livestock through LiveAuctions.TV for those unable to attend in person on sale day. Please note that all the lots in the sale will also be available for viewing online prior to sale day at LiveAuctions.TV.

GENERAL SALE TERMS

Consignments follow these guidelines established by the American Akaushi Association.

ALL LOTS CONSIGNED ARE:

- Registered with the American Akaushi Association
 - Exception: frozen genetics must be registrable
- Fullblood or purebred Akaushi
- Approved by the sale committee

CONSIGNING FEMALES:

- Must be up to date on vaccinations
- Provide pasture exposure and/or AI records
- Polled purebreds must have a DNA horn poll test

CONSIGNING BULLS:

- Aged at least 12 months
- Must be up to date on vaccinations and provide a Breeding Soundness Exam
- Polled purebreds must have a DNA horn poll test

CONSIGNING EMBRYOS:

- Any embryos sold as stated and are not guaranteed on conception
- All embryo lots will have statements regarding each with their descriptions, including if they are flushed or IVE, and what grade

CONSIGNING SEMEN:

- Must be CSS-certified

TERMS AND CONDITIONS ... Cattle will sell under the standard terms and conditions. All consignors in the Stars of Akaushi in Cowtown Sale sell their lots 100% guaranteed. Any announcements from the sale podium will take precedence over the printed sale catalog.

ANNOUNCEMENTS ... Any announcements from the sale block will take precedence over printed material.

PAYMENT ... All lots must be paid for immediately within seven days following the conclusion of the Stars of Akaushi in Cowtown Sale unless prior payment arrangements have been made with any representative of Wagyu 365. Buyers are welcome to pay by credit card. If so, you will be charged a 3% fee on the total sum of your purchase.

REGISTRATIONS, TRANSFERS AND EMBRYO TRANSFERS ... Within 30 days of the date of the sale, the cattle sold will be transferred (registrations) to the new owners through the office of the American Akaushi Association. The seller pays the transfer fee. It is up to each buyer to research or ask the sellers questions directly about any specific export information needed for their desired destination.

DELIVERY ... Buyers are responsible for any shipping cost pertaining to embryo purchases and transportation of the live cattle. Wagyu 365 buyers and sellers will work together to make this the easiest and most efficient process possible.

LIVESTOCK MORTALITY INSURANCE ... Any representative of the Wagyu 365 team can assist any buyer with insurance regarding their purchases.

Auction money and proceeds will be conducted under Randall O. Ratliff, dba R&R Marketing, P.O. Box 60097, Nashville, TN 37206. Bond # 7901027402 (U.S. Department of Agriculture, Grain Inspection, Packers and Stockyards Administration Packers and Stockyards Program).

DISCLAIMER ... The consignors wrote and provided all footnotes, reflecting their firsthand insight into the cattle. The American Akaushi Association has not confirmed any numerical data provided by consignors in the footnotes, such as EBV percentages, branded beef program results, and carcass data results. Please discuss any questions you may have on numerical data with the consignor.

BUYING FROM HOME

We have made preparations to bid and buy livestock through LiveAuctions.TV for those unable to attend in person on sale day.

TURN IN BIDS OVER THE PHONE

This is Live Auctions traditional method of buying cattle and is the suggested process for anyone who does not have consistent, high-speed internet. You must register an account online and request a buyer's number for the The Stars of Akaushi in Cowtown Sale at LiveAuctions.TV. Once you request a buyer number for The Stars of Akaushi in Cowtown Sale, you will be provided the call-in bid line phone number. Once registered for the auction, please call at least two lots ahead of the lot you are looking to purchase. A Live Auctions representative will be with you on the phone and assist you in placing bids.

ONLINE BIDDING

Buyers now have the option to bid online at LiveAuctions.TV. If you have not registered at LiveAuctions.TV, you must create an account and then request a buyer number. Buyer numbers will be given immediately upon correct registration AND your buyer number request.

VIEWING THE AUCTION

The auction will be broadcast online at LiveAuctions.TV. You do not need an account just to watch the auction.

FOR ALL ONLINE BUYERS

BUYER PARTICIPATION AGREEMENT AND AUCTION TERMS ALL SALES ARE FINAL

All lots must be paid for within seven days following the conclusion of The Stars of Akaushi in Cowtown Sale. All buyers are welcome to pay by check (with tracking via USPS, UPS, or FedEx to Wagyu 365's mailing address), credit card (3% fee applies), bank transfer via QuickBooks link, or wire transfer. NO live cattle or frozen genetics will be released until payment is received.

WINNING BIDDER

If you are a winning bidder, please follow these closeout steps:

- 1.) You will receive a buyer invoice via email from Live Auctions (please check your spam).
- 2.) Once the invoice is received, please review your invoice for accuracy and choose your payment method.
- 3.) Payment options:

CHECK PAYMENT – Check payments can be mailed (with tracking) to PO Box 60097, Nashville, TN 37206 (personal or cashier checks accepted)

WIRE TRANSFER – please request wire instructions by emailing abby@wagyu365.com

CREDIT CARD – please call Abby at our office, 919.618.8098, for credit card payments (3% fee applies)

BANK TRANSFER – if you prefer to pay by bank account transfer, please email abby@wagyu365.com and request a QuickBooks invoice link to pay

- 4.) Once your payment has been processed, you will receive an email from Wagyu 365 with the owner of your lot copied so they may release your purchase for trucking or shipping. Buyers are responsible for any cost pertaining to the transportation of the live cattle or shipping of frozen genetics.

Consigned by **CHRISTENSEN GENETICS**
Weston, ID

The dam of this heifer pregnancy, STG Kaedemaru 001D, is a clone of the original import Kaedemaru! She is the ONLY living daughter in existence of the Japanese super sire, Dai-Ju 10 Mitsumaru Ko 76. Kaedemaru produced WSI Umemaru, who has sold semen for up to \$7,500/straw. STG Kaedemaru 001D is POWERFULLY built and has an EXCELLENT disposition. There isn't a wider-based, better-mannered, more unique pedigreed cow in the breed. Kaedemaru is just as beautiful under the hide, scanning Prime+ on actual carcass ultrasound (November 2023) as a mature cow while eating nothing but hay.

The sire of this heifer pregnancy is Rueshaw II, who was syndicated for \$100,000. Eight hundred carcasses sired by Rueshaw II were graded by a carcass camera with 96% being mid and high prime (BMS 9 - 12) at under 25 months of age. Rueshaw II is a direct son of the original Rueshaw, the only national champion ever to leave Japan. Rueshaw was imported in 1976 and has had semen sell for as much as \$20,000 for a single unit.

No Rueshaw II x STG Kaedemaru 001D calves are registered in the American Akaushi Association or American Wagyu Association registry. They simply don't make them any more unique, rare, and valuable than this!

Ashwood Park Virile is an Australian sire with little presence in North America. This is an excellent opportunity to acquire his genetic influence! Virile has a proven track record, but his highly desirable Shigemaru x Hikari x Namiko pedigree is even better. The Namiko maternal line has produced some exceptional cattle, and here is your chance to capitalize on those genetics. Create your own breed of leaders!

Rapid Bay Natsuki has a tremendous pedigree being sired by TWA Kotsukari! TWA Kotsukari is the only Hikari x Akiko son ever bred. TWA Kotsukari was born in Australia, and his genetics are extremely rare as few straws were imported to the USA. TWA Kotsukari's elite carcass traits resulted from combining the two best carcass-driven cattle exported from Japan—Hikari x Akiko. Behind that is a rare direct Judo 1223 daughter, IWG Ms Judo 73Z. Judo 1223 is a widely used outcross sire from the 1976 import. Judo 73Z stems from one of the best Akiko maternal lines in the breed with an ideal blend of proven performance and outcross genetics, sure to transmit elite carcass ability.

DAI-HACHI 8 MARUNAMI
DAI-JU 10 MITSUMARU KO 76
DAI-SAN NAMIAKI NI

LAG Ms Fairy Princess 1064C is a testament to the exceptional genetic expertise within the Legendary Akaushi Genetic program. A direct descendant of Big Al and Kaedemaru 2, she has proven her worth as a prized donor, with her embryos commanding an impressive \$2,500 each at the 2023 Wagyu & Akaushi Sale in Las Vegas.

Big Al, whose lineage requires no introduction, is a direct descendant of Akiko, known as the Queen of the Breed. Big Al played a key role in the lineage of the most productive cattle in the breed. He also sired SOR Hastings 1066C ET, Ms Fairy Princess's full brother. Hastings is admired for his outstanding carcass quality, perfecting the Big Al x Kaedemaru 2 breeding.

Her dam, Kaedemaru 2, is another powerhouse in the breed, creating much of Legendary Akaushi Genetics' historical bull battery. Some of her most legendary sons include SOR Mr Hiromitsu 1090D (Grand Champion at the Houston Livestock Show in 2017 and 2018, the Grand Champion at the National Western in 2018, and won the 2018 Wagyu - Champion of the World award), GK4 Rueshamaru, and Hastings. Undoubtedly, the Kaedemaru maternal line has been a cornerstone of the breed, especially through the infusion of superior phenotypes.

Integrating Ms Fairy Princess into any herd promises to significantly elevate maternal and carcass qualities, marking her an essential asset for any breeder seeking to use her unmatched genetic legacy. Fullblood heifer calf born 02.22.2024. A.I. 05.10.2023 to Hikari (AF107); P.E. from 05.16.2023 – 07.15.2023 to LAG Umeringo 2279G ET (AF178782) and HeartBrand Phoenix 1398F (AF126083). *The heifer calf at side is not yet registered with the American Akaushi Association. The seller is responsible for registering the heifer calf before transfer.*

Rapid Bay Tara-0946 is built on the power of the Akiko line with a branch that came to North America through the live import of the famous Gabni Rubi. Akiko is a breed legend, and Gabni Rubi follows in her footsteps. As a daughter of GK4 Rueshamaru, this young heifer is set to continue the tradition of exceptional females. She pulls together a special international pedigree built on sires from Japan, Australia, and the US. Bald Ridge Henshin, Ashwood Park Virile, and Judo 1223 provide a different sire stack than what is currently available in North America. This heifer will provide years of performance and will have a tremendous demand for her progeny. This is a heifer that will provide an immediate return on investment.

This open heifer presents the total package. Synergy Master Akiko U01 is ready to flush and has the phenotype to match her loaded pedigree! Her sire, The Wright Wagyu Master Chef E146 offers an elite combination of carcass traits from his sire TWA Kajikari (Hikari x Ume). Master Chef is in the top 1% of the breed for growth and maternal traits from the Shigemaru and Homare cow family lines (source: Australian Wagyu Association EBVs). Master Chef is a leading Australian Akaushi sire with limited semen. The maternal side is built on the great foundation cow, Ume. The sire stack of this heifer is special with a pathway of Master Chef x Big Al x Tamamaru x Shigemaru x Ume. The hard work is done, and she is ready to go to work to provide a great return on investment!

L7720D is a young daughter of Brady. Brady is the heavily used, well-known double-bred Rueshaw son and a maternal grandson of Akiko. She traces back to Ume on her maternal side. The Ume lineage has a proven track record of superior performance, driving the demand for her genetics. This heifer claims the power of sires Dai-Ju 10 Mitsumaru Ko 76, Tamamaru, Big Al, and Shigemaru at her foundation. There are generations of elite breeding in this heifer. This heifer has tons of potential and a lifetime of profitability ahead of her!

An exceptional breeding heifer! We are offering a rare opportunity to secure a future donor sired by GK4 Rueshamaru, a powerful genetic legacy! Artesian Merida L320 traces her roots back to Haruko, known for maternal qualities and early marbling, paired with a HeartBrand Cattle sire linked to the prolific HeartBrand T0504E ("Elephant Cow"). This lineage is enhanced by GK4 Rueshamaru, sired by the legendary Rueshaw, whose semen is highly sought after, selling for \$20,000 a straw, and the son of Kaedemaru 2. Kaedemaru 2's offspring include the 2018 Wagyu - Champion of the World SOR Mr Hiromitsu 1090D, SOR Hastings 1066C, and other great sires from the Legendary Akashi Genetics program. This pairing will ensure offspring with superior conformation, growth, and marbling. This auction presents an opportunity to infuse your herd with genetics that is sure to elevate your breeding program's quality, maternal capabilities, and marbling. Merida is a chance to invest in your herd's future excellence.

This is an exposed pair offering straight out of our keeper pen. Phenotypically, she is correct in her lines and structural design. HeartBrand 6641J's eye appeal, quality, and performance are easily appreciated. She calved unassisted at 24 months of age. She has exhibited strong maternal abilities while being a joy to be around in terms of temperament. Genetically, she blends HeartBrand H0518E and Big Al through her lineage, which favors prospective matings in the future. JB Ranch Akaushi proudly offers this female as she represents the quality and caliber of females within our herd. Her bull calf (AF319749) was born 02.09.2024 and is sired by HeartBrand 2457G (AF144229). P.E. 02.09.2024 to 05.10.2024 to HeartBrand 2457G (AF144229).

This young bull is the result of Shigemaru and DCW 119G—so much greatness in one package! Shigemaru is a highly proven sire that makes the best moderate females with a combination of width, depth of rib, and stoutness. Shigemaru daughters have excellent maternal qualities and will become long-lasting, elite brood cows. DCW 119G's sire is Big Al, the original son of import cow Akiko. Her dam is JC Ms Rueshaw 74, and she is known for carcass strengths of marbling and ribeye area as well as growth and maternal traits. Ms Rueshaw 74 is a full sister to JC Rueshaw 75, the 2014 and 2015 Grand Champion Bull at the Houston Livestock Show. You can place your confidence in PBR Fukusei K001's genetic power not only by his pedigree but also by having a scrotal circumference measurement of 36 cm and a semen quality score of 86 at 16 months. This bull is registered with the American Wagyu Association.

Another chance to own some line-bred Kaedemaru embryos out of the impressive LAG Ms Fairy Princess 1064C! We offered many of these embryos in the 2023 Wagyu & Akaushi Sale in Las Vegas, where they commanded an impressive price of \$2,500 per embryo. Sired by SOR Mr Hiromitsu 1090D, who is an elite Kaedemaru grandson. He was the Grand Champion at the Houston Livestock Show in 2017 and 2018, the Grand Champion at the National Western in 2018, and won the 2018 Wagyu - Champion of the World award! From a design aspect, he surpasses his sire WSI Umamaru. WSI Umamaru is known as one of the best marbling Akaushi sires ever produced in North America. Hiromitsu's dam is Kaedemaru 2, a Tamamaru daughter of Kaedemaru. Kaedemaru 2 is an exceptional cow and another hall of famer.

Hiromitsu is paired with Ms Fairy Princess, a Big Al daughter. Big Al is the legendary son of Akiko, known as the Queen of the Breed, and Big Al is often referred to as the best all-round Akaushi bull. There is further line breeding in these embryos, as Ms Fairy Princess has Kaedemaru on the bottom side of the pedigree. Her dam is Kaedemaru 2, which results in a stack of carcass traits within this maternal line.

Stored at Elgin Breeding Service, Elgin, TX.

The Wright Wagyu Master Chef E146 offers an elite combination of carcass traits from his sire TWA Kajikari (Hikari x Ume). Master Chef is in the top 1% of the breed for growth and maternal traits from the Shigemaru and Homare lines (source: Australian Wagyu Association EBVs). Master Chef is a leading Australian Akashi sire with very limited semen available.

Natsuki has a tremendous pedigree, being sired by TWA Kotsukari. TWA Kotsukari is the only Hikari x Akiko son ever bred. TWA Kotsukari was born in Australia, and his genetics are extremely rare, as few straws were imported to the USA. TWA Kotsukari's elite carcass traits resulted from combining the two best carcass-driven cattle exported from Japan (Hikari x Akiko). Behind that is a rare direct Judo 1223 daughter, IWG Ms Judo 73Z. Judo 1223 is a widely used outcross sire from the 1976 import. Judo 73Z stems from one of the best Akiko maternal lines in the breed with an ideal blend of proven performance and outcross genetics, sure to transmit elite carcass ability.

Embryos purchased by USA buyers will be sent to Semex USA in Madison, WI.

We proudly present our first sale consignment, a select offering of embryos combining the great HeartBrand Himawari 245 maternal line with Academy Wagyu's latest bull, International P107. This pairing combines the Himawari line, known for exceptional carcass traits and style, with fresh Australian genetics from International. Noteworthy animals from this maternal line include HeartBrand Jake H6369T (Hikari x Tamamaru x Big Al x Himawari) and HeartBrand Naomi 1145Z (HeartBrand Joe S5394S x Tamamaru x Big Al x Himawari), whose progeny have achieved significant success on the rail and in the sale arena—in 2023, Naomi's Rueshaw daughter topped a HeartBrand Cattle sale selling for \$30,000.

International introduces a new genetic mix, adding extension with Ume and Namiko through his dam and blending Akiko and the Homare cow family's maternal traits through his sire, Kalanga Red Star C402. This unique combination offers an opportunity to introduce diverse performance genetics into your herd.

Hikari is known for his extreme balance of phenotype and carcass traits. Hikari is a foundation bull who is still strongly used in breeding programs today. He is a son of Japanese legend Dai-Ju 10 Mitsumaru Ko 76, who also sired breed legends Big Al, Kaedemaru, and HeartBrand T0504E (“Elephant Cow”). Hikari has produced elite bulls such as WSI Umemaru, TWA Kajikari, TWA Kotsukari, and HeartBrand Hercules 2619A! Hikari is a go-to sire line for calving ease and maternal strengths. Hikari will leave his legacy on the breed for a very long time.

HeartBrand Julia 1736A is a direct Judo 1223 daughter! Julia’s sire stack is as good as you will find with Judo 1223 x Tamamaru x Big Al. Julia traces back to HeartBrand Himawari 245—the rare original cow imported from the Takeda Farms import. This is an opportunity to get into the Himawari maternal line. Himawari is sired by Dai-Ju 10 Mitsumaru Ko 76. This rare female gives you the opportunity to have Judo 1223 and Himawari in one pedigree.

LAG Umeringo 2279G is a fantastic WSI Umemaru son. WSI Umemaru semen is rare, and he is regarded as one of the best carcass trait leaders in the Akaushi breed. He inherits this strength from his sire Hikari and maternal grandsire Dai-Ju 10 Mitsumaru Ko 76. The dam side of his pedigree features Big Al, known as the best all-around Akaushi bull, followed by Yamato 117 Ringo. Ringo is the Namimaru daughter out of the legendary original import cow Dai-Hachi 8 Marunami.

Tamamaru is one of the most widely used and predictable Akaushi bulls due to his consistency and legendary mother, Dai-Hachi 8 Marunami. No other foundation sire can add the length of body and stoutness of structure. Tamamaru's paternal side provides a slight outcross to the rest of the 1994 importation. Tamamaru is a paternal sibling to the foundation cow Dai-Kyu 9 Kobai 73.
